WASHINGTON NEWS.

The Probable Appointment of Field to the Chief Justiceship.

WASHINGTON, April 28.—The report that Associate Justice Field was to be promoted to be Chief Justice, which has caused so much uneasiness and suppressed excitement among democratic senators, finds believers, especially among Southern men, some of whom are already casting about for his successor.

The *Critic* says: In commenting on the appointment of a Chief Justice of the United States Supreme Court, Major McCammy, of South Carolina, said this afternoon: "I hear from a rather reliable source that the President is seriously contemplating the promotion of Justice Field to the vacant Chief Justiceship. Now, if the President should make the promotion, he will then have the appointment of an Associate Justice to take Field's place. Should the President see the wisdom of going south of Mason and Dixon's line to make the selection, he could not do better than appoint Geo. Davis, who was Attorney-General of the late Confederacy. George Davis is an ideal man, eminently qualified for the position, and his appointment would not only reflect credit on the administration but on the country as well."

REDEMPTION OF BONDS.

The Secretary of the Treasury this afternoon accepted $106,000 in bonds.

JUDGE COOLEY

Had a sharp attack of pneumonia Thursday, preceded by a chill brought on by exposure, the extent of which he was not aware of at the time. He had a very bad night, but by unfailing care and attention, by noon, Friday, the disease was checked in its worst symptoms, and he has been gaining ever since. Mrs. Cooley arrived last night from Ann Arbor.

THE YELLOW FEVER.

Surgeon-General Hamilton today officially published the full text of the reports on file in the Marine Hospital Bureau, on which was based the statement of last Saturday that 'a late inspection at Micanopy, Plant City and Barlow, Florida, has proved the recent existence of yellow fever there, and that several other points in the Southern and Western sections of the State are looked upon with suspicion." In an interview this evening with reference to the subject he said: "In view of the characteristically violent attacks on me by certain of the Florida newspapers, I have thought it best to publish the full text of those reports. It will be seen by a perusal of them that I could have made a more positive statement and still have kept within the limits of the information on file. I now learn that the report of Dr. Knight, who was detailed by the Jacksonville Board of Health, states, that there were two cases of yellow fever at Plant City as late as April 24th. The reports as to Barlow are now confirmed, but as to the other points the original information seems to have been correct. I regret extremely the circumstances that made it necessary to publish the original warning, but under the existing law it was my duty to other localities to give them some intimations of the fact. If the publication shall stir the Florida authorities to a proper sense of the obligation they owe other states of the Union by the prompt enforcement of vigorous sanitary measures and the establishment of a State Board of Health, the publication will result in great good to them and to all. Personal abuse of the Surgeon-General, while it may be an amusing diversion for the Florida newspapers, will neither clean up their villages nor arrest their yellow fever, nor restore confidence in themselves."

The reports fill about four pages of the weekly abstract of sanitary reports, No. 17.

OBERLY WILL RESIGN.

Civil Service Commissioner Oberly is reported about to resign.

The Turf.

WASHINGTON, April 28.—The attendance at the National Jockey Club was better than on either of the preceding days. The weather was beautiful, track splendid.

Six furlongs: Volta won, King Idle second, Boodle third. Time, 1:15¾.

One mile: Favor won, Frank Ward second, Bess third. Time, 1:44.

For two-year olds, half mile: Holiday won, Seymour second, Bonnie Park third. Time, 1:49¾.

Seven-eighths of a mile; Bronzomarte won, Romp second, Lucy H. third. Time, 1:31.

Steeple-chase, over full course; Bob Miles won, Jim McGowan second, Hercules third. Time, 4:29¾.

President Carnot's Tour.

PARIS, April 28.—President Carnot attended the performance at the Grand Theatre in Bordeaux last evening, and was enthusiastically received by the audience. The President afterwards held a reception at the Prefecture department.

"The Launching of the Ship."

