SESSION OF CITY COUNCIL

Corporations Must Not Impair Streets—"Dead" Poles Must be Removed.

SUGAR FACTORY FOR BOZEMAN

Amalgamated People Propose Building Large Concern in Montana City—Grafters in Limbo.

Ogden, Sept. 11.—At the session of the city council last evening, only a few matters of importance were brought up. Much of the time was taken up in reviewing ordinances and resolutions of the city which are being neglected in the various departments of the city government. Special attention was given to the ordinance which covers the question of erecting poles for the purpose of erecting telegraph lines by corporations under franchise. The ordinance provides that poles for other purposes, and thereafter having them in the same conditions as they were before work was begun on the street, shall be removed. The ordinance was referred to the committee on streets and highways, who, in turn, are instructed to look up the ordinance covering this matter.

Councilman Thomas brought up, under this head, a resolution recently adopted ordering the street car and telephone poles standing in the middle of the city, which he stated had not been complied with in any instance. The question was instructed, in that the recorder be instructed to notify the two companies that in violation of the ordinance, they have failed to remove the poles from the middle of the street. The company to which they belong, the S. M. Farrell bill of \$375 for street plates, over which councilman Thomas and Morris have returned by a week ago, was returned by the committee, with the recommendation that it be allowed, but that in the future any individual councilman refrain from sanctioning the expenditure of so large an amount without the permission of the entire council. Adopted. There were two bids for the furnishing of lime stone for the rock crusher, one from Sam Fenstermaker and another from W. G. Wilson, of \$3 and \$2 cents respectively. The latter bid being the lowest, was accepted.

Payrolls amounting to \$4,379.99 were allowed and ordered paid.

SUGAR FACTORY FOR BOZEMAN.

Amalgamated People to Build Large Concern in Montana City.

Ogden, Sept. 11.—David Eccles, H. H. Rolapp, Adam Patterson, M. S. Browning and Job Fingers, all heavy owners in the Amalgamated Sugar company, are now at Bozeman, Mont., for the purpose of locating a sugar factory site. These gentlemen have visited Bozeman several times recently to look over the situation, and have decided that a large sugar factory at that point would be a paying investment. There is a great amount of very fine farm land tributary to Bozeman, suitable for beet raising, in fact experiments have been made by those interested and some excellent sugar beets have been raised, giving a good percentage of sucrose. The capacity of the proposed factory has not been fully decided upon, but it will be even larger than the Ogden factory. The farmers have taken a great deal of interest in the proposed factory and industry and fully 400 acres of beets will be planted next year.

Vance three grafters are now behind the bars at the city jail. They give their names as George Spencer, T. G. Martin, and H. H. Howe. At least two of the trio came to Ogden yesterday afternoon on the Oregon Short Line train from Salt Lake City. En route one of them sat in a seat with a young man who gives his name as E. L. Barker. The grafter entered into conversation with him and after finding out he was enroute to Butte, the grafter explained that he was a wealthy business man of Butte and said he would be pleased to ride with him to that city. While the two sat in conversation, a third person came up and in a pleasant way said he had the bill ready, and asked the acquaintance if he desired to pay it. He said yes, but found he was \$10 short, and turning to Barker asked him if he could not loan him that amount until they got to Butte. Barker pulled out the cash, and the supposed bill was receipted, but when they stepped from the train at Ogden, Barker's newly made friends disappeared, and he then realized he had been buncoed out of the money. The police were notified and a good description given, but it was several hours before the men were located. In their room was found what is known as a "flash," or a bunch of worthless currency, also several changes of hats and clothing, so that they could change their appearance after turning a trick. Barker positively identified the men, who will have to answer to the charge of obtaining money under false pretense.

WEBER COUNTY BUSINESS.

Riverdale Roadway Will be Changed To Accommodate O. & S. L. Ry.

Ogden, Sept. 11.—The county commissioners at their regular session yesterday afternoon signed the protest to the opening of what is known as Canal alley, situated just west of the county court house grounds. By their disapproval of the opening of the street through the block, a little over two-thirds of the propertyholders signed the protest, hence the alley will not be opened up at the present, at least. County Clerk Mattson and Treasurer Chambers reported having investigated the number of signers of the petition to exchange the present county road in Riverdale to accommodate the Salt Lake & Ogden Railroad company, and had found that two-thirds of the freeholders in the district had signed the petition, which is within the law, and the road changed.

Eliza McMann appeared before the commissioners and asked for aid while her husband is confined in jail awaiting trial on a serious charge. She requested to be sent to the county infirmary, and her application was denied.

The new voting machines will be here before Oct. 1.

