

# MCCORNICK HOME FROM OLD WORLD

Well Known Salt Lake Sanker Tells of Things He Saw While On the Other Side.

ALL EUROPE IS PROSPEROUS.

Agitation Against American Canned Goods Has Been Greatly Exaggerated—Voyage Was Pleasant.

W. S. McCornick returned this morning from a vacation to Europe where he has been most of the time for the past two months.

In course of conversation, he said: "I left here July 4, for London where I met Mrs. McCornick and two of my daughters who arrived there a month ahead of me. After staying a few days in London we went on the continent visiting Frankfurt-on-Maine, Brussels, Carlsbad, Paris and other cities. While in Paris I met President Joseph P. Smith and party but with this exception we encountered very few people from Utah. We had a splendid trip and enjoyed beautiful weather all the time we were away and I feel decidedly better than when I left Salt Lake."

Mr. McCornick stated that he had been in London for a month and had seen a great deal of the world. He said that there is more building going on at the present time than ever before in its history, while on the continent all crops were in excellent condition.

When asked regarding the agitation against American goods, especially the packing house products, Mr. McCornick stated that he had encountered none and believed that the statements in the American press had been greatly exaggerated.

Mr. McCornick returned from Liverpool in company with Mrs. McCornick and daughters on the Caronia, the big Cunard liner. They had a smooth trip and after spending two or three days in New York, came right on through to Omaha where the ladies stayed over for 24 hours while Mr. McCornick came on to Salt Lake.

## NEW POSTAL ORDER.

Abolition of Back Stamping Machine in Some Eastern Offices.

Local postoffice officials are interested in the new order of things in the larger eastern offices where back stamping has been abolished. Chicago took the initiative, which was forced there on account of the tremendous rush of business; New York followed suit, and now the Boston office is in line. Postmaster Hubbard of New York says back stamping is an obsolete feature which adds materially to the labor without giving adequate return, and the first assistant postmaster general has sanctioned the reform. Postoffice officials find that as a general rule letters do not look on the back of their letters to see what time the letter reached the local office, as the date of mailing furnishes all necessary information. The experience of eastern offices shows that much time is saved by the new rule in that mail is sent from one direct to the various postal stations or carrier routes, and frequently connects with an earlier delivery than if it had to go to the machines first for every piece to be stamped on the under side. Moreover, the back stamping is regarded as undesirable in that it can not be affixed with the same care as the cancelling stamp, and at times written matter on postal cards is obliterated. This is now particularly noted in the case of picture cards, which are damaged by the use of the machine. Postmaster Thomas approves of the scheme and would like to see it introduced here, but has not heard anything officially of its adoption west of Chicago.

## DEMURRER BY PAINE.

Another Ogden City Councilman Answers to Charges Against Him.

(Special to the "News.") Ogden, Sept. 12.—Councilman R. B. Paine appeared this morning before Judge Howell to answer to the charges preferred against him by Atty. J. D. Skeen, namely, receiving illegal fees from Ogden city and neglect of duty in failing to investigate the claims of fellow councilmen. Through his attorney, H. H. Henderson, Mr. Paine demurred to the accusation, on the grounds that the complaint set forth two causes of action, which could not properly be joined in one, and upon the further ground that since the filing of the action the accused had resigned as city councilman and had been removed from office. He demurred to pleading to the charge. The court took the matter under advisement until tomorrow.

J. R. Luckey was arraigned before Judge Murphy this morning, charged with a felony, alleged to have been committed with a young girl named Stewart of Salt Lake. He will appear for preliminary hearing on Saturday.

George Spencer, H. Howe and T. G. Martin, the trio arrested by the police a few days ago for fleeing a young boy out of 15, were arraigned in city court today on a charge of vagrancy, to which they entered pleas of not guilty. They will have a hearing tomorrow. There was insufficient evidence to convict them of the charge preferred against them by the boy. Sheriff Scholten this morning swore to a complaint charging Kenneth H. Jensen with insanity. The man is from Young America, Ind., and last evening entered into conversation with a lady customer at the Utah drug store, telling her of a love affair which he had with a young lady named Esther Bateley. He said their union was prevented by the Masonic fraternity. He exhibited a pistol which he said he would use to protect himself. Jensen was placed in the county jail to await an examination.