WASHINGTON, April 28.—Secretary Whitney's personal guests to the lauching of the government vessel at Cramp's shipyard at Philadelphia left Washington on two special trains at 9 a. m. The party, numbering upwards of 300, is composed of senators, representatives, army and navy offices, government officials and newspaper correspondents. There is not a quorum of members of the House in the city today, consequently no business of importance will be attempted at the capital today

PHILADELPHIA, April 28.—Two trains from Washington bearing Secretary Whitney and party arrived a few minutes before 1 o'clock and were at once taken on board the steamer *Columbia* where they were received by the city officials and prominent citizens. The steamer meanwhile proceeded up the river to Cramp's shipyard. The *Yorktown* was launched at 3:06 p. m. and was christened by Miss Eleanor Breckenridge, daughter of Congressman Breckenridge. The dynamite cruiser followed of the ways at 3:19 being christened by Miss Nellie Cameron, daughter of Senator Don Cameron. The launches were unusually successful. The U. S. steamer *Dispatch* which lay out in the river, fired salutes as the vessels moved off the ways into the steam amid the screeching of whistles, the ringing of bells and the cheers of the multitude of spectators.

The dynamite cruiser was christened *Vesuvius*.

A General Fight at a Prize Ring.

MILWAUKEE, April 28.—Between 600 and 800 sports from this city, Chicago and elsewhere went to Thiensville, 15 miles out, this afternoon, to witness a fight to a finish between Pat McCartin and John Ward. The men fought to a finish two years ago, Ward, who was then acknowledged the heavy weight champion of Wisconsin, being knocked out in the 27th round. To-day's affair ended in a great row. The inability to obtain a referee mutually satisfactory, resulted in the choice of two men as umpires instead of a referee, Billy Sisson acting for McCartin and Jack Bolan for Ward. Five savage rounds were fought, McCartin having the best of it all the way through. When they clinched Sisson tried to separate them, and Ward struck him a terrific blow. Sisson thereupon jumped on Ward's back and was pummelling him when the reconds interfered. While this three-cornered fight was going on the seconds got to fighting among themselves. Finally, Sisson was thrown over the ropes and the fight was resumed. In the fifth round Bolan gave the fight to Ward on a foul. Amid the great uproar, he jumped in a buggy and escaped the angry spectators.

The Brewers' Strike.

NEW YORK, April 28.—The state board of arbitration and mediation resumed the investigation of the brewers' strike. Richard Eisner, secretary of the Milwaukee Brewery Employes Union, was a witness. He testified on cross-examination of the boss brewers' conspiracy. When a letter written in English was handed to witenss and he was asked if he wrote it, he replied he hadn't come here to expose the boss brewers' conspiracy. Witness became very excited at times and spoke in broken english. Eisner declined to answer any questions regarding the English letter, saying that it might criminate him. At this point the hearing was adjourned until next Wednesday. Eisner will again be called upon to testify when the hearing reopens.

Lawyer Untermeyer said after the close of the examination that the names of Herbrand, Eisner and probably others will be presented to the grand jury for indictment on evidence obtained during the hearing.

Reduction of Traffic.

CHICAGO, April 28.—The statements prepared by Chairman Midgley, of the Southwestern Traffic Association of the losses sustained by the association lines during the recent rate war showed a reduction of revenue as compared with the corresponding period last year of 64 per cent. on Western, and 7¼ per cent. on Eastern tonnage, amounting to 17 per cent. of westbound and 51 of eastbound traffic. It is calculated that the losses on all lines between Lake Superior and Texas will reach a total of $1,250,000 on through traffic. To this should be added reductions to and from interior points, a traffic three or four times as large as through business.

The A. T. & S. Extension.

CHICAGO, April 28.—The first regular express train to Missouri River points over the Chicago, Santa Fe & California Railway, will depart from the Dearborn Street station tomorrow at 12:05 p. m., and will thereafter run daily. The road will also be opened for freight traffic Monday. This road is the extension of the Atchison, Topeka & Santa Fe Railroad to Chicago. It gives to that great system of 7000 miles a direct connection over its own rails with the Mississippi River, the great lakes and eastern railroad systems centering at Chicago.

