

CROWE OFFERS TO SURRENDER.

He is Arbitrary and Would Dictate the Terms.

NO FEAR OF BIG WEALTH.

Eddie's Father Withdraws Reward Offered for Pat's Arrest and Conviction.

Omaha, Neb., Oct. 13.—Chief of Police Donahue today received a letter from Pat Crowe, naming the terms on which he will surrender. The letter came in care of an Omaha newspaper, in which it is published, and covers fifteen closely written pages of manuscript. The postmark is illegible, but the letter was mailed at 8 o'clock in the morning, and reached this city at 8 in the evening of the same day, indicating that it had not traveled a long distance.

In the letter Crowe agrees to give himself up at once and stand trial for the kidnaping of Eddie Cudahy, provided he is not locked up until a jury shall adjudge him guilty. He says he is unable to furnish bond in excess of \$500, and demands that bail be fixed in that sum.

Chief Donahue expresses himself as satisfied that the letter came from Crowe. Donahue has known Crowe for several years, and is acquainted with his manner of handwriting and style of speech. The chief also received today a letter from Crowe's sister at Manchester, Ia., submitting similar terms for Crowe's surrender, which leads the police to believe that they are dealing with the right man.

Crowe, in his letter, takes the detective agencies to task, defining them to accept his arrest, and continues: "Now, Mr. Donahue, let me tell you, all I ask is justice, a fair trial by twelve men, citizens of Douglas county, Nebraska. Their god is gold, and with that power they rule the world. Donahue, all I ask is a square deal. Grant my request and I will give myself up."

Cudahy has known me for thirteen years. He now believes me guilty, nevertheless I think he will give me a fair trial, as all he wants is the public to know the truth.

Crowe says he has known Gov. Savage ever since he was a barfooted boy on the farm in Iowa, expresses regret that he has fallen into ill repute, and then lays down the conditions of his surrender, as follows:

"Now, Mr. Donahue, I will give myself up to you if you will promise me your word of honor that I will not be locked up until the jury says guilty. And if the jury says that I will give myself punishment like a man without a murmur."

"I can give a bond for \$500, and that is all. If the court will not accept that I will remain a fugitive from justice. Your answer to this must bear the signatures of Edward Cudahy, Gov. Savage, Sheriff John Power, Attorney Shields, Chief J. J. Donahue and the judge that fixes the bond."

"Mr. Donahue, I want you to understand that I am not afraid of the combined wealth of all the Cudahys on earth, and the efforts of all the scrub detectives that their money can hire. The man that tries to pinch me will bite the dust, for I am ready to die in the mix. I will not be kangarooed."

"Chief, I ask, but I do not expect, to get justice. There is someone who wants to put me away, and I know the god of gold."

Crowe says that he has been in South Africa, fighting with the Boers, recites reminiscences of the war and discusses the contest. He directs that Chief Donahue's reply be made through a local paper, and says if his offer is not accepted, he will return to a foreign country, from which he will probably never return.

Chief Donahue said tonight that he would request the city and Mr. Cudahy to withdraw the rewards offered for Crowe, with the provision that Crowe surrender himself. He said that if Crowe gave himself up he would be given all the advantage the law provided.

Edward A. Cudahy said tonight: "I am opposed to entering into any special negotiations for the return of Crowe. It is only a matter of time when he will be apprehended. However, I will withdraw the reward offered for his arrest and conviction."

WAS IN SOUTH AFRICA.

St. Joseph, Mo., Oct. 13.—Several months ago a prominent attorney of this city, who had formerly been employed by Pat Crowe, received a draft from Crowe from South Africa for legal services rendered.

Carlisle Deputy Arrested.

Gijon, Spain, Oct. 13.—While a procession was issuing from the Church of St. Pierre, a mob of rioters was hooted by the crowd looking on. The gens d'armes charged the crowd, which responded by throwing stones. Several persons were injured, and Senor Dubizet, who was carrying a revolver, was arrested. He is a well-known Carlisle deputy, and the crowd shouted "Vive Carpio."

Black Damp Causes Death.

Connellsville, Pa., Oct. 13.—Black damp today caused the death of John Gilliland, a miner, aged 50 years, and his two sons, James and Winfield, aged 11 and 15, at the mines of the Juanita Coke company, near Juanita, Pa. The bodies were rescued, but in the effort John Nicholson, mine foreman, and John Baker, a fire boss, were overcome by black damp and are in a precarious condition.

James had climbed to the top of some boards surrounding the pit, which had been abandoned, when he was overcome by a sudden gust of the fumes, and fell in. The brother went to his rescue, and, not returning, the father entered the pit. All three were overcome immediately and were dead long before it was possible to send fresh air into the shaft and attempt a rescue.

MARRIAGE AND DIVORCE.

London Times Sympathizes With the Episcopal Clergymen.

New York, Oct. 14.—A London dispatch to the New York Times quotes the London Times as commenting editorially on the discussion regarding the marriage and divorce in the convention of the Protestant Episcopal church at San Francisco. The London Times says it sympathizes with the bishops in the difficulties in which they and the clergy throughout America have to encounter. The condition of the marriage laws is a subject whereon enlightened Americans, however confident of their institutions they may be, speak despondently though they may justly return to critics that the marriage laws in England are not above reproach.

