

PLAYER ANDERSON OUT OF THE GAME

University Faculty Suspends Him
From Athletics for One
Year.

FOUR MONTHS FOR MOORE

Popular Track Man and Athletic Man-
ager Must Not Perform Duties
Until April 1.

The recent football season at the University of Utah left two large problems on the hands of the faculty, and they were worked out yesterday in an order that Manager Harry Moore, substitute quarterback, be suspended from his position until April 1, and that Player M. W. Anderson be suspended from athletics for one year, during which time he must not appear upon the sidelines, during a contest.

The offenses for which this punishment was meted out, occurred on two occasions. Player Anderson was declared ineligible for the game with Boulder, and in the last prepared for Coach Maddock his name did not appear, as one of those he might take with him to represent the university. However, Anderson went along, and during the game entered it as a substitute. This caused great indignation, and only the fact that President Kingsbury was absent in the east prevented an open "show down" at that time between the eligibility committee and the coach.

SECOND OFFENSE.

The matter became a point of much discussion in faculty meetings and among the members personally. Then came the Thanksgiving game with Colorado College. Player Anderson had not removed the deficiencies in his record as a student, and was ordered by the eligibility committee to remain out of the game. He was allowed by whoever is responsible for athletics, to remain on the sidelines, and at a critical moment was put into the game.

Whether Maddock or Moore the manager, was responsible, could not be definitely said. Hence the question of what should be done assumed large proportions, and the direction the discipline would take was not developed again owing to the continued absence of President Kingsbury, who was on a tour of the east.

FORGIVEN FOR BOULDER.

Investigations began, in which the Boulder game was finally counted out on account of the fact that it was shown that a misunderstanding left Maddock without specific knowledge of the faculty's action concerning Anderson. It was explained that he had not been given the list of those eligible before leaving for Boulder.

PRINCIPALS SUSPENDED.

With these facts developed Moore was suspended until April 1, and Anderson was suspended for one year from December 1, which will bar him from next season's football. The matter was concluded at a meeting of the faculty this week "Andy," as Anderson is called by the students, is a star who has been with the team for three seasons. While in Ely, Nev., last summer he met Seelye, who played football during the season as guard.

CARTER'S LIVER PILLS

CURE SICK HEAD ACHE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

NEW YORK TO PARIS BY AUTOMOBILE.

New York, Jan. 8.—The executive committee of the American Automobile association passed a resolution pledging the association's help for the proposed motor race from New York to Paris by way of Alaska, Bering strait and Siberia, which is to be run under the auspices of Le Matin of Paris, and the Times of New York. The committee says that when the proper time arrives it will issue request to all affiliated organizations asking for all help possible for the race. Great preparations are being made for the race and those who have been over the route believe that it is possible for the cars to traverse it. It is expected that a number of foreign and American entries will be made. Le Matin organized the race last year from Peking to Paris which was a huge success.

EWRY EXPLAINS HIS PERFORMANCES.

New York, Jan. 8.—Matthew P. Halpin, who is to manage the American team at the Olympic games in London, next summer and against whom a storm of protests has been raised, appeared before a committee of the Amateur Union last night to substantiate his charges against Ray Ewry, the jumper, whom Halpin accused of participating in unorthodox athletic meetings. This Ewry has denied. Halpin forced Ewry to admit last night that he had appeared at meetings without taking the trouble to find out whether or not they had been authorized by the union, but he had been only in exhibitions for branches of the Young Men's Christian association. He produced a statement of the committee of the union, stating, however, that he was in a measure responsible for this as he had made a statement that Ewry could complete in these meetings. Halpin stated that Ewry had given an exhibition at a circus at Atlantic City and had received prizes. Ewry stated that he had appeared under the impression that the permission of the union had been given, but he denied that he had received any prizes. The committee reserved decision on the charges.

COUNT OKUMA SAYS HE WAS MISREPRESENTED

Tokio, Jan. 7.—(Noon).—A remarkable situation has arisen as a result of the publication in London of a translation of the speech delivered by Count Okuma at Kobe. Little attention was paid to this speech, but it has been widely reprinted. Count Okuma in previous speeches on this same subject had made his views well known. The London publication put the count in the position of urging India to rise against Great Britain. Count Okuma and the Japanese foreign office have been bombarded with cablegrams of injury from Paris, Berlin, St. Petersburg and London and requests that the count should retract or confirm his remarks. In reply, Count Okuma said today:

"In my Kobe speech I did not use the words that were put into my mouth. It is apparent that a mistranslation of these remarks has just reached England. My views on the subject of trade with India as well as my friendliness to Great Britain ought to be too well known to make it necessary for me publicly to renege on the absurd construction which has been placed upon the remarks I made at Kobe. I have never entertained a thought which could be stretched into such a meaning."

