HAROLD GOT A DOLLAR.

Telephone Boy on Mining Exchange Wins Bet From Harry Joseph.

"Bulls" and 'bears" are the only animals who make the stock exchanges their stamping grounds as a rule but yesterday in the local mining stock exthange saw others prancing around. Harry Joseph, of course, started it and it cost him a dollar. This is the story.

AT CENERAL STORES P. C. TOMSON & CO., Manufacturers, Philadelphia, Pa.

Harold Teasdale the little "telephone app" on the exchange was sitting quietly in a chair waiting for the afternoon call to open when Mr. Joseph came in with the early brokers. Harry patted the youngster on the head and after chatting with him a second said, "Sonny, I'll bet a dollar you can't spell five words correctly if you'll bet a dollar you can."

The youngster took the bet, "They'll all be animals," said Harry, in a "have-you-any-messge-to-your-mother?" tone

of voice.

"All right," said the boy indifferently.

"Spell cat," answered Harry, winking to the brokers standing around.

It was so easy the boy looked as if he smelled a rat, no pun meant, but he spelled slowly, c-a-t-,

"Rat." The boy spelled it. "Horse," and he spelled that, likewise "cow."

"Hippopotamus" blurted Harry beginning to laugh.

"You lose!" shouted the brokers and Harry tossed the boy a dollar, "I thought hippopotamus would stick you," he said joining in the merriment.
"Gee, I could spell a whole menagerie full for a dollar," chuckled Harold as he pocketed the dollar.

GRAVITY MIXER.

Labor-saving Machine Being Used on The New Boston Block.

A contrivance new to this part of the world, but of undoubted utility and value has been set up on the site of the proposed Boston block opposite the Federal building. It is a gravity concrete mixer, which does away with the use of the power machine now so common here. It consists of two hoppers set in the top of a frame, with a larger hopper beneath, and a still larger bopper below that, each being provided with a gate. The apparatus is set with the upper hoppers on a level with the ground, so that cement, sand and small broken rock may be wheeled and dumped into them. The dumping of raw material is in the order named, the proper amount of water is run in, and then the gates are opened. The material truns by gravity into the second hopper, mixing itself as it runs. When let into the lower hopper the mixing is pretty complete, so that when it is run proposed Boston block opposite the pretty complete, so that when it is run into the wheelbarrows from the lowest hopper, the concrete is all made. The concrete is then distributed where dethe oncrete is all made. The concrete is then distributed where desired. The upper hoppers are emptied alternately, so that while one lot is going down, another is being got ready in the other, thus making the process of manufacture continuous. With the power mixers, as soon as the material has been dumped into the mixer, noth-

emptied, and then it takes an engine operate it,

FUNERAL OF MRS. TAYLOR.

Impressive Services Over Remains of Worthy Wife and Mother.

Impressive funeral services over the remains of the late Mary A. Taylor, wife of Stanley Taylor, were held at the family residence, 335 D street, yesterday afternoon. Bishop George Rommey conducted the exercises. Opening prayer was offered by Elder A. T. Christensen, and comforting words were spoken to the bereaved family by Elders David R. Lyon, Samuel W. Jenkinson, Levi W. Richards, Anton T. Christensen and Bishop Romney.

Music was furnished by a quartet composed of D. J. Watts, Alexander Crawford, Mary Romney Ross and Gertrude Romney, and Jennie Romney acting as accompanist. The selections rendered by the quartet were "I Need Thee Every Hour," "Nearer My God to Thee," and "Christians, Good Night," while Mary Romney Ross sang, "The Beautiful City," with chorus accompaniment. Benediction was pronounced by Elder D. J. Watts. Many beautiful offerings were placed on the casket. The remains were interred in the city cemetary, where A. T. Christensen dedicated the grave.

Mrs. Taylor was the mother of 12 children, six of whom preceded her to the grave. Those remaining are Stanley, Ernest, Florence, Ione, Della and Claire Taylor. nains of the late Mary A. Taylor, wife

Wrong Food Makes Invalids

Little Quirks and Ails are Nature's Mild Requests to Right Some Wrong

One must Heed the Complaint or

Pay the Penalty

Modern folks have discovered a way to recover-by proper

selection of food and drink.

Look carefully into the health of the individual who knows that "coffee don't hurt me" and you are almost sure to find some physical ail or functional disturbances-perhaps muddy complexion, weak eyes, incipient heart failure; kidney, liver or bowel disorders; or some form of weakness that shows plainly enough the cry for relief sent up from some organ of the body.

