

## CONTINENTAL SYSTEM WANTED

Austro-German Agitation for Anti-American Combine.

## COMMENT OF LONDON TIMES

Says Napoleon's Precedent Is Disheartening—Declares England Would Not Join Coalition.

London, May 30.—Commenting editorially this morning on the agitation in Germany and Austria for a combination against American commercial competition, the Times says:

"The sole hope for Pan-Europe, according to these writers, is to imitate Napoleon and introduce the continental system against the United States. It must be owned that the precedent is rather disheartening. If the continental system failed in Napoleon's iron grasp, it would hardly succeed in the hands of our old friend the consort of Europe."

"But it is quite certain that consent of Europe could not be got to the United States. If, by any conceivable combination, any or all of the continental powers were to combine to such an extent as to threaten the British empire, the British empire would leave them to their fate and would continue to trade with its American kinsfolk on its own terms, and would not be influenced by the markets of Great Britain and her colonies remaining open to the suggested wealth boycott against America does not wear a hopeful aspect. The scheme is preposterous and impracticable on the face of it, but the editorial articles which propose it deserve attention as a revelation of the acute, continued jealousy and fear of American greatness and prosperity, which prevail in certain quarters of the continent."

## PRIESTS GOING TO ROME.

Have Grievances Which They Will Lay Before the Pope.

New York, May 30.—The Rev. J. H. Cushing and several priests from Denver, have arrived in the city en route to Rome to lay before the pope their grievances. They have been at work among the Italians for a number of years in Arizona, New Mexico and elsewhere and say that when application was made to Bishop Matz, of Colorado, to return them to their diocese, he declined. They attempted to have their differences settled by Cardinal Martini, but say they were refused an audience. The party will sail on Saturday.

## Crocker Coming Home Soon.

New York, May 30.—A dispatch to the World from Wantage, England, says:

"Though the utmost secrecy is maintained, it has been learned here that Richard Crocker has completed all his arrangements to return to New York at an early date. It seems highly probable that he will sail on the steamship Duquesne next Friday. He left Wantage for London Tuesday afternoon and returned tonight. His departure on Friday evidently depends upon whether or not he receives from New York such information as will permit him to stay in the city until the 31st of May."

The London correspondent of the World says that the Hamburg-American steamship agents, both in London and in Southampton, decline to take either Richard Crocker or his wife to sail for New York on the Deutschland next Friday or not.

## Coal Operators Confer.

Chicago, May 30.—The Tribune says: A conference of bituminous coal operators of Ohio, western Pennsylvania, and a part of West Virginia and dock hands of coal in lake ports was held at the Auditorium annex. Fifty men were present, representing it is said one-sixth of the bituminous output of the entire country. The meeting, which was secret, was called for the purpose of bringing about uniform and better methods in the handling of the coal. The propriety of advancing prices was discussed, but it was declared no action was taken. It was also said the conference discussed a plan of agreement by which all operators and handlers could act together so as to regulate general business conditions.

## Heavy Travel to Nome.

Seattle, Wash., May 30.—It is estimated that six hundred men are in the city waiting transportation to Nome. All said "no" is the inevitable answer they receive at the transportation office. The Senator, who will sail tomorrow, will have approximately three hundred passengers. The Centennial, which sails for Nome Saturday will have in the neighborhood of 400 passengers and 1,500 tons of freight. A number of passengers are booked at the St. Paul, which leaves June 8.

## TOLEDO CHURCH TRUST.

Is Formed and Scope of Work Finally Outlined.

Chicago, May 30.—A special to the Tribune from Toledo, Ohio, says: The "church trust" of Toledo now is a fact, the formal organization having been completed at a meeting held last night. Under the name of "The Federation of Church and Christian Workers in Toledo and Vicinity," a close union has been formed, the object of which is to extend religious work into every home in the city. A constitution setting forth the objects of the federation was adopted and the work outlined in a general manner.

