GILLESPIE'S LACTARY CASTLE SOAP is the cheapest, as it takes less.

When the Lips of Beauty are parted in a smile, they disclose a row of pearls rivaling in purity those which the diver brings up from the bottom of the Persian Sea. What will best preserve these gems of the mouth? SOZODONT, the celebrated beautifier and preservative of the teeth.

A Feature of Supersticity.

The superiority of WHITE'S FRUITER FLOWER for diseases of the Stomach, Liver and Blood consists in its uniting harmoniously with the gastric juices, strengthening and enabling it at once to dissolve the food. If the gastric juice is weak the food ferments, giving rise to sour stomach, sick headache, burning in the pit of the stomach, the patient also suffering from insufficient nutrition. It aids the Liver, over which it has a specific power, in filtering impurities from the blood. Its action on the kidneys is likewise salutary, increasing the secretions. As a blood purifier, by enriching the chyle, it is without a peer, curing some of the most obstinate and long-standing cases on record. It is pronounced by one and all the Great Blood and Liver Purifier. Price 25 cts. and 75 cts.

WHY SUBMIT TO THE DISCOMFORT and humiliation entailed by a local disease, of the skin, when GLENN'S SULPHUR SOAP will rid you of it with certainty and dispatch? It is a remedy which never fails to relieve cutaneous disease, and as a means of banishing defects of the complexion, it is equally reliable. The benefits arising from the use of Sulphur Bath, in cases of skin disease, and of rheumatism, and gout, are well known; but the cost is too heavy to be incurred by many persons who would otherwise take advantage of them. GLENN'S SULPHUR SOAP answers the same purpose, and is both inexpensive and convenient. No one need stir about in search of a sulphur bath who has this admirable means of providing one indoors. It is incomparably the best deodorizer and disinfectant of clothing and bed linen in use, and prevents disease of an obnoxious nature caused by contact. Sores, ulcers, bruises, scalds, cuts and sprains are promptly remedied by it; and its cleansing, healing, and soothing properties constitute it a far more desirable remedy for scurfy ailments than ointments of any description, since such greasy compounds soil the clothing, often aggravate, and very rarely indeed do any permanent good. Sold by all druggists.

THE ATTENTION of Families is called to N. Boukowsky's Fine Old Kentucky Bourbon Whisky at \$2.00 a gallon, 25 cents a pint. It is the purest Kentucky whisky sold at the price in Utah. We advise you to call and give it a trial.

THEY COULD SEE IT. It was so apparent to the Centennial jurors, when they came to compare Boukowsky's Fine Old Kentucky Bourbon Whisky with other pure pot stillers on exhibition, that it was greatly superior to any other they were forced by their own consciences to give it the highest award.

THEY COULD SEE IT. The word "CAPSICUM" is written on the label of the old and reliable Boukowsky's Fine Old Kentucky Bourbon Whisky, and is a sure sign of its purity and quality.

LOCAL AND OTHER MATTERS.

Thermometer.—To-day, 1 o'clock p. m., the thermometer noted 87 degrees F. in the shade. Clear.

Cloud-Burst.—On Tuesday last, in Franklin, Idaho, there was a very heavy rain storm. Gardens were ruined and some other damage done. Presumably caused by a cloud-burst.

Waste Pipes.—Workmen are laying a waste pipe from the southeast corner of the Z. C. M. I. building to the water ditch in front. The object is to convey the waste water after it has been used as motive power for the elevator.

Coming.—Mr. H. B. Emery, a young man well known in this community who has been absent in Colorado for the last six months, is expected home this evening. Many of his friends are preparing to meet and welcome him at the depot.

Prizes.—Several prizes, to be won by the successful shots at Kay's Grove, Ogden, on the 23d inst., are on exhibition in Walker Brothers' window. Great interest is manifested by shooters who expect to accompany the Firemen's excursion on that day.

No Decision.—Contrary to general expectation to decision was rendered, to-day, by Judge Schaeffer, on the demurrer of the plaintiff to the answer of the defendants in the Toole mandamus case. A ruling on this point is promised for next week.

Water Main.—We acknowledge the courtesy of the present of a colonial specimen of the genus *cuscuta*, placed upon our table by Brother William Smith, of Seaboard Settlement. The monster will weigh 32 pounds but we know a way to get away with it. Thank!

Teachers' Institute.—The Teachers' Institute of Weber County is still in session at Ogden. The best kind of instruction by competent lecturers is being imparted to the members. The exchange of well-digested thoughts and the explanation of successful methods among teachers, is the surest way of establishing efficient public schools in this Territory.

An Exposure.—Attention is directed to a letter to the public from Mr. David O. Calder, to be found in another column. It is important that the public should be guarded against the numerous swindling schemes devised to make money out of the unsuspecting. When any one pretends to sell something for less than half its market value, it might be known that a humbug is at work. Musical instruments, especially at points distant from the manufacturers, form a ready medium through which to deceive the general public. Let all be warned against the tricks of the music trade.

From Sevier.—This morning, we received a call from Mr. B. T. Young, of Richfield, Sevier County, who arrived in this city last evening. He reports everything prosperous in the region from whence he came. Richfield was steadily improving, not much sickness prevalent among the people, and the prospects for harvest never so flattering.

The Indian colony in Grass Valley, a little north of Z. C. M. I., has received a fresh coat of red ochre paint. One of the first to find this out was a white mule from the country, whose owner had tied him there, while he went down town to attend to some business. The mule, in the meantime, transformed himself into a cross between a leopard and a zebra, by nosing and rubbing against the newly-painted rail, so that his master, on returning, failing to recognize him under his assumed garb, was under the impression, for a short time, that his mule had been stolen. There's lots more paint left. White mules a specialty.

