MOB LAW.

Acquiring Office by a Novel Plan.

DENVER, Feb. 2.—Pagosa Springs, the county seat of Archuleta County, formerly Conejos County, is in a state of anarchy. A mob has driven the County Commissioner from the town, burned several houses of Commissioner Scase, and forced him to resign at the point of a revolver.

A special from there says: J. B. Martinez, J. B. Archuleta and Mr. Scase, Republican county commissioners, were on January 3d unseated by the Democratic sheriff, named Haight. The act was perpetrated with political intent and the mob which followed the Sheriff, after having accomplished the act of intimidation, burned the house of Mr. Scose at Pagosa Springs. This last act was committed on Monday during the absence of Mr. Scase in Denver. Last November the above named commissioners were elected by Republican votes. At the same time a Democrat named Haight was elected Sheriff. There was

GREAT FEELING

at the polls, but the preponderating Mexican vote assured Martinez, Archuita and Scase of their triumph over the attacks of their antagonists. They were Mexicans and this, too, added strength to the bitterness prevalent. The feeling increased instead of diminishing as the time of their induction into office approached and on January third, at the county seat, the time for their official appearance, an armed mob of fifteen or twent determined men, led by Sheriff Haight, forced their way into the room where the commissioners were seated and demanded of them that they vacate their seats. The Sheriff insisted that their resignations be made at once, else there would be bloodshed. The commissioners mistaking the temper of the mob refused, under the impression that the demonstration was nothing more than bluster, but the mob intent on their purpose took

FORCIBLE POSSESSION

of the commissioners, and with more threats locked them in a room, declaring it to be their purpose to starve them into submission. At the time of the forcible entry the member Martinez left the room and escaped from the building. A delegation overtook him and forcibly dragged him to the court house and locked him up with his companions. Finally, at the expiration of five or six hours, the mob permitted their prisoners to go, but the concession secured to be for a purpose. As soon as the three Commissioners separated, the mob, with the sheriff still at their head, followed Commissioner Scase to his home. Scase was the proprietor of the hotel at Pagosa Springs, and it was here that he resided. The mob surrounded the hotel, and taking Scase again in custody, he was dragged forth from the midst of his family and with a gun barrel at his head

COMPELLED TO RESIGN

his office as commissioner. The resignation so obtained was at once forwarded to Governor Adams and instructions sent with it that he appoint at once a Democrat in the place of Scase. Since that time the board has not met, no laws have been enforced and a condition of things bordering on anarchy has prevailed. The commissioners have not been permitted to set foot in the county since the day they were warned at the peril of their lives not to return. In fact, it was dangerous to remain in the vicinity, and so they started at once to Denver, not only for protection, but to lay their grievances before their representatives in the Legislature and the Governor.

The Governor is doing all in his power to secure a peaceful settlement of the trouble.

The matter was brought before the General Assembly to-day, and a joint committee appointed to investigate the affair at once.

German Gossip.

BERLIN, Feb. 2.—Minister Von Hoffman, Secretary of State for Alsace-Lorraine, in an address to the Alsace National Committee, contends that the vast majority of the population of Alsace-Lorraine do not desire France to go to war for the reconquest of these provinces. He urges the people of Alsace-Lorraine to elect members of the Reichstag who will show that those are their sentiments. He says such an expression of their feelings would make a profound impression upon France.

The Hungarian workingmen have issued an appeal for a subscription to defray the expenses of the German Socialists' election campaign.

The *Metz Zeitung* says four regiments of infantry are about to be sent to reinforce the garrison stationed at Metz.

Thirteen Alsace-Lorraine members of the last Reichstag have issued a manifesto in which they say if re-elected they will vote against the septenate.

In all the theatres in Berlin extensive preparations are being made for a special performance in honor of Emperor William's birthday.

The *National Gazette* states that Herbett, the French Embassador to Germany, in a recent interview with Bismarck, tried to reassure the Chancellor regarding General Boulanger's intention and position.

Herr Schutzenberger, the famous Strasburg brewer, is dead.

Steamer Ashore.

SANDY HOOK, Feb. 2.—At 8 o'clock the patrol from Monmouth Beach Life Saving Station No. 4, found a large steamer ashore a mile below the station. She had passengers on board and they were screaming. When the life-saving crew reached the place she had gone aground about half a mile off the shore, and it is thought she is leaking. The weather is very thick. There is a very heavy sea on, and it is raining. At first the wind was blowing with a velocity of 25 miles, but it has moderated.

The point of the supposed wreck is at least ten miles south of this station. The weather, which has been foggy all night, is still thick but with some indications of clearing off, when it is thought signs may be observed which will give more definite information as to the reported disaster. There is no possibility at this hour (8 a.m., Feb. 3) of communicating with the life-saving stations between here and the point where the steamer is supposed to be ashore.