The Veteran Firemen have decided to hold an outing at the Hermitage next Tuesday. The Veteran Firemen of Salt Lake and other places will be invited to join them.

A barn situated on Pacific avenue and Twenty-eighth street was burned last night. The department responded to a call, but arrived too late to save the building.

## HONEST TEA VALUE.

## MOMIE THIS TIME.

Another Murray Justice Court Has Met With Defeat.

Another of the Murray Justice court cases met defeat in the district court today when Judge Ritchie rendered judgment in favor of defendant in the case of James Erskine against Lewis Larsen for costs of the appeal. The action was brought by Francis C. Luke in the court of former Justice of the Peace McMillan at Murray to recover \$35.00 alleged to be due on a promissory note which it was claimed was executed in Sanpete county. McMillan rendered judgment against the defendant and the case was appealed to the district court.

The question of jurisdiction of the Murray court was raised by defendant who also claimed that the action was barred by the statute of limitations. When the case was called for judgment today the attorney for plaintiff and Luke refused to take any further action in the matter and gave up the fight with the result that the court rendered judgment in favor of defendant, no cause of action, and taxed the costs against plaintiff.

## COURT NOTES.

Harry J. Stahlner entered a plea of guilty to the charge of grand larceny today before Judge Armstrong, and was sentenced to one year in the state prison. Stahlner stole \$12.50 from Charles A. Larson on Sept. 1.

Judgment by default was rendered in favor of plaintiff by Judge Ritchie today in the case of G. F. Culmer & Bro. against W. H. Dennis for the sum of \$67.55, with interest and costs. The action was brought to recover the above amount for merchandise sold to defendant last year.

Judge Armstrong today rendered a decree of divorce in favor of plaintiff in the case of Lenora Knapp against Menow Knapp on the ground of fault to support. The parties were married at Farmington on July 2, 1905. Plaintiff's maiden name, Lenora Andre, was restored to her.

C. E. Jackson and J. C. Brooks, two of the five defendants charged with burglarizing the Vienna bakery on the night of Aug. 5 and stealing \$10.70, appeared before Judge Armstrong today in the criminal division of the district court today and pleaded not guilty to the charges against them. The other three men were arraigned on Monday.

George A. Moore, et al, filed suit in the district court today against C. M. Hanson and 14 other defendants to quiet title to a certain spring located on the property of plainiffs in section 2, township 2 south, range 2 west, Salt Lake meridian and also to restrain defendants from attempting to interfere with the flow of said water from the spring or to divert the same to their own use. An order to show cause why a temporary restraining order should not be issued against defendants was issued by Judge Morse today and made returnable on Sept. 22.

## BUTCHERS' ATTENTION.

Meat market tools, fixtures, etc., for rent cheap. Bell phone 3129.

Kelster Ladies' Tailoring College, opposite High School, First North.

## PERSONALS.

W. S. McCornick arrived in New York Monday, from Europe.

Secy. of State C. S. Tingey has gone east on a trip for the benefit of his health.

G. H. Childers of Denver, is in the city visiting with his brother, Junior Childers of the Dooley block, whom he has not seen for four years.

President J. R. Beicher of the Utah-Karns Tunneling Machine company, will remove his family from Denver to this city and make this his home.

Capt. George H. Jamerson of the Twenty-ninth infantry and family have gone to Blacksburg, Va., where they will command the cadets of the Virginia Polytechnic Institute.

Mrs. James McCarty, mother of the judge, will spend the fall and winter with her son in this city. Mrs. Lovina Murray of Marysville, mother of Mr. McCarty, has been visiting with her daughter, and will return home next week.

Suit has been filed in the district court by P. S. Maycock, administrator of the estate of Ann N. Leaker, deceased, against Charles R. Robbins and wife, to collect \$400 and interest, amounting to \$224, alleged to be due on a promissory note executed on Sept. 12, 1899.

Ed Thompson was arraigned before Judge Armstrong in the criminal division of the district court yesterday afternoon upon the charges of grand larceny and burglary in the first degree and was given until Friday to enter his plea. He is charged with burglarizing a room in the Kenyon hotel on July 22 and stealing some diamonds and other jewelry valued at \$200. Atty. E. A. Rogers was appointed to defend Thompson.

To marry well, observe this rule—First attend the "Kelster School."

