FORT WORTH, 20.—The following resolutions emanated to-day from the Union Assemblies of the Knights of Labor at Fort Worth, Texas:

Resolved, By a joint session of the Districts No. 101 and 78, that we will never return to work on the Gould system and Texas Pacific Railway as long as the grass grows and water runs unless the officers of such system agree to arbitrate with us as an organization.

Resolved, That we scorn with bitter contempt the course of H. M. Hoxie in snubbing our honored brother and General Master Workmen of our order, which action was an insult to every member of our order from Maine to California.

Resolved, That we, the Knights of Forth Worth, bound as we are with the most sacred obligations, will stand firm in this struggle, let the result be what it may, and we call upon our brethren here and elsewhere to have hope and strength and patience that we may win, despite the machinations of our enemies.

Resolved, That we treat with contempt the servile, money-serving spirit that prompted the resolutions made in the name of citizens of Fort Worth.

Governors Marmaduke and Martin and Vice-President Hoxie, backed by Judges Portis and Hough, of the law department of the railroad, continued the conference this afternoon and did not adjourn until late this evening. None of the proceedings have yet transpired, and nothing will be given to the public until the conference comes to an end, but it is understood that the Governor, this afternoon, submitted a basis of settlement which was outlined in the dispatches from Kansas City last night.

Still Burning.

PITTSBURG, 20.—The gas well at Marysville, which caught fire yesterday is still burning fiercely, the main being burnt off at the ground. The company has not yet found means to quench the flames. Other pipes having burst, the atmosphere of the vicinity is stifling from the escaping gas. Two hundred men of one company are digging a ditch for the purpose of putting pipes under the ground. It is estimated that 9,000,000 feet of gas is escaping every hour, of which about 3,000,000 feet is burning. Three deaths have resulted from yesterday's explosion. No person in town has gone to bed to-night, owing to great anxiety felt as to further developments.

Anti-Chinese Meeting.

SAN FRANCISCO, 20.—An immense mass meeting was held in the Metropolitan Temple to-night, to ratify the proceedings of the recent anti-Chinese convention held at Sacramento. The overflow meetings were also addressed on the street outside the building and from the United States Mint steps. Among the speakers were Hon. Horace Davis, Hon. M. M. Estee, State Senator Patrick Reddy, C. F. McGlasdan, Chairman of the State Executive anti-Chinese Association. Similar meetings also were held throughout California.

A Fight with Horse Thieves.

SAN FRANCISCO, 20.—The *Chronicle's* Lordsburg, N. M., special: Four notorious Mexican horse thieves, with seven stolen horses in their possession were overtaken by the same number of Americans near here to-day, and in the fight which ensued, three of the Mexicans were killed. The other escaped. Six stolen horses were recovered.

On Bail.

H. B. McDowell, son of the late Gen. McDowell, and proprietor of the weekly *Inglesides*, who was convicted of publishing a libel in his paper against A. J. Clume, was sentenced to-day, to 90 days in the county jail. On notice of appeal he was released on bonds.

Missionaries for Africa.

JERSEY CITY, 20. — About twenty missionaries sailed this afternoon on the Inman steamer *City of Chester* to join Bishop Taylor of the Methodist Episcopal Church in Africa. About a year ago, Bishop Taylor, with a volunteer company of missionaries, went to the Coast of Africa to commence the work of christianizing natives. The party remained on the coast near the mouth of the Congo river, gradually growing acclimated before they commenced their march to the interior, which is their ultimate destination. Several weeks ago Bishop Taylor made a call for more volunteer. It was in response to this call that the party on the *Chester* sailed this afternoon. Prominent among the number were the Rev. Mr. Shoreland of Oregon, Rev. and Mrs. J. H. Cooper, of Wisconsin, Dr. and Mrs. Clark Smith and four children, of Oregon, Dr. Harrison of Ohio, Surveyor Burr of Oregon, missionaries Cameron, Steele and Walker, Mr. and Mrs. Elkin of Ohio, Mr. Baker of Brooklyn, and Mr. Sarteen of Missouri. Among the party are to be found farmers, merchants and teachers. The company will be divided into two or three parties and will establish a line of stations.

Besides the work of evangelism the missionaries will teach the natives to read and write. The women will be taught to sew and the men instructed in some trade. The party carried with them sealed instructions from Bishop Taylor. They will probably travel 500 miles into the interior of Africa. They took with them a large amount of supplies, including canned goods of every description and agricultural implements. Large rafts, packed in sections, and to be used in conveying their provisions down the river during the journey into the interior, were among the outfit. There was a large gathering of clergymen and laymen prominent in the Methodist Church at the dock to see the missionaries off, and to wish them God speed.

