

## MINING, BUSINESS AND STOCKS

ARE HOT AFTER  
TONOPAH STOCKS

Brisk Buying Movement of Past Few Weeks Due to Completion of New Railway.

## BROKERS SHORT ON MONTANA.

Efforts Being Made to Settle—One of the Difficulties Encountered About Trading in Nevada Stocks.

A lively interest is being taken in the east in Tonopah stocks and during the past few weeks some heavy sales have been reported from New York and Boston. A New York authority says of the situation as regards Tonopah in the east says:

Almost all the brokers who handle the active business on the local mining exchanges report a brisk demand for Tonopah stocks. Orders being received indicate a demand for all of the stocks of the companies operating at that camp. Goldfield stocks are also being actively inquired for. Two brokers have buying orders that aggregate 20,000 shares of the various Tonopah issues. While the remainder of the total would probably bring the total demand to 50,000 shares. As most of these stocks are approaching the dollar mark, the extent of the interest shown in that camp is demonstrated.

This buying movement, which has been in progress three weeks, has been due both to renewed interest in operations of Tonopah and to the general belief that once the railroad is in touch with the camp, all of the properties in a position to ship will begin sending out ore. As the ore is high grade, the mines from the time they begin shipping will be on a self-sustaining basis, though no definite estimates can yet be made as to revenues. The Montana-Tonopah company, one of the strongest organizations of the camp, is expected to earn clear \$100,000 a month from ore already in sight. While these figures may seem high, there is some belief that the results received will not be far from the forecasts made. This is a specimen prognosis.

A peculiar phase of what may be called the "Tonopah movement" is the fact that almost all of the professional operators at Tonopah and in the east are short of the stocks, and have been in that position for some months. One large house in New York is believed to be short 20,000 shares of Montana-Tonopah stock. Most of the stocks since the operators began selling have advanced from 200 to 500 per cent, and efforts are being made to effect a settlement with those holding contracts for delivery. It is understood that one of the professional operators, after the advance last January, thought the camp values were too high for property that had not yet been developed, and they could do when proper facilities were given.

Thus, almost all of the ore sent out from the camp has cost for transportation and treatment charges close to \$40 a ton. The difficulty in trading in Tonopah stocks is the fact that the scarcity of the stock, and the fact that all transfers must be made at Tonopah. Formerly this incident in the change of ownership of mining stock required three weeks, but the time has recently been reduced. It is shown that the officials whose signatures are necessary for the issuing of stock are absent from the camp, and as no certificates are signed ahead of time, all transfers must wait for the return of those authorized to sign them.

## PARRIETTE MINE CLOSES.

Flow of Gas Encountered—Large Body of Second Class Asphaltum Ore.

About 25 of the 36 miners working at the Parriette property have been laid off indefinitely, the management giving as the reason that there is at this time no market for the product, says the Parriette. Most of the ore has been shipped from the settlements of Utah and some 17 of the discharged ones were in Price last Saturday and Sunday. The men state that the mine has been producing for the past 30 days some 35 tons a day and this ore is stacked up at the mine ready for shipment.

The shaft at the Parriette is down about 55 feet, where the ore in the vein is now four feet from the surface. The second class stuff is encountered on the bottom. Lately a small flow of gas was encountered and this makes the air in the property. This gas has been plugged and thus shut off.

The men who came in last Saturday state that Superintendent Hill has been succeeded by Donald Raustrom, the latter to be in the future have charge of the property. The mine now stacked at the mine is to be brought to Price and shipped from here to Chicago.

The product of the Parriette, we are told, is being offered in New York at \$10 a ton.

## IN THE NEVADA COURTS.

Pioche Property Involved in a Case Brought Up in Lincoln County.

Hon. R. C. Lund, chairman of the Utah state board of equalization, accompanied by his brother, B. J. Lund, of Modena, were in Pioche last week in the interest of A. W. McCune and the latter. The matter was in relation to the last "Chance, Triangle and Belleview" mining claims near Pioche, says the De Lamar Lodge.

