The story is told of a man, who took the hands of his clock to the maker to have them fixed, because they did not keep proper time. Of course, the clock-maker demanded the watch, as in those by the wrinkles, boils and blotches, pimples and other eruptions on the exterior left of a disordered condition of the blood within. If you have these indications, be wise in time, and take Dr. Pierce's Golden Medical Discovery. It puts the liver and kidneys in good working order, purifies the blood, cleanses the system from all impurities, from whatever cause arising, and tones up the functions generally.

"Golden Medical Discovery" checks the frightful inroads of Scrofula, and, if taken in time, averts the march of Consumption of the Lungs (which is Lung-scrofula), purifies and enriches the blood, thereby curing all Skin and Scalp Diseases, Ulcers, Sores, Swellings and kindred ailments. It is tonic as well as alterative, or blood-cleansing, in its effects, hence it strengthens the system and restores vitality, thereby dispelling all those languid, "tired feelings" experienced by the debilitated. Especially has it manifested its potency in curing Tetter, Salt-rheum, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofula, or Thick Neck, and Enlarged Glands.

"Golden Medical Discovery" is the only blood and lung remedy, sold by druggists, and guaranteed by its manufacturers, to do all that it is claimed to accomplish, or money paid for it will be refunded.

PRESIDENT HARRISON

Came Near Being Assassinated by an Insane Southern Soldier.

FINANCES OF THE ARGENTINE REPUBLIC.

The Manhattan Bank Borrows $1,000,000.—Brief Telegrams.

By Telegraph to the NEWS.

WOULD KILL HARRISON.

The Assassination Prevented by the Vigilance of the Officers.

CINCINNATI, Nov. 17.—A local paper prints a story to the effect that but for the vigilance of the United States secret service officers President Harrison would undoubtedly have been shot down by a crank last May. This would-be assassin was a Southern man, whose name will not be revealed. He was first heard of in March, when Senator Hoar received a very savage letter, which demanded that he push his resolution to investigate the Southern courts to the bitter end. The letter was full of vile accusations against prominent and famous democrats and republicans alike of Virginia. The letter was dated Petersburg, and was written by an alleged "old republican soldier." He declared that unless some abuses were rectified he would kill the President.

Senator Hoar paid little attention, but when, two weeks later, he received another letter of the same tenor, he became alarmed and placed it in the hands of Chief Bell of the secret service. Two secret service men finally succeeded in locating the writer. He was a small store keeper in Petersburg, Virginia. The fellow went to Washington May 23rd, being shadowed all the way and in Washington by the detectives. The crank stationed himself at Pennsylvania Avenue early in the morning, and about 9:30, when the President passed for his morning drive, the fellow, when the executive carriage was within twenty feet of him, attempted to draw a revolver. The two detectives were upon him in an instant and he was hustled to headquarters, where a thirty-eight caliber revolver was found in his pocket. He boldly confessed that he intended to kill the President. Later he was quietly adjudged insane and he is now confined in an insane asylum near Richmond, Va.

ARGENTINE FINANCES.

The Baring Brothers' Trouble Disastrous to the Republic.

NEW YORK, Nov. 17.—A prominent merchant from Buenos Ayres, who had very recently left there and for "business reasons" was very deeply interested in the trouble that has overtaken the great house of Baring Brothers, said yesterday: "Baring Brothers were the great financial backers of the Argentine Republic, and the trouble which has befallen them must react most disastrously on the finances of that country, in my opinion it means a complete collapse of the phenomenal boom which the country has been enjoying for so many years. The facility with which the Argentine Republic obtained foreign loans through the aid of Baring Bros. fostered all manner of prodigious enterprises and caused the country to develop at a tremendously rapid rate. I doubt if any other country ever has gone ahead like ours. It has produced extravagant speculation and bred an optimistic spirit among the people which makes them impatient of anything like sober counsel.

"Our new capital, La Plata, furnishes examples of this spirit. It wasn't born of necessity; it was the product of national pride. It was begun only a few years ago and is now a beautiful city, lighted by electricity, ornamented with parks and containing, in a word, all the modern improvements. The country is proud of it; it is regarded as the crowning growth of our progress, but the more sober-minded among us have seen in it a colossal monument to debt. It was built with loaned money.

"Our marvelous progress has been founded on borrowed capital. We have contracted debts that will hang around our necks like millstones for a great many years, for those debts must be paid, or at least the interest on them. The most conservative among us have seen for some time that a day of reckoning must come, and that disaster that has overtaken Baring Brothers will precipitate it. I don't see how we shall be able to continue to pay the interest on our debt, which amounts to $224,743,555, not including the interest on the cost of railroads and other enterprises on which the government has guaranteed interest. It must be remembered that this interest has to be paid in gold, while the taxes are collected in currency, which has tremendously depreciated in value and I fear it has not struck bottom yet. Between the National and Provincial banks the Argentine Republic must have issued something like $500,000,000 in paper currency. A complete financial collapse is, I think, inevitable. The earnings of the railroads have to go out of the country to pay foreign shareholders. The country is practically mortgaged to foreign investors.

"The neighboring government of Uruguay is in the same fix. Baring Brothers being also their financial backers. I know that Baring Brothers are interested in the control of the National Bank of Uruguay and have something like twenty thousand shares, on which they must have lost heavily. These shares were above par some years ago when they bought them and now they are 60 or 70 per cent below par. Baring Brothers have made two loans to the Uruguayan Government. The first loan, which was made two years ago, was for £4,000,000. The second, which was made six months ago, was for £2,300,000. I guess that firm very much regrets making these loans now."

"I have spoken frankly," said my informant in conclusion, "because I depend on you not to betray my identity. In Buenos Ayres the plain unvarnished truth is regarded as rank treason."

The Manhattan Loan.

NEW YORK, Nov. 17.—It was rumored on the street this evening that the Manhattan Bank had borrowed $1,000,000 on loan certificates from the Clearing House. The officers of the bank would not talk on the subject, and President Tappan of the Clearing House would not deny or affirm the rumor. It was said by several brokers that the Manhattan Bank was in a perfectly sound condition, and the money borrowed was for the use of several of the bank's customers, who have given gilt-edge security for the same.

This evening State superintendent of banking, Preston, said it was definitely decided that the North River bank would not resume. The directors were unable to secure the necessary funds. It was pretty well understood that the result was made necessary because of the stand taken by two of the Wall Street banks, which insisted that unless actual cash to the amount of deposits in the bank was in possession of the bank to meet the deposits the bank should not be allowed to clear through the clearing house. Preston said, from a close examination of the collaterals held by the bank as securities for loans, he had found that there would be a shrinkage in their actual value. This he believed would make a normal deficiency.

ERZEROUM, Nov. 17.—A concentration of Russian troops on the Armenian frontier is causing much uneasiness here.

SYDNEY, Nov. 17.—McLean defeated Stansbury in a sculling race on the Parramatta River today.

St. Petersburg, Nov. 17.—The bank of Duisburg has been robbed of money and valuables to the amount of 120,000 roubles.

London, Nov. 17.—A plot to steal army examination papers before the time of examination has been discovered. The Secretary of War offers a reward.

Erzerum, Nov. 17.—Two French explorers, Deauily and Pinson, who were making a geographical tour around Lake Van, are reported to have been murdered.

Boston, Nov. 17.—A project to establish in Boston an institute where consumptive patients may be treated by Koch's tuberculous cure is to be put in operation here at once.

St. Petersburg, Nov. 17.—The decisions of the tariff committee will increase the restrictions on commerce so as to threaten the isolation of Russia from the rest of the world. Even farming machinery is subject to high tariff.

Danbury, Conn., Nov. 17.—Two thousand girls employed in the trimming departments of eighteen hat factories were locked out this morning. Some of the factories shut down and the remainder continued to work as the other departments.

[From the Virginia City, Mont. *Madisonian*.]

When we find a medicine we know to possess genuine merit, we consider it a duty, and we take pleasure in telling the public what it is. Such a medicine we found Chamberlain's Cough Remedy, last winter, when la grippe was prevailing. We are satisfied that we warded off several attacks that were threatening by the use of this syrup and we have since relieved, in a few hours, severe colds, and in the course of two or three days, entirely broken them up by its use, as have several of our friends to whom we have recommended it. It is all that it is represented to be by the manufacturers. If you have a cough and want to stop it "Chamberlain's Cough Remedy will do the work. For sale by Z. C. M. I. Drug Dept.

Pneumonia and Bronchitis Carry off One-third of the Human Race.

It is not generally known that Pneumonia and Bronchitis carry off one-third of the human race, but such are the facts, and what is more surprising, both of the above diseases result from neglecting a common ordinary cold. A cough should never be neglected. If it is, every time you catch cold you cough harder, and it sticks by you longer. Ballard's Horehound Syrup is the best remedy in the world for Pneumonia, Bronchitis and all throat and lung troubles. If you have any throat trouble, call for Ballard's Horehound Syrup and take no other. Zion's Cooperative Mercantile Institution, Agents. 1*

Probably no disease inflicts so much unnecessary pain as Rheumatism, over so much complaint has Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., performed cures than Rheumatism. By its use her appendage gets not one more pain but smiles and be freed from said years of pain.

My case was a very bad one, and none of the means taken gave me relief, I saw Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., and am entirely rid of every symptom of my trouble. THE CRY OF MILLIONS

OH, MY BACK! STOP IT NOW, SOON IT WILL BE TOO LATE.

I have been troubled many years with disease of the kidneys and have tried many different remedies and have sought aid from different physicians without relief. About the 3rd of April I was suffering from a very violent attack that almost prostrated me to such a manner that I was laid over. At first I had shown it was almost impossible for me to get up alone, or to put on my clothes, when kind Providence sent Dr. Henley, with the OREGON KIDNEY TEA, to me here. I immediately commenced using the tea. It had no visible unfavorable effect, and to the astonishment of all the guests at the hotel, in a few days, I am happy to state, that I was a new man. I will recommend the tea to all afflicted as it has done for me.

COST NOTHING.

The "leggy" method of advertising costs nothing. Day after day printer's ink proclaims assertions which we clip and read much to our amusement. After a careful study we find that every dealer carries the "largest, finest and cheapest stock in the city." Why such dual "side" are issued is more than we can explain. While we are not counting superiority in the stocks of the largest Clothing Establishments from New York to San Francisco, yet we claim the title of "First-Class Clothiers" of the continent, and beyond question the largest in the Northwest.
