

TODAY'S WEATHER REPORT.

(Observations taken at 6 a. m. Mountain time.)
Salt Lake City—Barometer, 28.78; current temperature, 28; maximum temperature, 45; minimum temperature, 28; mean temperature, 35, which is 4 degrees above normal.

Accumulated excess of temperature since first of month, 240.
Accumulated deficiency of precipitation since first of month, 1.06 inches.

FORECASTS TILL 6 P.M. THURSDAY

Local forecast for Salt Lake City and vicinity:
Fair tonight and Thursday; slight changes in temperature.

For Utah: Observations taken at San Francisco:
Fair tonight and Thursday; stationary temperature.

WEATHER CONDITIONS.

An area of high pressure covers the country from the northern plateau region to the upper Mississippi valley. Pressure is lowest in the vicinity of southern Arizona and Lake Michigan. Temperature is six degrees below zero at Omaha and Chicago, and twenty degrees below at Huron. Precipitation has fallen over eastern Montana and western South Dakota.

L. H. MURDOCH,
Section Director.

LOCAL BRIEFS.

A talk on "Deaconess Work" will be given at the First Methodist church this evening by Miss Paten, a field deaconess.

Invitations are out for a dance next Wednesday evening at the Literary club house to be given by the Utah commandery Knights Templar.

The funeral services over the remains of Mrs. J. C. Moses, were held from the home, No. 474 South West Temple, this afternoon, beginning at 2:30 o'clock.

Frank E. Zinsperger, of Zinsperger Bros., is in from California, where he has been engaged in mining for some years. He is just recovering from a severe attack of typhoid.

The sixteenth ward meeting house has been very much benefitted by the improvements which are now completed. The placing of the choir behind the pulpit, is a marked change for the better.

Butte Miner: Justice Nichols yesterday performed the marriage ceremony for Adolph Charles Smith Mitko and Vin France, both of Butte. The groom is a native of Missouri and the bride was born in Utah.

The central school at Murray is nearly finished, at a cost of \$35,000. It has two stories, a basement and an attic, the dimensions are 60x90 feet. The structure is made of brick and stone, and contains eleven class rooms.

A new mail and stage route between Stateline and Urine, Nevada, a distance of twenty miles, has been established, and the carrying of mails between the two places will begin February 15th.

A dispatch has been received by the parents of Will McCrea, who was injured in the fire at Ithaca, N. Y., last Monday, from President Schurman, stating that the young man was getting along all right, although his feet were badly frozen.

The Anti-Compulsory Vaccination League will hold a public meeting on Friday evening next, Feb. 2, in the Sixteenth ward assembly rooms, on Fifth West street. All interested in the movement against compulsory vaccination are invited.

Solomon S. Maxwell, an old Utah miner, died last night from troubles resulting from an attack of the grippe. He once owned the Maxwell group of mines at Bingham. Mr. Maxwell was about 65 years old and unmarried. He leaves no relatives in this country so far as known.

Boise Statesman: A committee of J. E. Tourtelotte, J. F. Koelsch and Y. E. Yates, left yesterday for Salt Lake to examine the pressed brick plant which it is proposed to purchase and move to this city. The committee took along a box of clay which will be tested there. Final action on the project will be taken on the return of this committee.

The board of education committee on teachers and school work held a meeting this afternoon. The committee on buildings and grounds and finance are scheduled to meet tonight. It is expected that all the members will be present except Mr. Bamberger, who is now in the East.

Mr. J. H. R. Franklin, the confectioner, is confined to his home with bodily injuries received some days ago while filling an order for refreshments for Christensen's dancing academy. The accident was caused through falling down a flight of stairs. While improving fairly well, it will be some days before he will be able to be at business again.

Colonel Evans of the Salvation Army will be in Salt Lake on Friday next and will conduct an old time jubilee at the Salvation Army camp, No. 133 east Second and South street. Col. Evans is the commander-in-chief of the Pacific coast division, and one of the oldest officers in the army. He is a speaker of ability and a man of information, therefore will be worth hearing. The Wyoming and Utah officers will be present. Rev. Mr. Schank of the Baptist church will deliver an address at the camp tomorrow night.

At Ogden, on Tuesday, February 27, commencing at 10 o'clock a. m., will be held the eighteenth annual encampment of the department of Utah, Grand

Army of the Republic. Delegates from the five G. A. R. posts and the five Women's Relief corps, will attend. In the afternoon department officers for the ensuing year will be elected. The public installation of officers will be made in the evening, followed by a supper and ball. It is thought that a formal invitation will be extended to the national encampment to meet in Utah in 1901.