A National Monument.

PHILADELPHIA, April 28.—In response to a call issued some time ago by Governor Beaver, the Governors of the Thirteen Original States or their representatives, with the exception of Massachusetts, met in Carpenter's Hall here today, to consider plans for the establishment of a fitting and lasting memorial to commemorate the first century of the Constitution of the United States. Resolutions were passed calling upon the National government and the various states and Territories to make appropriations for a fund to erect a suitable National monument commemorative of the United States to be erected within the city of Philadelphia, said monument to bear the names of the feigners of the Declaration of Independence in their autograph, and of the framers of the Constitution. It was also resolved to invite all the states and territories to cooperate with New York in celebrating the centennial of Washington's inauguration.

Stanford Not a Candidate.

DETROIT, April 28.—A special from Washington says: Senator Stanford during an interview today said that all the talk about him as a Presidential candidate was absurd. He said he was not now and never has been a candidate and does not wish to be considered as such. Since his name was mentioned in this connection he has received many letters daily on the subject which he has not even taken the trouble to answer.

GERMAN AFFAIRS.

The Inevitable Only Delayed in the Case of the Afflicted Monarch.

BERLIN, April 28.—The bend of the week sees an unhoped for change in the Emperor's condition, and the feeling of relief and joy at the good news can be plainly read in the faces of the daily visitors to the Schloss. There is every reason to believe no further complications will set in, at least for some weeks, now that the danger of the crisis is over. The original disease, however, is insidious in its progress, and the final result is only postponed.

The *North German Gazette*, which usually takes a pessimistic view of the Emperor's case, says: "At any rate the local disease is unusually slow in progress. Even now one can speak neither of a very material extension of the malady nor of its so much dreaded spreading to other and especially vital organs."

This extract rather reflects the reaction that has taken place in the German press since the admitted success of Dr. Mackenzie's treatment, and now the almost equally admitted fact that the recent crisis was mainly due to Dr. Bergmann's futile attempts to insert a new cannula.

ENCOURAGING.

Dr. Bergmann recently said to Dr. Mackenzie: "It matters little what the feelings of the German people may be, but I have my reputation to preserve and I will sign nothing that is contrary to truth."

The fact that Dr. Bergmann signed the recent bulletins is therefore of exceptional importance.

One of the physicians attending the Emperor expressed his views as follows: "Considering the gravity of the Emperor's malady, his condition is as good as could be hoped, but a fresh crisis may come at any moment. Nevertheless, apart from accident, new developments are not expected for a month or six weeks. The strong constitution of the Emperor may carry him over this, but it is useless to deceive ourselves and hope too much."

The Emperor was much encouraged yesterday by reading the report of the case of an Hungrian schoolmaster, who submitted to tracheotomy in 1881, and is still in fair health.

As a further sign that the present danger is past, M. Herbert, French minister, who has delayed his departure a fortnight in consequence of the crisis, has arranged to return to Paris Tuesday.

It is reported that the Grand Duchess of Baden talks of leaving Charlottenburg.

THEY HONOR VICTORIA.

After her drive to Berlin on Wednesday, Queen Victoria was so pleased with the hearty reception accorded her by the people, that she immediately telegraphed to Lord Salisbury a detailed account of the warm welcome she had received. She was all the more pleased because it had even been suggested to her not to come to Berlin, as it was feared she would be coolly received by the people. Nothing, however, could induce her to forego her visit to the Emperor's sick bed.

THE ROYAL BANQUET

Is the universal theme of discussion Never since the last century had such splendor been witnessed in the Charlottenberg Schloss. The beautiful gallery was transformed into a hall of surpassing grandeur, prominent among the decorations being Chinese and Japanese vases presented by Dutch merchants to the great elector. The floor was covered with beautiful Smyrna carpets, and the rooms were lighted with silver candelabras. The dinner service was of gold, and the table decorations and flowers were magnificent. The chairs were covered with purple velvet. The windows were draped with curtains of light red silk. All the ladies were dressed in black and the gentlemen wore uniforms.