It appears from the complaint that McCune and his associates purchased the ground from Frank Lloyd, Cook and others in 1899. The property is

## HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair denotes character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A German cause baldness, Sabouraud, of Paris, France, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

Destroy the cause—you remove the effect.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Z. C. M. I. Drug Co., General Agents.

## ORE AND BULLION

SETTLEMENTS \$410,000.

The ore and bullion settlements for the fiscal week ending yesterday aggregated \$410,000, distributed as follows:

	Ores.	Bullion.	Gold.
July 16	28,600	29,300	3,300
July 18	25,700	27,300	16,300
July 19	25,200	42,800	12,900
July 20	25,200	29,800	10,000
July 21	34,900	30,100	10,000
July 22	29,500	19,800	10,000

Totals \$109,600 \$179,100 \$61,300

The shipments of copper bullion from the several independent smelters aggregated a total of 78,834 pounds, the concentrates being:

	Pounds.
Utah Consolidated	300,161
Bingham Consolidated	246,000
United States	251,834

Totals 798,834

The shipments of copper bullion from the several independent smelters aggregated a total of 78,834 pounds, the concentrates being:

Lloyd and Cook have been partners in their general mining business and in 1902 and 1903 had done the assessment work on the claims at the instance of McCune and his co-partners, Lloyd acting as the agent on behalf of the proprietors, and during 1902-03 held a written lease on the property. In 1904 Cook jumped the ground, claiming that the assessment had not been worked the previous year.

The plaintiffs set up the plea that the assessment work had been done, and even if it had not, the location by Cook was fraudulent and void. A restraining order is asked for to restrain the defendants from taking ore from the property, and damages to the amount of \$5,000 for ore extracted from the property are asked for. The ore is said to have been taken out during the months of April and May of the present year.

## HEINZE SUE AGAIN.

The Amalgamated Company Proposes to Wage a Relentless War on Montanan.

A Butte dispatch says: Two more suits were begun in the district court today by the Boston & Montana company to recover damages to the amount of many millions of dollars on account of the alleged looting of large quantities of valuable ore from the adjoining mines through the Minnie Healy work. In the two suits that were begun today judgments are asked to the amount of \$7,400,000, making a total, with the big suit that was begun on Thursday, of \$13,150,000 for ore alleged to have been unlawfully extracted from the veins of the Colusa, Piccolo and Gambetta mines through underground workings in the Minnie Healy.

In the five suits that have been begun recently against Heinze and his agents alleging the looting of ore from the Michael Davitt, Little Mina, Colusa, Piccolo and Gambetta mines, the judgments in damages that are asked aggregate \$16,530,000.

The two suits begun today were against Heinze corporations alleged to have been in the charge of the Minnie Healy mine at different periods in the complicated proceedings that have arisen through the litigation over the property.

In testimony given in court it has been stated by Mr. Heinze and various of his agents that during certain intervals, in turn the Minnie Healy company, the Montana Ore Purchasing company, the Johnston company and the Hypocrite company were conducting the operations in the mine, and various suits have been begun in order to secure damages from each of these corporations, it being alleged that all of them carried on the same looting operations in the ore field.

The suits have begun in order to secure damages that belong to the Boston & Montana company.

## WILL USE POWER DRILLS.

Compressor Plant Will Be Installed at the Franklin Company's Mines.

Lorenzo Nielson went to Salt Lake Monday to order a compressor and Burleigh drills and other machinery for drilling the tunnels on the property of the Franklin company, near the Marysville district, says the Richfield Repeater. Mr. Nielson was last week awarded the contracts for driving 500 feet on the Log Cabin tunnel and 1,200 feet in the Franklin tunnel. He figures that it will take about eight months to complete this work, which will give in the neighborhood of 1,300 feet in one of the tunnels and 2,000 feet in the other. At present the ore is being taken out in the vicinity of the big ore zone which he believes to be under the craters between the Bullion and Cottonwood canyons.

## MILLING KEMPTON ORES.

Col. Wall Says He Has Several Years' Supplies in Sight.