We pay 4 per cent interest per annum on all deposits. Zion's Savings Bank and Trust company, Lorenzo Snow, president; George M. Cannon, cashier.

UTAH COMMERCIAL AND SUGAR BANK
Interest paid on savings. W. F. Armstrong, president, P. W. Madsen, vice-president, J. E. Caine, cashier.

UTAH COAL
Castle Gate and Winter Quarters, Lump, Nut and Slack.
D. J. SHARP, Agent,
73 South, Main Telephone, 423.

BOOKS FUMIGATED.

Treatment Given to Volumes in the Public Library.

Three thousand books were taken from the public library yesterday and treated to a thorough fumigation with formaldehyde. The reading room and reference library are open, but no one is permitted to take any book from the library. Some perhaps think that because no books are allowed to be taken out, those already out should not be returned. But it is not so. The fine is still in vogue, and those who have books out of the library should return them within the prescribed time if they would escape the fine.

CHILD SEVERELY INJURED.

Little Ralph Poulton Kicked by a Shetland Pony.

Little Ralph Poulton, son of Walter J. Poulton, who lives at No. 258 West Fifth South street, was kicked by a colt last evening and seriously injured. The children were playing around the Shetland mare, when Ralph came too close to the colt and it kicked at him violently, striking him on the forehead above the left eye.

The child was unconscious for some time. This morning he was taken to the Holy Cross hospital, and his skull, which was slightly compressed, was raised, and he is now getting along all right.

WILL BRING A GOOD CROWD

C. E. Wantland on the Stock Growers' Convention Next Year.

Salt Lake Can Gain Many Benefits From It if Advantage is Taken of the Opportunities.

C. E. Wantland, of Denver and Salt Lake, the hustling little land agent for the Union Pacific, arrived here this morning from Fort Worth, Texas, where he took a prominent part in the recent cattlemen's convention.

Mr. Wantland says that the Utah delegation to the convention ought itself with glory, exerting a marked influence on the gathering. In all the debates on important questions, the men from this State took part, and acquitted themselves with much credit.

When it came to the selection of a place for the next convention, none of the cities were in it with Salt Lake. Mr. Wantland says that the convention will probably bring 1,000 "of the best people on earth" here next year, and through it Salt Lake can obtain many benefits if advantage is taken of the opportunities.

NO DOUBT OF FOUL PLAY.

Belief Grows That the Pennys Were Both Murdered.

The "News" today received the following from its correspondent at Kanosh, Utah, yesterday, January 30th, at 3 p. m.:

"Mrs. E. W. Penny got word from her son, William, at Wah Wah Springs, about an hour since, stating that no trace of his father or brother George, who had been obtained, though a most diligent search has been prosecuted.

"Sheriff Virgil Kelley is out there and word also comes from him that there is no longer any doubt about foul play having been resorted to. Sheriff Kelley has what he believes is a meager clue which he hopes will lead to important developments in the near future.

"Our community is much exercised over the mysterious disappearance of the Pennys and stands ready to promptly respond to any call the sheriff may make upon it to assist in the solution of the much belated affair.

"Other articles not hitherto described, which were in Mr. Penny's wagon, were ten and a five gallon keg and two ducking horse blankets."

CHURCH NOTICES.

The Primary officers' meeting of the Salt Lake Stake will be held Saturday, February 3rd, 1900, at 11 o'clock, in the L. D. S. lecture hall. A good attendance is desired. Those who have not yet sent in their reports will please bring them to the meeting.

ELLA W. HYDE,
Secretary.

The Stake secretaries of the Relief Society of the several Stakes of Zion are hereby reminded that a yearly report is expected of them for the general conference, from the beginning of the year 1899, January 1st to December 31st, and that the report must be in as early as February 15th, so that the general secretary may have sufficient time to make a correct report for the April conference. All branches of the Relief Society not included in Stakes are also requested to send a full report for the year, that a complete report of the entire society may be made, including branches, whether in the United States or other countries, or upon the islands of the sea. Address Mrs. E. B. Wells, General Secretary, Temple, Salt Lake City, Utah.

