LAST EDITION.

Republican of Ohio Rejoice.

Over Results of State and National Administration—Roosevelt's Nomination Favored—His Naval Policy Endorsed—Opposed to All Attacks on Tariff—No Repeal of Fifteenth Amendment—Suppressed Negro Vote.

Columbus, Ohio, June 4.—The Auditorium was packed again today when Senator Hanna called the Republican state convention to order. The report of the committee on credentials, seating the House delegates from Monroe and the Sands delegates from Hocking, was adopted.

Before the convention assembled, Hanna withdrew from Lieutenant Governor and promised to present Harding's name so that there was no contest for any nomination of general interest or importance. The general good will of the peace makers was shown in the early proceedings, especially in the speech of Foraker in complimenting Hanna.

After the report of the committee on permanent organization Senator Hanna proposed Senator Foraker as permanent chairman while the latter received a great ovation.

Senator Foraker said: "This is Hanna's year. Yesterday was Hanna's day. He has improved to the utmost extent in his great keynote speech—the best he ever made."

Next year is Roosevelt's year. He continued, and he eulogized the president amid continued cheering. He congratulated the Republicans on being chosen for their leaders for this year and next year and most of all for their declaration principles.

The reports on rules and order of business were then made and the following platform adopted:

THE PLATFORM.
Gen. Charles Dick, chairman of the committee on resolutions, presented the report as follows:

The Republicans of Ohio rejoice in the results of the Republican administration of the state and nation. It has promoted the welfare of the entire country. Past achievements insure the faithful performance of new duties.

OHIO'S SECOND CENTURY.
Ohio enters upon her second century of statehood with a record unequalled. Republican control has aided immeasurably in placing our state in the very forefront of the nation's progress.

ROOSEVELT FOR PRESIDENT.
We commend President Roosevelt's fidelity to duty, his adherence to President McKinley's policies and his own proved ability in his high office, showing him in every way worthy of election by the people to be their chief magistrate. We favor his nomination for president in 1904.

The Ohio Republican delegation to Congress is directly responsible to the people. Senators Joseph B. Foraker and Marcus A. Hanna have splendidly maintained Ohio leadership. The re-election of Senator Hanna is a distinct national demand upon our state and we hereby cordially promise him the unreserved support of the entire Republican party in Ohio. Gov. George K. Nash is a public assistant in the state offices, for their faithful and successful administration deserve the generous commendation and gratitude of the people.

LOCAL BANK CIRCULATION.
The Ohio Republican party having restored the national credit after it was nearly destroyed by the Democratic party and having maintained, defended and advanced it to the highest point in the history of the world, we oppose all attacks upon this policy whatever the pretext as tending to bring back the disastrous days of Democratic rule.

MONOPOLIES.
"Combinations for the monopoly of trade and kindred unlawful purposes are directly inimical to the best interests of the people. We oppose their vigorous enforcement in the courts. No worthy interest is imperiled by living under a policy which restrains and that without resort to the Democratic plan of destroying all American industries through tariff assistance."

STAND BY AMENDMENTS.
"Ohio was the first state with soil forever free from the stain of slavery. We were first to protect the colored citizen in honor upon every American citizen."

TRANSPORTATION.
"The question of transportation is one of the most important business problems now before the American people for determination. The full utilization of our inland waterways is demanded by all business interests. We favor the continued improvement by the general government of the Ohio river, that a navigable stage of water may be maintained the entire year length."

LABOR LAWS EXPANSION.
"As Republican legislation has always provided work for those who would work, while Democratic legislation has produced the opposite result, so the labor laws, state and national, have been largely of Republican origin. We favor their extension in every way available in all, particularly those designed to promote harmonious conditions and to secure for labor just recognition in the settlement of differences. Public welfare demands this quite as much as the interests of employer and employee."

BETTER ROADS WANTED.
"Better roads would save Ohio's citizens millions of dollars yearly and should be systematically established. They are especially needed on account of the rural free mail delivery system, for which the demand is now well nigh universal. Inaugurated by Republican administration, a Democratic administration refused to maintain it. We favor the extension of the system as rapidly as possible wherever desired."