Condition of the Strikers.

ATCHISON, Ks., 20.—The Missouri Pacific Railroad has obtained an injunction from the United States Court restraining the strikers from obstructing the traffic, and on Monday papers will be served at Wyandotte, Atchison and Hiawatha. U. S. Marshal James will arrive at Atchison to-morrow evening and organize a force of deputies. Several strikers violated the injunction at Downs and Greenleaf today and were immediately arrested. One freight train was started east from Downs.

Byrnes Declines to Testify.

NEW YORK, 20.—Inspector Byrnes, to-day, under advise of the District Attorney, declined to testify in the Broadway investigation as to his recent talks with Alderman Jachne, as it would interfere with public justice. The investigation will be continued on Friday.

SUNDAY'S DISPATCHES.

Mr. Hoxie and the Governors Attempting Compromise.

ST. LOUIS, 21.—The results of three conferences is contained in a mass of correspondence from which the following synopsis is taken: In a letter dated St. Louis, March 20, addressed to Vice-President Hoxie and signed by Governors Martin and Marmaduke, the Governors relate the circumstances of their conference with the employes, at which they consented to meet Hoxie, and urge a continuance of the terms of the agreement of 1885, and if deemed advisable, recommend such modifications as might be thought just to all. After repeating suggestions made by themselves in 1885, the writers recommend a settlement on the basis which is briefly to restore striking employees at the same wages paid them on Sept. 1884, including one and a half price for extra time without prejudice to them on account of the strike. Captain Hayes chief executive of the roads ordered this agreement to go into effect which concluded the difficulties of 1880 to which he added the condition that the rates of wages should not be changed thereafter except on notice of 30 days.

After careful investigation the Governors were unable to find wherein the railroad company had violated the terms and conditions of this agreement, they are therefore forced to the conclusion that the "strike of March 6th, 1886 was not based on a violation of agreement by the management of the Missouri Pacific Railroad Company in its dealings with its employes in Missouri and Kansas, but anxious that amicable relations be restored, earnestly suggest and recommend that the agreement of 1885 be reversed and that the company re-employ in its service all its old employes without prejudice to them on account of the late strike so far as the business of the company, will justify that re-employment.

In his letter Hoxie replied accepting the basis of settlement proposed with one or two reservations quoted below, Mr. Hoxie refers to the advertisement of March 10th, asking for competent men to be employed without reference to relations present or past to the company or any organization, and concludes as follows: "The men who have been engaged under advertisement of March 10th, 1886, will be continued in our employment. We cannot re-engage or continue in our employ any persons who have actually engaged in the destruction or injury of the company's property or who have advised such destruction or injury. We shall give the preference to those of our late employes who have families and own homes on the lines of the road. It is to be remembered that the loss of traffic caused by the present strike will to a considerable extent reduce the necessity of employing as many men in our shops as heretofore.

Thanking you for the consideration you have given the subject, and trusting your action will result in an early resumption of traffic,

I am, etc.,

(Signed) H. M. HOXIE,
First Vice-President Missouri Pacific Railway Co.

After the close of the conference, Governors Martin and Marmaduke repaired to Harsts Hotel where Martin Irons, chairman and several members of the executive committees of District Assembly 101 Knights of Labor were in session and presented them with the result of the conference with Hoxie. Both governors made brief speeches to the committee strongly urging them to accept Hoxie's terms and appealing to them to end the strike so far as the business of the company, will justify that re-employment.

Both governors made brief speeches to the committee strongly urging them to accept Hoxie's terms and appealing to them to end the strike so far as the business of the company, will justify that re-employment. The committee made no reply other than that they would give the correspondence prompt and careful consideration. The Governors then retired and the committee went into secret session, and were still closeted at 11 p.m.

Gov. Martin left for home on the 9 p.m. train and Gov. Marmaduke will leave in the morning. Both Governors are reported to have said that they will have nothing further to do with the matter, and that the case must now be decided by the executive committee and the railway managers.

The Schooner that Sunk the "Oregon."

NEW YORK, 21.—The schooner *Henry Morganthan* from Portland found a white yawl boat March 18th, 35 miles south south-east of Fire Island, the supposition is that it belonged to the shooner which sunk the *Oregon*.

Paterson and Rimrough, civil engineers representing the road, arrived yesterday morning and began the survey north from this place to meet the line being run through the Indian Territory from Caldwell, Kansas.