LARGE SCHOOL ENROLLMENT.

Over 4,000 Pupils Register for the Opening Monday.

Ogden, Sept. 11.—The opening of the Ogden public schools for the year of 1906-07 yesterday was a record-breaker, so far as registration of pupils is concerned. Supt. Allison received reports from the various schools throughout the city, which showed an enrollment of over 4,000 school children from the kindergarten to the high school. This is an increase of almost 10 per cent over any previous year, and many more will enter the schools during the week. All vacancies that had occurred in the teachers' force were readily filled by capable instructors, so that the schools in every department will be in good running order by the end of the week. The pupils who have been attending the abandoned Emerson school have been divided between the Madison, Quincy and Dee schools.

LADY IS ROBBED.

Mrs. Julius Kiesel had her room entered yesterday and a quantity of ladies' fine clothing taken, worth at least \$100. Among the goods taken is an elegant dress, several fine waists, etc. The police and sheriff's force are endeavoring to locate the thief, but have

been unsuccessful up to the present time. A thief also entered the room of James Boyle and stole a fine black over coat.

REAST-ALLEN ENGAGEMENT.

Mr. and Mrs. William Reast announce the engagement of their daughter, Miss Etta Reast, to Mr. John A. Allen, the wedding to take place this month. The prospective bride and groom are among the most highly esteemed young people of Ogden. Miss Reast is a graduate of the Weber State academy, and is at present employed in County Treasurer Chamber's office, and the groom is a prominent young man of Huntsville, Weber county.

SEVERE ROAD ACCIDENT.

W. J. Reed, a brakeman in the employ of the Southern Pacific, had his right leg fractured yesterday at Winnemucca, Nevada. The train stopped at the station to take water, when it started up. Mr. Reed attempted to jump on the caboose, but slipped and fell upon the rail, breaking the bone near the knee and fracturing the knee cap. He was brought to Ogden and is now being cared for at the Ogden general hospital.

WEDDING PERMITS.

The following couples were granted a license to wed by County Clerk Mattson: George D. Dan, 24, and Miss Bertha Kowler, 24, both of Ogden City. James A. Stephens, 24, of Ogden City and Miss Nancy M. Bybee, 26, of Riverdale, Weber county. Fred Eggt, 29, and Miss Carrie Kuiper, 21, both of Point Lookout, Boxelder county. Oscar Lynch, 27, and Miss Jennie Ault, 26, both of Essex, Iowa.

DAMAGE CASE REVERSED.

The hearing in the case of Ralph Wilcox against the Oregon Short Line railroad was completed yesterday afternoon. Judge Howell and a jury, who returned a verdict of "no cause of action." Mr. Wilcox purchased a round trip ticket from Ogden to the Hot Springs to which place he went but the train did not stop for him to return and he had to walk into Ogden. In the municipal court he was awarded damages in the sum of \$290 from which judgment the defendant appealed.

BRIEFS AND PERSONALS.

Elder James G. McKay and Isaac Grow, two of Huntsville's young men, left yesterday afternoon on missions to Australia.

Simon Bamberger has decided to let the contract for one mile of road bed near Riverdale.

The Ogden Resort company has decided to build several small cottages at the Idleberg resort in Ogden canyon, so as to be ready for next summer's business.

J. E. Neil of Colorado Springs, has written Sheriff Selberg concerning the whereabouts of the two little sons of C. W. Wiley, stating that an uncle wants the boys.

Judge Marshall and Dist. Atty. Booth came to Ogden yesterday afternoon and held a short session of the federal court setting two cases for trial in October.

Mr. and Mrs. P. T. Wright have returned from a business and pleasure trip to New York.

MANTI.

DEMISE OF OLE JENSEN.

Old and Respected Resident Goes to His Rest.

Special Correspondence.

Manti, Sanpete Co., Sept. 10.—After an illness of about three years, Ole Jensen, an old resident of Manti, passed away Sunday afternoon at 5:15.

The deceased came to Utah in 1884 from Denmark because of his religious faith, having become a member of the Church of Jesus Christ of Latter-day Saints in his native land, leaving behind several grown children who still reside in his native land.

In the fall of 1888 he married Nicoline Peterson Poulsen, mother of P. A. Poulsen of this city, who survives at whose home he passed peacefully away, after severe suffering for a week.

He was master of the mason trade which he followed for many years, and when his age interfered he followed the business of whitewashing for a long time.

He was always faithful to his duties in a church capacity and highly respected by all who made his acquaintance. Arrangements for the funeral have been made for 3 o'clock Tuesday, Sept. 11, from the Manti Tabernacle.

