

LOOKING AFTER MAINE CAMPAIGN

Chairman Hitchcock is Paying
Personal Attention to it.
Being First State One.

WANTED MR. TAFT TO SPEAK

Could Not Arrange for It—Treasurer
Sheldon Says Gathering of Funds
Will Be Successful.

New York, July 4.—The first state campaign to receive consideration by Frank H. Hitchcock, chairman of the Republican national committee, will be Maine, because in that state the election will take place Sept. 15. Former Senator John J. Hill, a member of the national committee, and State Chairman Boyd held a long conference with Mr. Hitchcock today relative to getting speakers. They wanted Mr. Taft, but this could not be arranged. The only national speakers thus far assigned to the state are Congressman Sherman and Senator W. E. Borah of Idaho. The dates of their speeches have not been fixed.

Mr. Hill, with Mr. Hitchcock, will go to Oyster Bay on Friday to consult with the president.

There is no question so much discussed in political circles here as whether Gov. Hughes of New York is to be given a renomination. Even the political leaders from other states appear curious concerning the probable outcome of the present delicate situation. Mr. Hitchcock has received calls alike from forces for and against the governor, but he has refrained from making a statement indicating preference.

E. C. Duncan of North Carolina, who is a member of the executive committee of the national committee, is in New York today going over the southern situation with Mr. Hitchcock. Both of them were very much interested in the announcement that Mr. Taft favored making a vigorous campaign in certain portions of the south, and such a course is in accordance with the views they have held.

George R. Sheldon, the national treasurer, today expressed confidence that his part of the campaign, that of gathering the necessary funds to carry on the work, will be successful.

A LONE BANDIT

Tries to Hold Up a Saloon at Sand Point, Idaho, and Is Killed.

Sand Point, Ida., Aug. 4.—A lone bandit while attempting to hold up the Horseshoe bar, was killed by the day bartender this evening.

The robber had been hanging around the place all evening playing cards, and as soon as the place had only four men left in it, he pulled two guns and commanded them to stand up and put up their hands.

A man started to run and the robber took a shot at him. James Fitzsimmons, who was standing in front of the saloon, heard the shot, sprang away and got his gun and stepping around the corner, shot the desperado through the head.

AN INHUMAN MOTHER.

Cleveland, O., Aug. 4.—Confessing that she had bound the hands of her 4-year-old child with old soaked rags and set them afire, Mrs. Helen Nagy was today sentenced to serve three months in the workhouse. The mother with a three weeks' old baby in her arms started in court that she had suspected the older child of stealing the last quarter they had for household expenses and hunger and desperation had caused her to endeavor to make the child confess by this punishment. Neighbors rescued the child before she was badly burned.

GERMAN SOLDIER DID NOT KNOW THE KAISER

Swineburg, Aug. 4.—Emperor William's new style of wearing his moustache caused him to be refused admission to one of the court fests here just before he departed on his trip to Sweden. The emperor, accompanied by several officers, the entire party being in civilian dress

10c. all grocers

and wearing Panama hats, approached the entrance to the west battery where the sentry prevented their further progress.

His majesty, much amused, again vainly tried to pass by. He said to the sentry: "You must let me enter, don't you know I am the emperor?"

The sentry then looked more closely at the emperor, not quite reassured, but evidently recognizing his majesty's features as he presented arms and allowed him to pass.

The emperor reported the occurrence to the officer of the guard at the fort, raising the soldier's sense of duty and recommending his promotion.

During his stay at Corfu in the spring of 1907, the emperor was accidentally struck off one end of his moustache and decided to have it replaced by a pair of false ones with the ends pointed upward in eagle wing style.

SEN. ALLISON'S SUCCESSOR.

Gov. Cummins Announces Himself as Candidate for Senate.

Lake Forest, Ill., Aug. 4.—Gov. Albert B. Cummins of Iowa tonight announced himself as a candidate to succeed the late Senator Allison of duty and honor.

The governor paid a long tribute to his late political adversary's services to Iowa and the country at large, then frankly declared his ambition to be elected to the United States senate by the legislature of his state. He also announced that "some one will be appointed at once to occupy Senator Allison's seat for the remaining months of his unexpired term."

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

City pressure too high? Not if you get your lawn hose at the Salt Lake Hardware Co.

BRONSON HOWARD, AUTHOR AND DRAMATIST, DEAD

New York, Aug. 4.—Bronson Howard the author and dramatist, died in Avon-by-the-Sea today.

Mr. Howard was 68 years old.

Bronson Howard began his journalistic career in 1885, when he came to this city.

He was connected at various times with the Tribune, the Evening Mail and the Evening Post. As a dramatist, Mr. Howard was best known by reason of the successes of "Saratoga," "The Banker's Daughter," "Old Love Letters," "Young Mrs. Winthrop," "The Henrietta," "Shenandoah," and "Aristocracy."