The Chinese are taking advantage of low railroad rates and going east in great numbers. Two carloads of them left yesterday.

Another Falsehood from the Old Source.

TOMBSTONE, 21.—B. C. Parker, who just arrived from San Bernardino ranch states that the soldiers report of a battle with the Apaches and surrender of Geronimo is untrue.

Killed by Alcohol.

DENVER, Col., 21.—Henry H. Ashcroft was found dead in his room this morning, cause alcohol. Deceased was brother of E. H. Ashcroft, of Boston, inventor and manufacturer of the Ashcroft steam gauge.

Sanguinary Conflict with a Desperado in Nebraska.

OMAHA, 21.—H. C. Steadman, a prominent farmer of Burt County, proprietor of two creameries near the village of Lyons, yesterday forenoon discharged Edward Johnson *alias* John Anderson, a young man and a comparative stranger in the vicinity. Johnson thereupon picked a quarrel with Steadman and without giving warning whipped out a pistol and shot Steadman in the bowels causing death in a short time. Amid the ensuing excitement Johnson secured a Winchester rifle and a large quantity of ammunition and mounting a horse started off. Constable Parker immediately organized a small party armed with revolvers, and mounting their horses gave pursuit, being joined from time to time by others along the way. They kept gaining on him, and finally, 12 miles south, near the farm of Charles P. Johnson, a regular battle ensued. The murderer turned and fired several shots in rapid succession, shooting Peter Johnson, brother of Charles, in the head, killing him instantly. He next shot Charles P. Johnson fatally in the abdomen. His next shot killed Constable Parker's horse. This was followed by other shots injuring some of the horses and grazing some of the men. Meantime, the pursuers, whose numbers had largely increased, kept firing their revolvers, but the desperado was out of short range. It was thought, however, he was wounded. The crowd began to close in on him, when he finally jumped from his horse and running into Charles H. Johnson's large barn, he opened a lively fire through the cracks and openings and had the entire crowd, now numbering fully 100 men, at bay. They finally cautiously surrounded the barn and carefully guarded themselves from the fire of the barricaded desperado. They continued to shoot into the barn at frequent intervals until dark. It was proposed to burn him out, but no one would volunteer to set fire to the building. It was then concluded to guard the barn carefully all night and resume operations in the morning. Late last night Sheriff Skinner, from Tekamah, arrived with a posse of ten men with Winchester rifles. At last accounts at 5 o'clock this afternoon the desperado still held the fort. It has been decided to set fire to the barn and drive him out or roast him.

Omaha, Neb., 21.—An attempt to storm the barn resulted to-day in the death of another man, Edgar Everett, whom the desperado shot. Several others have been slightly wounded during the day. To-night a bright fire is seen southwest of Oakland in the direction of the barn eight miles distant, and the report has reached here that the barn has been set on fire. The murderer has killed three men, H. C. Steadman, C. P. Johnson and Edgar Everett; has wounded several, and has shot several horses. The barn, which is now burning, was, with contents, valued at $6,000 and belonged to C. P. Johnson, one of the killed.

[Conflagration in Tennessee.

MEMPHIS, Tenn., 21.—A fire occurred this morning at Helena, Ark., destroying three blocks, including the Opera House. It originated in O. K. Roberts' wholesale grocery store. The total loss is $200,000. Insurance $175,000.

One Robber Killed and Another Wounded.

NEW ORLEANS, 21.—A special to the *Picayune* from Aberdeen, Miss., says: To-night three strangers went to the house of Mrs. Schlander, a widow lady living across the lake from Tehula, 12 miles from Lexington, gagged and bound her and a peddler who was in the house at the time, with a view of securing a large sum of money believed to be secreted about the house. The old lady was subjected to all manner of torture, and it was not until they carried her to the fire and threatened to burn her that she told where $1,300 was secreted. As soon as this sum was secured and $100 that the peddler had, the robbers left for Lexington to take the train. The peddler got out his knife, cut the cords, released himself and gave the alarm. Town Marshal Moses C. Jennett and John Gwin started in pursuit and overtook the robbers about a mile from Lexington, where a battle occurred. One of the robbers was instantly killed and another wounded. The wounded robber was traced to the edge of town and hopes are entertained of his capture. In a sack addressed to Mrs. Schlander on the person of the dead robber was found $215. In his hat was a hand neatly embroidered with the initials "C. G." No papers were found to identify him.

A Masked Mob Disable the Engines.

