On the 23rd inst. the country

at any time ascertain the date on which

the subscription expires by referring to the

numbers attached to their name and first day

of the month, March, 1873, and the date of the

last number of the volume.

Subscribers understanding this will be

able to renew their subscriptions prior to the

time of expiration, so that their papers may

continue without interruption.

BY TELEGRAPH.

SPECIAL TO THE "DESERET NEWS," FOR

WESTERN UNION TELEGRAPH LINE.

EASTERN.

NEW YORK, 22.—The special

express for the week were seven

hundred and five thousand dollars.

WASHINGTON.—The Senate

to-day agreed to close the debate on

the Caldwell case by Mr. Caldwell

delivering the closing speech on Monday.

Secretary Richardson has

appointed S. J. Kimball, of the

revenue marine office, and Captain

Maryman and Fouché, of the

revenue marine office, to the

commission under the act of March

3rd, to determine at what points

in the interests of business and

commerce, to establish life saving

stations.

Robert Keller, of the District

of Columbia, is appointed consul at

St. Martin, W. I.

The Senate, to-day, confirmed

the nomination of S. J. Kimball,

collector of customs at New

Orleans, and David Dushy, collector

of customs in the Southern District

of Oregon.

The following was received to-day:

An Bremer's Rancho, California.

To Gen. W. T. Sherman, Wash-

ington.

The squaw sent into the Modoc

camp returned yesterday. The

excuse made by the Indians for not

keeping their appointment was that

at the last moment their hearts failed

them, and they could not bring

themselves to the point of aban-

doning their old friends and going to

a distant country. They are evi-

dently not yet in a disposition

favorable for any arrangement,

though they profess willingness to

have another talk. It will be some

time before the commission will be

assembled and the commission will

be in position to cover as far as possible all points

of egress from the lava beds. I

think that a system of gradual

compression with the exhibition of force

that can be used against them, if

the commission should again fail,

will satisfy them of the hope-

lessness of any future resistance,

and will give the peace party sur-

rounding the strength of the com-

mission. Time is becoming of the

greatest importance, as the melting

of the snow will soon enable them

to move into the lava beds. The

commission will be in position to

cover as far as possible all points

of egress from the lava beds. I

think that a system of gradual

compression with the exhibition of force

that can be used against them, if

the commission should again fail,

will satisfy them of the hope-

lessness of any future resistance,

and will give the peace party sur-

rounding the strength of the com-

mission. Time is becoming of the

greatest importance, as the melting

of the snow will soon enable them

to move into the lava beds. The

commission will be in position to

cover as far as possible all points

of egress from the lava beds. I

think that a system of gradual

compression with the exhibition of force

that can be used against them, if

the commission should again fail,

will satisfy them of the hope-

lessness of any future resistance,

and will give the peace party sur-

rounding the strength of the com-

mission. Time is becoming of the

rounding the strength of the com-

mission. Time is becoming of the

greatest importance, as the melting

of the snow will soon enable them

to move into the lava beds. The

commission will be in position to

cover as far as possible all points

of egress from the lava beds. I

think that a system of gradual

compression with the exhibition of force

that can be used against them, if

the commission should again fail,

will satisfy them of the hope-

ing only about seventeen thou-

sand dollars were bought by

E. D. Worcester, treasurer of the

company. There is still four hun-

ded and fifty thousand due the

government. The company's at-

torney previously protested against

the sale as illegal. It is supposed

that the holdings will be

next seized to apply in liquidation

of the tax.

RICHMOND, Va.—Vincenzo Cas-

trulani, an Italian, died of cholera

from the effects of a blow with a

billot of wood in the hands of Gus-

seppe Simione, during a personal

altercation.

BOSTON.—The House, to-day, passed

its second reading, a bill pro-

viding that all places resorting to

prostitution, lewdness or illegal

gaming shall be deemed a common

nuisance, and for the punishing of

the keepers of such places with im-

prisonment.

MORRISTOWN, N. J.—Judge

Dunwoody, in the Morris county

court, this a.m., refused the ap-

plication of a new trial in the case

of a woman charged with the

murder of her husband in Dover,

and sentenced him to be hanged on

Thursday, May 1st, next.

It is stated from Washington, that

Gen. Blunt, whose transactions with

the Cherokee Indians in North

Carolina have for some time been

under investigation, was ar-

rested yesterday on a requisition

from the Governor of the State, on

charge of being a defaulter to the

amount of \$30,000.

A fire in Jersey City, yesterday,

originated in a warehouse, and

under one of the sheds at the

dock, by which an engineer was

killed.

At Washington to-day, two hours

were spent in debate over the con-

firmation of Casey, which secured

a majority of ten.

The bark Emma C. Littlefield

arrived from Rio Janeiro to-day. She

had the whole of the crew except

two down with yellow fever, Feb.

22nd, at sea. Two died.

The steamer Brewster, from the same

place, lost one man by yellow fever

at Manchester.

The friends of

Hon. S. N. Bell, the Democratic

candidate for congress, claim that

he was re-elected to-day by a ma-

jority of four votes.

WASHINGTON.—The vote on the

Caldwell resolution, which was

shifted by the introduction this

morning of a resolution by Mr.

Ferry, Mr. McKim, who

amends the amendment that it

reads:

"Resolved, That Alex. Caldwell

be, and he hereby is declared to

have been elected Senator of the

United States by the legislature of

Kansas."

The vote must first be taken

on this, which is substantially the

view of Mr. Morton's resolu-

tion, to unseat him. Caldwell

friends claim that a two weeks' de-

bate has not changed the vote.

They insist that Mr. Morton's res-

olution will not resolve twenty

votes.

After a protracted debate upon

the Caldwell resolution, the Senate

case, the Senate went into execu-

tive session.

As the case now stands the vote

must first be taken upon the

amendment, which is the converse

of the resolution to unseat

Senator Caldwell.

Senator Kelly, of Oregon, re-

fuses his back pay, preferring to

retain the mileage, which is \$500 in

advance.

WASHINGTON, 23.—Secretary

Fish, to-day received the following

dispatch from Madrid:

"An immediate emancipation

law for Porto Rico was passed to-

night, unanimously; there was

great enthusiasm in the Assembly.

"SICKLES." A report prevails

that Senator Caldwell will tender

his resignation to-day morning, before

his case is resumed, but the Senator

himself, having been interrogated on

the subject, denies the rumor.

There is no doubt that a larger vote

will be obtained in the Senate for

expulsion than for any other propo-

sition.

The United States and British

Claims Commission will close all

business by the 31st of September

next, when it will expire by limita-
