SPIKE AND RAIL.

W. J. Lawson of the Short Line auditing department has resigned to accept a position with a business firm in Denver.

W. J. Thompson, general agent for the Rock Island at San Francisco, is numbered among the visiting railroad men in the city today.

H. Gower, assistant freight manager at Chicago, and L. F. Kimball, general agent of the freight department at Denver for the Rock Island, will arrive in this city tomorrow.

Effective June 3 the Rock Island will operate a through standard Pullman from San Francisco to St. Louis via the Southern Pacific and Rio Grande. This sleeper runs right through, instead of to Chicago as heretofore.

An attempt to forge passes was neatly nipped in the bud in Denver this week. A young employe of the Denver & Rio Grande named Edwin R. Scott ordered a number of passes printed at a local firm, giving one as a sample. The printers believing that all was not right telephoned headquarters.

The flood of 1903—dedicated to our friends, the ticket agents throughout the country, who can especially appreciate the difficulties under which railroads are sometimes compelled to operate. This is the title of a very interesting illustrated booklet issued by the Chicago & Alton. There are no advertising features about it. It is simply an artistic souvenir.

S. H. Babcock, formerly traffic manager for the Rio Grande Western here, leaves for Denver on Saturday. This morning he stated that he proposed to make that city or Chicago his headquarters in the future. When asked as to the truth of the rumors that he had accepted a traffic position he stated that "it is hard for a man to keep out of the railroad business, but he had nothing to give or take, and just changing my residence, that's all," he said.

Hold Exercises in Honor of the Louisiana Purchase. St. Louis, May 19.—For the first time in the history of the General Federation of Women's clubs, special exercises commemorating an anniversary formed part of a biennial program when today's session of the seventh biennial met in Festival hall, at the World's fair grounds. Mrs. Denison presided. The exercises were arranged in honor of the Louisiana purchase and to the clubwomen of the country was accorded the honor of holding the first meeting in the immense auditorium. The feature of the program was the dedication and unveiling of a bronze tablet, given by the clubwomen of the United States, in commemoration of the acquisition of the Louisiana territory. In the center of the tablet is a figure of the general westward of the country toward the setting sun, and the towering spires of western civilization.

JAPANESE FLEET HAS BEEN SIGHTED.

(Continued from page one.) Japanese line therefore is less than 45 miles from Port Arthur. LOSS NOT CONFIRMED. St. Petersburg, May 19 (5:50 p. m.).—The admiralty has no confirmation of the reported destruction of the Japanese battleships Shikishima and Fuji. SAFEGUARDING RAILROADS.

Mianzhongha, (A station on the Manchurian railway).—May 18, (Delayed in transmission).—The lack of safe guarding the railroad against the constant and determined attacks of Japanese and Chinese agents has caused the Russian military authorities unremittent labor. The line must be protected at all hazards, especially for use in case of retreat, and the task is entrusted to separate corps of frontier guards, made up of 55 battalions, 46 foot companies and six batteries of artillery, altogether 25,000 men. The road, which is 1,400 miles long is divided into sections of 35 miles, each guarded by a detachment of troops, which is expected to constantly patrol. The smallness of the detachments makes this duty exceedingly onerous. It is a matter of comparatively little difficulty for a Japanese spy or a Chinese bandit to stand up to an exposed point and dynamite it before the patrol discovers the danger.

SINGER ILL.

English Baritone Out at St. Mark's Hospital Suffering from Pneumonia. S. Molyneux Worthington, an English baritone singer, with exceptionally good credentials, who arrived in Salt Lake last week, is at St. Mark's hospital suffering from a bad case of pneumonia. He will likely take a long time to recover, reports to the contrary, and occupies a private room, and not a cot in one of the wards. Mr. Worthington came to Salt Lake on Saturday with the object of establishing a conservatory of music in this city and immediately hunted up Mr. Mulford, proprietor of the White House, who is acquainted with his father, over in England. As soon as his condition became apparent Mr. Mulford caused his removal to the hospital, where he has the best of attention, and it is thought that with good nursing he will pull through all right.

Amusements

People who have only known Prof. McClellan through his connection with the Tarnac organ were last night given a new glimpse of the reliable character of his labors. The theater was crowded with a brilliant audience which came out to pass on the work on which his pupils have been engaged during the season, and although the program lasted till nearly 11 o'clock, too long for an ideal recital, every thing was applauded, and the general vote was that Mr. McClellan's pupils had done themselves and their master emphatic credit. Several of the selections were notable enough to be given place on a concert program of the highest class, especially the piano solos with accompaniment rendered by stringed instruments and second piano. Of these the selections by Miss Jaensch, Mrs. Pinkerton, Miss Richardson, Mr. Poutou and Miss Murphy deserve prominent mention. The others who took part were Miss Lulu Shaw, Miss Alice Dunbar, Miss Pearl Price, Miss Elizabeth Weitz, Miss Mabel Harper, Miss Fannie Neale, Miss Dossie Brooks, Miss Bertha West, Miss Ella Nelson, Miss Marian Cannon, Miss Mervin Berkley, Miss Ida Wittaker, Miss Sadie Hubbard, Miss Mary Jenkinson, Miss Ethel Murdock, Miss Ethel Connelly, Miss Louise Barnes, Miss Lucile Case, Miss Mae Hawley and Miss Estelle Langford. All showed decided proficiency. Mr. Graham sang two numbers in beautiful fashion; the assisting instrumentalists were Mr. Shelton, Mr. Masterman, Mr. Green, Mr. Olsen and Mr. Johnson. Prof. McClellan, himself presiding at the second piano. Their accompaniment work was charming throughout.