GRANITE STAKE MEETING.
A Priesthood meeting of the Granite Stake of Zion will be held in the Farmers' ward meeting house on Saturday next, February 3rd, 1900, at 10 o'clock a. m. All Stake officers are expected to be present, and members and associates of High Council, Bishops and counselors are especially requested to attend. All leading members holding the Priesthood are invited. It is understood that Apostle F. M. Lyman will be present and instruct the brethren in their various duties.

THOMAS ALSTON,
Clerk of Stake.

MOKE TEA POSITIVELY CURES SICK HEADACHE.

Indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, procures a perfect complexion, or money refunded, 25 cts. and 50 cts. Z. C. M. I. Drug Dept.

STREET-CAR PEOPLE
RECEIVE ATTENTION

Buckle Offers a Resolution Criticizing Salt Lake City Company.

RAPID TRANSIT IS INCLUDED

Matter Referred to City Attorney as to Whether Companies Cannot be Made to Give Better Service.

The Salt Lake City and Rapid Transit street railroad companies received attention from the members of the City Council at last evening's meeting. President Buckle introduced a resolution censuring the Salt Lake company for an alleged unsatisfactory service on the east Second South street line, and Councilman Thomas offered an amendment which included the Rapid Transit company, referring more particularly to the east Seventh South street line. Both the amendment and resolution carried by a unanimous vote.

BUCKLE RESOLUTION.
President Buckle's resolution read as follows:

"Whereas, The Salt Lake City railroad is not giving satisfaction in its service to its patrons on the line operated by them on east Second South street, by not running enough cars during certain hours for the convenience of the public as the following two specific cases will testify: On Thursday, January 25, 1900, car No. 31, leaving Main street at 5:15 p. m., going east on the street below names had forty-one passengers, and on Saturday, January 27th, car No. 14, leaving Main street at 5:34 p. m., going east on same street, had forty-two passengers. Both these cars have a seating capacity of eighteen passengers. Therefore be it

"Resolved, That this resolution be referred to the city attorney for an opinion as to whether the said railroad company cannot be compelled under the law to give satisfactory service for the convenience of its patrons and the public."

SAME CONDITIONS ELSEWHERE.
Speaking to the resolution, Buckle said that similar conditions existed on the other roads of the company. The public, he further said, viewed it as an outrage. Frequently ladies were forced to ride on the rear platforms, notwithstanding the fact that notices appeared on each car, reading, "Passengers are forbidden to stand on the rear platform." South Temple street residents, he believed, were receiving a little better service; but the people residing in that part of the city ought to understand that their tracks or lay platforms at various intersections where the rails are raised above the level of the streets. The member from the Fifth precinct said the present condition of things made it very inconvenient, not to say dangerous, for persons driving in carriages and buggies. The resolution was adopted.

On motion the Salt Lake Street Railroad company was ordered to put in a new car on the intersection of the Fourth East street and Exchange street.

SUNDAY SCHOOL BUILDING.
Ernest H. Rich and twenty-one others petitioned the Council to grant the temporary use of a vacant lot on North Fifth West street, near North Temple street, for a Sunday school building. Referred to committee on public grounds.

The Orphan's Home and Day Nursery by Rachel S. Miller, president, and the other officers, asked for an appropriation of \$100 for the support of the institution. Referred to committee on finance.

Health Commissioner King asked for the use of vacant room on first floor of the city and county building, formerly used by the city janitor, for laboratory purposes. Referred to committee on public grounds.

TAXES COLLECTED.

City Treasurer Morris, in response to the resolution introduced by Thomas, reported that the amount collected to December 31, 1899, on city property tax for 1899, was \$199,543.80. The amount collected to same date on water tax was \$48,713.41. These taxes were collected by Mr. Thomas said, were placed in the general fund, and the amount on hand in that fund December 31, 1899, was \$43,713.20. Referred to committee on finance.

City Section Carter recommended connecting the cemetery park with the cemetery for burial purposes. Referred to committee on cemetery.

SPEAKS FOR HIS CLERK.

City Auditor Reiser called attention to the "very low amount" allowed the auditor's office for clerical assistance. Previous to the year 1896, Mr. Reiser said, "the auditor was allowed a deputy at a salary of \$100 per month, but in the above year the office was abolished and the auditor left without any assistance whatever." The salary of a clerk is now \$40 per month, and Mr. Reiser gave it as his opinion that the work in his office was just as important as that of any office in the city's government.

The recorder, treasurer, attorney and police judge, he said, "are allowed assistants at salaries ranging from \$75 to \$125 per month," and he asked for an increase in the salary of his clerk, and suggested the sum be fixed at \$60 per month. Referred to the committee on finance.

