HEINZE MAKES WINNING.

Montana Supreme Court Declares He is Owner of Minnie Heatey Mine.

Helena, Mont., April 21.-Yesterday, for a second time, the pupreme court of Montana pass-ed upon an appeal from the judgment of the district court of Sil-vew Bow county in the case of Miles Finlen against F. A. Heinze, the Mon-Finlen against F. A. Heinze, the Mon-tana. Ore Purchasing company and others, better known as the Minnle Healy case, involving title to one of the rich copper mines in Butte. Finlen had leases and bonds upon the property from John Devlin, Mrs. Devlin, Mrs. Reilly and Mrs. Kelly in 1898 agreeing to pay \$100,000 for those interests. In November, 1898, Heinze claims to have had a verbal agreement with Finlen to take over the bonds and

Printen to take over the bunds and leases for \$54,000 and under the terms of that agreement began working the property. This Finlen disputed and in February of the following year the that agreents in the following year the bruary of the following year the bruary of the following year the broker, has returned from a trip to broker. The case was tried broker, has returned from a trip to broker, has returned from a trip to broker. The case was tried broker, has returned from a trip to broker, has returned from a trip to broker. The case was tried broker, has returned from a trip to broker. The case was tried broker, has the development of the copper properties there has been productive of ast trishing results and this has tended to increase bis faith in the future great-ness of that camp.

interset to the Boston & Montana, new an Amala imated property. It was at this time that charges of misconduct on the part of Judge Har-ney in the conduct of the trial were

The Amalgamated company or Fin-Icn. appealed to the supreme court and a new trial was granted on the ground that Harney had not acted properly in the conduct of the trial. The case the conduct of the trial. The case come recognized as being one of the foremost mining publications of

samplers today. Another shipment of Yampa matte reached the samplers this morning. James J. Burke is expected to return from Colorado about next Monday.

The mill at Newhouse is now handling about 525 tons of Cactus ores daily

Favorable conditions are reported from the West Century mine in Park valley. Samuel / Newhouse is expected to reach the city late this afternoon from his trip abroad.

E. P. Matheson, general manager of the Washoe smelters, at Anaconda, Mont., is in the city today.

The management of the Signet mine in American Fork canyon will shortly resume development work.

The directors of the Amalgamated Copper company have declared a quar-terly dividend of 1 per cent.

Manager George H, Dern of the Con, Mercur came in from camp last night and returned again this morning.

A new manager for the Pittsburg Consolidated will probably be named next week, to succeed the late J. E. Hill, Jr.

C. O. Snyder, manager of the West-ern Ore Purchasing company's sampler at Reno, Nev., returned west again yes-terday afternoon.

Capt. O. A. Tibbetis and Fred Flindt are reported to have landed a gold mining property in the Walker Lake, Nevada, district.

Secy, Beveridge of the Empire Con-solidated Mining company, says his company will soon have a shipment of ore in the market.

Chief Metallurgist A. J. Bettles of the Newhouse mines pulled out for Beaver county last night to watch the opera-tion of the big milling plant at New-barse house.

The ore and bullion settlements reported fate yesterday by McCornick & company were, as follows: Crude ore and concentrates, \$37,800; base bullion, \$44,400.

The mines of American Fork canyor The mines of American Fork canyon are beginning to display increased ac-tivity. When the snow disappears from the mountains there will be a lot of development work carried on.

President Bamberger of the Daly-West, who has returned from an iaspecifon trip, says the stoppage in the Catario drain tunnel has not interfered with the operation of the Daly-West in the slightest degree.

E. M. Rogers, consulting engineer for eastern interests in the Bamberger-Delamar mines in Nevada, arrived to-day. Supt. Frank Swindler came in from the south yesterday for the purpose of meeting Mr. Rodgers here.

An assessment of 3 cents a share has been levied on the stock of the Steamboat Mining company of Park City. With the proceeds from this levy the company will clear up its indebted-ness, and leave a balance in the treas-

just entered upon the seventh year of its existence and its appearance shows evidences of prosperity. The paper has a wide circulation throughout the mining camps of the west and it has be come recognized as being one of the

Exploration of Keystone Vein Continues

To Show Big Results. The developments being made at the Fortuna mine at Bingham give every assurance that that property is going to become one of the most productive to become one of the most productive propositions in the great camp of cop-per. The exploration of the Keysigne vein, recently encountered. Manager Sidney Bamberger says, shows deci-dedly satisfactory results. The For-tung has a shipment of ore at the sam-plers inday. plers today.