## WEATHER REPORT.

Record at the local office of the weather bureau for the 24 hours ending at 6 a. m. today:

Temperature at 6 a. m., 49; maximum, 60; minimum, 35, which is 7 degrees below normal.

Precipitation since the first of the month, .75 inch, which is 4.25 inch above the normal.

Relative humidity, 51 per cent.

FORECAST TILL 6 P. M. THURSDAY.

Local forecast for Salt Lake City and vicinity:

Fair tonight and Thursday; warmer.

R. J. HYATT, Section Director.

# EXPECT HARMONY WILL BE RESULT

Views of Senators Lawrence and Love Who Head the "Anti-Machine" Movement.

BOTH IN FAVOR OF HOWELL.

Think He is the Strongest Man the Republicans Can Name and Will Give Him Support.

The political situation today is only very slightly changed. Out of the uncertainty in the Republican camp due to the open meeting at the Commercial club last night, it seems that greater harmony instead of a factional fight will result.

Senator Love and Senator Lawrence were both interviewed by a "News" reporter today, and they were frank to say just what their movement contemplated, and how far it was the intention to carry it.

Senator Lawrence stated that he had found a condition in the party growing to where more and more people were becoming disinterested, and that he felt that it was not part of Republican principles that any man should be frozen out of party councils, or made to sacrifice any of his individuality to a slate or a machine. What he wants, and what Senator Love wants, they say, is to create enthusiasm within the party and let it be known that a party convention is an open meeting where each man's vote may express itself in the general result, and where plies have not been prepared in any previous private caucus for the convention at large to swallow.

## HOWELL THEIR CHOICE.

Another thing is certain from the attitude of Senators Love and Lawrence. Neither of them is against Howell for Congress. Both of them admitted today that they will vote for him under any ordinary circumstances, and said that compared to any other possible candidate who is at present in the field he was their individual choice, on the grounds that he was better known and was a good party member.

"Does your movement contemplate a fight on Congressman Howell for re-nomination?" was asked of Senator Lawrence.

"No," was the answer. "In fact I have nothing against Howell personally. I object to him on account of his being a spoke in the machine, and there is no way to fight a machine except by striking its representatives. However, I cannot see that there is any other candidate in sight, who is as strong a party member as Mr. Howell, and I therefore am in favor of him succeeding himself."

## LOVE'S POSITION.

Senator Love draws the limits of his conception of the movement in which he is engaged, at about the same place. "We were not in a bad way before," he declared, "and I am free to define my position any time. I simply think the party needs more enthusiasm, and there ought to be a bringing together of its parts—all of them. That is why we met, and we hoped to promote a better feeling and unite all the strength."

"How about Howell?" "No, we are not against him. He is a good man, and a good member of the party, and while there may be plenty of other good congressmen, I think he is the party; he isn't up right now for consideration, and I intend to support Howell myself."

## DARK HORSE TALK.

For the past few days there has been talk of a dark horse being brought into the convention, on account of a prospect for a heavy fight on Howell. This statement would seem to indicate that Howell will receive a good deal of strength from this county. He is conceded his own county, and is a part of the western vote, which has recently been through the southern counties where Parley P. Christensen is working up his principal support, so it is fairly certain that the two men will meet in the state convention each with a heavy following behind him.

Senator Thos. Kearns, who writes "ex" before the title with the greatest bitterness of his life, is certainly getting it now days from old friends. Joseph Lippman declares he was not in American party headquarters yesterday. He was at the Cullen only, and he says that earnest glad hand he was reported as extending was only to mining men. It was unfortunate for the American party that it happened to put its headquarters where Joseph wanted to go on mining business, but that wouldn't keep him away from attending to the mining matters, whatever the party might think at seeing him in the vicinity. He wasn't in the headquarters, he was merely at them.

The prospect in the Democratic camp is for a peaceful time when the convention meets, as there are few if any contests of a serious nature developing. The party is standing pat for O. W. Powers for Congress, and nobody else can apparently get a look in at that honor. For county attorney a number of names are mentioned, but the contest hasn't yet got beyond the point of mere mention. Ashby Snow is the latest addition to the list, while Judge Wilkins and a number of others have been mentioned for several days. For supreme judge William H. King and Senator Rawlins are both mentioned, but no active campaign is opened in behalf of either of them. In fact both are adverse to taking the nomination. For sheriff John Howells and A. F. Cummings are both being discussed.