DENISON, Texas, 21.—At 2 o'clock this morning the watchmen in the round house were surprised by the appearance of about 100 masked men, who commanded them to keep quiet. All the engines were then disabled, so that it will require many days to repair the damage.

Alderman Jachne Surrendered.

NEW YORK, 21.—Joseph O'Donnell, who was bondsman for Alderman Jachne (this) evening, withdrew his bond and surrendered the Alderman for custody. O'Donnell had his suspicions aroused that Jachne was about to take a trip to Canada. Jachne is locked up at police headquarters to-night.

FOREIGN.

Pious Frauds.

LONDON, 20.—Mrs. Adelaide Bartlett and Rev. Mr. Dyson, Wesleyan minister, were committed to-day for trial at the Central Criminal Court on the charge of having caused the death of Edward T. Bartlett, the woman's husband, on New Year's eve. The allegation is that by the advice of the clergyman to whom, several years ago, Bartlett had surrender his wife, she killed him with chloroform furnished by the pastor, while she was resisting an attempt on the part of her husband to regain the place he had given the preacher.

Newspaper Inventions.

BERLIN, 20.—Herr Von Putkamer, Vice-President of the Prussian Council and Prussian Minister of the Interior, stated in the lower house of the Reichstag to-day that the government was not aware that Russia had adopted measures hostile to the Germans residing within the Czar's dominions. He added that, in view of the friendship existing between Prussia and Russia, the stories circulated about these alleged hostile actions were probably newspaper inventions.

Recalled.

ST. PETERSBURG, 20.—M. Kretzuleso, Roumanian minister to Russia, has been recalled.

Germany Wants War.

BERLIN, 20.—On Friday night, after the police scattered a Social Democrat gathering in the Andres Platz, which Bebel had harangued, a mob assembled which the police experienced some difficulty in dispersing. Seven of the participators in the affair were arrested.

All the semi-official organs continue to discuss the prospect of a war of retaliation by France against Germany. They attribute the probability of such action by France to an Orleanist scheme.

The introduction of the espionage bill in the French Chamber of Deputies has greatly embittered the feeling in Germany against France.

After the rejection by the Reichstag of the bill prolonging the Socialist laws, Herr Windthorst, leader of the Clericals, declared on behalf of that party, that their adverse vote in the committee does not imply a pledge as to their attitude on the measure when it comes before the full house.

Emperor William is well. Invitations have been issued for a grand party on the anniversary of the Emperor's birth, and a theatrical performance will be given on that day at the Weisser Saal. Prince Bismarck will give a grand banquet to the Ambassadors to Germany and other high officials in honor of the occasion.

The Grand Duke of Hesse, during his stay in Berlin, will introduce his only son to Emperor William and Empress Augusta, a fact which indicates that the former friendship existing between Darmstadt and Berlin has been restored. It is hoped that the Emperor will bestow on the young prince some high distinction.

Government has become reconciled to the rejection of the spirit monopoly bill, and is drafting a bill raising the tax on spirits.

An article in the *Deutsche Rundschau*, by Schoenbach, on American novelists, testifies to the interest the Germans take in foreign fiction.

The *Post* declares that Germany will hail the coming of the war proudly, resolute and steady. All hope is abandoned that a reconciliation between France and Germany can be effected by peaceable means. Germans cannot be restrained for an hour when the war cloud bursts.

The *National Zeitung*, while admitting the great progress made by the French army in recent years, says that Germany has nothing to fear while France is isolated from other nations. French hate Germans for their victories over them in the battle-field and their successful competitions against the French merchants in foreign markets.

Coal Miners Guarded by Troops.

BRUSSELS, 20.—The strike among the coal miners at Liege is spreading. The The strikers are determined and are using intimidation of all kinds, even force to prevent the non-strikers from working. The situation is very serious and troops are protecting the mines. The works of Messrs. Cockerell, at Seroing, five miles from Liege, are occupied by troops.

Later advices say that the town is tranquil and that the miners appear to be peacefully disposed. The civic guards, who were enrolled for the purpose of quelling disorders, have been disbanded. The troops occupy both banks of the Meuse.

Work for the Needy.

PARIS, 20.—The Chamber of Deputies to-day adopted a bill authorizing the city of Paris to issue a loan for the construction of public works to furnish labor to the needy unemployed, on the condition that nothing but French material be used in the work.

The Senate has adopted the clause of the primary education bill which provides that all teachers for the elementary schools of France shall be selected from the laity.

Not Opposed to Gladstone.

