Robinson Makes Another Attempt to Have Cemetery Scandal Investigated-Other Business.

Just before the city council met in regular session last evening, It met as a board of canvassers and totalled up the returns of the election as shown by the canvass. The tally sheet was then signed by all the members of the council, except Spence, who was absent, and the city recorder was instructed to issue certificates of election to the successful candidates. That being done the council then went into regular session. The final result of the election as shown by the official tally sheet is as follows:

tally sheet is as follows: Mayor-Richard P, Morris, 10,201; Frank Knox, 7,931. City Recorder-John S. Critchlow. 9,898; August L. Simondi, 7,992. City Auditor-Charles B. Felt, 9,228; Joseph J. Meyers, 8,614. City Treasurer-Fisher S. Harris, 9,366; Joseph F. MacKnight, 8,614. City Attorney-Charles C. Dye, 9,449; George L. Nye, 8,497.

CEMETERY MATTER AGAIN.

Just before the council adjourned, Robinson made an attempt to fix a date for the council to meet and in-vestigate the city cemetery scandal, which has been hanging fire for sev-eral months. He stated that upon a former occasion, when the council former occasion when the council agreed to consider the matter, only four of the members were present so nothing could be done. He therefore moved that the council meet as a committee of the whole on Wednesday evening to investigate the matter and get rid of it. Black, who was in the chair, ruled that the motion was out of order for the reason that a motion had already been carried for the council to adjourn until Thursday night to consider the revised ordinances.

REVISED ORDINANCES THURS-DAY

On Thursday night the council will meet to consider the revised ordinances of Salt Lake City as compiled by City Attorney Nye. The ordinances, under a Attorney Mys. The rules, were placed on their first reading last night and will be read the second time by title and the third time in full and placed on their fina! passage on Thursday eve-

WANTS AN EXTENSION.

The Utah Light & Power company The Utah Light & Power company submitted a petition agking that the life of its various franchises from the city be extended from 25 years to 50 years. The company further stated that in January 1900, it issued 4 per cent bonds due in 30 years, but that it was unable to sell the same for the renson that its franchises are of shorter duration than the bonded period. In view of the fact franchises are of shorter duration than the bonded period. In view of the fact that the company proposes to make improvements in its system amounting to a million dollars, and it is necessary to sell some of the bonds, it is asked that the franchises be extended to 50 years' duration. The communication was referred to the committees on mu-nicinal laws and streets for considera.

ROYAL Baking Powder

Makes the food more wholesome, and more nutritious to both brain and muscle.

I have given the Training Table to the Cornell University for five years very satisfactorily, and am certain that much of the success has depended upon the quality of articles used. In baking powder, I use the Royal, for it is undoubtedly the best. I have occasionally given others a trial, and have demonstrated to my satisfaction that there is but one always reliable, always making perfect, delicious and wholesome food, - The Old Reliable "Royal."

The present day surgeon appears to The present day surgeon appears to be possessed by a mania for operating, especially in cases of hemorrholds of piles, and while the greater number of the profession do not recommend this "last resort" unless they honestly be-lleve it necessary, the fact remains that much needless operating is done, and the patient put to much expense and suffering for what? Oftentimes he could be started much, offentimes he could be cured much more simply and easily by the use of such a remedy as the Pyramid Pile Cure: this has ceme to be recognized as the best remedy on the market for the painful disease named, and the druggists now sell more of it then all other side semedias comof it than all other pile remedies com-

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the million-attendard medicine like Green's August Flower, which has been a favorite house-hold remedy for all stomach troubles for over thirty-five years.
