She came to Salt Lake in 1848 and was possessed of a courageous, energetic spirit that rendered her a most valuable woman. She married the late Bishop Cunningham, of the Fifteenth ward, who died in 1868. She removed to Draper in 1872, but within a few months she moved to Lewiston, which was her home the rest of her days. NEW LIGHT CO.

FOR SALT LAKE.

Morchants' Lighting Company Asks For a Franchise.

REDUCED PRICE OF LIGHT.

Attorney Edwards Promises an 11-Cent Instead of a 15-Cent Rate—Manager Campbell is Sceptical.

Attorney H. C. Edwards was granted the privilege of the floor at the committee meeting of the Council last night for the purpose of explaining to the committee on streets, laws and improvements what a proposed electric light company in which he is interested and for which he asks that the Council grant a franchise, would do for the people of Salt Lake City. The name of the new company is to be the Merchants' Lighting Company.

Mr. Edwards promised that if the franchise were granted the new company would furnish light at eleven cents per kilowatt hour, instead of 15 cents as the Utah Light and Power company is charging. He further promised that the price of arc lights to the city would be \$2 per night instead of \$5.

The petition for the franchise bore the signatures of eighty well known firms, proprietors of hotels, rooming houses, stores, etc. Manager R. S. Campbell of the Utah Light and Power company was allowed to make a statement in answer to Attorney Edwards. He said that the best answer that he could make to the statement that his company was charging exorbitant prices was that the company had been in the city for over three years, and that the price of arc lights to the city would be \$2 per night instead of \$5.

Mr. Edwards refused to give the names of the persons who are interested in the new company for the present. The recorder was instructed to furnish each of the members of the Council with a copy of the proposal. The franchise before a special meeting of the committee which is to be held in the office of Councilman Thomas at 4:30 o'clock Thursday afternoon.

A petition from the divers of sprinkling wagons for a half holiday on Wednesday was turned down by the sprinkling committee.

A petition of the Consolidated Street Railway company for permission to lay its extension on West Temple street from Ninth to Tenth Street, west of the center of the street, so as to admit of a double track at some time in the future, was granted by the street committee.

KEARNS SENDS MESSAGE.

Utah Senator Sends Congratulations to President McKinley.

Senator Kearns has sent the following felicitations to President McKinley on his way towards recovery: "To Hon. William McKinley, Buffalo, N. Y.: "Relying upon today's favorable reports of your condition, I hasten to send you my congratulations and my heartfelt wishes for your speedy recovery. The greatest anxiety each of us has is for the recovery of the man who has been so long and so bravely fighting for the people of this country. The assault upon you filled us all with the most intense anxiety. Thousands of our people waited in the streets, scanning with the greatest anxiety each word that came from the hospital. The relief from Buffalo and today relief and joy are evident on the faces of all. "THOMAS KEARNS."

KNIGHTS LEAVE TONIGHT.

Were Finely Entertained by Salt Lake Council.

The Knights of Columbia, who came here from Denver to institute a Salt Lake Council, will leave for home this evening very well pleased with their visit. Yesterday they were entertained in fine style by their new brothers. After having a group photograph taken in front of St. Mary's Cathedral, the knights attended an organ recital by Prof. McChesney. This was followed by a reception given in their honor by President Snow. The afternoon was spent at Salt Lake where a pleasing program was given after they had taken a dip in the lake and been served with luncheon.

In the evening the new officers of the Salt Lake Council were formally installed at the Ladies' Literary club, after which a general good time was indulged in. The new officers are:

W. A. Hughes, grand knight; Martin S. Callahan, deputy grand knight; James G. Doolittle, chancellor; John J. Harvey, recording secretary; Ed. F. Stoenberger, financial secretary; Frank R. McGurran, treasurer; William J. O'Leary, lecturer; George Jay Gibson, advocate; Edgar V. Duncan, warden; U. V. Duguet, inside guard; C. F. P. Fitzgerald, outside guard; J. H. IRVING'S REALISM.

The piercing eyes and intense expression of Henry Irving once had the effect of making a fellow-actor altogether forget that he was on the stage at all. It occurred in Manchester during a performance of "Macbeth" and in the scene when Macbeth says to one of the murderers "There's blood upon my face" Irving put so much earnestness into his words that the murderer forgot his proper answer. ("O' my lord, the blood is on your face.") and replied in a startled voice, "Is there? Great Scott!" He fancied, as he afterward said, that he had broken a blood vessel—Lodge Monthly.

Nothing Like Oil.

"In dealing with man, remember that a spoonful of oil will go farther than a gallon of vinegar." The same may be said of children. There is nothing so good for children as the old fashioned castor oil. However, much they may abhor it, it is their best medicine for diarrhoea of the bowels. In the more severe cases of diarrhoea and dysentery, however, Chamberlain's Colic, Cholera and Diarrhoea Remedy should be given after the oil operates, and a quick cure is sure to follow.

SECOND DAY OF PUBLIC SCHOOLS

Activity is Kept Up—Record Breaking Enrollment.

SITUATION AT HIGH SCHOOL.

Courses Have Been Strengthened with Special Emphasis on English—Military Drill Will be Taught.

The public schools presented quite as active a scene today as yesterday. The work of enrollment goes on although the great bulk of the pupils were enrolled yesterday. But a few of the teachers are not in their places, however, by the end of the week everything will be in order and the public school machinery will be running smoothly. The number of pupils who entered school yesterday were 11,000 an excess of 248 over the opening day last year.

The high school opens upon the most encouraging day of its history. It received a set back this morning, however, by the fire, a most deplorable occurrence, as the school has started in under such favorable conditions. The enrollment yesterday was 622 which last year it was 571. The capacity of the school was taxed to the very limit and now that several recitation rooms have been almost destroyed by the fire, it will be necessary to find other quarters for some of the students or discontinue the school until the rooms are repaired. This accident to the school is not looked upon as an evil omen, as the teachers, including Prof. Eaton, together with the school board, are looking forward to an unusually favorable year. The beginning class numbers 230, about one third of the number. The courses have been changed to some extent so that they are more satisfactory with the hitherto printed both in English and Danish-Norwegian languages. All Scandinavian chairs and organizations should obtain this work. Price in paper covers, 50 cents per copy. For sale at Deseret News office. Special discounts to agents, dealers and churches.