There are no relatives of the deceased in the United States as far as known to the surviving widow.

REFUSES OPTION ON LIGHT PLANT

City Council Votes Against Purchase Under Conditions Imposed by Company.

PEOPLE TO DECIDE QUESTION

In Mass Meeting to be Called by Mayor—Other Lighting Propositions Under Consideration.

Special Correspondence.

Provo, Sept. 11.—The matter of the purchase of the electric company's distribution system was taken from the moved that it be the sense of the council last evening and Councilman Miller moved that it be the sense of the council that a special election be held to vote bonds for the purchase of the plant, and that before the election the matter be placed before the people in a mass meeting. In the discussion of the motion it became evident that it was the opinion of the council that the council should decide whether it was in favor of buying the plant under the conditions imposed by the company, and should be able to give to the people the opinion of the council and then let the people finally decide. The motion was divided, and a vote taken on the special election to vote bonds was voted down.

Councilman Miller then moved that the action of the council and the whole lighting question be submitted to the people in a mass meeting. Carried. The mayor was authorized to call the meeting.

The committee on electric light was also instructed to obtain information in regard to obtaining light from Springfield and the Utah County Light & Power company, and the committee on railroads and telegraphs was instructed to confer with the telephone companies in the matter of getting the privilege of stringing electric light wires on their poles.

Councilman Partridge suggested that the matter of erecting a temporary distributing plant and obtain power from the factory or from Tanner's race, and also the erection of four or five towers for lighting the city, which was quite successful in some eastern cities, might also be investigated, but no action was taken on this.

CONDER-EARL WEDDING.

A marriage license has been issued to Bishop Alma Earl, 21, of Lehi, and Margaret Elizabeth Conder, 20, of American Fork.

DIVORCE WANTED.

Jonas Collins of Provo has commenced suit for divorce against Matilda Collins on the ground of desertion. The parties were married in this city Jan. 7, 1904.

GARDEN CITY NOTES.

George Q. Coray, professor of economics and sociology, and registrar of the University of Utah, is in Provo, his former home, visiting relatives and friends.

Shepard Harmon brought Chris Gudmundson over from Spanish Fork last evening on a charge of incendiarism to which Gudmundson has confessed. He set fire to a saloon in Spanish Fork Sunday morning, because he had been refused some beer there in the evening after the hour for closing. The building was badly damaged and most of the stock destroyed.

Hon. John Henry Smith comes down from Salt Lake every evening and remains over night with his mother, Mrs. Hannah M. Smith, who is seriously ill, returning to Salt Lake in the morning.

Erling Bjornson of Norway, who is now in Salt Lake on his American tour, will lecture in the First ward assembly hall Thursday evening, Sept. 13, beginning at 7:30 o'clock. The address will be in the Norwegian language, and Scandinavians are especially invited.

Soren Jensen has resigned as janitor of the tabernacle and Charles Lodefink has been appointed to succeed him.

Dennis & Wherritt of Heber whose sheep trespassed on the reservation by grazing on ground outside of the district apportioned to Messrs. Dennis & Wherritt, have been assessed \$50 for the damages. They were willing to pay \$25, and sent a check for this amount, but it was not accepted and the trespassers have been notified to pay \$15 more, or lose their grazing privileges.

Cummings & Mahoney, also sheepmen of Heber, who were trespassing, proposed to settle for \$50 and their offer has been accepted.

NEPHI.

STAKE CONVENTION OF M. I. A.

Proposal to Raise Beets for Lehi Sugar Factory—Schools Open.

Special Correspondence.

Nephi, Juab Co., Sept. 10.—The Mutual Improvement associations of the Juab Stake convened in convention assembly at the Nephi Central School building Sunday, Sept. 3, at 10 a. m. and 2 p. m. with a general meeting in the tabernacle at 8 p. m. Elder Jos. P. Smith, Jr., and Mrs. Goldard of Salt Lake City, were in attendance and gave interesting and instructive talks.

At a meeting called by the Nephi Commercial club held in the court house Wednesday, Sept. 5, the proposition of entering into a contract with the Lehi sugar factory guaranteeing a certain acreage of land for the raising of sugar beets was discussed by the farmers and representative citizens present. The settlement was decided in favor of the movement. The meeting adjourned for one week in order that a better attendance might be had and more definite arrangements effected.

The district schools open up this morning for the season's work which promises to be an exceptionally good one, considering the able set of teachers, the list of which will be published later.

The farmers are busily engaged in harvesting their crops. The grain yield is good, but much of the same has been lost and otherwise injured by the heavy rains. Lucern seed promises to be plentiful if the frost holds off for ten days or so.