Col. Wall, who recently provided his Kempton mine at Bingham with milling facilities by the purchase of the Dewey plant from Roy and Fred Bemis, for a consideration, it is said, of \$20,000, has already begun the forwarding of ores. The Kempton property has been extensively exploited during the past few years and the results have been so satisfactory that the colonel has concluded it is worth holding onto and unless someone comes along and makes him an extraordinary offer for it he proposes to retain it as a nest egg. The colonel says there are several years' supply of ore in sight for the mill pending away at the rate of 150 tons daily.

## ORE TO BE MARKED.

Columbus Con. Will Draw Marked Proceeds for 100 Tons Next Week.

The management of the Columbus Consolidated Mining company expects to market at least a hundred tons of high grade ore during the coming week. Manager Jacobson says the product will net the company from \$30 to \$35 a ton.

## Tintic Ore Shipments.

Special Correspondence.

Eureka, July 23.—During the past week 165 car loads of ore were shipped out of the Tintic district to the Salt Lake smelters, the contributors being, as follows: Ajax, 1; Bullion Beck, 3; Centennial-Eureka, 48; Carisa, 1; Eagle & Blue Bell, 3; Gemini, 18; Grand Central, 14; Lower Mammoth, 1; Mammoth, 15; May Day, (concentrates) 1; Uncle Sam, (ore) 1; Uncle Sam, (concentrates) 2.

## MINERAL WAX EXHIBIT.

Shipment from Price Mines Sent to the St. Louis Fair.

A shipment of mineral wax extracted from the mines near Price station, on the Rio Grande Western railway, was sent to the St. Louis fair this morning by Charles K. Rowland. The wax, which was addressed to S. T. Whitaker, director general of the Utah exhibit, and will be given a place along with this state's mineral display.

NEW ROAD TO  
THE SEVIER CON.

The Distance Between Mine and Railroad Has Been Very Materially Lessened.

## THE HEAVY GRADES AVOIDED.

Traffic Formerly Went by Way of Kimberly—Changes in Mill to be Hurried.

The new road to the Sevier Consolidated company's mine has been completed and all freight to and from this portion of the Gold Mountain district does not go via Kimberly as heretofore. The new route is a much preferable to the old one, it not only being shorter by several miles, but there is a marked difference in grades.

The management will proceed rapidly with the re-arrangement of the mill and adjusting it to the Godbe process, to which treatment the ores seem most susceptible. The difficulty with slimes under the method provided last year demonstrated that the equipment could not be made to do its work successfully without radical changes being inaugurated.

To begin with, Mr. Godbe will provide the plant with his ore dressing devices capable of handling from 50 to 75 tons of ore per day and when conditions warrant it the capacity will be increased until the plant reaches a maximum of several hundred tons a day.

About 30 men find employment at the Sevier mine at the present time.

## MINING NEAR CALIENTE.

Clark Brothers Have Found a Gold Property Not Far from Moapa.

Special Correspondence.

Caliente, Nev., July 22.—Clark Bros., merchants here and at Moapa, have struck a very rich free gold mine between the upper Virgin and Moapa rivers, and some of their ore of which they claim to have 2 1/2 feet, will go around a thousand dollars per ton. They are developing their property.

Charles French, a Denver, Colo., mining man, in company with Bert Jordan and Pete Manard, two prospectors passed through camp today en route to Moapa, whence they will go north about 23 miles to a group of gold-copper claims which the prospectors located last January and on which they have done over 500 feet of development work, opening up a six-foot vein of ore going 25 gold and 22 to 43 per cent copper.

The copper values are found in a black oxide and show every evidence of increasing strength and permanency with development. The prospectors give a satisfactory result to Mr. French he and his Spokane associates will take a short time option on them.

Henry Judd, a prospector who has been locating and developing claims sought from Moapa since March 1, passed through Caliente today with over 500 worth of coarse and wire gold, looking for a vein on the Blue Bell, one of his claims. He has erected an arasta and his partner, Mike Brady, is grinding out the yellow metal while Judd is getting assays made of their find.

## BUYS BINGHAM GROUND.

J. W. Cairns Acquires a Lease and Bond On Edith and Estella Claims.

J. W. Cairns, who has been operating in Bingham and Dragoon counties, was in the city yesterday for the purpose of looking into the titles to the Edith and Estella claims, located in lower Bingham, upon which he recently secured a bond and lease. Mr. Cairns has made a small payment on the property to bind the bargain, pending the perfecting of title to the ground.