In 1890 Mr. Howard married Miss Wyndham, a sister of Sir Charles Wyndham, the English comedian.

MOST REMARKABLE AUTOMOBILE ACCIDENT

New York, Aug. 4.—United States District Judge of Washington, who successfully prosecuted the government land frauds in the northwest, and his wife, were today injured in the most remarkable automobile accident in the history of the city.

The machine, in which they were traveling was running down a sharp hill on Walnut mountain, near Liberty, N. Y. The machine got out of control and plunged over the precipice nearly 300 feet in height.

The machine, a big covered car, turned three complete somersaults in the air and landed in the boughs of a tree 30 feet from the brink of the precipice. There it hung suspended, too downward, with the frightened occupants held prisoners in the inclosed top of the machine.

All were badly bruised and frightened, but none was seriously injured with the exception of the chauffeur. His skull was fractured, one of his ears torn off, and he sustained other injuries. He was taken to a hospital in Liberty for treatment.

Those in the car with Mr. Baker and his wife were Dr. E. G. Jeffie, the alienist who testified in the Thaw trial, and M. Mangan of Washington. As soon as they were rescued from their perilous position the leader of the automobile party came to New York and after a rest at the Hotel Astor started for their homes.

IDAHO DEMOCRATIC STATE CONVENTION

Central Committee Will Seat Dubois Delegates from Bingham, And Other Counties.

CUT OUT ADA FOR BOTH SIDES

Dubois Submits Drastic Ultimatum to The Anti, Which They Promptly Reject.

(Special to the "News.")
Wallace, Ida., Aug. 4.—It developed last night that the anti-Dubois men have 168 legally elected delegates to the convention to Dubois' 150, thus giving them control. They would control the preliminary organization but for the fact that Dubois controls the central committee which met this morning and at the afternoon session delegated power to Lockhart, chairman, and Davis, secretary, both Dubois satellites, to pass upon contests, and they will seat the main party delegates in the southeast on preliminary organization. The decision of the committee was that the Ada county delegates should not participate in the preliminary organization, and they will have to fight the issue before the committee on credentials. In case the Ada delegates are denied seats in the convention, anti-Dubois delegates from Ada, Bear Lake, Bingham, Blaine, Boise, Canyon, Cassia, Elmore, Fremont, Kootenai, Sinclair, Nez-Perce, Oneida and Owyhee will hold a separate convention, nominate a ticket, and appeal to the courts.

By request of the Dubois faction a committee composed of C. A. Stockslager, E. E. Fogg, J. E. Nugent, J. P. George, George F. Smith, C. Reid, and George Erb, was appointed by the anti-Dubois caucus to meet a committee of like number from the Dubois wing in conference and discuss plans for uniting of the party by mutual compromise and concessions. It was the sense of the caucus that two conventions be not held unless it was absolutely necessary and only as the last resort, and it purposes to place upon Dubois and his followers the odium of dividing hopelessly the Democratic party and losing the state for Bryan. Dubois' followers are becoming restive and if he refuses any fair proposition, they will desert him. Compromise on platform, now talked of, is one demanding simply putting back of the constitutional provisions in elector's oaths, the same which David H. Evans and other prominent Democrats in the southeast favor such a plank as a compromise. It looks now, though good sense will prevail, and the party will be united.

(By Associated Press.)
NO SETTLEMENT PROBABLE.
Wallace, Ida., Aug. 4.—No basis for an amicable settlement of the factional differences at the Democratic state convention has been reached and an amicable settlement is not expected. The state central committee has decided to seat all Dubois delegates from Bingham, Bear Lake, Fremont and Oneida counties, and to deny both regular and appointed delegates from Ada county seats in the temporary organization, the ousted delegates, however, to be allowed spectators' seats on the floor of the convention.

The anti-Dubois caucus refused to abide by the decision, but adopted the report of the long and bitter conference yesterday to protest before the convention upon each step of the proceedings until the credentials committee reports, and to deny both regular and appointed delegates from Ada county seats in the temporary organization, the ousted delegates, however, to be allowed spectators' seats on the floor of the convention.

BOY DELIBERATELY KILLS A MAN FOR FISHING

Portland, Aug. 4.—George M. Demars was shot and instantly killed today by Jackson Reid, 17 years old, Government island in the Lewis and Clark fair grounds. Demars, with his father, was fishing on the island and were ordered by several children, among whom was young Reid, who shot on his sister to the house for a revolver. Reid returned with it he shot Demars through the head.