PUBLIC IMPROVEMENTS.
"Public improvements have invariably been favored by the Republican party, benefitting the entire country. We favor the continued improvement of the harbor, public highways, improved postal service, forest preservation, flood prevention, the great isthmian canal and other enterprises of like character, has the rightful home only in the Republican party, where progress has never been opposed."

PENSIONS.
"Nearly three thousand millions of dollars paid to pensioners since the Republican party came into power, almost all of it under legislation enacted by the Republican party."

TEACHERS LEAVE FOR THE EAST.
Two Hundred Excursionists Pack Their Grips to Board the Train.

COUP BY THE BURLINGTON.
Fits On a Through Tourist Car and Captures the Business—Some Who Went.

The exodus of school teachers for the summer vacation commenced this morning when the usual low rates to the east went into effect. Bright and early both the Oregon Short Line and the Rio Grande ticket offices were besieged with prospective travelers, not a few of whom were not teachers but equally anxious to avail themselves of the excursions today and tomorrow.

Owing to the bustling proximity of General Agent Nelson and his corps of passenger men the Burlington made arrangements to put on a through tourist sleeper from Ogden to Chicago, without change and out of Salt Lake and Denver on the limited train, leaving this afternoon over the Rio Grande being crowded. While the various ticket sellers were too busy today to talk, it is estimated that by tomorrow night there will have been over 200 tickets sold to parties leaving Salt Lake for the east. The patronage over the two routes out of Salt Lake was so intense and purposes about evenly divided.

The following bookings were today numbered among those who left: For Chicago—Joseph McLaughlin, J. T. Isaacson, Mrs. A. Keyser and son, Mrs. Annie Smith, Mrs. H. Newman, Mrs. J. A. Enholm, Mr. Donaldson, Mr. and Mrs. Lloyd, Mrs. Sarah Young, Mr. Carl P. Spaulding, Mr. Chandler, R. C. Hill, Mrs. M. B. Eager, Miss Horn, Miss Peterson, Mrs. Ideol, N. P. Nell, J. L. Elkins, O. C. Jacobs, D. J. Gray, Mr. and Mrs. Atkinson, A. Allen, Miss Helen Bailey, Miss Florence Jilks, Miss Maples, C. L. Stanford, New York—W. E. Lake, Prof. Theo. Best, Herman Hill, Mrs. H. Merrett, La. Cross, W. Kinsman, M. B. Skinner, Knoxville, Wis.—Mrs. J. H. Herbert, Louisiana, Wis.—Miss Mollie Temple, Marshalltown, Io.—Mrs. Alma D. Whitaker.

St. Paul—J. H. McLaughlin and wife, Detroit—W. L. Lawler, wife and daughter.

A COLLECTION.
The First Presidency Not Connected With the Lewiston Sugar Co.

In the Logan department of the "News" on Monday, the last, an item was printed concerning the proposed Lewiston Sugar company, in which the names of Joseph F. Smith, Anthon H. Lund and M. W. Merrill were given as directors. The publication was an error, the Logan correspondent of the "News" being misinformed on the matter. The First Presidency has not intervened in the proposed company, either as directors or stockholders.

LONE ROBBER'S WORK.
Holds Up Wyoming Stage, Gets Registered Mail and Escapes.

(Special to the "News.")
Rawlins, Wyo., June 4.—The stage that left here this morning for Lander was held up between Lost Soldier and Burnt Ranch by a lone robber, who appeared at the roadside armed with a revolver and a knife. The driver, while he went through the treasure box, no express of value was on the stage, but the vehicle carried considerable baggage in an attempt to reach the town before he was overtaken by the robber. The mail sacks were open, however, and several packages of registered mail taken. C. A. Carter of Lander was the only passenger, and he was compelled to stand up on the seat with the driver while the robber plundered the box. The robber wore a mask over his face, and made his escape. He was a short, very set man. A posse is in pursuit.

DEATH OF MISS CEDERLOF.
Falls a Victim to Appendicitis at the Age of 20 Years.

Martha H., the 20-year-old daughter of Mr. and Mrs. John Cederlof of this city, died today, a victim of appendicitis. The young lady had been ailing but a short time, and her death was sudden and unexpected. The funeral will take place from the family residence, 210 East 1st street, tomorrow, Friday, at 3 p. m. Friends are invited. The remains will be interred in the city cemetery.