THE SENATORIAL SQUABBLE.

Details of Turpie's Election.

INDIANAPOLIS, Feb. 2.—During the call of the roll Representative Robinson rose and made a statement of the agreement entered into by himself and Gates, Glover and Mackey to secure the election of Allen. He added he was now convinced it was hopeless to endeavor to elect as Senator any man not a member of one or other of the two great parties, and as his constituents were urgent in their demands, he had decided to cast his ballot for David Turpie.

This announcement was greeted with wild cheers by the Democrats.

Gates, Glover and Mackey, Republican Labor members, then made brief explanations and cast three votes for Harrison, the vote standing—Turpie 76, Harrison 74.

In the Senate, Turpie received 23 and Harrison 18.

In the House, Turpie 54, Harrison 56.

Immediately on the termination of the call of the House roll, Speaker Sayre announced there was

NO ELECTION

and passed the figures to President Smith of the Senate, whose privilege it is under the agreement to announce the total vote, and he at once called out that David Turpie had been elected Senator of the United States to serve six years from the fourth of March next.

Sayre declared Smith a usurper and said he had no right to make such an announcement as president of the joint convention, but the Speaker's remarks were unheeded and the announcement made as above.

All protests against the votes of members as recorded on the day the joint balloting began under the compromise agreement apply to the ballot taken to-day.

After the announcement of the vote, Gardner, (Republican) moved that the joint convention adjourn until noon to-morrow. It was carried.

It is understood, although not authoratively, that the joint convention will meet to-morrow and cast their ballots for Harrison, thus making up a formal case for presentation to the United States Senate.

NEW JERSEY.

TRENTON, N. J., Feb. 2.—At the joint meeting of the Legislature this noon 40 Democrats were present and all voted for Abbett for Senator.

Adjourned.

They Approve of It.

DENVER, February 2.—At a meeting of the executive committee of the Colorado Cattle Growers' Association held in Denver to-day the following resolution was unanimously adopted:

Resolved, That the safety of the cattle industry of America imperatively demands that the General Government shall adopt vigorous and prompt measures for the eradication of contagious bovine diseases. We earnestly commend every feature of the Miller bill for the extirpation of contagious cattle diseases, but believe that the Department of Agriculture, which has spent three years' time and a large amount of money in the investigation of bovipe diseases, should be charged with its execution.

Contagious Diseases.

DENVER, Colorado, Feb. 2. — The following resolution passed both houses of the General Assembly to-day:

Be it Resolved, That the Congress of the United States be and is hereby requested to pass such laws as will effectually extirpate all contagious diseases among live stock, by placing in the hands of competent agents of the general government full and complete power to act in all matters relating thereto, and that a sufficient appropriation be made of not less than $1,000,000 to pay all the necessary expenses of the same.

Trial Postponed.

ST. LOUIS, Feb. 2.—The trial of David Fotheringham, the Adams Express messenger of "Jim Cummings" train robbery fame, was to-day postponed till March, in order to give the defense time to prepare the depositions of Wittrock and Haight for submission as evidence, and to give the Supreme Court an opportunity to decide whether the convicts Wittrock and Haight can be removed from the penitentiary to testify in the case.

Important Telephone Case.

PHILADELPHIA, Feb. 2.—The telephone suit involving the right to erect and maintain long distance telephone wires between New York, Philadelphia and various large cities, was begun in the United States Circuit Court by bill in equity, filed this afternoon by the attorneys for the Books Telegraph Construction Company. The defendants are a part of the Bell Telephone syndicate and have organized a corporation which has recently opened offices in various cities. The prospectus issued by the defendant company says that the Telephone Exchange in New York, Brooklyn and adjacent cities is now being equipped for metallic service in connection with these lines, by which the Philadelphia business men will be placed in direct

SPEAKING COMMUNICATION

with any subscribers to the Telephone Exchange in New York and the surrounding villages in New York, New Jersey and Connecticut, numbering in all over 1,500 stations. Plaintiffs claim that they bought the exclusive right under the patent to use and make metallic circuits throughout the United States for the term of 17 years from February, 1886; that they have expended large sums of money in perfecting the system, but that the defendants are violating this exclusive right. It is claimed that the application of long distance telephone to modern purposes, renders the prospective value in the ownership of the metallic circuits to be contested in the courts, second only to that of the telephone itself.

A. W. U. Purchase.

NEW YORK, Feb. 2.—The Southern Telegraph Company, which was sold under foreclosure proceedings at Richmond, Virginia, on Tuesday, was bought in in the interest of the Western Union Telegraph Company, which has owned the majority of the bonds for nearly a year.

Not Serious.

PARIS, Feb. 2.—The *Temps* refuses to regard as serious the attacks of the German papers upon France. It says they are due to the electoral game which will be the triumph of Imperialism or Parliamentism.

The Soudan Trouble.

