THERE were no transfer companies "buses" at the Utah Central this morning on the arrival of the Park City express. The cause of this was that Grant Brothers Company, on making the usual inquiry regarding the transfer of passengers, were notified from the telephone office that the Park City train was an hour and forty minutes late. The passenger, however, came in on time, and as a result of the error made, the "buses" were behind. Mr. Murray, of the Telephone Company, regrets the occurrence.

The regular meeting of the Sunday School officers and teachers of this Stake will be held in the Social Hall, on Monday evening next, at half-past seven o'clock.

Fatal Accident.

Hon. J. P. Wimmer, member of the Legislative Council, received a letter today, informing him of the death of his nephew, P. C. Birch, a bright little boy three years of age, which occurred at Huntington, Emery County, two or three days ago. The child was standing in the door of the barn, when the heavy door slammed against him, striking him on the side of the head, the blow proving fatal.

The box office will be open on Wednesday from 10 to 4 for the sale of seats.

The Murder Trial.

The arguments before the jury in the trial of Neal Mulloy, for murder, have been unusually lengthy. Yesterday afternoon Assistant U. S. Attorney C. W. Zane made the opening address, and was followed by Mr. Varian for the defense. The latter's argument occupied part of the afternoon and the whole of the evening session. Most of the forenoon was taken up by Mr. J. A. Marshall, for the prosecution. He was followed by Assistant U. S. Attorney Clarke, who was making an exhaustive review of the case, which will be given to the jury on the charge of the court after Mr. Clarke concludes.

BANNOCK STAKE.

Conference and Meetings—Other Items of Interest.

NEXUS, Idaho, Feb. 28th, 1888.

The Quarterly Conference of the Bannock Stake of Zion adjourned yesterday after a very pleasant and enjoyable time. President John Morgan of the Seventeenth Ward, and Elder Nathan Ricks, were present and instructed the Saints in their duties. The Priesthood were given much information for the better performance of their specific duties.

On Friday the 24th, at 2 p. m. the Relief Society met in conference. The teachings given by local officers were excellent, and although a very slim representation of the various ward societies, and fewer reports were recorded than usual it was the unanimous expression of those present that the sermon was of unusual interest.

At 7 p. m. the Young Ladies' Mutual Improvement Association held their conference, which was thinly attended. The Stake Conference commenced on Saturday the 25th, at 10 a. m.

Good attendance of the various Bannock and presiding authorities of the Stake. The morning session was principally in hearing reports of Bishops which were, as a rule, of a very satisfactory nature.

At 2 p. m. reports of wards were continued, and suitable instructions given by President E. C. Gunnell, John Morgan and others.

At 7 p. m. a general Priesthood meeting was well attended. President Morgan and Elder N. Ricks occupied the most of the time. The Seventeenth Ward Elders quorum came in for the bulk of advice given and which they certainly appreciated.

Sunday 19 a. m. found the commodious hall well filled, the day being added to the interest of the coming from a distance. The building was unaccountably full—many not of the faith, but of the flesh.

The afternoon was occupied in sustaining the general Church authorities and the local authorities. President Morgan addressed the Saints on the subjects of importance to the Sunday Schools. They were followed by remarks of President Morgan.

The conference has been one of the most instructive and profitable times the Saints of Bannock Stake have experienced.

The speaking was just what was needed. The singing was of character to call forth the praise of the hearers. Brother C. Durran was director and Brother T. Elliott, organist.

The weather was all that could be wished at this season of the year, and the most comfortable seated, the house having been recently plastered and washed and the room well lighted up.

PRIESTHOOD MEETING.

The regular meeting of the Priesthood of the Salt Lake Stake of Zion was held in the Assembly Hall today (Saturday), at 11 a. m., President Angus M. Cannon presiding. All the wards of the Stake were properly represented, excepting the South Jordan and Brighton wards. After the transaction of the usual business, remarks were made by Bishops James Watson and Frederick Kessler, and Elders George Romney, Elias Morris, and others.

The substance of the remarks was as follows: The Lord has greatly blessed His people since they entered these valleys. There is no place in the world where the people own their own homes more than among the Latter-day Saints, and where the poor and indigent are better cared for. The organizations of the Church are so complete that every man in Israel knows his place, knows his duty, and knows how to perform it. The Lord has made us a people, and we are to be a blessing to the world.

The duty of the Bishops is to look after the temporal welfare of the people as well as their spiritual. They are to be a blessing to the world, and to be a blessing to the world.

Parry's Monthly Magazine.

The March number of this popular home journal is out, and presents an excellent table of contents. The opening chapter gives a description of the floating gardens of Mexico, and the people who cultivate them. The articles on "What the World Owes," "Humpty-Dumpty and His Medical Advisers," "How the Russian Revolutionists are Treated," "The Stars: Are They Sun?" and "Where Does the Day Begin," are papers of much merit. The educational paper on "Education and Lawlessness" is of special interest to every head of a family. The editorial on "Home Duties," a poem by J. L. Townsend, entitled "A January Thaw," and several other shorter articles, poems, stories, etc., make up the number.

IN THE NEIGHBORHOOD.

News Notes Gathered from Various Sources.

Central City, Colo., Feb. 29.—The funeral of young George Hooper, the young man who dropped dead on the streets of this city, was held here today, and his father, Captain Thomas Hooper, with his family, have the entire community.

The young man was only twenty years of age, and very many people attribute his early demise to the use of cigarettes.

Albuquerque, N. M., February 29.—The survey of the canal contemplated in southern New Mexico is about completed. The report states that it will be necessary to commence at a point west of Santa Fe, on the Rio Grande, and that the cost of construction to San Antonio, New Mexico, will be about \$280,000, as the route is very rough from the latter point. About 90 miles over the Jornada del Muerto (Journey of Death) the work will be easy. The cost will be about \$17,000 a mile, with the exception of a tunnel 1/2 mile and a half long, which is estimated to cost about \$10,000. If this canal and reservoir scheme can be put through it will bring under cultivation over 3,000,000 acres of now arid land. The originator of the scheme, General J. B. Bowman, is now at Washington, making Congressional aid in the matter.

Later particulars regarding the killing of J. H. Barrett by his brother-in-law, Fred Crump, near Hipper, Or., shows that the murder was cowardly and was atrocious. It appears that Barrett and Crump had a quarrel over certain sheep range. They were separated by bystanders before coming to blows and went home. It was next morning Crump went to Barrett's house and called him out. Barrett was armed with a large knife, and Crump was armed with a revolver. Crump was killed by Barrett. Barrett was arrested and expected no attack from Crump. Five mortal stabs were inflicted in as many seconds, and Barrett died instantly. The terrible deed was committed before Barrett's wife and little child, their husband and father from death. Crump is charged with the murder of his brother-in-law, and is now in the hands of the law.