SIX UNIDENTIFIED BODIES PICKED UP.
Topeka, Kas., June 4.—Six unidentified bodies, those of three men and three women, victims of the North Topeka flood, were picked up today at noon by some of the Ottawa rescue boats on the river. The bodies were west of the city. A rope was tied around the body of one woman. Evidently she had been tied to a tree to keep her from falling into the water. They were forced to remain perched in the trees for hours. The sanitary conditions in North Topeka were made worse today by the turning of several sewers and water pipes.

Jews Can't Buy Land.
St. Petersburg, June 4.—The czar has approved the committee of ministers forbidding Jews to acquire real estate or enjoy the proceeds thereof except in towns within the Jewish pale, until the laws concerning the Jews have been revised. There are 110 such towns where the Jews are permitted to settle and acquire realty.

Gt. Western Handicap Tournament.
Denver, June 4.—The Great Western handicap tournament at targets will be held in Denver June 16, 17 and 18, and will be followed by a two-days' tournament in Cripple Creek, Colo. The inducements aggregate \$1200 in cash, and a \$250 championship trophy.

THURSDAY, JUNE 4, 1903. SALT LAKE CITY, UTAH.

Mississippi is Rising Slow.

Is Five Feet Above Danger Line at St. Louis—Railroad Tracks Along Levee Submerged—Missouri and Kaw Are Receding—Conditions Very Bad in Kansas City—Terminal System Will Have to be Rebuilt.

Washington, June 4.—The Missouri river at Kansas City has fallen 1.5 feet since Wednesday morning, the gauge this morning reading 22.9. A more rapid decline may be expected from this time forward, as both the Kansas and upper Missouri rivers are falling. The rise continues in the Mississippi from Dubuque southward, the gauge at Keokuk reading 19.1 feet, a rise of 4 feet since morning, and 4.1 above danger line.

At St. Louis the rise has been slightly checked owing to the spread of overflow water on the east side. The gauge this morning reading 22.1 feet, a rise of 2 feet since Wednesday morning. The rise will continue south of Dubuque and it is still probable that the stage of 35 feet and possibly slightly more may occur by Saturday or Sunday at St. Louis. Stages 3 feet above danger line will occur on all roads from Cairo southward. The danger line will not be reached on this rise.

RISING AT ST. LOUIS.
St. Louis, June 4.—During the past 24 hours a rise of nine-tenths of a foot has been registered in the river. The extreme height of the flood here will, it is believed, be reached Sunday morning in a stage of 33 feet, which is five feet above the danger line. Unless heavy rains set in this will be the highest point, but should there be more rain river men believe all records since 1852 will be broken and 35 feet be reached and possibly exceeded.

Railroad tracks along the levees have been submerged. Trains to the suburban points have been interfered with, and the station at the foot of Olive street has been abandoned. The Burlington has been under water for a considerable distance, but the running of trains has not been materially affected. The Chicago and North Western branch of the Missouri river, the west and northwest is still badly crippled on account of washouts.

At Rock Island, South St. Louis, the river is four miles wide, extending on the Illinois side to the Mobile & Ohio tracks, which alone serves as a protection to thousands of acres of farm lands. In North St. Louis the stream is three miles wide. No estimate of the damage done can be given until the water subsides.

MISSOURI AND KAW FALLING.
Kansas City, Mo., June 4.—Both the Missouri and Kaw rivers are receding. The Missouri is falling 1.5 feet in the Missouri of nearly three feet from

the high point of 35 feet, recorded 48 hours ago, was shown by the government gauge at 7 a. m. The gauge at that hour registered 22.9, which was a foot and a half below the stage recorded at the same time yesterday. By nightfall it is predicted the stage of the Missouri river will be close to 22 feet. There was a corresponding fall of the Kaw. Notwithstanding the rapid decline, the water about the Union depot, which is the highest point in the flooded district, is still four feet above the first floor. While the conditions are vastly more hopeful, a tremendous undertaking confronts the two cities. The waters as they recede are disclosing wreckage of time covered areas of five miles square. It is conceded by several engineers who have investigated the situation closely that the whole of the terminal system of railroads in the bottom will have to be rebuilt together with bridges that alone, it is estimated, cannot be replaced at under \$5,000,000 to \$10,000,000. In the worst of the situation the greatest precaution will be taken to prevent an epidemic of sickness because of the utter lack of sanitary measures.