## BOND AND LEASE RENEWED.

G. Gray Smith Said to Have Settled Differences With Horseshoe Company.

G. Gray Smith, who recently operated the Horseshoe property at Pay, Nev., under a lease and bond, and upon which the Shawmut & Nevada Mining company was organized, arrived in the city last night, and he had settled the differences with the owners of the ground and has obtained a renewal of the lease and bond in addition, options on the Buck and Ross properties which he proposes to add to Horseshoe and which he will present to the eastern shareholders of the Shawmut & Nevada for consideration.

Mr. Smith had in his possession a paper bearing the signature of E. J. McCune, agent of the Horseshoe company and containing the following: Whereas, The newspapers of this city have stated on the 21st and 22nd inst. that G. Gray Smith had been arrested on charge of grand larceny of amalgam and other goods, and that he had been arrested at the instance of E. J. McCune, the agent of the Horseshoe Gold Mining company, "will you kindly state that the story is false in every particular and that there is no foundation for it whatever."

It is true that George Perkins and William Lamb were arrested under charge of grand larceny and the case was dismissed against them when it became known that the goods they were accused of stealing had been sold to them by G. Gray Smith and delivered to them at the hand of George E. Cox, and that no crime had been committed by either man.

Mr. G. Gray Smith now has an option for the purchase of the Horseshoe property and the relations between him and the Horseshoe Gold Mining company are friendly, so far as is known.

## Tonopah's Big Celebration.

Tonopah's big railroad celebration commences next Monday, the occasion being the completion of the Tonopah railroad into camp and the inauguration of regular train service. The celebration of this most important event will last for three days.

## CONCENTRATES.

Supt. Gallagher of the Stockton mine at Stockton was in the city today.

Manager D. C. Jackling of the Utah Copper company has gone to Colorado.

The Mammoth mine of Tintic reported in the local market with ores this morning.

The stock of the Boston Consolidated Mining company is to be listed on the Boston mining exchange.

H. W. Sherman of the firm of J. H. Bigger & Company, is still confined to the hospital with an attack of fever.

General Manager William Bayly, Jr.,

## The Weight of Evidence

New Names, New Faces, New Troubles, but the Same Old Story—Drs. Shores Cure Their Patients No Matter Who Has Failed.

\$5 A MONTH—MEDICINE FREE—FOR ALL CATARRHAL CHRONIC DISEASES. \$5

Don't risk your life and health in incompetent hands—ignorance or mental incompetence is of itself no crime—but it becomes a crime and a danger to the public when life is entrusted to such hands. Keep on the safe side, don't experiment. You know Drs. Shores & Shores are reliable—thousands of your friends and neighbors have testified to their skill, honesty and perfect reliability. HAS ANY OTHER DOCTOR OR CONCERN IN UTAH OFFERED YOU ANY PROOF (OTHER THAN THEIR OWN BLATANT RAVINGS) OF SKILL OR RELIABILITY? DR. SHORES' PRICES AND THEIR TERMS ARE LOW AND UNIFORM—\$5.00 A MONTH FOR ALL CATARRHAL, CHRONIC DISEASES—MEDICINES FREE. CONSULTATION AND ADVICE AT THE OFFICE OR BY MAIL FREE AND CONFIDENTIAL.

## AN ODDEN LADY'S TRIBUTE TO DR. SHORES.

READ THE STORY AS IT COMES FROM HER GRATEFUL LIPS—LOOK AT HER KIND AND MOTHERLY FACE—TRUTH AND HONESTY IS WRITTEN IN EVERY LINE OF IT. IF YOU WISH TO KNOW MORE ABOUT HER CURE—WRITE HER OR CALL ON HER, SHE WILL BE GLAD TO TALK WITH YOU ABOUT IT.

Mrs. Mary A. Geertsen, 1425, 24th St., Ogden, Utah.