THE QUEEN AND BISMARCK.

The Queen was extremely gracious to Prince Bismarck. She insisted that he be seated, saying: 'I know that long standing is not good for your leg."

The official organs have little to say of the results of the interview beyond commenting upon the eminent satisfaction shown by both the Queen and the Chancellor. Other journals make numerous assertions in regard to the interview, but they are unworthy of attention, as also is the report that the Emperor appointed the Queen honorary Chief of the Life Guard Regiment in memory of her visit. One of the particular reasons for holding the review was that the Queen expressed a desire to see the regiment in which Prince Henry of Battenberg was formerly Lieutenant.

THE QUEEN AND EMPRESS.

The correspondent of the Munich *Allgemaine Zeitung* says, with reference to the attacks upon the Queen and Empress: "Here in Alsace-Lorraine we can almost lay our hands on the mischief this wild noise has done, and we therefore regard it with doubt, pain and indignation."

THE EMPEROR'S COUNCIL.

The council of ministers meet daily, Count Herbert Bismarck assisting in the deliberations. The recent crisis arising from the proposed marriage of Princess Victoria and Prince Alexander of Battenburg, was aggravated by the Emperor insisting that the decisions of the Council which formerly were submitted to Emperor William in Bismarck's name, should now be submitted in a manner showing by what majorities, giving the names of Councilors, they have been arrived at. Prince Bismarck at first held out for solidarity, but eventually he acceded to the Emperor's wish.

A REPUBLICAN PRINCIPLE.

Another source of trouble was the appearance of the joint memorial by the Kingdoms of Bavaria, Saxony, Wurtemberg and Baden, setting forth that owing to the delicate state of the Emperor's health and the inexperience of the Crown Prince, it is advisable that the supreme power of declaring war and concluding peace, should be vested in the Reichstag, instead of remaining with the Emperor. No reply has yet been sent to this.

GERMAN FINANCES.

The business transactions on the Bourse today were insignificant. Stocks were firmly held and there was no material change in prices. The annual bank reports are now nearly all published. Eighty of the banks were enable to distrbute large dividends; thirty paid the same dividends as in previous years, and only eighteen declared smaller dividends than in 1886.

Fatal Foolery.

CANTON, O., April 28.—Massillon is greatly excited over the sensational and accidental shooting of a young man while in the presence of his lady love. Ray Falk, aged 17 years, son of William Falk, and employed in the *News Letter* printing office, last night called on Mamie Roof, to whom, according to rumor, Falk was engaged. The evening was spent pleasantly, but towards the close Falk, who had been drinking, spoke a few sarcastic words, which were not well received by the girl. When going home, and while at the gate, Falk took from his pocket a pistol, with which he began firing. The girl requested him to put it away, as he might hurt some one. Hardly were the words uttered when the pistol was discharged, sending a ball crashing through the boy's head, entering at the chin and passing to the brain. The unfortunate boy fell on his knees and expired.

Suspended Payment.

COLUMBUS, Ohio, April 28.—The South End Bank suspended payment this morning for two or three days. The President posted a notice to depositors at 10 a.m. that owing to the action of the former cashier P. W. Corallius, they were obliged to temporarily suspend. The officers and directors assure the depositors that all claims will be paid in full. Corallius overdrew his account some $15,000. Small certificate holders and others made a run on the bank this morning and the suspension was for the purpose of giving the directors an opportunity to give an exact statement of the assets and liabilities.

A Brother's Revenge.

NORFOLK, Va., April 28.—Tonight Robert Taylor shot and killed Thos. O. Tanner, a married man who had betrayed Taylor's sister. The girl was driven insane by shame and is in the mad house.

An Assignment.

NEW YORK, April 28.—O. Link & Co., wines, 178 Duane street, assigned today with preference to the amount of $33,013. The liabilities of the firm are about $350,000. The house is one of the oldest in the trade and it is thought that the firm will be able to resume business.

The Decree from the Vatican.