Much Agitation Over Buller's Speech

New York, Oct. 14.—Business associates of Cecil Rhodes make no secret of their belief that his correspondence with Mr. Reichardt in regard to the famous check for \$5,000 forms by no means the best card which the Cape ex-premier has to play against his liberal opponents, says the Tribune's London correspondent. They assert that this sensation is as nothing compared with what will follow if Mr. Rhodes is forced to reply to the charges which are being made against him. It is hinted that he is in a position to disclose the financial relations between certain officials of the liberal organizations and Mr. Kruger. The liberals, for their part, believe Mr. Rhodes endeavored to bribe Mr. Reichardt by offering to make him a present of a number of shares in the chartered company of South Africa.

Effort has been made to keep the details of the situation from her in order to save her from the shocks of alternate hope and despair as varying news and reports are spread about regarding Miss Stone's fate.

A RUSSIAN MILITARY CASE.

An Officer Shoots a Nobleman Because He Had Words With Him.

St. Petersburg, Oct. 1.—Correspondence of the Associated Press.—An interesting case affecting the military has just been reported here and is causing considerable comment in the Russian papers.

On April 20, Lieut. Klykoff of the Thirty-seventh dragoons and a certain nobleman, Malinkofsky, had an exchange of words in the local botanical garden. Lieut. Klykoff placed his hand on the handle of his revolver and ordered Malinkofsky to desist from addressing him. Malinkofsky did not at once obey and the lieutenant drew his weapon and after a scuffle, fired three times. Malinkofsky died from the effects of one of the bullets. Klykoff has been tried in a military court and condemned to a year and a half imprisonment. The court itself petitioned the emperor to reduce the sentence to two months' arrest in a fortress. The case has caused much comment in the newspapers. The military party declare that the wearing of the uniform necessitates officers defending the honor of the entire officers' corps as well as their own personal honor. To this the Novoye Vremya replies that it would be better to permit officers to wear civil clothing when off military duty.

Row Among Labor Organizations.

New York, Oct. 14.—The misunderstanding between the International Association of Mechanics and the Amalgamated Society of Engineers led to an exchange of words between the representatives of the two bodies at a recent meeting of the Central Federal union. The Amalgamated Society of Engineers has its headquarters in England and has only a branch organization in this country. The trouble grows out of the failure, it is alleged, of the Amalgamated society, which has a number of machinists in its ranks, to cooperate with the International Association of Machinists, George H. Warner, delegate to the International association, started hostilities by demanding that the action of the building trades section be sustained. The whole question was finally referred to the affiliated unions for a vote.

Maj. Perira's Long Journey.

New York, Oct. 14.—The Shanghai correspondent of the Times says Maj. Perira, an officer in the 1st Buffs, A. G. Creagh's staff, has completed an interesting journey from Tai-Yuen-Foo to Sian-Poo and thence to the Yangtze river. He was everywhere well received. Despite the terrible effects of the famine in the province of Shen-Si and the floods in the Yangtze region, the Chinese court appears determined to make the journey to Kai-Fong-Poo as a splendid imperial progress, involving heavy expenditure.

Mysterious Prisoner a Student.

Chicago, Oct. 14.—The mysterious prisoner at Town hall station, accused of many burglaries and whose name was given as Gibson, is, according to the Tribune, Edward Storey. He was a student here at the University of Notre Dame, and one of the athletic stars of the college two years ago. At that time his family lived in Hyde Park, and the young student was well supplied with money. Storey admits, it is said, that his mother now resides in New York.

Murdered in Chicago.

Chicago, Oct. 14.—Charles Crockett, 37 years of age, died in Provident hospital under circumstances that lead the police to believe he was murdered. In company with others, it is said, he spent several hours gambling and left for home without his winnings. He was found on the street unconscious and died without being able to tell who were his assailants. When found his money was missing. Thirty suspects were arrested and in the room of one was found a hatchet which the police believe was the weapon used in the murder.

Crop Failures in Russia.

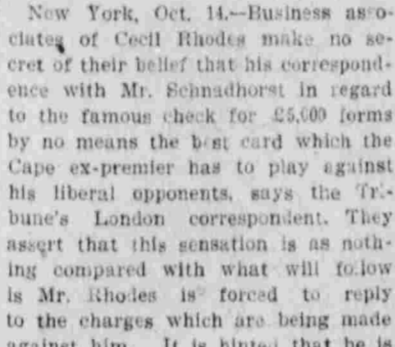

St. Petersburg, Oct. 1.—(Correspondence of the Associated Press.)—It can now be foreseen that the widespread crop failures, the consequent famine and the relief work of the government will be a serious and pressing problem for the approaching winter. The word famine is not used in the official publications which speak of famine-stricken districts as "places that are in an unfavorable conditions as respects the harvests," but the facts that are freely admitted show that the struggle to keep