UNION DEPOT QUESTION.

Councilman Thomas, chairman of the laws and streets committee, notified the Council that he had instructed City Attorney Stephens to draw up ordinances granting the Rio Grande Western and Oregon Short Line franchises for the proposed union depot. Mr. Thomas said the same would be presented at next week's meeting for action.

THE CHANGE MADE.

Burlington and Rock Island Gets Through Pullman Service.

At the meeting of railroad officials in San Francisco yesterday it was decided to give the Burlington and Rock Island roads a through Pullman service between San Francisco and Chicago. At Ogden the Rock Island Pullman will be switched to the Rio Grande for Denver, and thence over the Rock Island for Chicago. The Burlington car will go over the Rio Grande from Ogden to Denver, and thence over the Burlington to Chicago.

Pulled Eighty-Eight Cars.

The largest train ever handled over any railroad, says the Denver Republic,

can, left Cheyenne Saturday for Sidney, Neb., 100 miles east. There were eighty-eight cars in the train, representing 3,633 tons, or 7,266,000 pounds. The train was handled by one engine, the double Archer hill and made the trip without incident and in a remarkably short space of time considering the magnitude of the load.

Agent Gone Insane.

W. A. Harvey, general freight and passenger agent of the Arizona and Southern railway, with headquarters at Tucson, Ariz., is in Hutchinson, Kansas, today, in a pitiable condition. He was on his way to Chicago and got off the Santa Fe train at Hutchinson, leaving his grip and overcoat on the train. It was there that he was getting over the effects of an overdose of cocaine, but his condition became worse and he was locked up. It is evident now that he is mentally unbalanced. His parents, who live in Wisconsin, have been notified.

RAILROAD NOTES.

General Agent Gray of the Southern Pacific has gone to Nevada.

The old crossing of the Rapid Transit street car line over the Salt Lake & Ogden railway at the City Creek bridge, has been taken up and replaced by a new one.

A week from next Wednesday a meeting will be held here between officials of the Union Pacific, Oregon Short Line and the Oregon Railway & Navigation company. Some move of interest here are expected to be made after that meeting.

This evening there is a hustling and rustling of ticket punches and stamps and all manner of paraphernalia belonging to railroad ticket officers. The occasion is preparation for the competition of the Union Pacific and Oregon Short Line officials ready for business tomorrow morning.

BOARD IS REORGANIZED.

Public Works Given an Entire New Membership.

John E. Dooley, chairman, Names Submitted to the Council by Mayor Thompson Last Evening.

At last evening's session of the City Council Mayor Thompson submitted the names of John E. Dooley, chairman; Spencer Clawson, Emanuel Kahn, P. J. Fabian and Philo T. Farnsworth, as members of the board of public works, under the new organization. The appointments did not go to a committee, but were confirmed without discussion. Howe, C. R., and Buckle, voted against the motion to confirm, but the other members all voted in the affirmative.

INSTRUCTED IN DRAWING.

How Teachers of Second Grade Use Their Leisure Time.

Mrs. Elliott, director in drawing for the public schools, met with the teachers of the second grade yesterday afternoon in the High school building and instructed them in the course in drawing. The teachers being at leisure, for the present, asked for these instructions to economize time, as they will be so busy when their work begins again that their time will be limited.

SHELDON-JACKSON COLLEGE.

Trustees Decide to Adopt Romanesque Style of Architecture.

At a meeting of the trustees of the Sheldon-Jackson college in Bamberger & McMillan's office last night, it was decided to adopt the Romanesque plan for the first building submitted by Architect Ward. Work will begin early in the spring. The building will be ready for occupancy at the opening of school next year. The structure will be 10x103 feet, three stories with basement, a dozen class rooms and a dormitory calculated to accommodate sixty students. The building, which is the first of several which will be built as they are required, will cost between \$25,000 and \$30,000.

KARTON AGAIN WINS.

Obtains Judgment Against E. M. Olson for Recovery of Property.

The trial of the civil action in replevin of Samuel Karton vs E. M. Olson was concluded last evening before Justice Sommer, who rendered a verdict for the plaintiff for the return of the property in dispute, the costs of the action and damages.

A week or so ago Karton was arrested for the theft of a \$12 promissory note, but was acquitted on trial. During the action, while Karton was in the custody of the officer certain property was taken from his shop by A. M. Rosenbaum, as is claimed by Karton, and which was subsequently stored with Mr. Olson. Rosenbaum alleged a partnership with Karton as his authority for taking the goods, but the court was not clearly satisfied.

