Introduction of The Roelof Stiff Hat.

There are many high-grade Hats being shown in this city. Some that are popular on account of name rather than actual quality.

We've been fortunate in securing exclusive selling right for a line that is a great favorite among the best dressers of large eastern cities, but has never been shown here before.

It's the product of Henry H. Roelof, (probably a new name, unless you've been East recently) comes in black only, two grades.

\$4.00 and \$5.00.

In quality either grade is far superior to any other make at the same price. The shapes, too, show marked individuality.