LAND OFFICE BOOKKEEPING SYSTEM WELL RECEIVED

Washington, Aug. 5.—Commissioner Dennett of the general land office has returned from the west after a trip of inspection of the leading local land offices and also the offices of surveyors general. The purpose of his visit to the local offices was in order to ascertain the working of the new system of keeping accounts and of registration of entries which was put in force to take effect on the first of July of this year. Experts of the general land office have for the last six months been working on the elaboration of this system which it is hoped will simplify the work of the registers and receivers and will cut down the work of the general land office itself at the same time rendering a perfect check on receipts. The commissioner found that the system was generally being well received in the west and that his expectations will be fully realized in the saving of time and in obtaining a check on payments made for lands entered. There are a few inequalities which will have to be smoothed out, but the commissioner feels that these minor difficulties will gradually disappear and that the various surveyors general offices will be in a position of ascertaining the method followed in each office and to see if it was not possible to inaugurate a reform system throughout these offices. The result of this inspection convinces him that a very much more complete and uniform system can be inaugurated in the surveyors general office and it is his intention to prepare plans to that end. It is also his intention to recommend that the inspection of offices of surveyors general be made in the future, by men who have had practical experience as engineers or draughtsmen, detailed from the general land office, and that there be a more thorough understanding on the part of the officials of the general land office of the personnel and character of work performed by the surveyors general and their employees. Inspections have heretofore been made under the old system by inspectors who do not make their headquarters in Washington and who report by letter from the field. Under the new system it is hoped that there will be a closer relationship and understanding between the officials in the field and the officials in Washington.

FOUND \$50,000.

Postoffice Wagon Driver Received \$2 And Thanks.
Chicago, Aug. 5.—William Becker, a postoffice wagon driver found a \$50,000 check yesterday in the driveway beneath the federal building, and reported it to Sup. Fred Day. The check was payable through the Merchants' Loan & Trust company. The trust company was notified, and a bank messenger was sent for the check. Becker is said to have been the recipient of many thanks and a \$5000

to permit other alleged regular delegates to sit in the convention.

After a fight during the whole of the afternoon and extending late into the night, the conference committee of the warring factions of the Democratic state convention did not reach any basis for harmony.

The anti-Dubois faction submitted the following as basis of harmony:

1. Enforcement of each and every clause of the state constitution and the enactment of a constitutional elector's oath.
2. No campaign to be made against the Mormons under any pretense.
3. Seating of the regular delegates of Fremont, Bear Lake, Oneida and the Dubois delegation of Bingham county.
4. Central committee to consist of one member from each county, the chairman to be selected by the committee.
5. Equitable distribution of officers.

The Dubois faction submitted their proposition, demanding a radical anti-Mormon and unlawful cabalistic plank, consenting to the seating of the regular Ada county delegation, but demanding the rejection of all delegates from Mormon counties, leaving the selection to the state committee to the convention thus constituted; speakers to be at liberty to use their judgment about questions to be discussed.

The conference committee of the anti-Dubois faction unanimously rejected the ultimatum. Both factions went into caucus at last, and the convention will not be called until tomorrow.

JUDGE PARKER TO SPEAK.

Los Angeles, Aug. 4.—Judge Alton B. Parker, Democratic candidate for president in 1904, will deliver his first speech for the Democratic ticket in the present campaign before a Los Angeles audience tomorrow night at the auditorium. Judge Parker, who arrived in the city last night after several weeks' outing in Yellowstone park, was entertained at lunch today by 200 members of the Democratic party, who were gathered at the hotel without reference to politics. Delaney Nicol of New York also addressed the members of the league briefly.

TAFT VERY GLAD.

That Some One Made a Longer Speech Than His Cincinnati Speech.

Hot Springs, Va., Aug. 4.—After he had listened to a speech nearly two hours long, by President Meredith of the Virginia State Bar association, which began its twentieth annual meeting here, Judge William H. Taft remarked joyfully as he congratulated Mr. Meredith:

"I am certainly glad that some one has made a speech that is longer than the one I delivered at Cincinnati."

Mr. Taft was given an informal reception by the local bar association at the Homestead hotel, where the meeting was held. Of the 12 members of the Virginia bar present, nearly every one presented himself for an introduction to the visiting guest. Mr. Taft will address the association Thursday.

No political conferences were held today.

A letter endorsing what Mr. Taft said on the labor question in his Cincinnati speech from Ben E. Cheney of Newark, N. J., editor of the Railroad Employee, was made public at the Taft office here today.

A BOLT OF LIGHTNING.

It Kills Hundred Sheep at Head of the Carson River.

Reno, Nev., Aug. 4.—Virgil Cornell is authority for the report that 100 sheep were struck and killed by lightning while taking shelter from a storm at Carson River, Cal., at the head of the Carson river. When the storm came up the sheep rushed under a tamarack tree while the herder and his dogs sought the protection of another. As the herder was crossing to where the sheep were, a bolt of lightning flashed, tearing the tree to pieces and killing every sheep and stunning the herder and his dogs.
