

## GETTING READY FOR THE OPENING

Men Lining Up at Blackfoot for  
The Grand Rush to the Res-  
ervation Sept. 6.

## CROWD GRADUALLY INCREASING

Expected There Will be Nearly 500  
in Line the Day of the Opening  
—Value of Lands.

(Special to the "News.")  
Blackfoot, Idaho, Sept. 1.—At 3  
o'clock this afternoon just 75 men are  
lined up in front of the land office at  
this place, each one intent upon hold-  
ing his position until the morning of  
Sept. 6, when the great rush to the  
reservation will begin. The reserva-  
tion is five miles from this town, and  
with water for irrigation would be of  
great value; without water it is prac-  
tically valueless. The value of it at  
this time is purely speculative, though  
many regard it as a good thing.

The prospective applicants for per-  
mits to enter the land are here to re-  
main until the opening occurs. They  
are camped squarely in front of the  
building and in the street. They are  
governed wholly by rules of their own,  
and recognize each other's rights. So  
far no trouble has occurred, and none is  
likely to occur. As a new comer ar-  
rives he falls into line and takes his  
number. These numbers will be recog-  
nized by the land office on the morn-  
ing of the 6th inst. By that time it is  
expected that not less than 400 or 500  
persons will be in the stampede for the  
new lands. Should water ever be put  
upon them, as is hoped, they would be  
among the most productive of the state.  
There has been some talk of reservoir-  
ing the water of the Blackfoot river for  
that purpose. When it is done, if it is,  
that some of the owners will be com-  
paratively well-to-do thereafter. Then  
there is a canal scheme or two under  
contemplation but nothing is as yet  
well defined.

The men who are upon the ground  
thus far are from among the best  
known citizens of southeastern Idaho.  
Some are from other sections, but they  
all appear to be of a high type and  
are satisfied that they will be well re-  
warded for their hardihood in waiting  
around until the 6th. They make a  
picturesque lot as they sit and walk  
around, or rest on their cots and camp  
stools, something each man has provided  
himself with for the time. They will  
stand here until the legal opening takes  
place.

## TOUR OF THE SOUTH.

Church Leaders to Visit Kanab, Pan-  
guitch and St. George Stakes.

Presidents Joseph F. Smith, Anthon  
H. Lund and Elder Hyrum M. Smith  
leave tomorrow for the south for the  
purpose of attending conferences of the  
Panguitch, Kanab and St. George  
stakes. The first will be held on Sat-  
urday and Sunday next, while that of  
the Kanab stake will occur a week lat-  
er and the St. George conference Sat-  
urday and Sunday, Sept. 17 and 18. In  
the interim the visitors will hold ward  
conferences at different places en  
route, and return to this city in ample  
time for the general conference in Oc-  
tober. It is anticipated that the visit  
will be most enjoyable and that the  
Saints in the southern country will hail  
with delight the coming of the authori-  
ties, who have not visited that section  
for some time past.

## A PERILOUS RIDE.

Thrilling Experience of Pleasure Seek-  
ers Returning From Mountains.

On Tuesday afternoon, while coming  
down from Brighton in a two-seated  
rig, Mrs. Louise Morris, Miss Gray,  
Norman Lyon and several other per-  
sons had a narrow escape from a very  
serious accident. While descending  
the steep hill at the Dugway, one of  
the horses stepped over the tongue of  
the wagon, and it looked as though  
the entire party would be thrown over  
the precipice. The driver managed to  
control the team, however, and turn  
them onto the side of the hill where  
they were held until they could be un-  
latched and the passengers got out of  
the wagon. As soon as the vehicle  
was released it dashed down the hill  
and was literally broken into splinters.  
Besides being very badly frightened,  
the occupants of the wagon were not  
hurt.

## GARFF SCHEME FAILS.

Don Strong Will Generate Electricity  
In American Fork Canyon.

The water filings made by the Garffs,  
in their proposition to establish an  
electric plant in American Fork canyon,  
have lapsed, and the water is relied  
upon by Don Strong et al of Alpine,  
who propose to erect a 1,700-horse power  
plant to generate electricity for use  
in Salt Lake county.

Among other things are those of the  
Hurricane Canal company, Virgin,  
about 100 second-feet from the Virgin ri-  
ver, in Washington county, to irrigate  
1,600 acres of land by means of dam,  
canal, flumes and reservoir.

Old Evergreen Mining and Tunnel  
company, Salt Lake City, 16.7 second-  
feet from Big Cottonwood creek, in  
Salt Lake county, to develop 230 horse-  
power for generating electricity and  
operating mining machinery.

Dan Hanson, Elsinore, three second-  
feet from Sevier river, in Sevier county,  
at a point on Little Lost creek, to ir-  
rigate 900 acres of land.