With the fixing of dates for the Democratic county primaries and convention, the political calendar for this fall is now complete. The executive committee was empowered to fix the dates and announced them this morning, after they had been informally agreed upon last night at a meeting of the city members of the city and county committee. This section of the committee was called together primarily to redistrict the city in conformity with the new boundary lines. One delegate for every 20 votes cast for Powers for two years ago was decided upon, and this gives a convention of about 500 delegates. The city members will be distributed by municipal wards, and each ward will divide its share equally among the voting districts. The dates picked are for the primaries, Oct. 1, and for the county convention, Oct. 10. The state convention has already been set for Oct. 4. The county convention meets in the Salt Palace owing to the fact that the theater cannot be secured.

The calendar of political dates, as completed, is as follows: Friday, Sept. 14—Republican state primaries. Wednesday, Sept. 19—American party primaries. Thursday, Sept. 20—Republican state convention, theater. Friday, Sept. 21—American party state mass convention, theater. Saturday, Sept. 22—American party county convention, theater. Monday, Oct. 1—Democratic state and

county primaries, Republican primaries.

Thursday, Oct. 4—Democratic state convention, theater. Monday, Oct. 8—Republican county convention, Salt Palace. Wednesday, Oct. 10—Democratic county convention, Salt Palace.

Ex-United States Senator Joseph L. Rawlins has joined forces with the harmony Democratic chorus in declaring unreservedly for William Jennings Bryan in 1908. Senator Rawlins is back from Europe, where he spent part of the summer, and on the way across America en route home he had a chance to get in the swim on the Bryan wave. He says that eastern sentiment considers Bryan a man of sincere purposes, honest, and true to his convictions. The old idea of the great commoner as an insouciant and demagogic is about worn out.

The "harmony" movement among Republicans was launched at the Commercial club last night. It was before that styled an "insurgent" movement, and the parties to it took the name of "slate breakers" on a still hunt for a slate to smash. Senator George Lawrence brought out a new terminology, however, in declaring to those present that the meeting was one to promote harmony, and to prevent the further domination of the party conventions by "cliques." He referred to the cliques as the "county bidding crowd" and the "federal clique." Those present at the meeting came by invitation, and there were only a few of them. The plan is to have a committee report back a program for a more general movement, and one that will stand for an open convention without slate control. Those present were George N. Lawrence, S. H. Love, John James, A. B. Irvine, John Hughes, R. A. Sermon, Bert Walker, Thomas Aubrey, C. S. Buckwalter, A. B. Elder, M. S. Myton, Julius Riley, J. M. Rasmussen, Daniel Harrington, W. B. Quinn, John Hayes, Herbert Cromar, Stephen Standish, George C. Buckle and Arthur Christensen.

Sevier county Democrats will meet Oct. 6 to pick a county ticket, and a representative to the lower house of the state legislature.

## LATE LOCALS.

Three new Elks.—The Elks initiated three new men into the Delphi mysteries of the order last evening.

Bank Clearings.—Today's local bank clearings amounted to \$918,342.73 as against \$398,455.19 for the same day last year.

Made a Long Ride.—Misses Linda B. and Emily C. Jessup returned last evening from a three weeks' camping out in the Wasatch mountains. They rode horseback 40 miles, from Brighton, via Park City, to Salt Lake in seven hours' actual riding.

Brick Men Explain.—Local brick makers claim that charges made against them by architects and contractors of having combined to advance prices is entirely incorrect, and the only reason why brick is not now supplied faster is because there are not enough men obtainable to load and unload the brick.

Too Pretentious.—A sample badge for the January convention of the National Wool Growers' association has been submitted to Manager Harris of the Commercial club, by eastern manufacturers. But on account of the cost, \$25 for 2,000 badges, it is hardly likely that this particular style will be accepted. Something less pretentious will be selected.

His Old College Chum.—Edward S. Judd, a prominent lawyer of Chicago, and a Williams college classmate of Hon. Frank Pierce of this city, unexpectedly and unexpectantly walked into Mr. Pierce's office this morning to the latter's intense surprise and delight. The two chums at Williams had not seen each other for many years.

More Paving.—The alley immediately back of the building fronting on the south side of First south street between State and Main streets, and Commercial alley, north of the Orpheum, are being laid with the asphalt finishing, thus making a vast improvement over their former condition which in dry weather was very dusty, and in wet weather a quagmire.

