CO-OPERATIVE CREAMERIES IN DAKOTA.

In South Dakota, says the Successful Farmer, most creameries are on the o-operative plan, the patrons being the stockholders also. In this way the patrons get all the profits, only enough beexpenses, interest on capital stock and keeping the plant. All milk is paid for by the Babcock test, at so much per undred pounds, according to the test This system is giving good satisfaction and the creamery business is grow-ing rapidly. From a beginning in 1894 e now have 182 creameries in successful operation,

The largest creamety in the State is located at De Smet, Kingsbury county. It started in April, 1895. In the balance of that year it paid out \$8,811.95; in 1896, \$22,986.98; in,1897, \$23,709.54; in 1808, \$29,846.92; and in 1899 \$35,624.18.

This, with the increase of young stock has greatly improved the condition of the farmer in this county which has the farmer in this county, which has ten creamerles in operation.