George O. Noble, Salt Lake City,  
about 100 second-feet from Spanish  
Fork river, near Thistle, Utah river,  
to develop about 6,000 horse-power for  
lighting and propelling machinery.

## TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

Mother Smoot of Provo was reported dying.  
There was a great Labor day demonstration in New York.  
Governor Hoadley of Ohio sent troops to Hocking Valley to restore  
order among the miners.

TEN YEARS AGO TODAY.

Six colored prisoners were shot to death by a mob near Memphis, Tenn.  
Texas was visited by floods which did great damage to life and prop-  
erty.

FIVE YEARS AGO TODAY.

John Y. Smith, the man charged with conspiring to kill Judge Powers  
and Warden Dow, had a partial hearing in the city police court.  
A boiler explosion at the Republic Iron Works, Pittsburg, resulted in five  
men being killed and seven seriously injured.  
John Beck filed an official statement of his assets and liabilities in the  
federal court, in an attempt to show that he was not insolvent. The state-  
ment showed a balance of \$793,106.19 over his liabilities.

## HOBDAY WANTS NO DEPUTY AUDITOR.

And Preece Wants Liquor Sold to  
Women at Salt Palace Resort  
During Night Time.

## TWO REMARKABLE DESIRES.

Public Grounds Committee Will Visit  
Canyon to Look at Tract of Land  
—Change of Light Poles.

At the meeting of the municipal law  
committee of the city council last night  
Hobday's ordinance which provides for  
doing away with the office of deputy  
city auditor was considered, but was  
laid over for one week. The ordinance  
only provides for a clerk for the auditor  
at a salary of \$900 per year.

## PREECE'S REMARKABLE RE- QUEST.

An amendment to the Fernstrom li-  
quor license ordinance will be proposed  
by Councilman Preece on Tuesday  
night. The amendment will permit the  
Salt Palace resort to sell liquor to wo-  
men after 7 o'clock at night during the  
resort season.

## TO LOOK AT GROUND.

The committee on public grounds will  
take a trip up City Creek canyon next  
Wednesday morning to look over the  
240 acres of land offered for sale to the  
city by the Security Bank of Minnesota.  
The land lies within the city's water-  
shed and is offered for sale at \$20 per  
acre.

## POLE CHANGES.

In accordance with an opinion of the  
city attorney, the Utah Light & Rail-  
way company will be permitted to  
change its poles from the center of the  
streets to the sides without having to  
secure from the city engineer a new  
permit for each pole at a cost of \$1  
each.

## A Cold Settled in His Kidneys.

A. J. Jennings, 921 Butler St., Chicago,  
writes: "I am a switchman and am out  
in all kinds of weather. I took a cold  
which settled in my kidneys and I was  
in bad shape. I tried several advertised  
remedies with no benefit, until I was re-  
commended to try Foley's Kidney Cure.  
Two-thirds of a bottle cured me." For  
sale by J. H. Hill Drug Co.

without accident. The new mark estab-

## CITY MAY PURCHASE ASPHALT DEPOSITS

Board of Public Works Will Make  
Such Recommendations to  
The Council.

## NATIVE PRODUCT IS THE BEST.

More Bids for Paving of South Temple  
Street—Offer to Build Jordan  
Bridge at Eighth South.

At the meeting of the board of pub-  
lic works yesterday afternoon it was  
decided to recommend to the council  
the purchase of the asphalt beds in  
Spanish Fork canyon. The matter  
was called to the attention of the city  
engineer, who asked that an appropria-  
tion be made for the purpose of making  
an examination of the beds, as to the  
quantity of the asphalt contained there-  
in, and also the cost of getting it to the  
city. A committee was appointed,  
consisting of one councilman in each  
precinct, to make the investigation, and  
it is expected that it will be ready to  
report by next Tuesday night.

The board is of the opinion that the  
Utah asphalt is far superior to that of  
the imported material, and it can be  
obtained for about 45 per cent cheaper.  
Some of the asphalt has been used on  
the streets for repairs, and has given  
the best satisfaction. The asphalt de-  
posits in question have been practical-  
ly tried up by the city engineer on be-  
half of the city for some time, and it is  
only a question of quantity and cost of  
transportation to be located into before  
the city will close the deal.

## PAVING BIDS.

Three bids were received by the board  
for the paving of east South Temple  
street, but they will not be opened un-  
til Sept. 10, the time for opening the  
bids having been extended by the city  
council in order to give the abutting  
property owners an opportunity to  
agree upon a plan for the work. Those  
who submitted bids for the work are P.  
J. Moran, the Barber Asphalt Paving  
company, and Edmund Wilkes.