LONDON, April 28.—The *St. James Gazette* argues that the "plan of campaign" and boycotting operations have been carried on for years, yet the Pope has been silent. Mr. Errington's mission, it says, failed to enlist the Pope's interference. Recently rumors of negotiations between the government and the Vatican have been revived, and now comes the startling news of a decree. The alleged tenor of the decree should, however, be accepted cautiously, but the public ought to be reassured that there has been no bargaining with the Vatican, and that the Pope is moved solely by considerations of religion and morality.

ROME, April 28.—It is stated here that the action of the congregation of the Holy See regarding the "plan of campaign" in Ireland, was taken up spontaneously and without previous suggestion from England. The Pope approved the action without entering into the pending political questions between England and Ireland.

SUNDAY'S TELEGRAMS.

Foreign Opinion on American Affairs.

LONDON, April 29.—The *Economist* says: "We expect to hear little of the American treasury accumulations if the American government maintains the present rate of purchasing bonds. There will be a difficulty, however, which is likely to increase as the supply of bonds diminish. It is easy to skim the market of bonds loosely held, but it is difficult to react those held for investment, which will only be surrendered on distinctly advantageous terms." Commenting on the Presidential election in America, the *Economist* says: "A vast business, financial and railway schemes hang upon the result of the election. Even English business swaits. Europe has hardly realized that the growth of America has advanced the President's position to one of immense power and responsibility, so that it is now one of the first importance on earth. American diplomacy is guided by the President's decision and affects all countries. The President is now resolving the fisheries question with England, the Samoan question with Germany, the emigration question with China and the consular rights question with Morrocco. He may next week decide whether America shall produce financial ruin in Paris and shake the French Republic, by its treatment of the De Lesseps Canal scheme.

Talmage Indignant.

NEW YORK, April 29.—Rev. T. De witt Talmadge of Brooklyn, before delivering his sermon today, made the following personal statement:

"An infamous falsehood has gone into every city and neighborhood of this country and has been discussed by hundreds of newspapers saying that recently on my entertaining the officers of the 13th regiment at my house I gave them four kinds of wine. There was not a drop of wine or any kind of intoxicating liquor, the 25 gentlemen present being witnesses. I will give a thousand dollars reward to any one that will prove that one drop of wine was offered, or I will give that amount to any charitable institution that may be named by any respectable lawyer, clergyman, detective, or any such person being judge in the whole matter. That which I suppose was told as a joke is being used all over the land to give the impression that temperance men are hypocrites. I respectfully ask that all newspapers, which have been misled by the report, to correct it."

A Train Robbed in Mexico.

CITY OF MEXICO, via Galveston, April 29.—On Friday evening a passenger train of the Interoceanic Railway was stopped and robbed by a band of 14 highwaymen, three miles beyond Irolo. The passengers and train men were systematically robbed. The company lost over $3000 from the treasure box. It is presumed this is the same band that entered Amecameca recently, and that plundered the Chalbrica Ranch, in the State of Puebla.

A large force of cavalry which was ordered out by the government, has struck the trail of the robbers.

A Boy Charged with Manslaughter

KANSAS CITY, April 29.—Ed. Deerwester, a twelve-year-old boy, is locked up in this city on a charge of manslaughter in the second degree. Last Tuesday evening several children were playing in the vicinity of D. M. Foster's residence, near Ninth and McGee streets. Two little girls, daughters of Foster, were on a porch and a number of boys were annoying them. The girls retaliated by throwing pitchers of water at the boys, and the result was a volley of stones was fired by the ruffians, one of which struck Althea Foster, aged 10, on the head, and she died today from inflammation of the brain caused by the wound.

[Continued on Fourth Page.]

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died, had it not been for Electric Bitters.

This great remedy will ward off, as well as cure all Malarial diseases, and for all Kidney, Liver and Stomach Disorders stands unequaled. Price 50c. and $1, at A. C. Smith & Co's Drug Store. (6)

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at A. C. Smith & Co's Drug Store.

Large Bottles $1. (6)