Isaac R. Hardman asked the city to lease him the gravel beds on the northeast bench. Referred to committee on public grounds.

William B. Barton petitioned the Council to lower the sidewalk at the intersection of B and Third streets. Petitioner said there was barely room for teams to pass between the sidewalk and street car track. Referred to committee on streets.

It has been demonstrated repeatedly in every State in the Union and in many foreign countries, that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times."

Parties holding any of this stock will bring it in at once for registering. This is important.

PARLEY'S CANYON
SPRING CLEANING

Land and Water Commissioner Westerfield Given Extra Help.

PURER WATER LOOKED FOR.

Action of Council—Farnstrom Suggested Vaccinating the Streams—Reports of City Officers.

Land and Water Commissioner S. B. Westerfield, in a communication addressed to the City Council, and which was read at last evening's session, drew attention to the befouling of Parley's canyon and tributary streams, by numerous sheep herders and campers. He requested that he be given authority to employ two additional men so that a general clean-up of the canyon could be made before the spring thaw sets in. One of the men, Mr. Westerfield suggested, should be vested with police powers to enable him to arrest parties violating the law with respect to the befouling of public streams.

Canning said sheep herders were as a rule just as clean and particular in their habits as other people. The befouling of the streams was to him all both and he opposed the employment of more men for the purposes stated.

Beatty said it was absolutely necessary for the city to take steps to prevent further befouling of the stream; the cost should not be considered. Filth had found its way into the waters of Parley's creek and he knew it. Small-pox existed in a large camp of railroad men in the canyon, a fact that made it doubly imperative for the city to take effective means and prevent refuse from finding its way into the water.

Farnstrom caused a laugh by asking if the stream had been vaccinated yet. There was further talk, and finally Mr. Westerfield was given authority to employ an additional man.

IMPROVE WATER SYSTEM.

The waterworks committee, in the matter of the report of Engineer Kelsey, recommended that the board of public works be authorized to advertise for bids and proceed with the following work: To take up the water main in City Creek canyon and replace the same with a large pipe; also that bids be asked for wood stave, cast iron and riveted steel pipe. On motion the report went over one week.

Part of the report of Mr. Kelsey was withheld for future consideration by the committee.

TO EXCHANGE WATER.

City Engineer Kelsey reported that agreements had been signed by owners of Big Cottonwood creek water, whereby it was stated they would enter into a contract with the city, at any time from February 8, 1899, for the exchange of Big Cottonwood creek water for water from the Jordan and Salt Lake City canal. Mr. Kelsey recommended favorable action. Referred to committee on waterworks.

Committee on waterworks recommended that the city engineer be authorized to place permanent measuring weirs in all the streams in the vicinity of Salt Lake and in the Jordan and Salt Lake City canals and the Jordan river at the narrows, and also that a gauging station be established at Utah Lake. The recommendation was adopted.

On request of City Engineer Kelsey the action of the Mayor and city engineer in appropriating additional water from Utah Lake, on behalf of the city, notice of which was filed a couple of weeks ago, was approved.

CRIME COMMITTED.

Land and Water Commissioner Westerfield reported that certain parties, who are known to him, had taken improvements from the city's real estate, without authority or right. Mr. Westerfield said there was no question that a crime had been committed by such parties and he recommended the matter be referred to the city attorney. It was so ordered.

Superintendent of Waterworks Hines asked for an appropriation of \$200 to repair high line tanks in City Creek canyon. Referred to committee on waterworks.

E. N. Jenkins and others requested that West Temple street from Ninth South to Gate be gravelled and graded, and that sidewalks be raised and gravelled. Referred to committee on streets.

WANT TO CUT ICE.

Hemley and Emsley, who keep a meat market on Eleventh South and Eleventh East streets, asked for permission to cut ice from the pond in Parley's canyon, after Warden Dow of the Utah State prison, has secured all he needs. Referred to committee on waterworks.

Isaac R. Hardman asked the city to lease him the gravel beds on the northeast bench. Referred to committee on public grounds.

William B. Barton petitioned the Council to lower the sidewalk at the intersection of B and Third streets. Petitioner said there was barely room for teams to pass between the sidewalk and street car track. Referred to committee on streets.

It has been demonstrated repeatedly in every State in the Union and in many foreign countries, that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success.
