

Hatch will take command of his own regiment.

Chicago.—The *Republican's* special, to-night, says the following territorial appointments were decided upon at a Cabinet meeting to-day, and will be sent to the Senate very soon: Gen. J. Campbell, Governor of Wyoming; James M. Ashley, of Ohio, Gov. of Montana, H. D. Washburne, of Indiana, Surveyor General of Montana; Col. Rogers, Surveyor General of Wyoming; Dr. Rush Spencer, of New York, Surveyor General of New Mexico; Clarke, of Ohio, Register of lands in Washington Territory; Dr. Scott, of Ohio, Secretary of Washington Territory; Frank Walcott, of Ky., Register of lands in Wyoming.

The Senate again discussed Longstreet's nomination to day, without reaching a vote. The Senator who made a canvass thinks he will be confirmed by six majority.

Commodore T. H. Jenkins has resigned the office of Chief of Navigation and will be assigned to other duties.

St. Louis.—The Board of Directors for the Pacific Railroad was elected to-day. H. Lucas is President, D. R. Garrison, Vice President, J. Potter, Secretary and Treasurer; J. M. Cooper, Auditor.

New York.—Among the books found in the safe of the Union Pacific Co., was a stock ledger and credit mobiler, in which the following names appear: Thomas C. Durant, George Francis Train, C. M. Hall, O. W. Barnes, L. E. French and G. T. M. Daily.

A. W. Claff, recently elected Public Printer, has sold his own and his son's interest in the *Buffalo Express* to his former partner.

New Orleans.—General Buchanan, yesterday, relinquished the command of the Department to Gen. Mower. The District of Louisiana is discontinued.

Nearly the entire business portion of Rodney, Miss., was burned on the night of the 31st; loss \$200,000.

San Francisco, 2.—The earthquake yesterday, was felt with considerable force at San Jose, Stockton and Petaluma; no damage was done to buildings in this city.

Legal tenders 77.

New York.—Michael Cobby was arraigned before Justice Dowling, yesterday, charged with subornation and perjury in inducing several persons to swear to having illegally voted the Democratic ticket last election, before the legislative investigating committee. Several affidavits were read, implicating also Marshal Murray.

There is an immense rush of office seekers at the Custom House; the Collector has informed visitors that veterans in the army and navy will have the preference, but no man will be discharged who has been capable, honest and faithful.

Chicago.—The *Tribune's* special says General Stoneman has been removed by the express direction of the President because of dissatisfaction at his course in Virginia.

The House Committee on the Pacific Railroad continues the investigation of the affairs of the Central Pacific; but they make slow progress.

Some of the members of the House have discovered that the conference report, on the Tenure of Office bill, as presented in the House, differs slightly from that presented in the Senate, and they propose introducing a resolution recalling the bill from the White House. Some members say the bill is not what Butler and Bingham represented, and they are getting up some feeling on the matter. The President will probably refrain from signing the bill till the motion for recall is acted on.

FOREIGN.

Executions without trial continued at Yucatan, by the orders of Gov. Cedillos. The sale of Mexican territory to the United States was agitated at the Capital, and found many supporters. Private letters from Mexico accuse Head-ero De Tegada of hostility to the Americans and of defrauding the Mexican Government.

The *Herald's* special at Havana 30th, ult., and at Key West the 21st inst., says the steamer *Mt. Vernon*, in possession of the Dominican rebels, was at Kingston on Sunday. Hollister, representative of the United States in Hayti, had denounced her as a pirate because she carried munitions of war to San Marco. She intends to return to Hayti and hoist the revolutionary flag and attack the naval forces of Salmave. Gregg, American Consul in Jamaica, has been carefully watching her movements.

The British Minister at Port au Prince has made a report to his government complaining that an agent of Salmave had examined mails and letters, and

that the information thus obtained had occasioned many arrests and two executions. Two British men of war had gone to Port au Prince to demand reparation, and it is probable that serious results will ensue.

