FULL MEASURE.—While Dr. Price's True Flavoring Extracts are full measure, other extracts are short nearly one-half what they are said to contain, arranged to look large to deceive the consumer. The most of the so-called two-ounce flavoring extracts hold but one and one-quarter ounces, while Dr. Price's are full measure just as represented, strong and pure. One trial will prove that the bottles held one-half more than others purporting to be the same size, and the extra half is of the strongest and most natural flavor.

HACKNEYED DOCTOR TALK.—"All has been done that can be done," says the physician when he gives up a consumptive patient and retires from the field. Not so good friend—not so. Nothing, comparatively, has been done, if HALE'S HONEY OF HOREHOUND AND TAR has not been prescribed and perseveringly administered. Let the patient take the case into his own hands, and use the remedy that Nature and Science have furnished. It never fails.

THE EVENING NEWS.

Thursday, Oct. 15, 1874.

LOCAL AND OTHER MATTERS.

THERMOMETER 80 degrees F. in the shade, at 1 p.m. to-day. Fine day.

Gone East.—We understand that Bishop John Sharp left the city this morning, on a business trip to the east.

Utah Posters.—We understand that Mr. P. O. Thomassen has made arrangements with an editor down East, to furnish all his subscribers with the *Dankee Pioneer*, for the remaining numbers due them of the *Utah Posters*, which they can get by calling at their respective post-offices.

Going East.—Elder H. C. Fowler, of this city, expects to leave in the morning, per rail, on his mission to England.

Bro. C. R. Savage also starts eastward, at the same time on his way to Omaha, whence he will return, taking photographic views of various interesting points on the route.

Tooele Probate Judgeship.—Lawrence A. Brown, the man who was mandamused into the Probate Judgeship of Tooele County, over the will of the majority of the people, by Judge McKean, having resigned that office, after getting rid of nearly all his earthly substance in getting into it, acting-Governor George A. Black appointed E. S. Foote yesterday to fill the vacancy thus made.

Runaway and Smash Up.—Night before last a horse attached to a light wagon, belonging to Brother William McLaughlin, carpenter, took a notion to run away, while in the 6th Ward. The concern collided with a fence, smashing the vehicle into many fragments, leaving the horse to continue his further progress with the shafts and front wheels. He was finally stopped in his mad career.

To Whom It May Concern.—This is to certify that Maryanna Cannon, Elizabeth Taylor Cannon, Hyrum Cannon, Bowman Cannon, Mrs. Sarah Cannon, Fanny Stenhouse, and Arthur Pratt, were cut off from the Church of Jesus Christ of Latter-day Saints, by the High Council of this State of Zion, October 6th, 1874; and also that Andrew Cahoon was cut off from the Church of Jesus Christ of Latter-day Saints, by the High Council of this State of Zion, October 5th, 1874.

GEORGE E. WALLACE, Clerk of High Council, SALT LAKE CITY, October 15th, 1874.

Z. C. M. I.—The Grocery and Hardware Department of Z. C. M. I. is an establishment thoroughly stocked with a most complete and varied assortment of merchandise, including staple and fancy groceries, shelf and other hardware, glass, wooden, and Queensware, stoves, sheet iron, and tinware, sporting, mining, and blasting powders, fuses in lots, mining supplies, camp outfits, scales of various kinds, shot and bullets, bar lead, rifles, shot-guns and derringers, flour of the best brands, and other articles in the above lines. Goods ordered at this popular institution are delivered free to any part of the city. Those who may have dried fruits to sell will find the highest market prices given for the same at the above establishment at the Old Constitution Building.

Looks Bad.—Some unkind rumors have been lately indulged in regarding Governor Woods. It is believed by quite a number of people that he occasionally makes a kind of scavenger of the honorable Secretary Black, by imposing on him the duty of doing up dirty jobs on extra occasions. Although appearances are in favor of the suspicion, we would be loth to believe that Governor Woods employs Mr. Black as a kind of employer of gubernatorial slop-jobs, by throwing him into the position of Acting Governor whenever dirty work has to be done and doubtful responsibility to be incurred. The Governor's absence at certain times may be merely circumstantial. After all, it is believed upon Acting Governor Black to have that renowned Fourth of July proclamation, which gave him such a lift into unenviable notoriety; also he figured conspicuously in the famous "wooden gun" rebellion, now, when an illegal Probate Judge has to be appointed to Tooele county, the Governor is again not far, and there are other disagreeable things carried around on the wind of rumor that might, to suit the occasion, need gubernatorial action, and which might reflect a BLACK spot on the acting official, but the Governor has gone west, leaving in his place the chief among proclaimers, as a certain Judge is the chief among mandamusers and habeas corpusers.