"India offers us a fine field for trade, and I urged my people openly and confidently to enter this field in fair competition with friendliness with Great Britain; that is all."

BIG FRAUDS UNCOVERED.

St. Joseph, Mo., Jan. 7.—The county grand jury today reported that it had uncovered grand frauds in the city's electric street lighting department and returned a number of indictments said to be against heads of departments and other city employees.

No names were made public. It was found that dead men had been carried on the payrolls for several years.

A BOLD KIDNAPING.

Topeka, Kas., Jan. 7.—A bold kidnaping act took place here today. Several years ago J. R. Smith and his wife were divorced here. Smith going to California and his wife remaining in Topeka, with the two children in her custody. Today Smith appeared at the Garfield school at recess, hurried the children into a hack and drove to the Rock Island depot, where he caught passenger train No. 35 west. Telegrams have been sent to the train conductor to cause his arrest.

DISCUSSED JAPANESE QUESTION.

Washington, Jan. 7.—Representatives Hayes and Knickerbocker today discussed with President Roosevelt the Japanese immigration question. It is understood the president will later listen to an extended presentation of this subject from Mr. Hayes. The Hayes bill for Japanese exclusion will be pressed by the California delegation, although it is understood the president has not changed his attitude of discouragement of this measure in view of the pending diplomatic negotiations between Japan and the United States.

CAN'T SELL LIQUOR

On Right of Way Through An Indian Reservation.

Helena, Mont., Jan. 7.—Judge Hunt today held that the right of way of a railroad company through a reservation was Indian land within the meaning of the statutes, and that not even the president could confer the right to establish a liquor traffic thereon. Counsel for the railroad announced that an appeal would be taken.

FACTS AGREE ON.

Batte, Mont., Jan. 7.—A Miner special from Helena says:

Upon an agreed statement of facts the case of E. P. Wilkinson, charged with introducing liquor on the Blackfoot Indian reservation, was submitted to Federal Judge Hunt yesterday. There is a law point involved in the case which has never been passed upon, to-wit: Has the government jurisdiction over the right of way of a railroad traversing an Indian reservation, within the meaning of the act prohibiting the introduction of intoxicants upon an Indian reservation.

The attorneys agreed that if Judge Hunt found the government had jurisdiction the jury should be directed to return a verdict of guilty, and if he found the government lacked jurisdiction, a verdict of acquittal should be rendered.

EMPLOYERS' LIABILITY.

Knox Introduces Bill to Cure Defects In Present Law.

Washington, Jan. 7.—Senator Knox of Pennsylvania, who has taken much interest in the litigation growing out of the employers' liability act, which was declared to be unconstitutional yesterday, today introduced a bill which is intended to remedy the defects in the present bill. The bill is so drawn as to make it applicable only to corporations engaged in such commerce as Congress has the undoubted right to control and to employees of such corporations engaged exclusively in interstate commerce. The existing law is so broad as to cover all transportation between states but Mr. Knox's bill is so modified as to limit its operations to common carriers which are operated by steam or similar motive power.

Doan's Regulate cure constipation without griping, nausea, or any weakening effect. Ask your druggist for them. 25 cents per box, have yours.

Spasms St. Vitus' Dance

Many persons who suffered untold agonies from epilepsy, fits, spasms, and St. Vitus' Dance are today well. The strengthening influence of Dr. Miles' Nerve upon the shattered nerves having restored them to perfect health.

"I endured agony that words cannot express from St. Vitus' dance, which followed a very severe spell of rheumatism. I doctored with a physician, but the more I took of his medicine the worse I got. My mother's devotion saved me. After she had become almost heart-broken, as well as physically exhausted from constant care, by the advice of a neighbor she procured a bottle of Dr. Miles' Nerve. From the first dose to the last a continual change for the better was noticeable, and when I had taken eleven bottles I was well, and in robust health."

EDWARD D. BEAM,
North Manchester, Indiana.

"Our little boy Harry, had spasms for three years, and although we doctored with many physicians, he continued to grow worse until he had ten spasms in one week. About that time our attention was called to Dr. Miles' Nerve. We began giving it to him. His improvement seemed slow, but when he had finished the fourth bottle the spasms had disappeared, and have not been seen now for years. We shall always recommend Dr. Miles' Nerve."

MRS. BELLE M. TINDALL,
Hastings, Neb.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.
