FAMILY CURED OF SKIN TROUBLES

Two Little Girls had Eczema Very Badly—In One Case Child's Hair Came Out and Left Bare Patches—Father's Head Sore from Childhood—In All Three Cases

CUTICURA MET WITH ITS USUAL SUCCESS

"I have two little girls who have been troubled very badly with eczema. One of them had it on her lower limbs. I did everything that I could hear of for her, but it did not give in until warm weather when it seemingly subsided. The next winter when it became cold weather the eczema started again and also in her head where it would take the hair out and leave bare patches as large as a quarter of a dollar. At the same time her arms were sore the whole length of them. I took her to a physician and he said that she had two distinct types of eczema. I continued with him for several weeks and the child grew worse all of the time. Her sister's arms were also affected in the same way. My husband came home one day with a box of Cuticura Ointment and a cake of Cuticura Soap. I began using them and also the Cuticura Pills and by the time the second lot was used their skin was soft and smooth as it had not been before for the winter. We kept the Cuticura Soap and Cuticura Ointment constantly by us and when any little roughness or irritation appears on their skin I quickly dispel it with the Cuticura Remedies. My husband has used the Cuticura Remedies with most satisfactory results for a sore head which has troubled him from childhood. Mrs. Charles Baker, Albion, Me., Sept. 21, 1908."

Cuticura Ointment is one of the most successful remedies for torturing, disfiguring humors of the skin and scalp, including loss of hair of infants, children and adults, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed by mild doses of Cuticura Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning and scaly humors, eczema, irritations and inflammations, permit rest and sleep and point to a speedy cure when all else fails.

Cuticura Soap (25c), Ointment (50c), Resolvent Pills (50c) and Chocolate Castles (25c) are sold throughout the world. Potter Drug & Chem. Corp., Boston, U.S.A. Mailed Free, Cuticura Book on Skin Diseases.

The petition of the Salt Lake Valley Channeling company and others for the extension of the water mains on Second street was referred to the special water committee.

In a lengthy communication to the council J. W. E. Volker of the board of park commissioners and in which the other members concurred, an additional appropriation of \$5,000 to be used in beautifying the parks during the coming summer was asked for. The commission set forth that the \$5,000 ap-

propriated by the council in the early part of the year was hardly sufficient to pay the expenses of the commission, \$4,235 being the amount needed. The communication stated that the commissioners desire to finish the fountain on the City Hall square and complete other improvements in the city's parks before the G. A. R. encampment, which would bring thousands of visitors to the city.
