FURNITURE, etc.—We have a large, new and cheap stock of furniture, feathers and house goods. Call next to Wells Fargo & Co's.

BARRATT BROS.

Delightful Bouquets.

Dr. Price's Concealed Delight, Pet Rose, Hyacinth, Allista Bouquet, Ladies' Favorite, and his other handkerchief perfumes, are truly delightful bouquets. They are certainly the most exquisite scents that can be imagined—the odors of dainty buds and rich blossoms.

Schenck's Pulmonic Syrup for the cure of Consumption, Coughs and Colds.

The great virtue of this medicine is that it ripens the matter and throws it out of the system, purifies the blood, and thus effects a cure. Schenck's Sea Weed Tonic, for the cure of Indigestion, Indigestion, etc.

The Tonic produces a healthy action of the stomach, creating an appetite, forming chyle, and curing the most obstinate cases of indigestion.

Schenck's Mandrake Pills, for the cure of Liver Complaint, etc.

These Pills are alternative, and produce a healthy action of the liver, without the least danger, and yet more efficacious in restoring a healthy action of the liver.

These remedies are a certain cure for Consumption, as the Pulmonic Syrup ripens the matter and purifies the blood. The Mandrake Pills act upon the liver, create a healthy bile, and remove all diseases of the liver, often a cause of consumption. The Sea Weed Tonic gives tone and strength to the stomach, makes a good digestion, and enables the organs to form good blood; and thus creates a healthy circulation of healthy blood. The combined action of these medicines, as thus explained, will cure every case of consumption, if taken in time, and the use of the medicines persevered in.

Dr. Schenck is professionally at his principal office, corner Sixth and Arch Sts., every Monday, where all letters for advice must be addressed.

Stands Alone.

Dr. Price's Cream Baking Powder is free from all substances detrimental to health. In these respects it stands alone. Who can tell how many invalids and tender children have fallen victims to the dangerous adulterations practiced upon food? Obtain pure articles only.

Most Remarkable.

In its effects, and most useful in its application, the fragrant Soudant has become the most popular dentifrice in existence. It is used and praised by everybody.

It costs but 1¢.

NOTICE.

At a meeting of the Council of the Twelve Apostles, held in this City on the 24th October, Elder James Solomon was honorably released from his mission to the Sandwich Islands, to which he was called by the vote of the last General Semi-Annual Conference.

JOHN TAYLOR,

President of the Twelve Apostles.

Spectacles.—The person who found a crescent-shaped, gold-rimmed pair of spectacles will confer a favor by leaving the same at this office, for the owner.

Concrete Walks.—Messrs. Morris & Evans have purchased from Mr. Bassett, the "Concrete Man," the patent right to manufacture the material used by him and to lay crossings, garden walks, sidewalks, etc.

They have an advertisement in to-day's News.

An Active Ward.—The meeting house at Kaysville is being improved and repaired. The basement of the building is to be dispensed with and the floor of the upper hall lowered about three feet, making it more lofty. The ceiling is also to be repaired and improved, and the entire structure to receive a new roof.

The Ward, as a whole, is in good condition, Bishop Barton and his counselors being very active. The young men are thoroughly organized, and those belonging to the Elders Quorum are engaged in home missionary labors in the settlement, visiting the various districts in that capacity in parties of four.

The policy of having the priesthood generally of the settlement actively engaged in discharging the duties of their calling, is being carried out, with excellent results.

To Go Forward.—At the Council House, on Saturday evening, in accordance with a call of the Presidency of this Stake, a meeting of Bishops and their Counselors and other officers of the wards was held. Besides the Presidency of the Salt Lake County Stake, President John Taylor, Elder D. H. Wells and Presiding Bishop Edward Hunter were present. The assemblage was quite large, and its chief object was the consideration of matters pertaining to the building of the new Tabernacle, now in process of erection.

After remarks from various persons, a resolution was unanimously adopted to the effect that all present would use their endeavors in obtaining means to enable those in charge of the construction to push the work to completion as speedily as practicable.