HUNT LEVEE BREAKS.
Burlington, June 4.—By the breaking of Hunt levee south of Warsaw, in the West, the Niagara branch of the Burlington has been flooded and the train service has been cut off. Consequently there are no through trains from Burlington to St. Louis. The only means of getting to St. Louis from here is via Glasgow.

It is reported that the Green Bay bottom levee, south of Burlington, is out. The levee is in the hands of the Burlington and south of here, have been deserted and the stock taken off by farmers. Both river packet offices here are under water.

HURLED INTO THE BOISE RIVER.
Distressing Accident by Which Little James Stephenson and Tommy Watkins Lose Their Lives—Was Caused by an Unsafe Bridge Over Which They Were Driving.

(Special to the "News.")
Boise, Idaho, June 4.—No word has been received today from the searching party who are working on the Boise river below this city hunting for the remains of the two children who were hurled to their death from the Ninth street bridge late yesterday afternoon. Little James Stephenson, the younger of the two, was only four years old. His companion, the boy, Tommy Watkins, was 14. Mrs. Stephenson, mother of the babe, who barely saved her life by jumping from the buggy in an attempt to reach the shore before he was hurled into the river, and its occupants through the railing of the bridge, is almost crazed over the sad event, as little James was her only child and was almost idolized by her. Her husband, Assistant State Engineer James Stephenson, was formerly employed by the Oregon Short Line with headquarters at Pocatello.

Mrs. Watkins, father of the other boy who was drowned, is subject to fits, and when he was informed of the accident he was so overcome that he was unable to attend to the remains of the two children who were hurled to their death from the Ninth street bridge late yesterday afternoon. Little James Stephenson, the younger of the two, was only four years old. His companion, the boy, Tommy Watkins, was 14. Mrs. Stephenson, mother of the babe, who barely saved her life by jumping from the buggy in an attempt to reach the shore before he was hurled into the river, and its occupants through the railing of the bridge, is almost crazed over the sad event, as little James was her only child and was almost idolized by her. Her husband, Assistant State Engineer James Stephenson, was formerly employed by the Oregon Short Line with headquarters at Pocatello.

ROUND-UP BY PEACE OFFICERS.
Last night the police and sheriff's forces sallied forth to the "Levee" and "Brush" districts of the city and made a general round-up of the unsavory element which infests those haunts. They gathered in a total of 65 souls, all of the masculine gender, and most of them tough looking specimens of humanity. The police and sheriff's forces sallied forth to the "Levee" and "Brush" districts of the city and made a general round-up of the unsavory element which infests those haunts. They gathered in a total of 65 souls, all of the masculine gender, and most of them tough looking specimens of humanity.

BRISTLES WITH "HITS."
"Tom Show" Talent Will Strike in All Directions.

The seat sale of the Press club's "Uncle Tom's Cabin" performance at the Salt Lake theater will begin at 10 o'clock Saturday morning. Seats will be on sale at the regular hours until the performance next Tuesday evening.

The four stalls have been already sold to Senator Thomas Kearns, Senator Simon Barber, Mrs. E. S. Perry and D. H. Perry. Each of these will give box parties. A number of other theater parties are being made up for the occasion, and the demand for seats promises to be unusual. In fact, the interest in the performance is so great that it has been suggested several performances would be justified at least twice. The decision has been reached, however, to give only one performance, even though it may become necessary to turn people away.

HOW DISEASE SPREADS.
Health Officers Exercised Over Indifference of Citizens.

The health authorities are much exercised over the indifference manifested by residents of the county in the matter of reporting cases of infection. Since the epidemic of smallpox broke out in Sugar district, a number of communications have been received, mostly from parties who seem to be afraid to sign their names. As a sample of the aid accorded them the officers cite the following received at the office of the board of health today:

Salt Lake City, June 3, '03.
"Quarantine Physician,
Dear Sir:—There is another case of chicken pox (?) in Sugar House ward, Bryan avenue, on the left hand side, second house. Probably it would be well to investigate."

