

CUBA DOESN'T ASK AMERICAN AID

Story She Had Tried to Borrow
Rapid Fire Guns Absolutely
Incorrect.

BANDERA'S DEATH HURTS.

Attitude of Havana Generally Loyal
—No General Rising of People
In Government's Defense.

Havana, Aug. 23.—(Post Sterling, secretary of the treasury, late tonight cleared up in a statement to the Associated Press a misleading statement made at the palace tonight to the effect that the Cuban government had asked the United States for eight rapid-fire guns manned by American artillerymen to be used in the suppression of the insurrection.

The facts are, according to the secretary, that the government has ordered from an American arms manufacturing company four rapid-fire guns, and that these pieces will be manned by former members of the artillery branch of the American army now here. If these guns prove to be effective four or more additional guns will be ordered, and it is expected that experienced gunners can be procured in the United States to man them. The United States has not been asked to do anything in the present crisis.

The subject of American intervention is not much discussed here and is regarded as a remote possibility, there being general confidence that the government will be able to restore order in a short time.

The killing of the insurrectionary leader, Gen. Quintin Bandera, today in an engagement between rural guards and a band of his followers is regarded as dealing the insurrection a heavy blow. The government is acting with energy in securing rural guards and volunteers against the Santa Clara rebels and dispatching 150 more men to defend Pinar del Rio against Pinar del Rio.

The capture of San Juan de Matanzas by Guerrero's band was not a great surprise, though it was not expected to occur so soon. The place was protected by a very small detachment of rural guards, while Guerrero's strength was much greater.

The taking of Pinar del Rio will be quite another matter, since there is that vicinity twice as many troops as the insurgent Pinar del Rio can muster. It is regarded as more than probable that the troops will take the offensive and if possible draw Guerrero into an open fight.

While government reinforcements are going forward Guerrero's following is not believed to have been greatly augmented by his occupancy of the two Vuelta Abajo towns.

Public opinion appears to vary according to locality from enthusiastic adherence to the government to open rebellion.

In this city the general attitude is one of loyalty. The opposition and independent newspapers discuss with analytical coldness the cry that if the government is not able to quell the insurrection within two months other forceful means must be employed for the restoration of peace. There are no ringing calls to arms. The moderate newspapers print with approval the resolution declaring adhesion to the government by their party organizations, but there has been nothing which could be fairly described as a general rising of the people in defense of the government.

The government has not made public the news of the capture of San Juan de Matanzas by Guerrero. The editor of the Post, which paper published an extra containing this news, was summoned before Gov. Nunez and censured for exciting the public by publishing sensational news unfavorable to the government. Gov. Nunez declared that he would recommend to President Palma the establishment of a censorship. The newspapers of Havana do not believe that President Palma will approve of such a movement, however, notwithstanding a constant flood of rumors, the newspapers have printed only facts, and usually those governmentally authenticated, although newspapers are chary of giving information.

Besides arming new recruits, the mayors of Havana and Cienfuegos are raising forces to guard the cities, and in some of the smaller towns a similar course is being pursued.

A fight in the southern part of Santa Clara province is expected to take place soon between insurgents and Cienfuegos volunteers.

The tobacco interests are extremely anxious that order be restored in the Vuelta Abajo district, in which San Luis and San Juan de Matanzas are situated, before the expiration of the period, now close at hand, in which the young plants must be transplanted from the seed beds to the fields. American tobacco exporters in that section have suffered no damage thus far. The owners of sugar and tobacco plantations are helping to organize volunteer forces for the defense of the government.

A company of Havana recruits exchanged shots today with a detachment of insurgents near Guines. One volunteer and a policeman were injured.

At Rojas and all three of the companies of artillery stationed in the Havana forts have been ordered to Pinar del Rio, the authorities considering that Havana is sufficiently guarded by rural guards and police and the new city guards.

President Palma will personally defray the expenses of Gen. Bandera's funeral. The members of the staff of Gen. Maximiliano Gomez in the last war for independence met today and resolved to offer their services at the funeral.