The intention is to invite every resident of Toledo and vicinity to join one of the churches. Special efforts will be made to attract those who profess no religion, and to secure them as members of some body affiliated with the federation. Entertainments, more elaborate and ambitious than any possi-

## SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

## An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the company printed on the front of every package.

## EMPEROR IS GRACIOUS.

Has French General Bonnaud Ride With Him at Head of Brigade.

"Who Would Have Regarded This as Possible Twenty Years Ago?" Asks the Lokal Anzeiger.

New York, May 30.—A dispatch to the Herald from Berlin says:

On the return from the review of the corps of guards on Tempelhof common, Gen. Bonnaud, as the guest of the kaiser, rode with his majesty at the head of the kaiser's brigade just before the color company.

The Lokal Anzeiger refers to this incident as a proof of a rapprochement between France and Germany, adding: "Who would have regarded this as possible twenty years ago?"

The Vossische Zeitung declares that Gen. Andre's speech at Troyes did not show much tact at the moment when French officers are the guests of the kaiser.

## TROUBLE WITH THE SHOSHONES

Col. Lee Hurriedly Ordered to Fort Washakie.

Fort Leavenworth, Kan., May 29.—Under hurry orders from the headquarters of the army, Col. Jesse M. Lee, commanding the post, left on the first train for Denver this morning and his arrival is to report for instructions to Gen. Merriam, commanding the department of the Colorado. The final destination of Col. Lee is Fort Washakie, Wyoming, where trouble is brewing among the Shoshone and Arapahoe, who live on the Washakie reservation.

## CZAR RECEIVES MR. HOLLS.

Thanks Him for His History of The Hague Peace Conference.

St. Petersburg, May 30.—Frederick W. Holls of the international court of arbitration, left for Warsaw after having been received in special audience by Emperor Nicholas. The conference was extended and most cordial. It is understood that the emperor thanked Mr. Holls for his history of the Peace conference, dedicated to his majesty, and expressed the deepest gratification over the cordial support from the American people and the United States government, declaring that he wished to thank the various American organizations such as churches and chambers of commerce for their enthusiastic effort in behalf of peace.

It is also understood that the emperor spoke warmly of the excellent relations, historical, traditional and actual between the United States and Russia and expressed a hope that both powers, with their great resources, would continue to stand for peace and the strengthening of the Hague tribunal and the bloodless adjustment of international difficulties.

His majesty expressed a conviction that the peace conference marked an

important step in advance, but that the tribunal must seek support, first and foremost, in the intelligent opinion of the world, adding that in this matter American opinion was universally recognized as leading. Without the backing of the American government and people, the emperor observed, the conference could not have been such a success.

His majesty charged Mr. Holls with a personal message of good will to President McKinley, and with congratulations upon the recovery of Mrs. McKinley.

The reception was absolutely informal. The young Prince of Oldenburg, ushered Mr. Holls into the cabinet, where the emperor, who was apparently impressed by the emperor's grasp of the subject and by his reserve mental force. "During his ten days' stay he was warmly received by Count Lamsdorff, M. de Witte and M. Podolinsky, procurator of the holy synod, and by other prominent men. One of the most influential statesmen he met while here told him that Russia would not only not wage an aggressive war, but would do all that was possible to prevent war between other powers."

## PEORIA ELECTROLYSIS CASE.

Escaping Current from Single Trolley Decomposes Water Pipes.

Chicago, May 30.—The doom of the single overhead trolley system in the United States was apparently shadowed by Special Master in Chancery Frank L. Wean, when he filed his report in the noted "Peoria electrolysis" case, with the clerk of the United States circuit court.

Should Judge Grosscup approve the findings of the master in the final hearing, the street railway companies of Peoria directly, and all traction lines operating the single trolley system, directly will be compelled to substitute a double wire, giving a return circuit without using the earth as a medium. Master Wean, after an exhaustive investigation and hearing of about three years, during which testimony was taken in many of the larger cities of the United States, rules that the current from the single trolley wire escaping into the ground causes the decomposition of water pipes and that the Peoria Water Works company therefore has good grounds for damages. He recommends that the injunction prayed for be issued.

