TARRANT'S SWEET CHEWING TOBACCO. A dose of Tarrant's Seltzer Aperient has removed the agony of rheumatism, and his continued use entirely healed the patient. Rheumatism is but little understood. Some empirics resort to embrocations, which are really dangerous. It is now acknowledged to be a blood disease, resulting from acidity. This aperient corrects all such acidity, and thus cures the disease. All rheumatic sufferers are advised to try it.