Pinar del Rio has sent threatening messages to the members of the Agrarian league, stating that he will place their plantations if they organize forces against the insurrectionists.

In consequence of Guerrero's threats against the Western railway, orders have been issued to permanently guard every railway bridge between Pinar del Rio and San Juan de Matanzas, and

TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells how Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter:—
Dear Mrs. Pinkham:—
"I have been a sufferer for the past eight years with a trouble which first originated from painful periods. So serious were the attacks, with inflammation and ulceration of the female organs. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. I feel that I am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I feel every suffering woman would read this letter and realize what you can do for her."—Mrs. Mary Dimmick, 59th and East Capitol Streets, Washington, D. C.

Her second letter:—
Dear Mrs. Pinkham:—
"You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I feel every suffering woman would read this letter and realize what you can do for her."—Mrs. Mary Dimmick, 59th and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life. Mrs. Pinkham has on file thousands of just such letters as the above, and offers ailing women helpful advice.

SENATOR DICK'S PROGRAM.

Favors Making Ohio State Platform in Committee of the Whole.

Akron, O., Aug. 23.—In an interview given last tonight, United States Senator Charles Dick, who is also chairman of the Republican state executive committee of Ohio, outlined his position with reference to the coming Republican state convention. Senator Dick declared in favor of the making of a platform by the convention in committee of the whole, in which all issues are to be debated, and without the intervention of a committee on resolutions. As to the issue of the endorsement of the two Ohio senators, Senator Dick said he was willing that two resolutions shall be presented to the convention, one endorsing and the other censuring the senators and the delegates choosing between them. The administration of President Roosevelt and the work of Congress, he says, will be heartily endorsed unanimously. Going further, the senator declares in favor of a change in the rules of the party organization, and suggests that the committee on rules bring in a rule providing for the election of the chairman of the state executive committee by the convention itself in the same manner that candidates for state offices are named.

TO DINE BRYAN.

He Accepts Invitation of the New York Press Club.

New York, Aug. 23.—At a meeting today of the executive committee which has charge of the reception to William J. Bryan it was announced that Harry W. Walker, chairman of the press committee, had received a letter from Mr. Bryan, mailed before he sailed from Gibraltar, accepting an invitation to dine with the newspaper men at the Waldorf-Astoria on the evening of Saturday, Sept. 1. In his letter Mr. Bryan said:—
"I am delighted to meet the boys of the press. I have not found any better newspaper men anywhere than our own."

Lewis Nixon gave out the program as at present arranged for the 30th. Mr. Bryan is to land at 4 p. m. at the battery, where he will be met by a small sub-committee and welcomed by Acting Mayor McGowan. Headed by a small police escort, Mr. Bryan will be driven up Broadway to Fifth street, thence to Fifth avenue and south to the Victoria hotel. In the first carriage with Mr. Bryan will be Acting Mayor McGowan, Gov. Folk of Missouri and William Hoke, president of the Commercial Travelers' Anti-Trust league, which started the movement for the reception.

At the hotel Mr. Bryan will be received by a delegation from the reception committee, consisting of five members from each state. At 7:45 Mr. Bryan will be escorted to the Garden and the meeting will begin at 8. After the meeting inside, Mr. Bryan will address an overflow meeting in Madison square.

PULLMAN TAXES RAISED.

Chicago, Aug. 23.—The board of review today added \$1,000,000 to the personal property valuation of the Pullman company. Last year the personal property valuation was fixed at \$2,525,730, but this year, on the contention that this is the home of the Pullman company, the additional property was placed on the list.

WOMAN'S NIGHTMARE

No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. RAILROADS SEE FLAMING NEW LIGHT

Having Taken Counsel of a Law Committee They Will Obey the Law.

SO DECLARE IN RESOLUTION.

Will Use Their Best Endeavors to Comply With Amended Interstate Commerce Act.