Here is a case which illustrates how the disease spreads. These directions are said to be lucid as compared with some that are received. The department is expected to investigate every anonymous complaint and frequently loses time and the case because of the limited advice given.

IN CITY COURT.
Before Judge Diehl this morning John Boyle was arraigned on a charge of petty larceny, having taken two pairs of scissors and a pair of gloves from the People's Cash store. He pleaded guilty and was fined \$25. The case of Hattie Green, alleged shoplifter, was continued till Monday at 10 a. m.

Machoes Case Presented.
Washington, June 4.—The case of August W. Machoes, late superintendent of the free delivery service of the post office department who is charged with having received bribes to the amount of \$2500 in connection with department contracts, was presented to the federal grand jury today.

Forest Fires in Canada.
Montreal, June 4.—Reports from various parts of the province state that fires are still raging in almost every direction where the country is wooded. The villages of Astor and Forestville have been completely wiped out. Scores of towns and villages are in constant danger of destruction.

MAN KILLED WAS PATRICK ROACH

Ogden Jury Says Death Was Result of Accident.

A ROUND-UP BY OFFICERS.

Ogden Police Beat the Brush in Hope Of Catching Burglars and Safe-crackers—Other Items.

(Special to the "News.")
Ogden, June 4.—At the corner's inquest held this morning over the remains of the man who was killed at the Grill club house yesterday by falling down stairs, it developed that the deceased's name was Patrick Roach, that he was employed at the Union depot and had resided in Ogden for some time. The inquest was held before Judge Howell and the following jurors: D. M. McKee, Charles Crisman and Amos Sebring. A number of witnesses were examined from whom it was learned that the man's name was Patrick Roach. His son, James, who is a member of the Berry family, identified the body. B. Hammond, the man who fell down stairs with Roach, testified that he knew absolutely nothing of how the accident occurred, that he had been drinking heavily and had no recollection of the falling down stairs or the incidents that led to the fatal result. Judge Howell stated that he had been informed by him at the Union depot in cleaning up the grounds and that the monkey wrench found in Roach's pocket, and which was supposed to have been taken from a blacksmith shop, belonged to the Union depot company, and had been used by the men in turning off and on the water. Other witnesses stated that both men had been drinking prior to the accident, and when they left the Grill were under the influence of liquor. It also appeared that Roach started out to assist Hammond down stairs and in some way the men tripped and fell with the fatal results stated. Hammond, who had been in the Grill for some time, was released on the jury bringing in a verdict to the effect that Roach came to his death by accidentally falling down stairs and breaking his neck. The inquiry also developed the fact that the dead man had resided in Ogden a number of years, and that he had a family in this city. He has always been regarded as a steady, industrious man.

FOR HOUSEBREAKING.
Edward Samuel, a colored man, was arrested last night by the police on the charge of housebreaking. It is alleged he entered a room in the Chamberlain hotel, and stole a suit of clothes belonging to a carpenter who occupied the room. The clothing was found in the man's possession, and he has made a full confession of his guilt to Detective Pratt. He is being arraigned before Judge Howell this afternoon.

THE BUSY BURGLAR.
J. T. Young, residing at 2145 Stewart lane, reported to the police this morning that he had been burgled on Friday last and stolen a watch, a \$5 gold piece and some small change. It was also reported that the house of Charles Summerside, next to Young's, had been broken into last night, but the burglars secured nothing.

ROUND-UP BY PEACE OFFICERS.
Last night the police and sheriff's forces sallied forth to the "Levee" and "Brush" districts of the city and made a general round-up of the unsavory element which infests those haunts. They gathered in a total of 65 souls, all of the masculine gender, and most of them tough looking specimens of humanity. Cowboys and Farmers Fight.

Father and Four Sons Shot Down—Three Cow Punchers Killed—Trouble Arose Over Cutting of Wire Fences—Former Caught at It—Fired on, But Escaped to Their House—Pursued and Annihilated.

Lincoln, Neb., June 4.—A special to the Star from Superior gives the story of the fight at St. Francis, Kansas, between the Berry family and some cowboys.

Land had been taken up by old man Berry as a homestead. The fences of the cattle company interfered with his passage to and from the roads. Wire cutting on the part of the Berry family in order to get the shortest possible road to town is said to have been the original cause of the trouble.

