Special Notices.

All the Grocers in Utah (nearly) sell **Gillet's Baking Powder**, and it is not surpassed, in Quality or Cheapness, by ANY POWDER IN THIS OR ANY OTHER MARKET.

IT WOULD FILL VOLUMES to enumerate the names of druggists and storekeepers who sell Burnett's Cocoa for the Hair.

BURNETT'S GOODS have been awarded several medals and diplomas.

BURNETT makes the Best Cologne Water in the world.—*Ladies' Hand-Book.*

BURNETT makes a fine perfume, called "FLORIMEL." It has the odor of a Choice Bouquet.

ASTHMA.—Whitcomb's Remedy always relieves the worst cases.

Gillet's Washing Chrystal makes Washing easy, removes all stains, and BLUES THE CLOTHES at the same time. Ask your Grocer for it, everybody. d298-10:2aw w41-8

"Light as a Cork" is the expression of all housekeepers after using DOOLEY'S BAKING POWDER. It is chemically pure in its composition, and possesses no ingredients but such as are perfectly harmless, healthy and nutritious. This is not only the best, but the cheapest in market, as one pound will go further than a pound and a half of those of ordinary manufacture. Use no other. Inquire at your grocers for Dooley's Baking Powder.

Gillet's Flavoring Extracts are known to the Trade, from Chicago to the Pacific. All Grocers and Druggists keep them.

The RED JACKET STOMACH BITTERS are a very agreeable and healthy stimulant—very pleasant to the taste, have a soothing influence, and create a good appetite. We notice that druggists generally sell no Bitters so rapidly as these.

LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY.

LOGAN.—Brother C. C. Hurst, who arrived from that place on Sunday last, speaks of matters and things at that place as generally satisfactory. The health of the people is good and they are united and feel to sustain the work of the Lord with faith and good works. The meeting house at Logan had been lately enlarged and repaired and made generally more comfortable and commodious than formerly.

IRON FOR THE U. C. R. R.—Through the courtesy of Pres. B. Young, we learn that Wm. C. Staines, Esq., has telegraphed to him that there are 125 loads of railroad iron on the way here and on this side of Omaha, and that eighteen more are expected on the line of the U. C. R. R. to-day.

This is very gratifying news, as but very little more iron than this will be necessary to complete the line to the city. The work of tracklaying will now soon be renewed. Such weather as we are having to-day will make every person whose coal-pile is not large, hope that the track may soon be laid to the city, as that will bring relief.

EXTENSION.—Through the courtesy of President Young we have been favored with the following particulars of the extension of the Deseret Telegraph Line to Franklin:

"FRANKLIN, Dec. 18th, 7 p.m.

President B. Young:

Opened office here at half-past 3 o'clock. Alma U. Hobson, operator. The people at Richmond and here are pleased with the extension of telegraphic communication. A. M. MUSSER.

"FRANKLIN, Dec. 18th, 7 p.m.

President B. Young:

Besides many other favors received from you, we heartily appreciate the last, in giving us a connection by telegraph with other and more distant parts of our Territory, for which accept our thanks. L. A. HATCH."

THE WORK IN BIRMINGHAM.—In a letter written at Birmingham, England, dated Nov. 12th, Elder A. P. Shumway states that the work in that part of the mission is progressing favorably; a few were being convinced of the truth of the great Latter-day Work and getting baptized. The Saints were rejoicing in the truth. The spirit of gathering was never more strongly manifested by them than at the present.

U. C. R. R.—A telegram to President Young, received late last night from Ogden, says that the U. C. R. Co. have now four miles of spikes on hand and enough fish plate to complete the road; also thirty-eight cars of iron at Ogden and Farmington, and bills for thirty-three cars more that were expected shortly.

RESIGNATION AND APPOINTMENT.—P. Lynch Esq., for so many years clerk of the Court of the Third Judicial District of Utah, has resigned that position. The Hon. Stephen A. Mann, Secretary of State for the Territory, has been appointed to fill the vacancy.

THE FOURTEENTH WARD FAIR.—We paid a visit this morning to the Fair at the Fourteenth Ward Assembly Rooms, held under the auspices of the Female Relief Society of the Ward, and were highly pleased with what we saw there, more especially so when we thought of the commendable object which the ladies of the Society seek to attain by the exhibition and sale of their productions. Round the room are the stalls of the fair members of the Society, tastefully decorated with evergreens and crowded with the products of their skillful fingers, interspersed with toys, dolls, miniature furniture, &c., &c. At one end of the hall is the refreshment stall, supplied with fruit, candies, cakes, &c., while at the other end is that centre of attraction, the Christmas cake, containing hidden within the terra incognita of its sweets the gold ring, to be the portion of some lucky fellow, and afterwards we opine of some fortunate maiden. Nor are the articles exhibited of the ornamental only; suits of children's clothes, and vestments of various descriptions for the babies, elegant bed quilts and much else we cannot remember. We, however, especially noticed the beautiful fruit in wax,—so natural, so tempting,—the work of Sister Wilkinson, to which we must give a word of special praise. The Fair will be open tomorrow and Friday, from nine in the morning to the same hour in the evening, and all who would lend a helping hand to the Society should not fail to pay our sisters a flying visit, and thus enable them to accomplish their purpose of erecting a building suitable for their meeting and in which they can labor, to greater advantage in that work of love to which God and the priesthood have called them.

