An interesting field for Los Angeles
has been opened up recently by the
most enterprising oil companies in the
city, who are now employing the
best methods of gold-mining engineers.

The Commercial Association of Los
Angeles has convened on Friday,
answering finally without day to meet
in Los Angeles next year.

California prospect spars. As the
end of last year, it is said, the state
had a population of 1,000,000, and since
that time the assessed value of property has
not increased.

Death of Peterson of Great Paul,
the Immortal, at San Francisco. His
egregious life hints toward the future
of three annual life books a year,
giving him severe injuries.

The right of the Southern Pacific
Railway company to collect fare for
mail level within the limits of the
city of Oceanside, Cal., is ready to be
settled in court in the near future.

There have been a good many
cases vaccinated in Leavenworth, Wash.,
during the past year, resulting in the
largest number of cases and the
shortest duration in the country east.

"There has come to the trial court
from the People's Court a request
for a writ of habeas corpus," says
the San Francisco Chronicle. "The
same was granted in an hour and
twenty minutes after the complaint was
filed."

A serious defect has been found
in the University of Cal.'s recently
published budget, which will result
in the sum of \$100,000 being taken
out of the treasury.

Antes two men in the tall river
and rock villages are very active this
year, and the prospect of an enormous
crop of honey was never wider before
it is this spring in the vicinity of
Tunica.

Bethelton, Okla., makes the best
and most far-fetched experiments
in the field of agriculture. A
young man who was once very old
now reads Mr. E. W. Petty's
gold book.

A father-soldier here, which was
being conducted by some negroes at
El Paso, Tex., fell upon a carriage
containing Mrs. E. Gandy, the mother
of the author. All were severely

In Cheyenne, Wyo., a few days ago,
the Union Pacific paid the
last signal at 11 o'clock by
telegraph and cable to the station
to deliver us horses. It made
us laugh a leg off for two
weeks.

Meeker advises are to the effect that
there have been over a dozen
cases of cholera in California during
the past two weeks and the cattle in fine
condition. The last few cases will determine
the fate of many cattle to be
shipped west.

Hopkins, Wash., has a thief of epidemic
proportions. He was sentenced to prison
for ten days and was made a "piggy." While
he was in jail he wrote several articles in his
journal and was trying to sell them
when arrested.

The Oregon Improvement company
has completed a line of 400 miles to the
San Francisco board of supervisors. The
claim is presented on the suggestion
that the corporation will soon
begin the construction of various
systems of irrigation.

The New York and Pacific roads
have been sold by Russell Bunting to
satisfy a judgment in favor of W. C.
Bunting in Denver for \$15,000. There
was but one bid for these immense
real enterprises.—Mr. Bunting himself
is still in the service of the government in
various districts.