ROME, Feb. 2.—It transpires that the fighting at Saati, near Massowah, January 25th and 26th, concerning which Signor Depretis made a statement in the Chamber of Deputies yesterday, was not between the Italians acting in conjunction with the Abyssinians against the Arabs, but between the Italians and Abyssinians. The newspapers this morning, commenting on the situation, urge calmness in dealing with the matter. They say there is no question of a war with Abyssinia, but the only question is that of the defense of Massowah.

The Opposition press denounce Count de Robitant, Foreign Minister, and Signor Ricotti, Minister of War, for the recent statements they made, reassuring the public concerning the situation at Massowah.

Eight hundred troops embarked at Naples to-day for Massowah to reinforce the Italian army there. A second detachment will be sent Monday.

The Boycott.

CHICAGO, Feb. 2.—District Assembly 24 Knights of Labor to-night resolved to endorse the action of the joint executive committee and of the three district assemblies of this city, boycotting Armour & Co. and the 265 local butchers and grocers who are buying goods from that firm. The meeting decided that these firms be notified by special committee that they will be boycotted if they continue to handle Armour's products.

A "Loan" Talk.

PARIS, Feb. 2.—Elize and the Royal party were connected by telephone, and President Greyf and King Leopold conversed over the wire.

BRUSSELS, Feb. 2.—The Queen, this evening, heard by telephone the rendition of "Faust" at the Paris Opera House.

Merchantmen Ordered.

HAMBURG, Feb., 2.—An American Company has ordered two steamers from Armstrongs of Newcastle. The vessels are intended for the West Indian and Mexican line.

The Queen at a Play.

LONDON, Feb. 2.—The Queen attended a dramatic performance at Osborne to-day, the first time she has been at a play since the death of Prince Albert. The performance took place in the Council Chamber, the play being "Sweethearts," Mr. and Mrs. Kendall in the leading roles. The audience included Princess Beatrice, Prince Henry of Battenberg, Princess Frederica of Hanover and thirty court attendants.

A Social Party.

LONDON, Feb. 2.—Sir Wm. Vernon Harcourt invited Gladstone to meet Lord Hartington and Lord Randolph Churchill at dinner at his house Saturday. Lord Hartington sends an excuse. The presence of Gladstone is doubtful. The invitation caused a sensation. It is rumored that Harcourt is trying to effect a temporary coalition in order to attack the government's war expenditures. The dinner will be purely social, without political import.

Fire.

NEW YORK, Feb. 2.—2:45 a. m.—Advices have just been received that a large fire is in progress in the House of Refuge at Rochester, N. Y. Particulars are expected soon.

Rochester, N. Y., Feb. 2.—A fire broke out in the steam laundry connected with the female department of the State Industrial Home at 1 a. m., and spread like wildfire throughout the building, which is a fine structure four stories in height. The inmates were all rescued. The loss will reach $60,000. No insurance.

Church's Temporal Power.

LONDON, Feb. 2.—A dispatch from Rome says a consistory will be held on the 7th of March, though the allocution will affirm with increased emphasis the principle of the temporal power of the church.

Will Not Go.

NEW YORK, Feb. 2.—Dr. McGlynn commenced his reply to Rome to-day. He did this at the suggestion of Cardinal Gibbon. It seems to be understood that Dr. McGlynn will not go to Rome.

Bank Suspended.

CALCUTTA, Feb. 2.—The Sinia Bank has suspended. Arrangements for voluntary liquidation have been made. It is expected the depositors will be paid in full.

Points from Egypt.

CAIRO, Feb. 2.—Henry M. Stanley, who will leave here Thursday for Zanzibar, will be accompanied by eighty negroes. The total force of his expedition for the relief of Emin Bey will be 1,200 men. He does not expect any opposition.

The government has raised the blockade of the Soudan, and commerce with that region has been reopened.

Edgar Vincent has visited and inspected the Egyptian petroleum works and makes a favorable report about them.

She is Indignant.

PITTSBURG, Pa., Feb. 2.—Mrs. John Arthurs, aunt of Mrs. Spies, *nee* Miss Van Zandt, was visited by a reporter at her residence in Oakland this morning. She appeared very much distressed and was loth to believe the report. "I can hardly believe," said Mrs. Arthurs, "that the law will permit this infamous marriage to stand. If it should be decided binding, Nina's life will be wrecked." In conclusion Mrs. Arthurs said: Since this unenviable notoriety has been thrust upon us, I have been deluged with letters from all parts of the country soliciting money and tendering kindly advice in regard to the distribution of my wealth in the event of my death."

Press Opinions.

VIENNA, Jan. 2. — The majority of newspapers here praise France for the soberness with which she treats Germany's alarm, and express impatience at what they term Bismarck's wanton provocation.

The *Neue freie Presse* exhorts France not to fall into the trap that has been set for her, but to keep Bismark to his word which binds him before the world.