Notwithstanding appearances and circumstances being against the Governor, the surmise about his shirking may be all a mistake, nevertheless we cannot help extending a modicum of sympathy to the Hon. Secretary Black, who, whether intended or not, occasionally occupies the position of gubernatorial hod-carrier and mud-slinger. Is the Governor really afraid of the unnecessary issues he helps to create, and does he sink out of

the way so that he may leave the unfortunate but more courageous or more rash Secretary to abide what may be unpleasant situations?

Stages.

Stages are now running between Lehi and Camp Floyd, with connections for Dry Canon, leaving Lehi Mondays, Wednesdays and Fridays and returning alternate days. T. R. Cutler, of Lehi, is agent for the line.

Horse Stealing.—Yesterday Joseph Bean and John Areher were placed in the City Jail for temporary safe keeping, by a U. S. Deputy Marshal, there being a charge of horse stealing against them. To-day they were let go at large, but on what grounds we are not aware.

Without Leave.—It appears that Mr. Warren Husey, one of the members of the grand jury, had urgent business in the East and asked the Court if he could be excused from attendance at the deliberations of that body. The Court was immovable; he could not be excused on any account whatever, but notwithstanding this Mr. Husey started eastward yesterday, and thus incurs the sore displeasure of the Court.

Theatre.—There was a tolerably good audience at the Theatre last evening to see Dr. Healy's "Hibernian Gems." The views, 86 of them, are beautiful, some of them exceedingly so. The panorama is illustrated by a running Irish comedy, with songs and dances. Mr. Murphy's recitation of a "Letter of Death" was very well rendered, and the "Mulligan Guards," by Ed. Murray and Wally Price, elicited much applause. Several songs and scenes were encored. Mr. Murphy proved a good "lecturer and tout."

The "Hibernian Gems" are to be seen again this evening, when the exhibition and performance will be given for the last time.

Lunatic Escaped.—Yesterday the keeper of the lunatic asylum had reason to come to town on business, and left the place in charge of another party. During his absence, the notorious lunatic (known as "Big Steve") broke out of his cell and escaped. It is stated that he was aided in getting out by Mrs. White, one of the inmates of the asylum. "Steve" never wears any clothing, and the moment that anything of that kind is put on him he tears it in ribbons; consequently at the time of making his escape he was entirely nude. He is said to have doubled in the direction of Camp Douglas, and it is probable that ere this he has been captured.

Another Whopper.—How things swell in going a distance! That little event of Monday evening is telegraphically related in the *San Francisco Chronicle*. The following is a portion of the sensation as published in that paper—

"Over 100 armed Mormons, headed by Mayor Wells and other Apostles, assembling in the resistance. Maxwell immediately summoned a posse, arrested the doorkeeper and others, and finally made service of the Young Men's Great excitement prevails. On first hearing of Maxwell being resisted Governor Woods started to issue an order for troops."

Soon after which, our respected and gallant Governor stopped for California.

Bolted.—Before daylight yesterday morning the late telegraph operator at Bingham Junction silently stole away, and the proprietors of the house where he has boarded and lodged mourned at the circumstance; not so much at the loss of the society of the amiable young man, as from the fact that before the surreptitious leave-taking he had omitted to settle his bill. As a consolatory measure he left an unsigned note on his bed, stating that he had taken the advice of the late N. Y. Tribune philosopher to young men and gone West.

The landlord of the late lightning manipulator came to town yesterday and caught the latter before he got started westward; but he bolted from his captor, running from the Theatre down First East Street, where he was seized again by the posse, and taken to the jail, where several lines from the shoulder without effect, and wound up by paying his bill, amounting to about \$40.

School Teachers' Examination.—Elsewhere in to-day's paper will be found a notice to the school teachers of Salt Lake county, informing them that on the 24th inst., at nine o'clock in the morning, the Board of Examination will be at the Desert University in this city, ready to test the qualifications of school teachers, and to give certificates to all who are competent. The school officers of the various school districts of the county should remember that, unless their school teachers can show certificates of qualification from the Examining Board, their schools will not be entitled to their pro rata of the public school moneys. We believe that there are over forty such districts in this county, and at the examinations of teachers already held only fourteen certificates have been granted, having been given only fourteen applicants. This does not speak very well for the ambition of either school teachers or officers, for it is a matter well worthy the attention of both. None but competent teachers should be employed, and it certainly should be the aim of school trustees to have none others than those who can show a certificate from the Examining Board, for that is presumably sure proof that they are qualified for the positions they aim to fill. The teachers themselves should also feel a pride in obtaining a number one certificate, for under this system the most competent teachers are always rated of the best schools.

A Fine Trout.—Geo. Crocker was displaying a fine trout at his stand to-day. It weighed 9 pounds, and was taken from Utah Lake by Richard Phillips, of American Fork.

