SHIPPING HIGH GRADE.

-12%

Prince Consolidated is Sending Find Ore to Smelter.

The Prince Consolidated will market at least three cars of high grads on this month, which will net the company. This month, which will net the company, it is said, approximately \$4,000 a car. Two cars have been shipped, the third will go out in a few days, and it is just possible that the fourth will be closed before September will have come to a close. This ore has come prac-tically, all from deviations the fin ically all from development on the 495 Supt. Lloyd started two raises in ore

this week from the 550 level; at the same time continuing work in the winze. This wings is now down alwinze. This winze is now most 50 feet, which brings the deepest workings in the Prince Consolidated at workings in the bottom some exception feet. In the bottom some exception is showing 600 feet. In the bottom some excep-tionally fine high grade ore is showing and Mr. Lloyd believes it is cutting pretty close to the sulphide zone.-Ploche Reverd.

UTAH COPPER OUTPUT.

The output of the Utah Copper Co or August is announced as 5,162,77 for August is announced as 5,162,710 pounds. This production is said to be the largest to the history of the com-pany. During the second quarter of 1909, the output was 15,774,412 pounds this amount heing greate than that of the previous quarter slightly less than 1,667,800 pounds. b

GOLD IN DAVIS COUNTY.

David Plant has discovered gold in a ledge about a half mile below the Crest Ranch in Mill canyon. He made the discovery host spring, but did non-get started to work on it until this get started to work on it until this month. He is now tunneling in on the vein, being down about eight feet, says the Davis County Clipper. The ore at the top of the ground as-says \$5.00 in gold, over \$5 in silver and two and a half per cent lead. He expects two miners up from Sall two start work the first of root.

Lake to start work the first of next

opper company, spent yesterday The Boston and Colorado smelter at

beaver, which has been in business or 45 years is to close. The company s to be dissolved and the assets divid ed among the stockholders. It was in-corporated under the laws of Massa-chusetts in 1865.

Bingham.

It is understood that a Boston syndicale is seeking to purchase the prop-erty of the Giles Mining and Millin; company at Park City. Engineers have been over the ground and made a $f_{n\nu}$ arable report. It is said, and there is now an excellent opportunity of the claims haing developed extensively. The property lies beyond the Sliver King Coslition toward Big Cottonwood.

A scheme has been started in Rostor for the advertising of the resources of for the advertising of the resources o Pioche. A measure was received a the office of the Prince Consolidates Mining company yesterday that a cer-tain brokerage house in Boston, Inter-ested in Pioche, has subscribed \$500 to ward a \$2,000 fund to get the Curti-acroniane to give an exhibition a Pioche. If the plan meets with the ap-mental headh meets bars in a doub

proval of local people there is no doubt but what the date will be set for the event.

UNCLAIMED MONEY IN BANKS.

IFTY millions of unclaimed deposits in the coffers of banks! Such was the amazing tetal ar rived at, a few years ago, by the Edinburgh Merchants' contpany which petitioned parliament with the same object as a bill cocently inita-

same object as a bill cocently initia-duced into the house of commons-that all such balances shall be con-fiscated by the state. Whether the estimate is fairly ac-rupate it is impossible to say, because bankers make no coturns of unelatined funds in their possession, and refuse to give any information on the sub-ject Bar banks unquestionably hold enormous sums for which no owners are fortheoming. An indirect proof of this is that saving banks, which are unliged to publish their accounts. Invariably acknowledge having some dormant and unclaimed balances. Only a few months since one made a special ef-

and uncome one made a special of fort to discover the owners of a num-ber of such accounts, but, though 1 found the people entitled to (5,17) it was unable to trace the owners of deposits aggregating (5,174).

ORPHANED THOUSANDS.

Further evidence to the same put port is appulled on the occasion of a hards fulture. When the Western Banb of Scotland went (nio) figuidation many balances were orclaimed, and twenty years afterwards, there re-

A DISCUSSION.

Blood Atonement and the Origin of Flural Marriage.

Flurel Marriage. A pamphiet containing over a hun-dred orages, has just been issued. This prochure contains a discussion on the questions quated, between filder Jo-seph F. Brith, Jr., and Mr. Richard C. Brans, the latter gentleman begin second counselor to the present of the "Reorganities." The questions are en-tered into exhaustively by both sides, and a great deal of valuable informa-tion is given. Elder Joseph F. Smith, Jr., shows by historical data and in-controvertible deductions that the po-sition of his epopent is unternable. Post paid to any address, 20e