It was the unanimous sense of the meeting that such a building was much needed, and the belief was general that the Latter-day Saints in this Stake would donate towards its erection to the extent of their ability.

"Indian Root."—The attention of quite a number of people is being directed to the claims that have been made regarding the medicinal qualities of what is known as the Indian Root. We have heard of parties being greatly benefited by its use.

We learn from Brother D. B. Huntington, who is enthusiastic in relation to its healing virtues, and who has sold a great deal of it, that it is called by the Shoshonees Ekape or Peah Natsah, which means God's Medicine. The Ute name for it is Kibe Mahb or Shino Mahb, which has the same meaning as the Shoshonees name.

He states that it has been used by numbers of tribes for a long period for many ailments, such as sore throat, quinsy, gun wounds, splitting of blood, rheumatism, colds, coughs, sore eyes and various inflammatory complaints.

It is esteemed by the Indians as superior to all other medicine. A case came under our own observation where it was applied in hot fomentations, for the reduction of swelling in an injured limb, and acted with remarkable efficacy.

Elders and Lesser Priesthood.—The Presidency of the Church will meet with the Elders, Priests, Teachers and Deacons of the following wards, on the dates, and at the places named below:

Farmers, Fourth, Fifth, Sixth and Seventh Wards, on (this) Monday evening, 12th inst., in the 6th Ward Meeting-house.

Nineteenth Ward, on Tuesday evening, 13th inst., in the Nineteenth Ward Meeting-house.

Sixteenth Ward, on Wednesday evening, 14th inst., in the Sixteenth Ward Meeting-house.

Twentieth and Twenty-first Wards, on Friday evening, 16th inst., in the Twentieth Ward Meeting-house.

Eleventh and Twelfth Wards, on Monday evening 19th inst., in the Twelfth Ward Meeting-house.

Thirteenth and Eighteenth Wards, on Tuesday, 20th inst., in the Thirteenth Ward Assembly Rooms.

Fourteenth and Seventeenth Wards, on Wednesday, 21st inst., in the Fourteenth Ward Assembly Rooms.

Brighton and Fifteenth Wards, on Thursday evening, 22nd inst., in the Fifteenth Ward Meeting-house.

All the above meetings begin at 7 o'clock.

Open Fire District.—The fire district in Ogden has been rebuilt very rapidly. In the place of the frame structures on the east side of Main Street, which the devouring element consumed in an hour, last July, a solid, substantial block of brick buildings has been erected, which are as elegant as they are commodious. Four very fine stores of uniform height, two stories high, with ornamental fronts, are nearly completed.

Messrs. John Boyle & Co., the well known furniture dealers who were burned out, have already moved into the southernmost store, with a new and magnificent stock of household furniture of all descriptions, and, nothing daunted by their losses are bidding again for the trade of northern Utah. The other stores are engaged, and the space occupied by damaged buildings between the red rock store and the new structure, has been cleared out for fire-proof buildings to match the others, Alderman Canfield, the proprietor, being determined to be "up sides" with the best of them.

There is some good accruing from this disaster. The fire spread desolation, but the trouble only aroused energy, and the town looks so much better for the change that the benefit to the public is greater than the loss to the sufferers. We hope the increased business of the latter will prove their compensation.

Kellogg - Cary Concert.—The programme for the performance by this world-famed troupe on Wednesday Evening, Nov. 14th is as follows:

Benedict—Duet from "The Lily of Killarney," Messrs. Tom Karl and G. Verdi.

Weiss—Song, "The Village Blacksmith," Mr. Geo. A. Conly.

Arditi—Duet, "Un Notho," Messrs. Miss Clara Louise Kellogg and Miss Annie Louise Cary.

Stigelli—Song, "Isolina," Mr. Tom Karl.

Thomas—Polonaise from "Mignon," Miss Clara Louise Kellogg.

Mozart—Serenade from "Don Giovanni," Mr. G. Verdi.