DIED yesterday of heart disease, at his residence in the 18th Ward, Elder William Ross Bollen.

The deceased had not been well for some three or four days, but had sufficiently recovered as to be able to attend to his business, that of a tailor. He was working for bro. L. D. Young yesterday, seemed in good spirits and did not appear to be laboring under any disease. Bro. Ross Bollen rose from his bed yesterday morning and had partially dressed himself when he seemed to have been taken suddenly and violently ill. His little girl who was in the room at the time, called for her mother. Bro. L. D. Young happening to be in the house, at this moment stepped into the deceased's room, and found him in a fainting condition, laid him on the bed and tried to relieve him; but in vain. The deceased breathed three or four times and then expired.

Wm. Ross Bollen was born on the 13th of June, 1808, in the Parish of New Haven, Suffolk Co., England. Was baptized into the Church of Jesus Christ of Latter-day Saints in Seacombe Cheshire, and was ordained an Elder the 15th day of Nov., 1849, by Elder Milo Andrus and Wm. Kent. He emigrated to this country on the 28th of March, 1853, arriving here Oct.

16th, 1853, and was ordained a High Priest under the hands of Elder Orson Spencer. He has resided in the 18th Ward for some twelve years, has always been a faithful member of the church, and was much respected by those who knew him. He leaves a wife and three children to mourn his loss.

INFORMATION WANTED.—Before Colonel Head, the late Superintendent of Indian Affairs, left this city to visit California, he arranged with brother J. S. Allen, of Dixie, to forward him specimens of the cactus plant, several varieties of which grow in the Southern part of the Territory.

Under date of October 31st, brother Allen wrote to the Colonel that he had sent them up by a Mr. Hoyt. The letter was sent to the Colonel in California, and the plants doubtless also reached the city while he was absent. He is desirous to learn something about them, as the probability is that the Mr. Hoyt referred to has left them with some of his friends. Any information respecting them will be a favor to Colonel Head. It can be left at this office.

SENTENCED TO DEATH.—The Grand Jury of Weber county, having found a true bill against Gus. Sprouse, for the shooting of Martin Earl, at Uintah on the 15th of last October, his trial commenced at Ogden last Thursday morning in the Probate Court, before his Honor Judge F. D. Richards. After a careful hearing, the jury returned a verdict, on Saturday night, of murder in the first degree. The counsel for the prisoner then made a motion for a new trial, but the arguments adduced being deemed insufficient, Judge Richards yesterday sentenced Sprouse to be shot at Ogden on the 14th of January next.

The circumstances of the murder are these: The two men had been gambling, and a dispute arose between them about "the drinks" when Sprouse slapped the other in the face. On this both men ran out of the tent, Sprouse firing his pistol as they went, and in a few moments he again fired, the ball striking the deceased in the forehead whence it passed downwards and came out below his ear. Earl lived about three hours after he was shot. Sprouse immediately left for the East, but did not get further than Laramie, when he was turned back and held for trial.

GLASGOW.—Through a letter from Elder H. C. Jacobs, dated Glasgow, December 2, we learn that Elders H. G. Park, Lot Smith, W. Douglass and himself were enjoying excellent health and were actively engaged in spreading the principles of the gospel. The Saints in that part are alive in the work of God, and in no wise influenced by schisms or apostasy.

HUGH MCKENZIE.—A brother of the name of McKenzie, (his christian name is supposed to be Hugh) who emigrated from the Glasgow Conference last January, is requested to call at this office, as we have at letter regarding his family that we are desirous he should read.

TRACK LAYING RESUMED.—As a result of the arrival of so much railroad iron at Farmington, and the assurance that plenty more is not far behind, John W. Young, Esq., resumed track laying on the Utah Central yesterday. We believe that sufficient iron is now within reach to complete the line to the terminus in this city, and see no reason to fear that the track layers will be again stopped for want of material.

F. R. SOCIETY.—The Female Relief Society of the 17th Ward held last evening the second of two social parties which have been inaugurated for the purpose of raising funds for the relief of the poor of their ward. On last evening, the party was most agreeable and pleasant and was much enjoyed by those present. The dance was freely indulged in and the party broke up at an early hour.