Here are Mrs. Geertsen's own words: "I deem it my duty to tender this, my testimonial, as an offering of gratitude, as I feel that under God the miraculous medicines of Drs. Shores & Shores has been the means of restoring me to health and changing my life from one of depression and pain to one of joy and happiness. I suffered for years, was all run down, could not eat, sleep or think—in fact, had Nervous Debility in the worst form accompanied with Catarrh and torpid liver, bad kidney and bladder trouble, and it seemed as though I must die until I began a treatment with Drs. Shores & Shores. I must say their medicine has done wonders for me, and I cannot praise them or their medicine too much, for I can now eat and sleep well and in every way feel like a new woman. It has been nearly nine years since I was cured, and I feel like encouraging every one suffering as I was to go to them for aid, for I know they will do their part to cure you if you will do yours. I will say to you, Doctors, go on in your good way, for in blessing others you may be blessed, is the wisest of—"

(Signed) MARY A. GEERTSEN, 1425, 24th St., Ogden, Utah."

## CURES BY MAIL.

We make a specialty of curing patients by mail. We have cured thousands who have never seen us personally. If you are afflicted and cannot call, write us for advice and free symptom blanks and we will gladly advise you regarding your case free of charge.

Office hours—Week days, 9 a. m. to 5 p. m. Evenings, 7 to 8 p. m. Sundays and holidays, 10 a. m. to 12 noon.

## DRS. SHORES &amp; SHORES,

(Opposite Keith-O'Brien's Store.)

## SPECIALISTS,

Houston Block, 249 South Main St., Salt Lake City.

OFFICE HOURS—Week days, 9 a. m. to 5 p. m. Evenings, 7 to 8 p. m. Sundays and holidays, 10 a. m. to 12 noon.

of the Copper Belt railroad is expected home from California in about a week.

A car load of high grade ore, also a car of concentrates from the Stockton mine at Stockton are in the market today.

Supt. Jackson McChrystal of the Gemini mine, Tintic, expects to leave for California tomorrow on a well earned vacation.

Managing Director Henry Catrow of the Ohio Copper company has gone east to confer with his father and other shareholders of the company.

A trial lot of ore from the Copper-head property in the Drum mining district has entered the local market, the controls showing 17 1/2 in gold, 12 1/2 ounces silver and 4 1/2 per cent copper.

Frank Simmons of Pocatello has bonded a group of silver claims to the Inman Mining company, which owns that property adjoining, for a consideration of \$10,000.

Col. George W. E. Dorsey, who recently acquired an option on the Blue Jacket mine in the Sevier, Devil's re-arguing is creating for a market for the silver and that property at the local smelters.

William B. Jeffs, one of the Michigan directors of the Columbus Consolidated Mining company, has arrived from the east to confer with officers of the company and to take note of the progress that made at the mine of late.

Frank Manning, a Harvard graduate and a friend of William H. Child, is in the city today en route to Korea to enter the employ of the Oriental Consolidated Mining company, in the capacity of a mining engineer.

Col. G. W. E. Dorsey will return to Boise tonight. The colonel will attend the session of the American Mining congress in Portland as a delegate from Idaho. He will help with the contest for permanent headquarters for Salt Lake.

The Deems property in Bingham has been organized into a new company, and is to be known as the Deems Mining company. The officers of the company are: C. D. Rookledge, president; J. P. Spaulding, vice president; A. Hanger, Jr., secretary and treasurer, who, with Joseph E. Kauffman and J. P. McGeath will form the board of directors.

Pioneer day, Salsair. Come and go as you please, 50 trains.

There is never a crowd at Salsair. Trains every 45 minutes Pioneer day.

## ANOTHER PERMANENT CURE.

Mr. Harlow S. Burch says he has been cured more than a year—with no sign of the trouble returning. Read his story, then ask him about it.

HARLOW S. BURCH, BINGHAM JUNCTION, UTAH.

"I had one of the worst cases of Catarrh a man could have, and on top of my suffering I had stomach trouble in its worst form. Hawking and spitting, coughing and gagging, no appetite, nausea, loss of weight, sleepless nights and other distressing symptoms tormented me. I gave my case to Drs. Shores & Shores, and under their care my troubles disappeared one by one, and over a year ago I ceased to feel any of the symptoms. Now after waiting so long, I am positive my cure is complete and permanent, and I voluntarily add my word of praise to the skill of these great specialists. I will be pleased to tell anyone interested more about my wonderful cure."

