## THE EVENING NEWS.

Tuesday, Dec. 8, 1874.

### LOCAL AND OTHER MATTERS.

**THERMOMETER** 48 degrees F. in the shade, at 1 p.m. to-day. Fine day.

**Messages at the Western Union Telegraph Office for Gas Areakoe, P. E. Biorhman, and Gus Skelton.**

**Horticultural Society.**—The members of the Deseret Horticultural society are requested to meet at Mr. Stout's office, East Temple Street, to-morrow evening at 7 o'clock.

**Great Western Railroad.**—Track-laying on this line is being pushed ahead vigorously. This evening about nine miles of the road will be completed. Probably the first point of the mountain will be reached by next Saturday night.

**Not Gone.**—Only one of the missionaries for Europe, mentioned in yesterday's NEWS, started to-morrow, Elder George L. Farrell, who will stay over a day at Council Bluffs, where he will be joined by the other three brethren, who will leave to-morrow morning.

**Shedding the Walls.**—The mason work on the Temple having been completed for the season, the walls are being shedded over with temporary roofing, to protect them from the inclemency of the weather. During the season 38,340 cubic feet have been laid.

**Now is the Time.**—Now is the proper time to attend to the fixing up of water ditches. All obstructions should be removed from the ditches, for if this be not done, the water will flow upon the streets and freeze over, which is considerable of a nuisance, and exists to some extent now.

**An Excellent Picture.**—A very fine oil painting of Sentinel Rock, Yosemite Valley, by Mr. Geo. M. Ottinger, has been exhibited in the Eagle Emporium window for several days. It is a very beautiful landscape, well executed, and will be the first prize at Savage's Art Union drawing, which will come on the 10th inst.

The picture is valued at \$50, which, according to our judgment of its merits, is quite low enough.

**Huge.**—Yesterday Brother Thomas E. Jeremy, Sen., of the 16th Ward, brought to this office a couple of specimens of cabbage, showing what he can do in the raising of that product. The two combined weighed 41 pounds, one being 20 and the other 21. It is of the variety called the Marblehead Mammoth. He purchased the seed last Spring from Mr. James H. Gregory, of Marblehead, Mass. The two specimens were small compared with some others of the same kind raised by Brother Jeremy. He informs us that he buried one for seed which weighed, including the root, a little rising of 40 pounds.

**A Smash Up.**—This forenoon a man was driving a one-horse wagon up East Temple street, when the animal commenced to cut up in a most interesting manner, terminating its operations by "bucking" like fury. It got on the sidewalk at the Exchange Buildings corner, where the wagon was jammed against a post. Here a signboard was dashed into pieces suitable for kindling wood, the wagon was badly broken up, and the horse freed itself from it. Several bystanders seized hold of the animal, and it kept them dancing around in a lively manner for several minutes, to the amusement of a numerous crowd of spectators. We understand that the rig belonged to a person named Ketchum.

**Book of Mormon.**—Nothing more clearly indicates the increased interest in "Mormonism" among the thoughtful portion of the transient and resident community of this Territory than the continued and constantly increasing demand for the Book of Mormon, translated by the Prophet Joseph Smith from the plates revealed to him by the angel. To meet this demand we have just published a new, neat and cheap edition of this, the most remarkable literary production of modern times, which is now for sale at this office. It is bound in English, fine, a strong and useful style of binding, with embossed sides and back, and is sold at one dollar and fifty cents per copy. We shall hereafter endeavor to keep the Book of Mormon constantly in stock, so that all orders, whether by mail or otherwise, can be promptly filled.

**Home Made Brooms.**—There is an old gentleman in the 2nd Ward, named Abraham Hays, who has been engaged in the manufacture of brooms for the last eighteen years, which he sells at 40 cents apiece. With the exception of a little point on the handles, they are equal in appearance to the generalities of those imported, and are more substantial. The old gentleman says if he had machinery, instead of having to do all the work by hand, that he could retail them at 30 cents each. He finds great difficulty in disposing of them to the stores. If some of the storekeepers would patronize Brother Hays, who is respectable but not over well off, they would be doing a good action that would not cost them anything, because if his wares were placed in the stores, ticked "home made," they would probably sell well.

**Theatre.**—We are informed, just as we are going to press, that the Rickards Combination have not arrived in town, having missed connection on the railroad. Their appearance will consequently be postponed till Thursday evening, and there will be no performance at the Theatre to-morrow evening.

**Distinguished Author.**—Mr. Hepworth Dixon, the distinguished English author, has been in this City for several days, staying at the Townsend House. Many of our readers are familiar with the works of this gentleman, in which he has displayed great intellectual penetration and research. He is looking around with his habitual keenness of observation, noting everything he deems worthy of interest, with a view, we believe, of incorporating the results of his visit in a prospective work, which will probably be one of much interest, judging from the spirit of fairness and justice in which his former book on Utah matters, as well as his other works, was written.

### Our Country Contemporaries.

Ogden Junction, Dec. 7.—Mr. George Marsh has returned from Omaha where he has been on business connected with the land between Ogden and Willard, which were used by the railroad company. He has returned with the land owners, and those of them with whom we have conversed express themselves perfectly satisfied with the manner in which Mr. Marsh has conducted the business.

King Kalakaua and suite arrived here this morning and continued their journey eastward. Quite a number of our citizens were at the depot when the train came in but they did not see the king, who was well. At any rate, he was "indisposed" to receive visitors or to show himself to a crowd. So those who want to see a King didn't have the opportunity to feast their eyes upon royalty.

**The Boy Astronomer.**  
JEREMIAH HORROX—THE FIRST OBSERVATION OF THE TRANSIT OF VENUS.

The first transit of Venus ever seen by a human eye was predicted by a boy, and was observed by that boy just as he reached the age of thirteen. His name was Jeremiah Horrox. We have a story to tell you about this boy.

He lived in an obscure village near the town of Thrapston, in a lover of books of science, and before he reached the age of eighteen he had mastered the astronomical tables of the day. He studied the problems of Kepler, and he made the discovery that the tables of Kepler indicated the near approach of the transit of Venus across the sun's disc. This was about the year 1638.

Often on midsummer nights the boy Horrox might have been seen in the fields watching the planet Venus. The desire sprang up within him to see the transit of the beautiful planet across the disc of the sun. He was a boy of thirteen, and he had a telescope of his own making. He had a book of science, and he had a book of Kepler, and he had a book of the transit of Venus. He had a book of the transit of Venus, and he had a book of the transit of Venus.
