IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more roads leading to the same point, to decide which is the safest and pleasantest to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburg, Fort Wayne & Chicago, Kankakee Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets on the Old Pioneer Route—

The Chicago and North-Western.

You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars used on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Earl, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb. or to W. H. Stennett, General Passenger Agent, Chicago. d54

EVENING NEWS.

Wednesday, - December 1, 1875.

Local and Other Matters.

THERMOMETER 34 degrees F. in the shade at 1 p.m. to-day. Cloudy.

Lovely.—Another lovely morning this morning. The pleasantest time in the year for work or play.

From Ogden.—Mr. C. W. Penrose, editor of the Ogden *Junction*, was in town yesterday, and went home this morning.

Found.—The party who lost a small amount of money can get it on calling upon Mr. Alfred Best, 7th Ward.

The Beaver Enterprise. — The Beaver *Enterprise* of Nov. 27 comes in an enlarged form. It is now a four paged paper with seven columns on each page, showing enterprise in nature as well as in name.

Notice. — The members of the High Council are requested to meet at the City Hall, in this city, Thursday (to-morrow) at 10 a. m ,prompt.
GEORGE E. WALLACE, Clerk.
SALT LAKE CITY,
December 1st, 1875.

Big California Carrot. — There have been a number of specimens of big vegetables produced in Utah the past summer, but the California papers report the digging up of a twenty-seven pound carrot in Peter Sather's orchard in Petaluma County. Can any Utah carrot beat that?

Life in the Lake. — To-day we were shown specimens of *artemia fertilis* with eggs from Great Salt Lake. The insects are about three-fourths of an inch long and very lively. The females are of a bright kind of red hue and the males white. They abound in the waters of the Lake, and Mr. W. D. Johnson, who obtained the specimens for the Museum, states that he found life in a similar form at a depth of eight feet.

District Court.—Wednesday, December 1st.

Petition with affidavits asking the mercy of the Court in the case of Wm. Smith *et al*.

The People, etc., *vs.* Wm Tracy, jury sworn and empanelled.

The Court entered an order fining Thomas E. Clohecy, John Reading, and Thadeus W. Ireland each $50, and that a rule *nisi* issue, requiring them to appear and show cause, at the next term of court why this judgment should not be made final.

Bit by a Dog.—Yesterday evening a man was bit in the leg by a dog, in the 20th Ward. He called at the house where the dog was kept to mildly request the owner to terminate the brute's existence. The lady of the house treated the matter lightly, saying the dog was perfectly healthy and did not intend to bite him and she did not want it killed. The bitten man, however, insists, having hydrophobic fears before him, and he wants the dog exterminated by authority of law. The brute ought to be killed under the circumstances.

Mortuary.— Sexton's report for November. Males 29; females 20. Of these, adults 23; children 26. Causes of death as reported. Convulsions (infantile) 5; marasmus 5; lung disease 5; teething 4; fevers 3; diphtheria 3; brain disease 3; croup 2; old age 2; chronic asthma 2; dropsy 2; cholera infantum 3; erysipelas 1; inflammatory rheumatism 1; premature birth 1; pistol shot wounds 1; convulsions (puerperal) 1; pleurisy 1; still born 1; alcoholism 2; typhoid pneumonia 1; total interments 49.
JOSEPH E. TAYLOR, Sexton.

Art.—The growth of art in Utah has been quite rapid, especially in late years, this Territory ranking in that respect with several States of the Union. There is a growing desire among the people to embellish their homes with the productions of art. Mr. Savage purposes having another art union drawing on the 21st of December, nothing drawn to be of less value than the price of the ticket. The names are rolling in rapidly.

A number of the home artists have collected a number of Utah painted pictures, at Carter's gallery, and intend also to have a drawing.

The Wilson Canal.—From Mr. Thos. Reade, superintendent, we learn that the Wilson Irrigation Company mean business. Last week they made a levee about a hundred yards long and thirty feet wide at the base, commencing at the west end of the U. C. R. R bridge, and running north to a small island. This was done for the purpose of keeping the high water out of their canal. Also last week they completed nearly two hundred yards of said canal, about twenty-two feet wide at the bottom, running west from the above named point through a gravel bar. It is their intention to cut through the point of the bluff immediately west of the new abutment of the railroad bridge, to take advantage of the fall, as they apprehend that when the roaring old Weber is confined to 150 feet channel, it will cause the river bed to sink, and thus deprive the company of water.

The canal is designed to irrigate about 5,000 acres of land. Mr. Reade says that a great many more have inquired after land than after work to secure the water for it.—*Ogden Junction, Nov.* 30.

Eighth Ward Hat Factory.—This association was organized about a year ago by the members of the 8th Ward of this City, for the purpose of manufacturing hats, &c. At present the factory is turning out ladies' and gentlemen's hats of different shapes and quality, and requires a large number of rabbit and other skins from which to manufacture. Now is a good time for the farmers and others in the settlements where the rabbits are so numerous and destructive, to kill them, and realize something for their trouble, by the sale of skins, and help to encourage and sustain one of our local industries. The hats manufactured by this society are said to be as cheap as can be imported, and much more durable. The brethren should get all the skins they can, thousands of them, and forward them to the factory without delay, and thereby sustain themselves and encourage those who are engaged in this laudable enterprise.

A Liberal Donation.—Elder John Pack has just done a very liberal thing. He has deeded over to Bishop John H. Smith, of the 17th Ward, and his successors in office, a piece of ground, valued at about $1,000, on conditions that a good and substantial meeting-house be erected thereon, subject to the condition that such building shall not be used for balls, parties, political or other similar gatherings, but exclusively for religious meetings and observances, by the members of the Church of Jesus Christ of Latter-day Saints, and such meetings as shall be approved by the presiding authorities of said Church.

