

McFARLAND'S BOSS OF THE SAUCER.

Defeated Billy Samuelson in Un-
limited Pursuit Race
Last Night.

ANOTHER LARGE ATTENDANCE.

Each and Every Event Was Worth
The Price of Admission—Finishes
Were Hair Raisers.

While the finishes of the various racing
events at the Salt Lake saucer last
evening were not exactly hair raisers,
they were certainly hair-raising.

The 5,000 or so ardent race fans who
crowded into the arena will long remem-
ber last evening's meet, and it will be
some time before they get through say-
ing complimentary things about Man-
ager Heagen for arranging so good a pro-
gram.

The particular bright feature of the
evening's entertainment and the one in
which interest was centered, was the
second meeting of Floyd McFarland and
W. E. Samuelson in an unlimited manu-
pursuit race. In their first contest Samu-
elson defeated McFarland after a gruel-
ing ride of over six miles. McFarland
claimed at the time that he was not in
good shape and asked for another race.
And he got it last night.

And he demonstrated that he is the lo-
cal boy's master in any kind of a race.
Those who thought McFarland was a
stranger to pursuit races were mistaken.
He has beaten the world's greatest riders
in such events, therefore Samuelson need
not have been so sure of himself last night.
The race was two miles and three-
quarters. Samuelson started a killing pace
at the crack of the starter's pistol. In this
he made a serious mistake. The local
man claimed that he was not in good
condition for the race. For about a half a
mile he sprinted for all he was worth,
and then he was "all in" and fact quick-
ly noticed by McFarland. The latter took
things easy for a lap or two and then
began his sprint. He kept up the gruel-
ing pace for over a mile when he shot
ahead of Samuelson and won the race.
The time was 4:15.24.

The final of the half-mile handicap pro-
fessional was another exciting event.
Hardy Downing rode from scratch and in
beating Hopper across the tape at the
finish, he made one of the most sensa-
tional bursts of speed ever seen on the
track.

The cycle fans gained entrance to the
track from the main street entrance to
evening. The carnival people wanted to
charge 10 cents extra for admission to the
grounds and Manager Heagen would not
allow it. The west entrance was
thrown open, and the crowd suffered no
inconvenience whatever. The summary
of events follows:

Half-mile handicap, professional—Downing
(scratch), Hopper (50 yards), Hoffman
(25 yards), Hollister (50 yards), Time—
2:34.5.

Mile handicap, amateur—Anal-C, Red-
man (scratch), West (scratch), Weiser (40
yards), Time—2:20.

Two-mile lap race, professional—Palmer,
Hopper, Hoffman, Stevens, Lane,
Achorn, Williams, 2, Stevens, 2, Lay-
land, 2, Time—4:52.

Five-mile amateur tandem lap race—
Redman brothers, West and Taylor, Ed-
ward and Tate, Lane, Redman brothers,
West and Castro, 6, Heagen and Weis-
er, 1, Elwood and Tate, 3, Taylor and
Weiser, 2, Time—15:10.

Australian pursuit race, between Mc-
Farland and Samuelson. Won by McFar-
land in two miles and three-quarters lap.
Time—4:15.34.

SPOKANE'S RESERVE.

Manager Williams of Indians is picking
out Next Year's Players.

The Butte Inter-Mountain printed the
following:

President Williams is making out the
reserve list of the players he intends to
claim next year and all of this year's
team, with the exception of Manager
Charles Reilly, are included. Reilly is not
subject to reservation, but it is highly
probable that in the crack third baseman
he again be in the Indian line-up.

While each club is permitted by the
national agreement to reserve 15 men, the
club is allowed to place on the list as
many of the ineligible players as the man-
agement has a right to claim. This will
permit President Williams to affix the
names of Gus Klopff, Heine Deiet and
Schroeder Putnam.

The list of players to be reserved for
the Spokane club contains William Hoge,
Hilly Damiani, George Howlett, Jack
Holland, the Roushoughs, George Hoge,
Will Murock, Ralph Frary, Gus Stanley,
Vee Loucks, Charles Snider, Martine,
Hoyman and Hanahan.