New York, Aug. 23.—S. F. Parrott, vice president of the Georgia Southern & Florida Railway company, who acted as chairman at a meeting in this city July 27 of executive officers, traffic officials and legal representatives of all the important rail and steamship lines operating to and from the territory south of the Potomac and Ohio rivers and east of the Mississippi river, today made an official statement regarding the object and action taken by the convention as follows:—
"The object of the meeting was primarily to consider the recent changes made in the act to regulate commerce, approved June 29, 1906. As those matters involved questions of law, the meeting determined to appoint a committee of attorneys, consisting of the general counsel of most of the companies represented at the meeting, and to refer to said law committee certain printed questions which had suggested themselves to the executive and traffic officials as requiring immediate consideration."

"The law committee held its sessions at Atlantic City on Aug. 14 to 15, 1906, inclusive, and took up the questions serially. Most of the questions related to the effect of the amendments made by the Hepburn bill, but a number of them related to the construction of the act prior to the passage of the Hepburn bill."

"At the conclusion of its meeting the law committee unanimously adopted the following resolution:—
"Resolved, That, now having answered to the best of our ability, with the lights before us and with our opportunities for consideration, the questions which have been submitted to us relating to the practical operations of the carriers, we commend this law to the fair and loyal observance of the carriers in a spirit of full and frank recognition of its spirit and purpose."

"On the 22d day of August, 1906, the convention of the executive and traffic officials reconvened at the Waldorf-Astoria hotel, when they received the report from the law committee above referred to and adopted the following resolution:—
"Resolved, That this convention return its thanks to the law committee for the labor bestowed by said committee upon the questions heretofore propounded to it by this convention, and that, aided by the advice contained in the report of said law committee, the executive and traffic officials here present will, in the administration of their respective duties, endeavor to comply to the fullest extent with all the provisions of the act to regulate commerce as amended June 29, 1906."

SOUTH CAROLINA MOB LYNCHES A YOUNG NEGRO.

Columbus, S. C., Aug. 23.—William Spain, a negro 21 years old, was shot to death by a mob near St. George, Dorchester county, this afternoon. This is the third lynching in South Carolina within 10 days.

E. L. Connor, manager of the Dorchester Lumber company's store at Radham, was notified by a negro that he saw another negro attempting to enter a window of his home and then run away into a near-by cane patch. Connor immediately started for his home, going through the cane field and suddenly came upon Spain and grappled with the negro, striking him a severe blow, breaking several bones in his hands. The negro finally freed himself and ran into woods near by. Connor notified his neighbors, and about two hours later Spain was captured and locked up in jail. Shortly afterward a posse of 40 or 50 men went to the sheriff and, securing the keys to the jail, took the negro to the house of Connor, where he 11-year-old daughter positively identified the negro as the one who had tried to climb through the window.

The mob then took the negro to a near-by oak tree, strung him up to a limb and fired about 500 shots into his body.

SPANISH CORONATION BOMB THROWING REPORT.

Madrid, Aug. 23.—The newspapers of this city print the report of the examining magistrate in the case of the coronation bomb throwing. The police maintain the charges against Senor Ferrer, director of the modern school of Barcelona, and Nakins, who assisted in the act of the Morales. To persons who suffered damage to property by the explosion the magistrate awards \$350 damages.

The report of the magistrate adds that by the explosion 25 persons were killed and 166 wounded, of which latter number 14 are still convalescing. The report says that evidence proves that Morales sent bombs from Barcelona to Paris to be used in an attempt on the life of King Alfonso, while he was in the latter city.

THE MANCHURIA

Believed to be Safe from Destruction For Months.
Honolulu, Aug. 23, 1906 p. m.—The wrecked steamer Manchuria, heavily anchored against any further drift inshore, is believed to be safe from destruction for months, unless in case of storm. The steamer's bottom being deeply embedded in the reef involves the grave possibility of her breaking up quickly during a northerly storm, expected soon at this time of the year.

Capt. Saunders and the agents of the Pacific Mail company are, however, sanguine of being able to save the steamer.