LONDON, 20.—The *Pall Mall Gazette* states that it is authorized to deny that Mr. John Morley, chief secretary for Ireland; Mr. George Osborne Morgan, under colonial secretary; or Mr. Henry Broadhurst, under secretary for the Home Department, are opposed, as has been reported, to Mr. Gladstone's Irish appropriation scheme. The authority for the statement was the Cabinet minister. He adheres to his statement, despite the denials put out in a semi-official way in behalf of the gentlemen reported to be defected.

The interview between John Bright and Mr. Gladstone to-day, lasted two hours. When Mr. Bright departed, Mr. John Morley, Chief Secretary for Ireland, had a conference with Mr. Gladstone, and the Premier and his Irish Secretary were in council together for a full hour and a half.

Ashore.

The Monarch Line steamer, *Persian Monarch*, Captain Watson, which left here March 17th for New York, by way of Havre, went ashore near Torquay, Devonshire, in a dense fog. This evening tugs succeeded in floating her and she is proceeding to Plymouth, where she will be overhauled.

SUNDAY'S DISPATCHES.

The Rosalie Wrecked.

LONDON, 21.—The German schooner *Rosalie* from Rio Grande de Sul, for Falmouth, has been wrecked on the coast of Cork, Ireland. The captain died from exposure; the crew suffered terribly.

Socialists Meetings in Berlin.

BERLIN, 21.—Socialist meetings are being held in this city daily, and are attended by thousands of workingmen. The police have been specially instructed to watch the meetings.

Expulsion From Holand.

BERLIN, 21.—The newspapers in Eastern Prussia assert that the Emperor of Prussia has issued a decree expelling non-naturalized Germans from Poland. Laborers without contracts must leave within three days, and those having contracts within a month. Mechanics are given three months, and holders six months and manufacturers nine, within which to leave the country. The statement is believed in this city despite Herr Von Puttkamer's statement in the lower house of the Diet yesterday to the contrary.

Dead.

LONDON, 21.—Heilbron, the Prima Donna, died at Nice. She leaves a daughter 13 years of age and a fortune of £12,000. The funeral will be held in Paris on Thursday.

—John Budds, of Pioneerville, Idaho, was found dead in his bed on Sunday morning.

—Over 200 tons of potatoes were shipped last week from Montpelier, Idaho, to Missouri.

—News from Fort Bowie, Arizona, says: A courier for Lieutenant Maus at San Bernardino reports that all the hostile Chiricahua Apaches are now in front of his camp, in the mountains, and have sent in four bucks to ask to be allowed to surrender unconditionally. The balance of the party remained in the rough mountains near Bavispe river. Maus had no authority to hold communication with them in regard to a surrender, and consequently ordered a courier to ride night and day to carry the information to General Crook. The whole band—that is, what is left of it—bucks, squaws and children, are included in the offer of unconditional surrender.

A WONDERFUL REMEDY.
The value of Ayer's Cherry Pectoral, in the protection it affords from the dangers of pulmonary disorders, cannot be overestimated. Mr. C. K. Philips, Pittsburg, Pa., writes: "About three years ago I had severe Laryngitis, which resulted in chronic hoarseness. By the use of Ayer's Cherry Pectoral I have since entirely regained my health." Mr. Henry Russell, Excelsior Printing Co., New York, writes: "Influenza became epidemic in my neighborhood. Several members of my family suffered severely with it, all of whom took Ayer's Cherry Pectoral, and were cured by it in a few days. It is a wonderful medicine for Influenza. Too much cannot be said in its favor." E. M. Sargent, 41 Andover st., Lowell, Mass., says: "I commenced using Ayer's Cherry Pectoral about the year 1842, as a family medicine, for Coughs and Colds, and have always kept it in my house since that time. I consider it the best remedy that can be had for these complaints." Dr. J. B. Robertson, Clayton, N. C., writes: "I have used Ayer's Cherry Pectoral, in my family and practice, for a number of years, and have no hesitation in recommending it. It is an admirable preparation, and well-qualified to do all that is claimed for it." E. J. Styers, Germanton, N. C., writes: "Ayer's Cherry Pectoral is the best Cough preparation I ever saw. It gives instant relief."
Ayer's Cherry Pectoral
has cured a Cough in a few doses. It always relieves irritation of the lungs or throat, and arrests the tendency to inflammation. It strikes at the foundation of all Pulmonary diseases, is without a rival as an expectorant, and is a sure cure for the most obstinate Coughs and Colds. L. Garrett, Texana, Texas, writes: "I have used Ayer's Cherry Pectoral in my family for twenty years. For throat and lung diseases, I consider it a wonderful remedy."
