On examination it was found that every backward child had a found that every backward child had a physical defect. FORGED EMPLOYERS' NAMES

Itinerary of Journey Following Was Extensive, but Gothamite Slenths Pursued Them Still.

Howard Carer Green, formerly private secretary to James C. Fargo, president of the Wells-Fargo Express company, and Albert O. Havenith, formerly private secretary of A. S. Mallett, president of the Mallett construction company, of New York, arrived in Salt Lake Sunday from California. They left this morning for New York.

The visitors did not come to Salt Lake of their own free will nor did they stop at a leading hotel as they did several weeks ago when on their vay to the coast.

They spent last night in the city jail, and for traveling companions have Lieut, B. A. Flood and Lieut, Dominick G. Riley, two New York detectives, who have been on the trail of the pair for about six weeks. Green and Havenith are charged with embezziement and forgery. It is said that Green has confessed to a shortage in his accounts of nearly \$8,000, and it is said that Havenith's misappropriations said that Havenith's misappropriations will amount to between \$10,000 and \$15,-

FORGED EMPLOYERS' NAMES.

It is alleged that Green forged the name of Mr. Fargo to a number of checks which came through the mail and that instead of placing them in the Knickerbocker Trust company he deposited them in a bank where he had an account. It is also alleged that Green had the work of collecting rent from a number of buildings and that the amount collected each month ran over \$3,000. He is charged with keeping the money thus collected for four months. One check forged by him was for \$1,200 and another for \$731.

Green. The man claimed to be a German baron and did all in his power to break into New York society. He sported fine tretting horses and a steam yacht. His employer trusted him implicitly and did not dream that it was his money that furnished the horses and yacht.

With several thousand dollars each in their pockets, the pair left New York about six weeks ago. They passed through Salt Lake on their way to the coast. While here, they stopped at a leading hotel and were lavish in their expenditures. Afer leaving Salt Lake, Green went to Portland and was located in a small town near that city. Havenith went to Los Angeles. The detectives traced Green to Oregon and found him working with an engineering party for the Portland Lumber company. He was going under the name of Howard Carter. He did not depeared to be crushed over the turn of affairs. In New York he mixed in good society, and it is said that his father is a wealthy man.

BERLAIN'S COUGH REMEDY.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now writes Prof. H. A. Howell, of Howell's American School, Havana, Cuba. "On the night of February 3rd, our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I though of my mother's remedy. Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by al druggists.