Verdi—Aria from "Don Carlos," Miss Annie Louise Cary.

Lenchi—Song, "Let all obey," Mr. Geo. A. Conly.

Scotch Ballad, "Annie Laurie," Miss Clara Louise Kellogg.

Marston—Song, "Forever and Aye," Mr. Tom Karl.

Bullvan—Song, "Let me dream again," Miss Annie Louise Cary.

Donizetti—Quintet from "Lucia di Lammermoor," Miss Clara Louise Kellogg, Miss Annie Louise Cary, Messrs. Tom Karl, G. Verdi, and Geo. A. Conly.

For further particulars see advertisement.

New Tabernacle.—The work on this building is steadily progressing; the masons are concentrated on the north wall, which is being raised as rapidly as possible to a sufficient height to admit of Superintendent Grow having the timbers for the gallery, ranging along that side, placed in position. The arches of the first row of windows are being turned on that side, and the wall averages about twelve feet above the ground level.

When finished this building will not only be the finest looking, most substantial and imposing place of public worship in Utah. So far as the work has already progressed, we learn from the master mason, Brother Edward Brain, that over 20,000 cubic feet of rock have already been laid in its construction.

Returned.—Elder Joseph M. Watson returned this morning in good health and spirits from his visit to England, where he labored successfully in the ministry, and visited a large circle of relatives and friends.

Postal Changes.—Arch. Bell has been appointed postmaster of New Harmony, Kane County. The Wasatch, Summit County post-office has been discontinued.

From Logan.—To-day we were pleased to meet our genial friend, Bishop Wm. B. Preston, of Cache. He returns to Logan in the morning.

Missionaries Going.—Elders Jas. E. Mallin and Robert Ellwood, missionaries, leave for Wisconsin tomorrow morning.

Beware of Hair Washes.

Ladies, fair ladies, beware of hair washes. A medical friend informs me that he has lately been discovered that the active ingredient of all washes for subduing gray hair is lead, which, uniting gradually with the natural sulphur of the hair, forms a black sulphur of lead, which is really the darkening agent. We all know how deleterious and even fatal is the application of lead in the human body; what, then, must be the mischief produced by its being continuously and often daily rubbed into the delicate skin of a lady's scalp? Here, however, is a practical illustration, vouchered for by Mr. Brownfield, of Norwich. The wash has been used for two years, but only very moderate results, and during all this time there was general malaise and loss of muscular power. About three months since, two days after an effectual application of the wash, a slight epileptic fit occurred, and a week afterwards a similar application was followed by palsy of the extensor muscles of the left hand. In this case, probably another dose might have produced paralysis, but by this time suspicion was aroused, and by the steady application of antiseptic washes the symptoms are now disappearing. The profits of these washes are said to be so tempting that, since the secret of the darkening agent has been discovered, numerous hair-dressers, both in town and country, are manufacturing them and pressing them upon their customers. From the London World.

NON-MATHEMATICAL.—She was a little girl who wasn't fond of her arithmetic. She took it into her head to read the Bible, and beginning with the account of creation, she got going very well for a while, but suddenly threw the book down saying, "There, I don't want to read any more of it." "Why, what's the matter?" asked her mother. "Because they had to study arithmetic there," was the reply. "Just hear this: And the Lord commanded them to multiply on the face of the earth." And there was no more Bible for her.—New Bedford Standard.

How to Put Down Eggs.

I send you a receipt for putting down eggs that have been laid for over twenty-five years. I never expect to find, nor do I wish for, a better one, either in point of simplicity, economy or certainty. Take of good salt half a pint, of unslacked lime a piece the size of a teaspoon. Put both in a stone jar. Pour in the jar two gallons of boiling water. Let it stand until perfectly cold, then put in your eggs. Be sure that your eggs are all good. Care must be taken not to crack any of them in putting them in, or they will spoil immediately. The eggs must be entirely covered with the brine, and kept in a cool place. Be careful not to have too much salt, or the yolks may harden. I have kept eggs in that way from September until May, and used them for the most delicate cake and omelet. A friend in the commission business, in making some changes in his store, found a few eggs that had been overlooked, and had been in a brine prepared in that way nearly a year. He took them home, and they were found to be perfectly sweet and nice.—Cor. of the Detroit Tribune.