## JORDAN RIVER BRIDGE.

Only one bid was received for the  
construction of a bridge over the Jordan  
river at Eighth South street. The  
bidder was Gamble & Co., who sub-  
mitted a bid of \$14,475 for a 16-foot wood-  
en bridge. The board is of the opinion  
that the bridge should be 24 feet wide  
instead of 16, and it passed the mat-  
ter up to the council without awarding  
the contract.

## GRAVEL WALKS.

Fred G. Palmer, John Holt and P. J.  
Moran were the bidders for laying  
about a mile of gravel walks in the  
city. Palmer's bid of 38 cents per cubic  
yard was the lowest, but as the council  
levied the assessment against the  
abutting property at only 18 cents per  
yard, the bid was sent up to the council  
with the recommendation that an  
additional assessment be levied.

## SOCIAL AND PERSONAL.

Miss Lucy Gaby entertained at a  
pretty luncheon yesterday in honor of  
Miss Bessie Mayne, and later at a like  
party, the guests enjoying a delightful  
afternoon at Saltair. The luncheon  
colors were green and white and were  
daintily carried out.

Harold Lane entertained about 30  
friends at a Dutch supper last night,  
the feast being followed by an enjoy-  
able evening, spent with songs and  
stories recited by the guests.

among them being Mrs. Jack Keith,  
Mrs. D. J. Sharp, Mrs. D. C. Roberts,

Cormick.

Miss Lucy Van Cott, who has been  
spending the summer at Brighton has  
returned.

A number of young people with their  
chaperones went to Brighton on Tues-  
day and enjoyed a "watermelon break,"  
returning late in the afternoon. The  
party consisted of Miss Teresa Taylor,  
Margaret Taylor, Nan Clawson, Bir-  
dette Clawson, Juliet Knowlton, Lynne  
Knowlton, Corneil James, Ira Spencer,  
Leroy Beattie, Margaret Whitney,  
Blanche Squires, George Felt, Retan  
Spencer, Charles Burton, Archie West,  
David Taylor, Lawrence Taylor, B.  
Young, Leslie Paul, Frank James, By-  
ron Whitney.

## DEMAND EXCEEDED SUPPLY.

Jessie L. Ford, the satirist, has a  
great hatred for the summer hotels that  
gather in their guests through mis-  
leading advertisements—advertisements  
of lakes that are duck paddles, of min-  
eral springs that are swamps, of an  
abundance of fish and a dearth of mos-  
quitoes, when it should be an abun-  
dant of mosquitoes and a dearth of fish.

"At one of these summer hotels," said  
Mr. Ford, "I overheard a new arrival  
complaining at the desk. He was a  
pale, thin gentleman. He had a sad  
and resigned voice. In the hot, moist  
morning air a swarm of insects buzzed  
around his head.

"'Yes,' he was saying, 'I am afraid  
I must leave at once. I don't care so  
much about the mosquitoes, but the fact  
is, sir, I haven't got the blood to  
spare.'"

United States claims against his gov-  
ernment, is a veteran of both the civil  
and the Spanish-American wars. He is  
sixty years of age and was graduated

from the Naval academy in 1864. In  
1893 he became the commander of the  
Brooklyn. He attained the rank of  
rear admiral only this year and was  
assigned to the command of the Euro-  
pean squadron.

popularity of Foley's Honey and Tar  
many imitations are offered for the  
same. Ask for FOLEY'S Honey and Tar

other preparation will give the same sat-  
isfaction. It is mildly laxative. It con-  
tains no opiates and is safest for children  
and delicate persons. For sale by F. J.

## A NOVEL ADVERTISING SCHEME.

The enterprising proprietor of a Paris  
cafe has hit upon a method of securing  
publicity which is original in execution  
if not in design. He has engaged a  
number of baldheaded men of good ap-  
pearance to frequent public places with

the following legend painted in conspicu-  
ous letters on their denuded pate:  
"Come Tonight to the Cafe du Nord."  
It is arranged that the men shall enter  
theaters and all kinds of public gather-  
ings wearing shining and conspicuous  
ties, which at the proper moment they  
must remove with as much flourish as  
possible. As soon as the scheme has  
had time to work they must seek a new  
field for exploitation.

## Abscess.

W. H. Harrison, Cleveland, Miss.,  
writes, Aug. 13, 1902: "I want to say a  
word of praise for Hall's Catarrh Remedy.  
I stopped on a nail, which caused  
the cords in my leg to contract and  
an abscess to rise in my knee, and the  
doctor told me that I would have a  
stiff leg, so one day I went to J. F.  
Lord's drug store who is now in Den-  
ver, Colo. He recommended a bottle  
of Snow Liniment; I got a 50c size,  
and it cured my leg. It is the best lin-  
iment in the world.

ABSCESSES, with few exceptions,  
are indicative of constipation or debil-  
ity. They may, however, result from  
blows or from foreign bodies, introduced  
into the skin or flesh, such as splin-  
ters, thorns, etc.,