From Brigham City.—Brother Morris B. Young, of Brigham City, is in town, and furnishes a few items of news from that place.

Elder Lorenzo Snow has been in feeble health for several days past, but is now somewhat improved. Judge J. C. Wright, whose long and serious illness we have previously noticed, has so far recovered that he is now able to be out.

The woolen factory is in first-class condition and is turning out a large amount of cloth of superior styles and quality. Brigham City, also, sounds the universal jubilation of abundant harvest, of overflowing granaries, of bread for all, and much to store for coming days.

Attempted Robbery.—Last night, on South Temple street, between 7 and 8 o'clock, two boys, aged respectively 11 and 13 years, the sons of Joseph F. Chapman, of the 21st Ward, while on their way to visit their aunt, were confronted by a short, heavy set, man, who, holding a revolver in each hand and toward them, ordered them to throw up their hands. They did so, at the same time informing him that they had nothing. He then allowed them to pass. Money was his suit, but one of striped canvas, with a ball and chain to match, is what he ought to have.

The Grey Stockings.—A few weeks ago a division occurred in the Deseret Base Ball Club, which resulted in the resignation of Messrs. Duke and Devoto, and since then Mr. Vehmeyer, the skillful catcher, has ceased to be a member of the club. These experienced players, in connection with Messrs. Pete Gray, Ed. McKean, and others, have organized a new nine, which will probably be known by the name of Grey Stockings. They intend to contest stoutly for the laurels of the diamond field in this city.

Eleventh District School.—The Eleventh Ward School-house has been cleaned and repaired by the trustees, preparatory to the opening of school there on Monday next. Mr. Alma Kendall has been retained as teacher, and he will be furnished with all the necessary assistance.

For Scandinavia.—This morning, we received a call from Elder L. M. Olson, of Ephraim, Sanpete County, who is about to leave on a mission to Scandinavia. He intends visiting in the States a little, and on reaching New York, will sail from that port on the 3rd of September.

Sunday Services.—Meeting in the Tabernacle, to-morrow afternoon at 2 o'clock.

Also at the several ward meeting houses in the evening, at the usual hours.

MORGAN STAKE CONFERENCE.

The Fourth Quarterly Conference of the Morgan Stake of Zion Stake was held Saturday and Sunday, August 17th and 18th.

Saturday morning, conference convened at 11 o'clock. After the usual opening exercises, President W. G. Smith arose to address the Saints until Apostle J. F. Smith and Counselor Daniel H. Wells arrived per noon train, to meet with the people of this place. The Bishops of the various wards made a verbal report of the condition of their wards.

Saturday afternoon, 2 p. m. After singing and prayer, the bishops who did not report in the morning proceeded to do so. Bishop H. H. H. reported the condition of his ward, gave a statement of the condition of the Sabbath schools throughout the Stake, which was very gratifying. President Daniel H. Wells then delivered quite an interesting discourse on the principle of unity.

Sunday morning, Aug. 18th. Service commenced at 10 o'clock. Opened with singing and prayer. Elder Junius F. Wells, who had come in our midst in the interest of young men's mutual improvement associations, made a few remarks, and was followed by his companion Milton H. Hardy.

other than live the law of the land.

After the opening exercises the sacrament was administered. The clerk then read the quarterly statistical report of the Stake, and was followed by the presentation of the names of the general authorities of the Church to the saints, by Pres. W. G. Smith. The vote was unanimous to sustain them as they were presented in their order. He then presented the presiding authorities of the Stake with the intention of sustaining them as they were presented in their order, which was very instructive.

We were also pleased to learn from Brother Junius F. Wells and Hardy that they had come with the intention of effecting a Stake organization among the young men, as well as to effect ward organizations where there were none existing.

We had also Sisters Snow, Horne and Davis, from Salt Lake, with us, in the interest of the Relief Societies and the Young Ladies' Association, and have had several meetings since the conference, both of the young men and ladies. Conference adjourned for three months.

Respectfully your brother in the Gospel,

JNO. S. BARRETT, Clerk.

A Prosperous Settlement.

St. Joseph, Yavapai Co., Arizona, Aug. 12th, 1895.

Editors Deseret News:

This is a flourishing little settlement of 13 families and 16 men. We have been able to control the water this season so that our three-foot dam has withstood the spring floods, and, with our nine mile water ditch, we have been able to irrigate about 170 acres of land. We are now harvesting corn which will amount, probably, to 1,500 bushels. Our corn and cow beans equally well. Our orchard and vineyard of 1,000 fruit trees and grape vines are doing well. We are doing quite a dairy business, milk one hundred cows, have 500 sheep, and are about sending a load of wool to Utah. We have all range of the country for twenty miles in every direction. No troublesome neighbors. The United Order works harmoniously and prosperously. Quite a celebration on the 3d of July. Orations and speeches at our meeting, greeted with the presence of some brethren and sisters from their scattered locations in the upper country, 80 miles away—splendid dinner. Twenty Navajo Indians enlivened the scene. Taylor settlement has broken up and moved up the river where they have purchased a ranch for eleven thousand dollars. Good health, peace and union in our midst.

Your brother in the gospel,

S. G. LADD.

A little boy ran away from home, and while enjoying himself in forbidden fields, a thunder storm came up, and it began to hail. His guilty conscience needed no accuser. Running home, he burst into the presence of his mother, exclaiming, breathlessly: "Ma, ma, God's throwing stones at me!"

A Whitehall man went out a few nights ago for the purpose of committing suicide. Just then a streak of lightning, accompanied by a loud clap of thunder, passed directly over his head, and if ever an individual took to his heels and got under shelter, it was that would-be suicide. — *Westchall Times.*
