To give the good public a run for its money Frank Kramer and Iver Lawson will exhibit themselves again this evening in a match race. The distance is two miles with single pace, and it is thought that Kramer will show that sprint the public has been looking for in value up to date. So far the champlern has shown great riding speed, and in a steady game of unwinding himself lets out enough speed to ride away from any one but Lawson, However, he has not yet shown a sprint or a jump sufficient to overcome that of Iver and interest will therefore center in watching the man near the finish.

The rest of he program tonight consists of a regular program of spirit and mid-dle distance events for pros and Jack Hume. Samuelson and Hollister meet Mc-Farland and Downing in a match team race as the leading feature.

CHILDREN IN PAIN

Never cry as do children who are suffering from hunger. Such is the cause of all baby's who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but deveured by worms. A few dozes of White's Cream Vernituge will cause them to cease crying and begin to thrive at once. Give it a trial.
