joint building to correspond with the work already done in the court rooms A number of Councilmen and offices. have been seen with reference to having the city's side of the building done at the same time and the probabilities are the city and county will join hands on this portion of the work. Mr. Robert Preston, a retired English

capitalist, who has for some time made his home in this city, has purchased the

residence of Mr. and Mrs. J. D. Spen-cer on State strest, just inside the Eagle Gate. The size of the land is 3½x13 rods, and the consideration was \$7,750. The transaction was made through Mr. Byron Groo, a friend of Mr. Preston. Mr. and Mrs. Sponcer will move about March 1st, occupying the old Tuttle homestead, on Pirst South between Fourth and Fifth East.

The Houston Investment company The Houston Investment company contemplate erecting a building on the east side of East Temple street near the center of the block, between First and Second South, on property recent-ly leased for ninety-hine years from W. H. Spafford, The plans, which are in the hands of Architect Ware, pro-vide for a structure 41x160 feet, with stores on the ground floor and offices on, the second. Work will commence March 1st. The building will cost \$15,-000.

The telephone company has received 4, 209 feet of underground cable with capacity for 101 pairs of wire, and 8,435 feet of overhead cable with capacity for 50 pairs of wire. The weight of this consignment was enormous, the freight charges approaching \$1,600. The underground cable will be laid on State street to Third South to enfold all the wires going south on First East and east on Third South streets. The cables will be put into use at once.

Tim Murphy, an old miner, who has operated for thirty years in Eureka, died at the Holy Cross hospital yester-day, after suffering for three months from cancer of the stomach. In the month of October he was operated up-on at the Keogh-Hosmer hospital, but the doctor declared at that time that the doctor deciared at that time that the man could not possibly recover. His brother, J. S. Murphy, was at his bed-side when he expired. Another brother, John D. Murphy, left Cripple Creek this morning and is expected to arrive here in the morning, and the funcral will take place tomorrow afternoon.

The committee of ladies who are at-tending to the arrangements for the St. Mark's charity ball, met this af-ternoon at the Knutsford and discussed general details of the affair, after which a list of names was made out of those who will solicit subscriptions for the ball. The subscription to be called for includes besides money the necessary articles in the way of food, which will make up the refreshments for the evening. The committees will report on Monday, the 9th, at 2 o'clock in the Knutsford parlors.

Fremount County Journal: President Rigby has just returned from an ex-tended trip through Utah, accompanied by H. J. Jacobs. They are here tem-porarily to more fully complete ar-rangements for immigration into the Snake River valley. They are not rep-resenting any land syndicate or mo-nordic to this matter but using sucrenopoly in this matter, but using every means within their reach to obtain settlers from the overcrowded citles in Utah. The canvas has been mostly in Weber county. They feel hopeful as to the results of their labors. Their intention is to travel throughout the State of Utah.

Albert De Shozo, a deserter from the Eleventh cavalry, has been captured at Kaysville by a deputy sheriff at that place. De Shozo enlisted at Fort Douglas last August expecting to go to the Philippines. He was assigned to the Eleventh cavalry then at the Pre-ride. De Shozo end others score after sidio. De Shozo and others soon after arriving at the Presidio, got in a row with an officious "non-com." and ran away. His captor will receive \$30 when he is turned over to the authorities at the Fort, as that is the reward the government offers for the capture of deserters. It is also reported at the Fort that Fred Peterson, a young man who enlisted here last September, has deserted. He was among the unas-

The tenants of the Templeton building and the students of the Latter-day Saints' college were put to considerable trouble today on account of the dis-abled condition of the elevator. The "lift" has been manifesting fatigue for several days past, and the manage-ment of the building deemed it unsafe to run it until it had been thoroughly over-hauled, a task that is now being expeditiously carried on.

The thirty-fourth birthday of the Mt. Mortah lodge, A. F. and A.M., was cele brated last evening at the Masonic hall. There were 250 guests present, and an excellent program was given, including an address by Judge R. N. Baskin, se-lections by the Theater orchestra, under the direction of Prof. Willard Weihe, and vocal numbers by Mrs. Wetzel and Mrs. Gerrans. An elegant supper was served in the armory.

John C. Sharp Talks on the Wool Outlook-Has Sold 32,000 Fleeces of This Year's Crop.

John C. Sharo, the well known sheep man and capitalist, has returned home from the Pacific coast whither he and Mrs. Sharp went recently on a pleasure and recreation trip. Mr. Sharp talked "News" man today of the sheep to a outlook and the condition of the winter The latter, he says, are very ranges. good so far as "browsing" is concerned. The lack of snow, however, has militated considerably against sheep thriving as well as they would have done had there been a more plentiful down-fall of it. There has, says Mr. Sharp, been little real suffering up to date, but unless snow falls on the desert soon there may be both suffering and loss as the limit has about been reached. Suffering has been averted thus far by driving the flocks higher and higher in to the desert mountains, where they have been able to get the snow that satiates their thirst. A plentiful sup-ply of snow just now would permit the herds to be diven to lower levels to remain until driven back to the water

mountains skirting the spring and summer ranges. The Utah wool crop this year will, in the opinion of Mr. Sharp, be very heavy, and high prices will prevail. Much of the clip has already been disposed of That is true with Mr. Sharp who has sold all of his clip for this year, comprising 32,000 fleeces. The price hovers closely about 20 cents. Each sheep is expected to yield no les than six pounds, so it will be readily seen that Mr. Sharp's profits will be very substantial.