Going to Colorado.—Bishop Spaulding of the Episcopal church leaves this evening on a two weeks' visit to the churches in Western Colorado. The entire western part of the state from Wyoming to New Mexico is included in the Utah missionary jurisdiction and therefore under the superintendence of the bishop of Utah. Eastern Nevada is included in the same category.

Guarding Prisoners.—There are only 40 soldiers at Fort Douglas at present, part of whom have to be detailed to herd garrison prisoners, and they say there is no fun in this, particularly where there are men sentenced to more than one year, who are ready at any time to take desperate chances to escape. And if there is any success, the sentry is court-martialed and given a taste of prison life himself. There are now 13 prisoners in the Fort Douglas guardhouse.

He Lives in Idaho Now.—Barlow Ferguson, formerly a well known resident of this city, and now a citizen of Boise, is in the city on a business trip. He has just bought 300 thoroughbred buck lambs from Allen Bros. of Draper at \$1.15 per head, and will have them shipped to his Idaho ranges. Mr. Ferguson has now herds of sheep aggregating nearly 20,000 head. He reports times as decidedly prosperous in Idaho, only it is hard to find men to do work that is often taken badly.

Check for Check Founds.—The cashing of checks at random at local hotels for guests who may or may not have funds with which to back the same is being done away with, and guests are now required to wait for recognition of their paper until the banks where they claim to have funds have been communicated with to substantiate such claims. Salt Lake hotel keepers have become very weary of cashing checks and drafts on which they have advanced money to guests, returned with "No funds" or "No account at this bank," stamped across the face of the paper.

Changes in Temperature.—There was a wide variation of temperature in the country yesterday. At Jackson, Wyo., where as a general thing the temperature is moderate, the mercury shot up to 100 degrees, while at Calgary in Canada, the mercury fell to 24 above zero. Jacksonville is situated 31 degrees north latitude, 32 degrees west longitude; Calgary is 53 degrees north latitude and 115 degrees west longitude. The nights here are steadily growing colder, which makes sleeping better, the mercury falling last night to 43 degrees. The weather report today, predicts warmer weather for tomorrow.

Dance at Lagoon.—Tonight the first of a series of post season dances will be held at Lagoon. The Indian summer that is trailing along in the wake of the early autumn storms is responsible for the desire to hold more outdoor events, and in response to the demand the Lagoon management has started the Wednesday evening series. It will continue until the weather grows too cold, the trains leaving Salt Lake at 8 o'clock and returning in time to connect with the last cars. Special trains will run to Lagoon tonight from Layton, Kayville, Bountiful and other points as well as from Salt Lake.

Waiting for Material.—The Telluride Power company is ready to commence construction of its 110,000 volt power lines from the north and south trunk line to Garfield as soon as the material arrives from the east. But when that

# The purest candy to give children. Palate pleasure for grown-ups, too. Those crisp, sweet flavored little sticks

## OLD-FASHIONED STICK CANDY.

Six flavors assorted. Come in 10c and 25c packages. Your druggist or grocer sells them.

will be, with the present delays that are obtaining, no one can tell. The same company has an application for a franchise pending before the county commissioners, for an extension of their West Side Rapid Transit line from West South street directly west to Garfield. As there are other parties also petitioning for a franchise for an electric line to Garfield, it is evident that an opportunity will be opened for the reestablishment of bathing and boating at Black Rock or Garfield proper. Local boating men who remember well the fun of 1883-1899, are hoping that the old times will return again.

The Ensign Knitting company will establish a Branch Retail Store at Park City, to be known as the "Ensign Branch," with Joseph J. Armstrong as proprietor, where they hope to do a flourishing little business. The store is now ready and will open for business the latter part of the present week.

## AFTERNOON ON EXCHANGE.

The afternoon sales of stock on the floor of the local exchange were as follows: Fifty daily Judge at 11.25; 1,500 May Day at 12, 10,000 at 12.50; 500 at 12.50; Nevada Hills at 3.25; 100 Star Con. at 11.50; 5,500 Stray Dog at 56; 200 Utah at 1.25; 400 at 1.25; 100 Rock Tunnel Con. at 92, 100 at 91; 500 Dalton at 2; 3,000 Little Chief at 14.50; 1,000 at 15; 500 New York at 33; 415 Victor Con. at 3.