Of this number, Hoge, Dam-
iani, Shaffer, Kockyfield, Frary,
Murock, Holland and Howlette are play-
ing with the team at the close of the sea-
son. Hoge and Kockyfield have been
drafted by New York, Deisel has just been
awarded to Spokane, while Klopff and
Snider are under new and have not re-
ported this season. Hoge and Howlette
under contract all season, but has played
with another club, and Hanahan is in the
same position. Martine is now in Cal-
ifornia.

The fans are hoping that Reilly will
be back again to manage the Indians and
be expected to manage the Los Angeles player
and the club will come to terms.

ANOTHER FOR BOISE.

Infants Again Wallow the Miners—Score
2 to 1.

Boise, Sept. 15.—Today's ball game was
dull and listless until near the close. In
the last half of the ninth, with the score
2 to 1 in favor of Butte, Boise, with two
men out, made two runs by virtue of
a rattling three-bagger by Kellackey.

Both McFarland and Hoon were in the
air at intervals, the former being hit
ferociously at times, and Hoon walking
in one run by way of exhibiting his
temporary weakness. Scores by innings:

Boise..... 0 1 1 2 2 0 2-13
Butte..... 0 0 1 0 2 3 0 1-9
Batteries—McFarland and Hanson; Hoon
and Spencer.

IN THE GOOD OLD FASHIONED DAYS.

Powdered Wigs Formed an Important
Adjunct to a Gentleman's Apparel.

It is safe to say that the majority of
bald men of today would gladly trade
the old, dignified custom if they could.
But, they can do the best thing they
can: that is, hold on to what hair they
have.

In cases where the hair root or hair
bulb has not been completely destroyed
by parasites that infest it, Newbro's
Herpicide will do wonders in the way
of encouraging a new growth of hair.
Destroy the cause, you remove the ef-
fect. That is the successful mission of
Herpicide. Sold by leading druggists.

THE GIANTS' MANAGER.

JOHN MC GRAW Photo by RARE.

The always is one of the most recent pictures of the bustling manager of
the New York Giants. McGraw is considered to be the best baseball man-
ager in the country. It is due to his ability that the Giants have developed
into a first-class baseball aggregation.

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

Forest fires did great damage in the vicinity of Port Huron.
Mayor Robinson of Charlotte, Mich., was shot by a tramp, and there was
talk of lynching as a result.

Thirty deaths from cholera were reported in southern France.
In a rowing match at Southampton the British were beaten by the Ameri-
cans.

TEN YEARS AGO TODAY.

Train robbers attempted to board a Colorado & Utah Express near Corin,
Mo. In the shooting which followed the engineer and two robbers were wound-
ed, the latter mortally.

There was a pitched battle with Pinkerton detectives in a Chicago gambling
house.

M. R. Jones, while at work digging a sewer trench in Salt Lake, had his

President Lorenzo Snow was warmly welcomed on his visit to Farlington.

Tacoma, Wash., Sept. 15.—In one of the
best games of the season Seattle won
from San Francisco by making three runs
in the sixth inning. It was a pitcher's
battle, in which Hughes got the better
of Corbett through Seattle's bunching of
hits in the sixth. Score: R. H. E.

San Francisco, Sept. 15.—Nine full in-
nings played today between Oak-
land and Los Angeles without a run be-
ing made by either side. It was a pitch-
er's battle, with both men being given
splendid support. Newton carried over
the hours. In each of the third and fourth
innings one hit was scored against him,
thereafter not an Oaklander reached
first. The breaking came in the tenth
when two errors by Devereaux, one by
Dunleavy and two hits gave Los Ange-

Mayor Delmar Makes Another Attempt
At Record But Fails.

Readville, Mass., Sept. 15.—Major Del-
mar failed by three-quarters of a second
to break the universal trotting record to-
day at the Readville track, principally by
reason of a somewhat heavy track and a
stiff breeze that sprang up suddenly
after the horse had started. When the

go, but the breeze and track proved
too much of a drag. The time was

go, but the breeze and track proved
too much of a drag. The time was
1:20.4, 1:20.4, 1:20.4. Summary:

Readville, Mass., Sept. 15.—Major Del-
mar failed by three-quarters of a second
to break the universal trotting record to-
day at the Readville track, principally by
reason of a somewhat heavy track and a
stiff breeze that sprang up suddenly
after the horse had started. When the
horse reached the three-quarters pole in
1:20.4 it looked as if the record would
go, but the breeze and track proved
too much of a drag. The time was
1:20.4, 1:20.4, 1:20.4. Summary:
