

about Indian depredations are without doubt, greatly exaggerated. Nearly the whole of the trouble originates with the rougher element among the white people, known as cowboys, who frequently shoot the Indians down without cause or provocation, for mere sport or pure deviltry. The red men are, by such outrageous acts, incited to desperation and led to the commission of deeds that they would never otherwise dream of doing. This statement of the situation is doubtless correct, and if expeditions are to be fitted out and sent against anybody it should be against the white villains who are the sole cause of the mischief.

Coast Trade and the Chinese Bill.—Some of the California journals have been publishing lists of Eastern merchants who are known to have favored the veto by the President of the anti-Chinese bill, and commercial men of the Coast are advised to entirely withdraw their trade from such persons. Business relations with them are consequently being severed. We do not observe any condemnatory comments on this extensive boycotting business. Perhaps this is because America is a free country and people have the right to trade with whom they please, except in cases where the "Mormons" prefer to do business with their friends, a step that can in no wise be tolerated, their money being needed by those who are not their friends, for use in encouraging measures inimical to their interests, and fomenting a harassing agitation in the community.

TOWNSHIP PLATS.

UNITED STATES

SURVEYOR GEN'S OFFICE,

Salt Lake City, U. T.,

April 28th, 1882.

The following township plats of subdivisional surveys, executed by Thomas C. Bailey, have this day been filed in the U. S. Land Office, in this city, viz:

2067 Jens Jorgenson,	2183 Jas. W. W. Fitzgerald,
1088 John Carter,	

H. MCMASTER,
Register.

FROM SATURDAY'S DAILY, APRIL 29.

Correct Address.—The address of Mr. James H. Earl, Church emigration agent at New York, is Box 48, New York City.

For the Gila.—This afternoon President A. F. Macdonald left the city on his return to his home on the Gila River, in Arizona.

Missionaries Arrived.—By cable-gram from Elder Joseph A. West, to President Taylor, we are enabled to state that he and accompanying party of missionaries had arrived at Liverpool, all well.

National Exposition.—The First Annual Exhibition of the National Mining and Industrial Exposition, at Denver, will open on the 1st of August. It is stated that President Arthur will endeavor to grace the occasion with his presence.

Serious Accident.—The *Enquirer* states that a very painful and probably dangerous accident occurred at Provo to the wife of Mr. Thos. Farrer on Wednesday last. The lady was in the act of carrying a pail of water into the house, when she tripped over a piece of loose board, fell and cut her leg near the knee joint very seriously.

A Runaway.—At noon to-day a runaway came tearing up East Temple Street, meeting with no

formidable impediment until the east gate of the Temple Block was reached. At that point there was a collision with one of the blocks of masonry to which the Temple derricks are secured. The masonry wasn't much hurt, but the wagon was slightly damaged.

Obsequies.—The funeral services of Jacobina Williams, relict of the late Bishop Williams, were conducted at the 3rd Ward School-house to-day. Appropriate addresses were delivered by President A. M. Cannon, Elder J. Clinton, Bishop Jacob Weiler and Elder James McGhie. Deceased was a native of Ayrshire, Scotland, and 69 years of age. She died in full faith of the Gospel and was greatly respected.

The Railroad Shops.—The recent strike at Omaha demonstrated to the U. P. Company the necessity of scattering their repair shops along the line. When the shops are concentrated in one place and a large force of men employed at great inconvenience and loss result to the road, in case of a strike, which would only be limitedly the case if shops existed at other points of the line. This is the reason why the company are considering the advisability of establishing shops at Cheyenne and Ogden.

Troublesome Again.—We regret very much to have to state that Judge A. C. Pyper is again suffering severely from the ailment in the side of his face for which he has already undergone two surgical operations. He passed last night sleeplessly, most of the time pacing the floor of his room, being rendered restless by the intensity of the pain. It is probable that the Judge's active mind impelled him to resume his official duties too soon after the last operation, causing him to take cold, the effects of which have concentrated in the part where the trouble was located. He was compelled to remain at home to-day.

The Arizona Indian Troubles.—By private letter from St. David, Cochise Co., Arizona, dated the 19th inst., we learn that word reached that place the day previous, that two men had been killed on the Bisbee road. This occasioned very strong anxiety in the settlement on account of many of the brethren being on the road. Brother Hubbard at once armed and set out for the scene of the reported difficulty. He returned on the day the letter was dated, with the intelligence that two Mexicans had been killed above Harford, said to have been by Sonora Indians, but more likely by White renegades.

The letter states that life at present is unsafe in those parts and that the brethren have to take great risks in their freighting operations. Steps were about to be taken toward arranging for the freighters to go well armed, travel in companies and have a system of herding their animals by night.

Foot Crushed.—This morning George Pearson, aged 13, son of U. Commissioner C. E. Pearson, made his regular visit, to Woods' Cross for his father's mail matter. As the train from this city reached that point he was halted from the baggage car by an acquaintance. In order to reach him he seized the platform rail of the car before the train had fairly stopped. He stumbled on the station platform, dropped upon the rail and one of the wheels passed over the forward part of his left foot, crushing all of the toes, the big one being flattened, and the bone being pushed right out from the point of another.

He was brought to the city for surgical attention, and returned home this afternoon. It is likely that the lad will lose some of if not all of his toes, but it cannot be determined until Tuesday to what extent amputation will be resorted to.

FROM MONDAY'S DAILY, APRIL 1,

Suicide at St. Charles.—Early on the morning of Sunday, April 23d, Z. Anderson, of St. Charles, Bear Lake Valley, committed suicide by hanging.

The Emigrants.—The first company of emigrating Saints from Europe, in charge of Elder John Donaldson, arrived at Ogden at 8 o'clock this morning. They will reach this city at 6.30 this evening.

For New Zealand.—The following Elders will leave at 3.40 p. m., to-morrow, for New Zealand: Peter E. Hansen, Salt Lake City; Alma Greenwood, of Fillmore;

Joseph H. Morris, of Greenville, Beaver County, and I. N. Hinckley, Jr., Fillmore.

Shearing Extraordinary.—This is the season for relieving the sheep of their winter coats. The rapidity with which this can be done by experts is surprising. There are two persons in the Territory who have shown 16 sheep each in an hour, and one man sheared thirty-two in two hours. Shearing 50 head a day is considered good ordinary work.

Stolen Animals.—Sheriff Brown of Ogden, has telegraphed to Capt. Hurt to keep a lookout for some animals that were stolen up that way last night. They are two gray mules, one of which has white on one foot and has also a lame leg. Besides a pony which has a white stripe on its face. Anybody seeing all or either of them will know where to report.

The Coming Commissioner.—The Omaha *Herald* says, of a prospective member of the coming commission:

"Senator Paddock is a farmer. He will hate to leave his pet pigs and painted plow-handles to go into the reform of the polygamists of Utah, and we know this by the remark he made when he first refused to accept the place on the Utah Commission—and then—, thought better of it."

From Virginia.—This morning we received a call from Elder Evert Stevens, of Holden, Millard County, who returned last evening, from a mission to the State of Virginia, for which part of the country he left here October 12th, 1880. He labored in Smith, Bland and Tazewell Counties, and since June, 1881, presided over the conference in that locality. Since the date last named 21 persons have been added to the Church by baptism, and prospects are still good. The Elders have met with considerable opposition, having been notified several times to leave the State within 30 days under pain of tar and feathers, etc., but the brethren paid no attention to those threats, and they were never put into execution. The conference is now in charge of Elder William Asper.

S. L. F. B.—Since the Salt Lake Fire Brigade was organized, in 1871, six deaths of members of the organization have occurred, as follows:

Eugene Callay, (accidentally killed on the Utah Southern R. R.) of the Eagle Hook and Ladder Co.
J. C. Manning, Alert Engine Co., No. 3.

Wm. Gibson, Wasatch Engine Co., No. 2.

W. D. Startup, secretary of Wasatch Engine Co., No. 2.

Joseph Standing, (murdered by a mob while on a mission in Georgia) Wasatch Engine Co., No. 2.

Henry C. Cushing, secretary of Wasatch Engine Co., No. 2.

Hurt by a Runaway.—About 8 o'clock this morning a team belonging to Mr. John Lyon, Jr., took fright in the 20th Ward, and dashed along South Temple Street, in an easterly direction, at a furious rate. When opposite the Wasatch engine house the wagon capsized, the horses broke loose from it and kept along in their career. The men working on the canal excavation made unavailing efforts to stop them. The team got upon the north sidewalk and ran against and knocked down Mr. W. D. Owen, sen., who, in consequence of being somewhat deaf, did not hear them approach. When picked up he was insensible, and in that condition was carried to the office of Dr. Richards. On regaining consciousness he was conveyed in Bishop Sharp's carriage to his home in the northeast portion of the city. The examination of Mr. Owen showed no bones were broken, but he is badly shaken up. The exact extent of his injuries is not at present known.

A Couple of Fights with Cowboys.—A dispatch in to-day's NEWS gives a brief account of a couple of fights on the Ute Reservation between officers of the law and cattle thieves. In the first affray, three of the thieves were killed, which was all right, but in the second, on Friday, two officers, Bouman, of Colorado, and Brink, of Utah, were slain, a matter of sincere regret. Mr. Brink had a large number of cattle stolen from him in Castle valley, or somewhere in that neighborhood, and was in this city about three weeks ago, when he obtained a requisition from the Governor to enable him to bring the thieves to Utah providing he succeeded in capturing them. He

was at the same time authorized as a deputy officer, and proceeded with assistance to accomplish the desired capture of cowboys. Mr. Brink was a large respectable looking man, in the prime of life. He recently sent a request to Sheriff John Turner, of Utah County, to come on and assist him. Mr. Turner, one of the most efficient officers in the West, was in this city last Thursday, and left on that day to join in the pursuit of the thieves, and has probably arrived at the scene of the tragedies by this time.

From Minnesota.—On Saturday evening, Elders Mads Anderson, of Mount Pleasant, who left here March 26, 1880; Jacob Jacobsen, of Moroni, who left here October 12, 1880, and James Frandsen, of Huntsville, who left Utah April 19, 1881, arrived with the following party of immigrants from Minnesota:

L. S. Dunham and two children; Peter Larsen; John Larsen, wife and five children; Mrs. R. L. Larsen and four children.

The Elders who have returned, labored with very fair success, having found the people in some places ready and willing to hear the Gospel, while in other parts they were hardened against it by prejudice. Elder Anderson presided over the Minnesota Conference, and during the time he labored there, 47 new members were added to the Church by baptism. The brethren feel pleased at having had the privilege of preaching the Gospel to their fellow creatures. Elder Frandsen returned sooner than he anticipated on account of his health not being good. Being advanced in years, about sixty, he somewhat injured himself by making too great an effort to travel from place to place. He labored as diligently as any man could and was greatly interested in his work, but Elder Anderson and the other brethren were of opinion that it would be injurious to him to stay longer in the field.

The company of Saints from Minnesota accompany Elder Anderson and Jacobsen to Sanpete, for which part they left this afternoon.

SEVERE ACCIDENT.

MORONI PAXMAN HAS HIS SKULL BROKEN.

Moroni Paxman, son of Bishop Wm. Paxman, of American Fork met with a serious if not fatal accident on Saturday afternoon. While passing through the toll gate at the mouth of American Fork Canyon, the lever of his wagon broke, caught the bar across the gate, causing the rope attached to break, when the lever came back with great force, striking the young man upon the side of his head and breaking in a part of his skull. The unfortunate victim was kept at the scene of the accident through the night. Yesterday he was removed upon a litter to his home in American Fork. He is in a very precarious condition.

THE PLEASANT VALLEY COAL

Will be delivered by the Ton at \$7. Yard, front of Salt Lake (Pierpont's) Foundry. Office, one door west of Post Office.

NEW COAL YARD

A. L. WILLIAMS,

AGENT FOR SALT LAKE CITY, FOR THE CELEBRATED

BROWN'S VEGETABLE LIVER PILLS, cure Biliousness, Sick Headache, and Constipation. Try them. For sale by all Druggists. d&w

BENEFACTORS.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.

All Western Farmers and Mechanics Bear witness to the healing power of BROWN'S ARNICA SALVE. Sold by all druggists. d&w

PEERLESS MACHINES.

Having purchased my machines at bed rock prices, I will make a sweeping discount for cash. Always on hand to show the fullest line of Reapers and Mowers in the market. L. B. MATTISON.

Much serious sickness and suffering might be prevented by promptly correcting these slight derangements that, otherwise, often develop into settled disease. When a cold or other cause checks the operation of the secretive organs, their natural health action should be restored, and inflammatory material removed from the system. Ayer's Pills accomplish this quickly, safely and surely.

Are You Bilious?

Brown's Liver Pills will cure you. For sale by all Druggists in Utah. d&w

WOOL.

The Provo Manufacturing Company are prepared to buy the clip of wool for 1882, and will pay the Highest Market Price in cash. They will also ship on commission for those desiring to place their wool on the eastern market. Growers will find it to their advantage to consult us before either selling or shipping their wool.

Wool sacks and twine on hand, and for sale. Also best class of sheep shears, which can be found either at J. C. Cutler's, agent, Salt Lake, or from James Dunn, superintendent at Provo.

Provo Manufacturing Co.