The cowboys had threatened to kill the family. The fight resulting in the five deaths occurred on Tuesday night. The Berry family to town. The father and four sons were returning to their homes. Eight miles from their destination they stopped to cut their way through a wire fence. The cowboys came upon them just as they completed the work. The Berrys mounted quickly and the cowboys fired.

The oldest boy, John, was wounded, but stayed in his saddle. The farmers had the freshest mounts and soon were out of accurate rifle range. The cowboys kept up a scattering firing of shots. Arriving home the Berrys did not think they had been pursued all the way and they were in front of the house when the party of cowboys rode up the hill a few yards to the north. The shooting began immediately. Two of the Berry boys were killed before they could reach their rifle. The old man and the other two boys got inside the house. There were about 20 cowboys and they started on the gallop for the house, intending to fire it and burn the cowboys out.

The boys attempted to escape from the other side of the house and were shot down in succession. Three of the cowboys were killed by the farmers while they were defending the house.

FUNERAL OF MRS. WELLS.
Touching and Impressive Services Yesterday Afternoon.

The funeral services over the remains of the late Mrs. Joseph S. Wells were held in the Twentieth ward meeting-house at 2 o'clock yesterday. The building was completely filled with friends and members of the mourning family, and the floral decorations were of the most beautiful character. The services were conducted by Bishop Romney and the musical numbers were rendered by Messrs. Pyper, Whitney, Patrick and Spencer. Prof. Gies acting as accompanist.

The speakers of the occasion were Bishop O. F. Whitney, Elders Hyrum S. Smith, Seymour B. Young, Pres. A. C. Cannon and Bishop Romney, all of whom spoke highly of the virtues of the deceased, and gave words of consolation to the stricken family. Prayers were offered by Elder James Sharp, and Bishop Morris of the Episcopal ward, and at the close the remains were conveyed to the city cemetery and deposited in their resting place.

The speakers of the occasion were Bishop O. F. Whitney, Elders Hyrum S. Smith, Seymour B. Young, Pres. A. C. Cannon and Bishop Romney, all of whom spoke highly of the virtues of the deceased, and gave words of consolation to the stricken family. Prayers were offered by Elder James Sharp, and Bishop Morris of the Episcopal ward, and at the close the remains were conveyed to the city cemetery and deposited in their resting place.

LAI'D TO REST.
The Remains of William Green Interred at Mount Olivet.

The funeral services over the remains of Mr. Wm. Green, a well known miner of this city, were held yesterday at the undertaking establishment of Jos. Wm. Taylor. The chapel was well filled by friends of the deceased and the casket was covered with floral offerings of beautiful designs. Bishop Morris of Granite ward offered the opening and closing prayer, and also dedicated the grave. A brief address was delivered by Elder J. M. Spohall, to which he very strikingly compared life to the toll of a mine. We all commence prospecting, said the speaker, and then we break down from the hard work of prospecting day by day, that which will prove our eternal gain or eternal loss. Occasionally we have assays made of our life's work, but we do not all get together and submitted to the final test of the smelter will it be known how much precious metal we have to our credit, and how much of our life's work has been wasted in the process of prospecting. The speaker paid a high tribute to the sterling qualities of the deceased. He was known for honesty, truthfulness, kindness and charity.

ATTEMPTED HOLDUP.
Well Known Musician Has an Experience With Footpads.

Frank H. Ford, the well known clarinetist of Christensen's orchestra, had a little experience with footpads night before last. Mr. Ford was returning home about midnight from his engagement at Calder's park and when within about 20 yards of his home two men jumped up from behind a fence, one of them grasping him by the shoulder and arm. The musician was a little too wiry, however, and broke from his assailants, running across the street, and firing a shotgun, loaded with buckshot, and his brother-in-law secured the neighborhood, but without catching sight of the men. Mr. Ford says that the night before the attempt was made on someone had endeavored to enter his house. The intruder tried to push the key from the lock, but the noise made by Mrs. Ford frightened him away. Mr. and Mrs. Ford live at No. 21 Aberdeen avenue, which is one block below Ninth South and runs west from Second to Third West street.