Innocence Cassanova, a citizen of the United States, has been arrested on suspicion of complicity in the plot for the seizure of the steamer *Commandario*.

The U. S. steamer *Narragansett* has sailed for Key West, to coal; she will return in a few days.

A gang of negroes on the Manuelita plantation, near Cienfuegos, had joined the rebels. Troops were pursuing them.

Mexican advices, via Acapulco, say the revolutionary troubles continue. A long manifesto, which had been largely and secretly circulated, cites the intrigues, duplicity and despotism of the Juarez Government, and urges its overthrow and the substitution of either General Porfirio Diaz, Manuel Ruiz 'or Sanchez Navarro as the provisional depositories of supreme power.

Havana.—Colonel Yoller is organizing a battalion of free blacks for active service, by permission of the Government; other battalions will be organized shortly. The *Voce de Cuba* approves the organization of colored regiments, and says the colored people favor Spain and have always repelled the offers of the insurgents.

Havana.—A committee from Matanzas arrived last evening, demanding an important state prisoner who had been sent here by the Governor of Matanzas; the prisoner goes back to Matanzas for trial.

It is reported that the insurgents have destroyed a portion of the Sagua la Grande Railroad.

Havana.—A dispatch says the British vessel *Heron* has arrived, and brings confirmatory information of the charges against the Spanish naval authorities in the matter of the seizure of the schooner *Mary Lowell*. Several Mexican officers have been compelled to leave Jamaica and ordered to return to Mexico.

London.—The Prince of Wales had arrived at Constantinople; the Sultan received him with great splendor.

The *Preusa* says the steamer *Comanditario* was supplied with guns, ammunition and coals off Bahama, and did not enter Nassau.

Madrid.—Prim has asked the Cortes to grant a contingent of 80,000 men for the army for the current year.

AND CONNECTIONS.

Unite in running FOUR EXPRESS PASSENGER TRAINS DAILY between Chicago and New York, Boston, and all intermediate points in New England, New York and the Canadas.

The renowned Pullman Palace Sleeping Cars are run on this line, exclusively, from Chicago east, and are fully supplied on all night trains.

The famous PULLMAN HOTEL CARS leave daily on evening trains running directly through to Rochester, N.Y., without change.

The passenger equipment of this line is unequalled by any other in the country, and will be found by patrons to possess all the requisites of "SPEED, COMFORT and SAFETY."

Connected with the

GREAT CENTRAL ROUTE

IS ALSO

The Blue Line

Established January 1, 1867, for the carriage of

Through Freight without Transfer.

This Line is owned and operated by the Michigan Central; Illinois Central; Chicago, Burlington and Quincy; Chicago and Alton; Great Western of Canada; New York Central; Hudson River; Boston and Albany; Providence and Worcester; Worcester and Nashua; Housatonic; and Jackson, Lansing and Saginaw Railroads.

THE "BLUE LINE"

Is the only route that offers to shippers of freight, the advantage of an unbroken gauge of track from Chicago and the Mississippi river to the Seaboard, and is of the

SAME GAUGE AS THE UNION PACIFIC,

over which these cars will run on completion of that road.

THE BLUE LINE CARS

Are ALL OF UNIFORM BUILD, thus largely lessening the chances of delay from the use of cars of a mixed construction, and the consequent difficulty of repairs while remote from their own roads.

The Blue Line is operated by the Railroad Companies who own it, without the intervention of intermediate parties between the Roads or Line and the public.

The facilities of the Line for making uniformly quick time are unequalled.

All claims promptly settled on their merits.

To the Excelsior Manufacturing Company, St. Louis.

I have for a number of years been a diligent inquirer into the relative merits of Cooking Stoves, and for eight years have used one of your Charter Oaks, and have found it superior for all cooking purposes to any other pattern that I have ever seen. I have just put up one of your new patterns, No. 80, and must say that I regard it as being beyond the pale of successful competition. The time I now save by my hired men getting their breakfast 20 minutes earlier each morning by using this stove, not only makes it invaluable to farmers, but will also pay the price of the Stove in one year.