COUNTY BOARD MATTERS.

The board of county commissioners held two meetings yesterday, one in the morning and another in the afternoon. At the former session routine business only was attended to. At the afternoon meeting the following business was transacted: Stephen Hays, in a communication addressed to the board, represented that he and John Fielding, his partner, had donated to the county a site for a jail in the town of Bingham. and that as the place was now removed to another part of the county he asked that the old site be deeded back to him

and Mr. Fielding. The matter was laid over for two weeks. William speed claimed to be the

owner of the row of houses on west Fighth South street on which he had been unable to collect the rents or leas them, owing to their being quarantined. He asked to be reimbursed for the amount he was out. Referred to committee on pauper and infirmary.

Pauper Clerk Sabine reported the disbursement of \$229.40 from the pauper contingent fund. The report was ap-proved, and an additional \$250 was ap-propriated to the fund.

Drs. Hughes and King sent in claims aggregating \$92, which they said was due them on account of expert testinony given in the Mills murder case. The claims were allowed.

The county clerk of Juab sent in a claim of his county for one half the county tax collected for 1899 upon live stock. The value of the stock w/ placed at \$40,870. Referred to Treasurer Lynch.

comment and the second AMUSEMENTS.

The Theater was fairly well filled last night on the occasion of the benefit to Mr. John Gallacher. It is likely, however, that the receipts were much larger than the size of the house indicated, as many business men, friends of Mr. Gallacher, are said to have purchased from five to ten tickets. The program, though short, was an entertaining one and gave much pleasure to those who attended. The main achievements of the night were rendered by the Harmony Glee club, Mr. Ensign the bari-tone, who rendered a new charming love song by Prof. Daynes, "The Sea-sons;" tenor solo by Mr. Fred Gra-ham, which was heartily encored, barltone solo by Mr. Robinson, contralto solo by Miss Mabel Cooper, the planela solo by Prof. J. J. Daynes, duet by Messrs, Ashworth and Robinson, and cornet solo by Mr. Christensen, which was excellently rendered and strongly encored. Mrs. Edwards being absent the duet was not rendered, but Miss Margie Webber sang in sweet style "The Danube River" instead. The reci-tation by Mr. Cahety, which a morning paper says was "enjoyed," was not rendered.

The decided frost of last evening crept into the Grand and left a thick coating over the house. The company sailing under the name of "McCarthy's Mishaps" belongs strictly in the class known as the James Crow variety, and about the first man to find it out last night was Mr. Mulvey; the manager of the company was considerably astonished when the curtain went down to be called into the box office and notified that the two remaining nights of the engagement were cancelled. The house will therefore be dark tonight and tomorrow night, but Thursday night it will doubtless be crowded to its capacity by the Morrison's Faust company.

At the Theater tonight the famous play of "Sowing the Wind" will be rendered by a New York company under the management of Julius Cahn, Maude Edna Hall is the leading lady.

Said a friend of the institution today: 'It seems a sad commentary on th state of philanthropy existing in Salt Lake that with so many in need of helping hands to save them from lives of shame and misery, and noble who are willing to make an effort in their behalf, there should be anything in the way of obstacles outside the personal side of the task, to keep them from carrying out their laudable object. It is sincerely to be hoped that before the meeting shall take place tomorrow something may transpire to keep the enterprise alive and practically active in the good work.

Do You Want a Calendar?

The biggest-and best-calendar ever ssued by any American railroad is now being distributed by the Burlington Route It has twelve sheets, one for each

month of the year. On each sheet is a striking illustration of some feature the Burlington's service or of the territory reached by its lines-the government fast mail running at full speed; a tourist car on its way to California; engine 1591, the largest passenger engine in the world; a library car; a compartment sleeper: the Burlington tion at Omaha; a dining car; a monster freight train; Estes Park, Colo.; the plunge bath at Hot Springs, S. D., Yellowstone Falls, etc.

The drawings from which the pictures were made are by Louis Braunhold, of Chicago, and cost several hundred dollars.

The size of the calendar is 22x28. The dates are in big type which can be read at a distance of 50 feet. For business offices the Burlington calendar is simply invaluable.

Purchased in large quantities, the calendars cost the Burlington Route 27 cents aplece. With postage, packing, etc., they represent an investment of about 35 cents. Our price is 25 cents-10 cents less than cost. Write for one; stamps will do. If it is not satisfac-tory, send it back and your money will be promptly refunded.