Brother Pack has also generously deeded a piece of ground in the same ward, of similar value, to Marinda Hyde, President of the Ladies' Relief Society and her successors in office, of that Ward, on conditions that a good and substantial building be erected thereon, suitable for the furthering of the purposes for which the society was organized by the authorities of the Church of Jesus Christ of Latter-day Saints.

This is a most generous donation for a very laudable object, and is well worthy of emulation.

City Council.—The Council met last evening, Mayor Wells presiding.

Petition of Clasby & Hogle and Joslin & Park for the privilege of laying a substantial plank crossing over East Temple Street, from the Grenig Building to the premises of the last named firm; granted, the work to be done under the direction of the supervisor.

Petition of Henry Shingleton, for the privilege of putting down a plank crossing over First South Street, from the front of his place of business to the Theatre; granted, provided said crossing be of a durable character, the work to be done under the direction of the supervisor.

Petition of R. G. Raybould and thirty-six others, residents of the 7th and adjoining Wards, asking that the crossing on Third South street, between the McLellan and Hussey corners, be placed under repair; granted, the job to be done in its order, the supervisor having a number of jobs on hand which take precedence of it. Gravel to be the material used.

Petition of Joseph Warburton and fifteen others, setting forth that they had organized themselves into the First Ward Amateur Rifle Club, and asking the privilege of engaging in shooting practice on the bench in the south-east portion of the First Ward; granted, during the pleasure of the Council, the Marshal to define the limits of the shooting ground.

Police Court report of Alderman Pyper for November: eighty-seven cases; cash fines $235.60, labor fines, $356.

The committee to whom was referred the petition of David Love, asking the privilege of using a portion of Block 35 Plat C (the adobe yard) as a skating rink during the Winter, recommended that the prayer of the petition be granted during the pleasure of the Council and under the direction of the Chief of Police, providing the water be not raised so high as to damage surrounding property; adopted.

Bill of Z. Snow, jr., for clerk's fees in making transcripts of several legal papers; referred to committee on claims.

Certified bill of Armstrong & Bagley, $548.37, for lumber, etc., supplied the city waterworks; appropriated.

Bill for police services for November, 1875, $900, allowed and appropriated.

Bill of A. S. Patterson, stenographer, for reportorial services in the case of Kate Flint *vs.* Jeter Clinton *et al* $255; referred to committee on claims.

The committee on municipal laws reported back a bill establishing fire limits and for the prevention of fires, which was further amended and passed.

NEW ADVERTISEMENTS.

UTAH'S CENTENNIAL ART UNION.

THE annual Art Union of the Pioneer Art Gallery will take place on Tuesday, December 21st, at 8 o'clock p. m.

The collection comprises 200 pictures of the highest order of merit, including 10 originals, by C. M. Dennis, and are of different values, from $5 00 upwards, the retail value of the whole lot being $1,300.00, and will be sold to shareholders for $1,000.00, thus giving each person the value of his money, and two-thirds of the number a picture of greater value than $5.00. As an extra inducement, these hard times, I will agree to give any person whose picture at $5.00 does not suit them, a dozen fine photographs of themselves or friends, in our best style, instead.

Sunday school Superintendents requiring a fine line of pictures as presents for Christmas, can select from an immense collection at the Lowest Prices.

The photographs we are now taking excite the admiration of art lovers—and now is a good time to give a fine surprise portrait of yourself to those you love best as a Christmas Box.

The largest collection of Frames and Mouldings in Utah kept in stock and marked down to living rates.

Good, durable Albums from $1.00 to $30.00, warranted of best quality. Opera Glasses, Reading Glasses, Water Colors in boxes, Crayons, Fancy Gilt Goods, elegant Chromos, and lots of other notions all at very low figures.

It will pay you to visit the Art Gallery.

THIS IS THE MEDICINE OF NATURE

For Destroying and Expelling all Kinds of Worms, Cleansing the Body, Blood, &c.

SYMPTOMS OF WORMS.

A few of the most Common Symptoms which indicate the presence of worms:—Changeable Appetite, Offensive Breath, Pains in the Stomach and head, Grinding of the Teeth during Sleep, Pale Face with Hollow Sunken Eyes, Itching of the Nose and Fundament, Irregularity of the Bowels, a Short Dry Cough, Loss of Spirits, Feverishness and Disturbed Sleep, Rising in the Throat causing Sickness, &c.

DO NOT LET YOUR CHILD DIE.

Shall the bud of infant bloom
Soon be hurried to the tomb?
Mother, you with watchful eye,
Do not let your darling die.
Mark the dullness of that eye,
All irregularity;
Mark that paleness, white and deep,
And the feverish fitful sleep,
See the stomach, full and hard,
And the Bowels still debarred,
Mark the spirit, even low,
All be-peaking pain and woe.

SAVE IT—SAVE IT!

Why has your darling never smiled,
The Worm is in your precious child,
And gnaws its vital powers away,
Sinks it to death and dire decay.
Hear then the really welcome sound,
Save it! a remedy is found.
PLANT'S never-failing Powder and Syrup
A cure most sure and speedy makes;
Kills the death-worm, and the gloom,
Changes to matchless health and bloom;
Sooner fails, it never can,
It cures the child, the youth, the man;
Be taken, too, with haste,
Not unpleasant to the taste.
Hundreds who have tried it all attest
It is the cheapest and the best.
Try it—try it—try it—try it—
Every parent now should buy it,
Wait not till another day,
Till every chance has passed away;
Make at once the solemn vow
That you will try it—try it now!
Mother, you with watchful eye,
Do not let your darling die.