UTAH COPPER PLANS. Engineering Staff Will be in New Quar-

ters Early Next Week. Manager D. C. Jackling of the Utah

Manager D. C. Jackling of the Utah Copper Mining company returned from a trip to Bingham last night. The en-gineering corps, which has been out selecting a route for the new standard guaged railway, which is to connect the camp of copper with the reduction works to be built near Garfield Beach, has preschedly completed its work as has practically completed its work as far as the entrance to Bingham can-yon where some heavy rock work will

yon where some heavy rock work will have to be done. As to the drawing of the plans for the proposed 6,000 ton concentrating mill, Manager Jackling said today, very lit-tle headway can be made with them until the re-arrangement of the com-pany's offices is completed. The en-gineering department is to be located in a spacious corner room on the top floor of the McCornick block. By next Monday, however, the quarters will be Monday, however, the quarters will be ready for occupancy and the staff of draughtsmen will begin on the draw-

ings in earnest. MASCOL TUNNEL.

Bingham Con, Will Not Use it Regularly For Thirty Days.

It will probably be 30 days before the Bingham Consolidated begins using the new Mascot tunnel as an exit for all cres coming from the mine, although connections were made with the upper levels some time ago. The adit is be-ing pushed absed, but the only ore coming from there at present is that coming from there at present is that taken out only in the course of de-

THE LATE MR. POLLOCK.

A New York Banking Firm Who Has Not Yet Heard of His Death.

Secretary of State Tingey received a ommunication today from a banking firm in New York City inquiring as to the whereabouts of Alexander L. Pollock, who, it is said, went to New York from this state and was appointed consui at Salvador on Sept. 28, 1893.

The above inquiry is rather surpris-ing in view of the fact that Mr. Pol-lock has been dead for many years, When he resided in Salt Lake he was a when he resided in Sait Lake he was a well known Democratic politician, and for a time was the editor of the Heraid of this city. He went from here to fill the appointment indicated in the above inquiry, but soon after died of yellow fever or some other of the epidemics that prevail in that country. After his demise bis widow married one of the demise his widow married one of the Dakota senators,

ing Co. is moved to 514 Dooly Block. Continuous dancing on enclosed floor, Saltair, Saturday night.

\$50.000.000 worth of bonds from the company, the proceeds of the sale of which will complete a line from Salt Lake, Utah, to Oakland, California, Three banking houses, it is understood,

will participate in the issue. On its completion, the Western Pa-cific will become an integral part of the Gould system, from the Atlantic to the Pacific and will complete the first line across the United States under one across the United States under one management. At present Gould sys-tem terminus is at Salt Lake on the west. The eastern line to the seaboard at Baltimore is now being completed through connections at Pittsburg be-tween the Wabash, West Virginia Cen-tral and Western Maryland.

According to the Pueblo Chieftan, A. C. Ridgway, recently appointed gen-eral manager of the Rio Grande, is to move his headquarters to Salt Lake and superintend the construction of the Western Pacific from this end of the line. This rumor, when taken in con-mection with the other that the Western Pacific is quietly endeavoring to se-cure the quarters in the Dooly block as soon as they are vacated by the postoffice, is almost too good to be true, as it would possibly mean the estab-lishment of permanent headquarters of the two Gould lines here. Mr. Ridgecompany and the Arimex Consolidated Copper company. way, who was formerly general man-ager of the Moffat road, is considered one of the best construction men in the

Idaho Wool Growers Inspected Stock Yards on the System.

(Special to the "News.")

Cheyenne, Wyo., April 21.-A party of idaho wool growers, headed by Hon. F. W. Gooding, have just completed a trip over the Union Pacific, and an in-spection of the feed lots, stockyards They were not and grazing grounds. They were ac-companied by Traffic Manager Lane and other officials of the Union Pacific. For some time there have been some complaints about the feeding facili-ties along the Union Pacific and the flockmasters decided to investigate. They found everything in first class shape, and the road in condition to eare for an unlimited number of sheep, cattle and horses, and it is certain that this road will get heavy shipments from Idaho, Utah, Montana and other points from now on. At Laramie the company has put in a complete water system and feed lots, and there is a large range nearby at the service of the shippers.

Looks Good to Him.

S. L. Charles, formerly purchasing agent for the C. B. & Q. at Chicago for 28 years, is in Salt Lake visiting with relatives. Mr. Charles, who is now a capitalist of Galesburg, Ill., predicts a great city for Salt Lake in the near future and regards it as a splendid place for investment right now that two new roads are going through to the coast. He expresses himself to the effect that there are splendid oppor-tunities offering right now for wide-awake business men to get in on the awake business men to get in on the ground floor.

"Frenzied Finance" Lawson.

Boston, April 20 .--- H. B. Runkle of Boston, April 20.--H. B. Runkle of New York, tonight brought a bill in equity in the superior court against A. C. Burrage, C. D. Burage and Thomas W. Lawson, all of this city, in which he seeks an accounting for \$386,125, which he alleges was contributed by various persons toward a fund for a surdicate formed to accure Arizona syndicate formed to acquire Arizon and New Mexico mining properties. Runkle asserts that he subscribed through C. R. Dickey, who withheld in-formation as to the description and location of the mines, but who declared that the enterprise was to be managed by A. C. Burrage, the other de-fendants also being named. The properties organized by the de-fendants or by those who were associ-ated with them were the Angang Copper company, the Oxide Copper pany, the Table Mountain (