(Signed) HARLOW S. BURCH, Bingham Junction, Utah."

## WE TREAT AND CURE.

Catarrh and Stomach troubles, Nervous Diseases, Kidney Diseases, Bladder Troubles, Heart Diseases of the Stomach and Bowels, Piles, Fistula and Rectal Diseases, Female Complaints, Diseases of Women and Children, Rickets, Spinal Troubles, Skin Diseases, Deafness, Asthma, Bronchial and Lung Troubles, Consumption in the First Stages, Rheumatism, Hay Fever, Neuralgia, Hysteria, Eye and Ear Diseases, Gout or Big Neck, La Grippe, Blood Diseases, Special Diseases, Scrofula and all forms of Nervous, Private and Chronic Diseases (that are curable). Consultation free, call or write.

## Weak Men Pay When Cured

If you suffer from any of the weaknesses or diseases caused by ignorance, excess or contagion YOU ARE THE VERY PERSON WE WANT TO TALK TO.

We have proven our skill in curing CHRONIC diseases by publishing the many voluntary testimonials from happy people, giving names, pictures and addresses.

WE CAN'T PUBLISH OUR CURES IN PRIVATE DISEASES. Because it would betray confidence. Hence, we have to prove our skill in this class of troubles in another way. This is our plan:

Ida, Sugar Co., 10-10  
Lewiston Sugar Co., 10-00

evening there will be a big display of fireworks. Free fishing, boating and races also are among the attractions scheduled for the new resort situated at Fifteenth South and Seventh East.

Salsair promises to go into the excursion business on Monday with both feet, and Manager Langston has made arrangements for 30 trains on that day, so that visitors can be transported to and from the beach with dispatch.

Arrangements have been perfected for a big day at Salsair Monday. Baseball, fishing, dancing and the usual attractions will prevail.

The city, county and state officials and employees are having an outing at Salsair today where a good program of sports and amusements has been arranged by the committees in charge.

A game of ball between the city and county will be played and there will be boat races, foot races, dancing contests and voting contest for the most popular young lady in the building. Deputy Sheriff Alex Steele will officiate as master of ceremonies and the following committees are in charge: Arrangement—C. V. Anderson, Jake Jeffs, Lyle Evans, Joseph Sharp and Pete Nelson. Program—Dave Evans, Q. B. Nichols, Joseph McKnight and Clarence Cowan. Judges—J. U. Eldredge, Jr., W. H. Wilkin, George Maycock.

Celebrate Pioneer day at Salsair, 30 trains.

## Today's Metal Quotations.

Local settling prices as reported by the American Smelting and Refining Company:

SILVER, - - 58

COPPER, casting - 11 1/2

" electro. 12 3-16

LEAD, - \$3.50 @ \$4.20

## AT THE RESORTS.

At Calder's on Monday there will be 15 handsome prizes given away to those attending the Pioneer day gathering.

Awards: Prize to oldest married couple, youngest married couple, largest family, family having greatest number of generations on grounds, oldest lady, oldest gentleman, prettiest girl, ugliest gentleman, fattest baby, stoutest lady, lady and gentleman waltzers, and prizes for best Highland Fling and Salsair's Hornpipe. In addition there will be horse racing and an enlarged orchestra for dancing.

There will be amusements of all kinds and prizes for almost everybody at Hill's park on Pioneer day. The most popular lady present will receive a \$20 young lady in the building. Deputy Sheriff Alex Steele will officiate as master of ceremonies and the following committees are in charge: Arrangement—C. V. Anderson, Jake Jeffs, Lyle Evans, Joseph Sharp and Pete Nelson. Program—Dave Evans, Q. B. Nichols, Joseph McKnight and Clarence Cowan. Judges—J. U. Eldredge, Jr., W. H. Wilkin, George Maycock.

Celebrate Pioneer day at Salsair, 30 trains.

## WE WANT YOUR TRADE

You want our lumber—It's the Right Kind Priced to save you money—Come let's figure together.

Phone 1950.

Geo. Romney Lumber Co.

65 N. First West.
