and other mines in the Mason district. W. C. Thomas, one of the best known w. C. Thomas, one of the best known smelting men in the state, will leave shortly with his wife and family for a trip to his old home in Wales. He will be gone several months.

A message from E. S. Chafey, who A message from L. s. Charge, who is at present in the east, asserts that the deal for the development of the Chafgy Mines company has been almost completed, and within a few days he will be on his way back.

Accompanied by Manager Purviance, the following named officers from Fort Douglas today proceeded to the Black marble mines near Pelican Point, west of Utah lake: Lieut, Col.Williams, Maj. Rowan, Maj. Purviance, Lieut. Mc-Cowan. The party made the trip with automobiles, and will return late this afternoon.

H. T. Sutton of the Virgin Valley En-terprise declares that some good news will be heard from the Virgin oil fields within the next six weeks. The deep-est well is now down 1,150 feet and the second oll sands should be found at 1,400 to 1,500 feet. The Virgin Valley Oil company owns this well. The Glenn-Collusa company owns another nearly as deep and also after the second sands. The other well in the district which is working is the original McKenzie well owned by the Interstate Oil company.

al company will take place Monday. This will mean that the company which has done the construction work will turn over the job as a finished pro-duct in every way. Arrangements will be made shortly with the San Padro Los Angeles & Salt It is understood that D. C. Jackling, general manager of the Utah Copper company and the Ray Consolidated, will look over the Mason Valley and Bluestone properties in Mason mining with the San Pedro, Los Angeles & Salt Lake road to allow the International Smelting company to run its auto car district, Nevada, within the next few days. He will meet Henry Krumb, the engineer, who has been engaged in over the tracks between the smelter site and Salt Lake City. This will allow the officials of the company to be making an examination of the property for several weeks past. This may have something to do with the proposed deal at the work upon a very short notice. This will only continue during the time that the building of the plant is going that as yet has not been announced.

Leasers on the North Mountain property at Cherry Creek, White Pine coun ty, Nevada, have recently sent in three shipments to the smelters which indl Opohongo Has a Shipment of Ore cate that there is still a world of good ore in the property. The three lots ran \$38, \$48 and \$195.70 net per ton. The John Hatfield of the Opohongo com-pany operating in the Tintic district, asserts that the company has some property was once worked by General Rosencranz, and one shipment of 2,100 Rosencranz, and one shipment of 2,100 tons from the property shows that it netted the company \$22,186. The prop-erty is owned by John Dern of Salt Lake, John Helmrich and the late W. S. Brown of Nebraska. On account of some of the stockholders having in-terests in other business affairs that occupied their time they have not deasserts that the company has some good ore in its present working and that the ore can be taken out any time that it is needed. It is an excellent grade of copper ore and there is suf-ficient ore in sight it is asserted to keep things moving for some time. At present the work is being center-ed on an upraise that is up 40 feet.