The *Tagblatt* says it is dangerous to other countries also, for one man to have the power to make war without full reasons.

The official press is more reserved, but expresses faith in Germany's prudence and love of peace.

It is rumored that by reason of the fact that French orders have been sent to a factory at Steyr, the Government will prohibit the exportation of arms and war material.

Talk on Coast Defenses Getting Earnest.

By Telegraph to the NEWS.]

Senate.

WASHINGTON, Feb. 2.—The Senate began at one o'clock this afternoon an important debate based on the statement by Allison as to the probable receipts and expenditures of the government for the next fiscal year. Allison showed by figures that there would be a very small surplus, if any.

Platt took up the question of coast defenses and argued that Congress would be derelict to its clearest and most imperative duties if it adjourned without making liberal appropriations for fortifications, guns and ships.

A message was presented from the President with a communication from the Secretary of State transmitting Lieut. Shultz's report in regard to his distributing testimonials of appreciation to those who assisted in the preservation of the survivors of the *Jeannette* expedition. The President says the report is interesting alike to the people of the United States and the subjects of Russia, and will be gratifying to all who appreciate the generous

HUMANE ACTION

of Congress in providing for the testimonials. Ordered printed.

The request from the House of Representatives for an engrossed copy of the last bill to forfeit certain lands of the Northern Pacific was ordered to be complied with.

After some discussion as to the constitutionality of the measure, the Senate passed a special appropriation of $10,000 for special distribution of seeds in the drought-stricken section of Texas.

The Senate resumed consideration of the sundry civil bill.

Allison, from the committee on appropriations said: "The estimates for the next fiscal year are $385,000,000. Judging from the estimates made last year and from the receipts up to the 1st of January last, the receipts for the next year, including the estimated postal revenue, will be $410,000,000, making a surplus of $15,000,000. If Congress should deem it necessary to expend a larger sum than five millions for

COAST DEFENSES,

that a larger sum would increase the estimates beyond $395,000,000, and if we should appropriate more than $20,000,000 for the navy that ever-appropriation must be added."

Beck thought the Senator from Iowa (Allison), was mistaken in his estimates of the expenditures. He thought he could show that the surplus revenue this year would be nearer $90,000,000 than $15,000,000.

Mitchell, of Oregon, offered an amendment appropriating $60,000 for a lighthouse at Cape Meares, Oregon. Agreed to.

The bill was then reported from the committee of the whole to the Senate.

The general appropriation for the survey of public lands was increased from $50,000 to $75,000 and the bill was then passed.

Dawes reported the Indian appropriation bill and gave notice that he would ask that it be taken up to-morrow.

Teller called up the Senate bill providing for a military post near Denver, Colorado, (passed by the Senate and amended by the House) and moved that the House amendments be concurred in. Carried. [The bill passed appropriates $10,000.

The Senate passed the bill authorizing the removal of the quarantine station from Ship Island, Mississippi. [It appropriates $45,000.]

Adjourned.

House.

WASHINGTON, Feb. 2.—In the House, Taulbee, of Kentucky, as a privileged question, called up the message of the President vetoing the bill granting a pension to Carter W. Tiller. The pension was granted on the ground that Tiller was a dependent father of a soldier who died in Andersonville prison. The veto is based on the President's belief that Tiller is neither deserving nor dependent.

Springer, of Illinois, raised the question of consideration, but the House decided (yeas 153 nays 108) to consider the pension case.

After debate, the House refused to pass the bill over the veto—yeas 136, nays 115, not the constitutional two-thirds in the affirmative.

Norwood, of Georgia, from the committee on naval affairs, reported a joint resolution authorizing the Secretary of the Navy to re-advertise for bids for the construction of cruiser No. 1, and to contract for its construction for any sum which together with the cost of equipment, not including armament, shall not exceed $1,300,000. Committee of the whole.

McAdoo, of New Jersey, introduced a bill to provide for the manufacture by Americans, of first-class modern guns for the

NAVY AND SEA-COAST

defenses. Referred to the committee on military affairs. [The bill appropriates $20,000,000.]

Oates of Alabama, of the committee on revision of laws, called up in the morning hour the bill to prohibit the appointment of congressional committees to attend funerals at the public expense outside of the District of Columbia and also to prohibit the draping of public buildings in mourning, except upon the order of the President.

On motion of Hammond the bill was laid upon the table—119 to 46.

The House then went into committee of the whole on the pleuro-pneumonia bill.

Warner, of Ohio, offered an amendment limiting to sixty the number of persons who may be employed at one time to carry out the act. Agreed to.

Cutcheon, of Michigan, offered an amendment providing that the experts to be appointed, shall be appointed under the civil service rules. This was voted down, but Cutcheon raised the point of no quorum, and the committee rose and the House adjourned.