## REVOKED THE FRANCHISE.

County Commissioners Cancel One to Telephone Company.

The Rocky Mountain Bell Telephone company, having failed to allow the county a dozen or so free telephones in return for a franchise to erect poles and wires on State street from Tenth to Twelfth South streets granted on Feb. 14th, the county commissioners yesterday revoked the franchise.

The commissioners at their meeting yesterday afternoon considered an application by the Utah Light & Power company to erect poles and wires on State street from Tenth to Sixteenth South, on Third and Fifth East streets from Tenth to Fourteenth South, on Seventh East street from Eleventh to Fourteenth South, and on Ninth East

street from Twelfth to Fourteenth South, with laterals in the district. The petition was referred to the roads and bridges committee.

Police Justice Timmony's request for a copy of the session laws of Utah passed at the recent legislative session was denied on the ground that the applicant is not a precinct officer of Salt Lake county.

Jacob T. Raleigh, Jacob Hempel and S. H. B. Smith were appointed special deputy sheriffs to act without compensation, the first in the county treasurer's office, the second at Culter's park and the last at Saltair beach. Raleigh will attend to the collection of delinquent taxes on personal property, and the costs of seizure of such property will furnish a salary for the officer.

Deputy Sheriff Arthur F. Cummings' salary was increased from \$90 to \$75 a month.

The building of a 20-foot bridge over the North Jordan canal on Seventeenth South street in Taylorsville precinct was ordered.

## MRS. SIDDOWAY DEAD.

Wife of the Ex-Congressman Dies After a Protracted Illness.

Mrs. Mary E. Siddoway, wife of ex-Congressman John Siddoway, has passed away after six months of severe suffering and a period of invalidism covering a period of nine years.

Mrs. Siddoway was a most estimable woman and her death is not only a great bereavement to her husband but also to the circle in which she lived. She was fifty-five years of age. Her funeral will take place from the First ward meeting house on Sunday next at 12 o'clock noon.

## AGED WOMAN INSANE.

Mrs. Mary Bootham Loses Her Reason in Her Eightieth Year.

With her arms bleeding and many bruises about her body old Mrs. Mary Bootham was in a pitiable plight when she was taken to the county jail last night from her home at 111 north Fifth West street, where she occupies a front room in the home of her nephew, Heber Cottam. The old lady is hopelessly insane, and has been partially a charge on the county since her husband died two years ago. She is now 79 years old. During the last three months Mrs. Bootham's intellect has been gradually giving way, but she has not shown any signs of violence till last night, when she became so uncontrollable that she had to be locked up in a padded cell at the county jail.

## DIDN'T LIKE THE MUSIC.

John Franklin Tries to Wreck a Grind Organ.

John Franklin, a miner, had more fun than a box of monkeys yesterday in the target gallery of Joseph De Caro at 54 East Second South. John was, to quote a slangologist, "T'd to the eyeballs." In other words, he was drunk. He had been shooting at the bull's eye for awhile when suddenly a music-maker started to play "My Hannah Lady." John located the box and set a bullet flying into it. "The thing didn't stop, but began playing 'Go to Hell-on-Hunt for it.'" John looked somewhat befuddled at this and concluded to take a few more chances. He began to pump and more lead into the thing and Sig. De Caro ran for a policeman. As John fired the last shot the box started on a spasm of "I've Waited, Honey, Waited Long for You." John is in jail.

## WANTS TO CANCEL POLICY.

Union Mutual Life Says That Warner Deceived Its Agent.

A. H. Stewart, an agent of the Union Mutual Life Insurance company of Portland, Maine, is in Ogden, investigating an alleged imposition practiced on his company by Heber G. Warner of Ogden some time ago. Warner was injured in the Union Pacific wreck at Hilliard, Wyoming, in January last, and it is said that he was told by a physician that he had not long to live. Yielding to the persuasion of his family he took out a life insurance policy after being examined by the company physician. Warner now claims that he told the doctor that he had been in the wreck. The policy was for \$20,000. Warner was forced to leave the employ of the railroad and it is said has since become a physical wreck. He was conferring with an agent of the railroad company in regard to a settlement when Stewart appeared on the scene and asked for the policy his company issued to Warner. It is said that the latter will surrender the policy, but the railroad company will be held liable.

