JOHN T. LYNN,

MAKING THE BEST OF IT.

There is nothing so cheering
To him who has trouble
As to stick a bright pin in
The obstinate bubble.
He'll find life half sunshine;
And, as to the rest of it,
That may be lightened
By making the best of it.
You're sighing and brooding,
My neighbor, that's certain—
Quick! let in the daylight
By lifting the curtain.
Now toss off the burden
And have a light breast of it—
But, if you must bear it,
Why, then make the best of it.
At door, or at window,
Go out on thought's pinions,
Forget your surroundings,
Enlarge your dominions.
Your neighbors have sorrow
Who are not in quest of it,
And many, full many,
Are making the best of it.
You meet with a friend,
He seems gay—even jolly;
You know he has care,
You are shocked at his folly.
Why, man, though he suffers,
He'll not tell his guest of it;
He's breasting the blow—
He's making the best of it.
There's nothing that maketh,
When we drain his vials,
The face so transcendent
As patience through trials.
It makes the heart better,
And this is a test of it,
That patience brings faith
When we're making the best of it.

THINK OF IT NOW!

Although much is said about the importance of a blood-purifying medicine, it may be possible that the subject has never seriously claimed your attention. Think of it now! Almost every person has some form of scrofulous poison latent in his veins. When this develops in Scrofulous Sores, Ulcers, or Eruptions, or in the form of Rheumatism, or Organic Diseases, the suffering that ensues is terrible. Hence the gratitude of those who discover, as thousands yearly do, that

Ayer's Sarsaparilla

will thoroughly eradicate this evil from the system. As well expect life without air as health without pure blood. Cleanses the blood with AYER'S SARSAPARILLA.

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; 25c. and 50c. bottles for 40c.

HOME COMFORT.

After a Rainy Ride a Country Physician Tells What He Thinks of Some People.

"I wish to gracious some people would learn when they need a doctor and when they don't," exclaimed Doctor E., as he entered his house in a cozy little village in the interior of the State of New York, after a tedious night ride of many miles. "I have been down among the mountains to see a man, who the messenger said, was very sick and not likely to live 'till morning, unless he had immediate help; and found him suffering from a rather sharp attack of colic, which his family might have relieved in ten minutes, if they had a grain of sense and two or three simple remedies in the house. But no; they must remain ignorant as pigs, and when the least ache or pain takes them, send for a doctor, whether they ever pay him or not."

"Why, Doctor, what kind of simple remedies, as you call them, do you expect people to keep in the house?" asked his wife, as she poured him a cup of hot tea.

"In this case," answered the Doctor, "if they had only put a BENSON'S CAPICINE POROUS PLASTER on the man's stomach, he would have been all right in an hour, and saved me a dreary ride."

In all ordinary complaints it cures at once.

All diseases are eliminated from the system by what may be roughly called expulsion or extraction, or by a union of the two processes. Benson's Plaster promotes both. It incites the torpid organs to act, and sends its healing, soothing influence through the myriad pores of the skin. All other plasters oblige the patient to wait. They give him hope for to-morrow. Benson's plaster gives him help to-day. Which is better, do you think? Buy the CAPICINE and keep it in the house. Price 25 cents.