JOSEPH BILLINGS.—Here are some of the latest acclimatizations of Joseph Billings' quaint philosophy:

When I hear a man bragging what he has done last year, and what he is going to do next year, I can tell pretty near what he is to do at now.

Many men who can swap horses, or catch fish, and not be about it, it is just about as pious as men ever get to be in this world.

It is very easy to manage our neighbors' bizness, but our own something bothers us.

We all of us believe that we are the especial favorites of fortune, but fortune don't believe any such thing.

I notice that when a man runs his head against a post, he cusses the post first, all kreshun next, and something else last, and never thinks of cussing himself.

A Waterville girl worked up the motto, "I need thee every hour," and presented it to her chap. He says he can't help it; it takes him ten hours to get a boy, and feed the pigs, morning and night, and business has got to be attended to."

A purchaser on being served with ground coffee at a store, asked: "Are there beans in this coffee?" "No, sir," answered the clerk. "How do you know?" sneered the purchaser. "Because we ran out of beans Thursday and had to put peas in instead."

At a school examination a clergyman made a brief address to the pupils on the necessity of obeying their teacher and growing up useful and loyal citizens. To emphasize his remark, he pointed to the national flag spread on one side of the room, and inquired: "Do you see that flag?" A little urchin, who understood the condition of the house better than the speaker, very promptly answered, "To hide the dirt, sir."

"Come to the Capitol while we are on the floor of the House," said a member of Congress to one of his supporters, who called upon him in Washington. "Well, no, I thank you," said the countryman, "poor as I am I always manage to have a cheer to sit on at home, and I ain't come here to sit on the floor."

SHORT AND SHARP.

The girl who angles for men never catches anything better than mules.

"Never catch me marrying a reformed man," said a wise little Oregon girl; "when I get married I will be to some man that doesn't need reforming."

Some one suggests that Londoners place Cleopatra's needle in the middle of the street. By so doing it is just as proper to stick it in the outskirts.

A purchaser on being served with ground coffee at a store, asked: "Are there beans in this coffee?" "No, sir," answered the clerk. "How do you know?" sneered the purchaser. "Because we ran out of beans Thursday and had to put peas in instead."

At a school examination a clergyman made a brief address to the pupils on the necessity of obeying their teacher and growing up useful and loyal citizens. To emphasize his remark, he pointed to the national flag spread on one side of the room, and inquired: "Do you see that flag?" A little urchin, who understood the condition of the house better than the speaker, very promptly answered, "To hide the dirt, sir."

"Come to the Capitol while we are on the floor of the House," said a member of Congress to one of his supporters, who called upon him in Washington. "Well, no, I thank you," said the countryman, "poor as I am I always manage to have a cheer to sit on at home, and I ain't come here to sit on the floor."

DIED.

In Toquerville, Kane Co., Nov. 1st, 1877, JOHN S. HOBBS, aged 72 years and 7 months.

Deceased was born in Tate Township, Cuyahoga Co., Ohio; was baptized in 1832 by Elvira Wilson, Lewistown, Ohio. In February, 1858, moved to Jackson Co., Mo.; the following winter was driven into Clay Co.; from thence to Caldwell Co., and afterwards to Illinois; having passed through all the persecutions in Missouri. In 1861 was ordained a Baptist Minister and Bishop's Counselor. In 1863 went on a mission to the States; in 1865 had another preaching mission, and was ordained a Bishop; in 1866 enlisted in the Pioneer Company, under Col. McKim, and arrived at Salt Lake Valley in 1867; in 1868 started on a mission to England and returned in 1869; in 1870 moved to Dixie, where he has since resided.—Times.