## SALT LAKE HURT.

Freight Conductor Meets With an Accident at Deweyville.

(Special to the "News.")

Ogden, Utah, May 30.—Yesterday afternoon Dan A. Creamer, freight conductor on the Oregon Short Line, who resides at No. 524 west, North Temple street, Salt Lake City, had his foot crushed badly yesterday afternoon at Deweyville, just north of Ogden about 30 miles. Mr. Creamer was climbing up hand hold on the car broke off, letting the train was moving slowly, when the hand hold on the car broke off, letting him fall to the ground. His right foot was caught under the moving wheels, and the bones severely crushed. He was placed on the train and brought to Ogden, where Dr. Joyce dressed the injured member, and straightened the bones. The doctor thinks that the foot will not need to be amputated, but it will be some time before Mr. Creamer will be able to be at his post of duty again.

He was taken to Salt Lake last evening to his home.

## Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of, and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not returned." ## RAILROAD GIANTS PATCH UP PEACE

Hill-Morgan and Harriman-Kuhn-Loeb Interests Make Agreement.

## U. P. IS NOW A HEAVY OWNER

Said to Hold Over \$50,000,000 in Securities of the Northern Pacific—General Railroad News.

New York, May 30.—Peace has been patched up between the Hill-Morgan combination, according to the World, and the Harriman-Kuhn-Loeb syndicate in the struggle for the control of the Northern Pacific road. The friendliest feeling now exists and an agreement has practically been reached which will prevent any renewal of the strife.

The amicable understanding was brought about through the friendly offices of George Gould and William K. Vanderbilt.

Each side has ceased talking about its respective holdings in Northern Pacific stock. It is said that the Union Pacific railroad owns over \$50,000,000 in securities of the Northern Pacific. James J. Hill, president of the Great Northern, is in the city. He has been in conference with representatives of the Northern Pacific and Union Pacific ever since his arrival. He refuses to say anything for publication either in regard to the Northern Pacific affairs or the conflict with the Union Pacific interests.

## SHORT LINE IN CALIFORNIA.

Parley L. Williams Files Articles of Utah Nevada & California.

San Francisco, May 29.—P. L. Williams, general attorney, and H. Jenkinson, treasurer of the Utah, Nevada & California railroad, who arrived here today from Salt Lake, filed with the county recorder articles of incorporation of the proposed line from Salt Lake to Los Angeles. The articles have already been filed in Utah and Nevada.

## Union Pacific Double Track.

Cheyenne Leader: When the contract for the double-tracking of the Union Pacific from North Platte to Borie, a distance of eleven miles west of here, was let last year and the work completed, it was reported at that time that the company was contemplating the double-tracking of its entire line.

Now it has been learned from an authentic source that within a short time a contract will be let for a second track from Borie to Buford, and that all, or at least a part of the grading work will be completed during the present year.

The grading of the double track between Cheyenne and Borie, a distance of eleven miles, cost approximately \$2,000,000. The distance of the new double track between Borie and Buford is 15.5 miles in length and the line passes over a rough country, so that it is estimated that the cost of construction will be between \$2,000,000 and \$3,000,000.

This does not necessarily mean that the double-tracking of the system is contemplated as the object of constructing a double track on Sherman hill is to obviate the possibility of a blockade, which has occurred there at different times when traffic was very heavy.

## Whooping Cough.

A woman who has had experience with this cough, tells how to prevent any dangerous consequences from it. She says: "Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup, between whoops."—Jesse Pinkney Hall, Springfield, Ala.

## Nervousness and Nerve.

The more nervous a man is, the less nerve he has. That sounds paradoxical but it isn't; for nerve is stamina. Hood's Sarsaparilla gives nerve. It tones the whole system, perfects digestion and assimilation, and is therefore the best medicine a nervous person can take.

If you get tired easily, mentally or physically, take it—it will do you good.