New Pacific Steamship Line.

NEW YORK, 15.—A San Francisco dispatch, published only in the *Tribune*, announces that the arrangements are completed for a new line of steamers between San Francisco and Japan and China, to make close semi-monthly connections with the overland railroad, and consists of seven first-class steamships, built at Glasgow; also a monthly line southward to connect with the Pacific Steam Navigation Company's South American line. The first ship to start on the line is the *China*, which will leave for the Orient on the 1st of December. The story is believed here to be simply an attempt to bully the Pacific Mail into giving up the commanding position it holds in the trade with the railroad monopoly.

New President Installed.

Dispatches from Monte Video state that Avellaneda has been installed president of the Argentine republic, and that the government seizes all the telegrams received at Buenos Ayres.

Women and Finance.

CHICAGO, 15.—The second session of the Woman's Congress met in the First Methodist church in this city to-day. Mrs. Livermore, president of the Association for the Advancement of Woman, occupied the chair. A large number of prominent women were present, including Mrs. Julia Ward Howe, Mrs. Mary Safford Blake, Mrs. Caroline A. Southard, Mrs. Geo. Hoffman, and others. The first subject for discussion was "Finance, what monetary enterprises can woman safely undertake, what new element can woman bring into the field of finance, the part of woman is the financial good or the evil of the country." Mrs. Ward Howe read the first paper, taking the ground that woman should aspire to and educate herself to occupy any position in the business world now filled by man, and instancing the banking business as one branch particularly fitted for women. Mrs. Soule, Mrs. Carroll and Mrs. Hoffman also spoke on substantially similar grounds with Mrs. Howe. The congress will be in session three days.

Nominated for Congress.

BOSTON, 15.—Doctor J. C. Ayer was nominated for Congress by the Seventh District Republicans on the 1st ballot.

Unveiling the Lincoln Monument.

SPRINGFIELD, Ill., 15.—An immense crowd of strangers are in the city to-day, to witness the ceremonies attendant upon the unveiling of the statue of Lincoln, on his monument at Oak Ridge cemetery. The members of the Society of the Army of Tennessee, which held the annual reunion here yesterday and last night, participate in the ceremonies, and among the distinguished persons present are President Grant, Vice-President Win. General Sherman, Senators Logan and Oglesby, General Custer, Giles A. Smith, McClelland and others.

A procession was formed at 11 a. m., Governor Beveridge of Illinois acting as Grand Marshal, assisted by several aides. President Grant, with Secretary Belknap occupying the front of the procession, preceded by a military band from the Newport Barracks and escorted by the Governor's guard, with a local military company as a guard of honor.

Following came carriages containing General McDowell and Custer, with their families, with Mrs. Grant, Rev. Dr. Hale, an old friend of Lincoln, with Bishop Wayman of the African Methodist Church, Vice-President Wilson, with Sir F. Curton, M. P., and W. P. Foster, M. P., of England; Senator R. J. Oglesby, orator of the day, with Robert Lincoln, son of the deceased President, together with an almost interminable line of carriages with citizens. The Society of the Army of Tennessee marched on foot with General Sherman at their head, and a large number of military and civic societies followed. Arriving at Oak Ridge Cemetery the band played the "Dead March."

Dr. Ayer made a fervent and eloquent prayer. A chorus of singers then chanted: "With malice towards none, with charity for all," and the statue was then unveiled. Hon. J. K. Dubois then read a historical sketch of the organization and labor of the Lincoln Monument Association, showing that the monument is finished and paid for, that the means are provided for the completion of two of the four groups of stately representing the infantry, cavalry, artillery and marine branches of the army, which are to be placed at the four corners of the monument, and that there are assurances that the other two will also be provided for. In conclusion, the speaker said: "The members of the association, who constitute the artist upon the success which has crowned his efforts to give a faithful rendering of the face and form of the beloved leader, whose memory we cherish this monument. Every member of the association was a neighbor of President Lincoln, and most of them had known him intimately since his early manhood. It is their unanimous opinion that this statue is a truthful likeness, and will serve to give to future generations a perfect and accurate conception of the man whose memory we cherish this monument. Here and there what has been to the members of the association, for almost ten years a labor of love and duty. For the benefit of the nation, we have been enabled to provide a suitable place for the remains of one of the wisest, purest, and noblest of our country's history. They may rest in peace."

Dr. Ayer then delivered a short address, in which he said that the unveiling of the statue of Lincoln was a great event, and that it was a privilege to be present at it. He then read a list of the names of the members of the association, and of the names of the donors of the statue. He then closed his address with a prayer for the peace and prosperity of our country.

The statue was then unveiled, and the crowd cheered loudly. The ceremony was a grand success, and the statue of Lincoln is now a permanent feature of the Springfield landscape.