Dismissal of coffee and change to Postum brings relief and shows clearly that coffee hinders digestion. Failure in digestion means lack of good red blood and therefore a lack of food for the nerve centres. Removal of the cause will allow Nature to right herself, and Postum contains Phosphate of Potash, Albumen, etc., from the field grains which units to form the delicate gray matter of the nerves throughout the body.

Long-boiling (see directions on package) brings out the rich flavour and snappy coffee taste-free from the nerve-ratking drug-caffeine-in coffee

Camp D. A. Callahan at American Fork Named in Honor of Patron Of High School Athletics.

CADETS ALL WELL AGAIN.

Harry Week, Who Fainted From Exhaustion Completely Recovered -All Well With Cadets.

(Special to the "News.")

Camp D. A. Callahan, American Fork, June 14 .- The eadet encamp is a complete success. Harry Week of company C, who fainted away yes terday afternoon on the march between Lehi and American Fork, has c pletely recovered, as have also 10 other who dropped out on account of exhaustion. No one reported at sick cal this morning, although the weather is cold and the grass very wet.

FINISH THEIR MARCH. The cadets finished their long like from Sait Lake to American Fork at 12 o'clock, noon, yesterday. They were net at the camp by a detail of 12 me inder Lieut. Stephen Beesley. Thes men went to the camping ground Med went to the camping ground Wednesday morning and pitched tent for the battalion. Three cooks were also with them, and a fine meal was awaiting the tired and hungry cadet when they arrived in camp. By consulting the records of the mess officer it is learned that 50 pounds of roas beef, four bushels of potatices, more than 100 loaves of bread and 150 quarts of coffee disappeared at this sitting.

TWO NEW ORDERS. At 7 o'clock hast evening the cudets assembled for retreat parade, and Cap-ain West gave out the following ord-

ers:
Order No. 1—
"The cump will be known as Camp D. A. Callshan in hener of the man who has done so much for high school athletics."
Order No. 2.—
"No swimming will be allowed except on a pass issued by Captain West."
Cadets are not promitted to visit

Cadets are not permitted to visit American Fork without passes from proper authority.

AMERICAN FORK'S WELCOME AMERICAN FORK'S WELCOME

The cadets visited American Fork on the march, and were inet there by William Thornton, president, E. H. Stout, vice president, and J. W. Stoors, secretary of the Commercial club, who gave them a hearty welcome to the city. The boys marched to Main streets and halted in front of Chapman's store. They then countermarched to camp, and although they were very tired, they sang as they marched, "Hall, Hall, the Gang's all in."

PRETTY CAMP SITE.

Camp D. A. Callahan is situated on a very pretty spot on the timber grass lands, about a mile south of American Fork and a quarter of a mile from Utah lake. High snow capped hills are on the south, the beautiful lake stands out to the west, and a long expanse of fertile country stretch a northward, making the spot an ideal one for camping purposes. The people of American Fork put themselves out to make the boys comfortable. A large flowing well was cleaned out fr water, and some last year's straw stacks furnish material for making the boys' bed sacks. One of the nearby fields was moved for athletic events.

Last evening from 7 o'clock until taps sounded the cadets swarmed into American Fork and captured the town. They were given a hearty welcome by the inhabitants of that hospitable place. Camp D. A. Callahan is situated on a

Another order was issued from head marters this morning, prohibiting moking on the grounds.
Four squads under Capt. Moreton went to the San Pedro depot this morning and brought a cannon up to camp.

ATHLETIC EVENTS TODAY. This afternoon a baseball game will played between company A and mpany B, another between company and the band, and a third between the bugle corps and company C.

There will also be a tugof war and a three-legged race, and 100 yars relay

Reveille sounds every morning at 5:45; first mess at 6:30 a.m.; noon mess at 12 o'clock; evening mess comes at 6 p. m., and taps are sounded at 10.

The boys are all in high spirits and the encampment promises to be successful in every way. The military discipline and humble fare is bringing the manly qualities of the cadets to the fore, and the boys are coming through the ordeal in first class shape.

BILL ANTHONY'S WIDOW.

She Marries State Treasurer - Julius Hauser of New York.

Hauser of New York.

New York, June 14.—It was learned today that Mrs. Adella M. Anthony, of Penn Yan, N. Y., who was married to State Treasurer Julius Hauser Wednesday night is the widow of William Anthony, the former marine of the U. S. batieship Malne, whose coolness and devotion to duty attracted so much attention when his ship was blown up in Havana harbor.

Anthony was married to Miss Adelia Blanceti soon after his return from Cuba, but when adversity came, Mrs. Anthony was compelled to go to the home of her parents. Anthony soon after committed suicide in Central park here. Mrs. Anthony secured a position in the pension bureau at Washington, and it was there that Mr. Hauser met her.
