

# THE SEMI-WEEKLY NEWS

Issued Mondays and Thursdays  
and Contains All the Cream of  
the Daily and Saturday News.

## LOCAL BRIEFS.

**Meeting Today**—Civic Improvement league committees are meeting this afternoon, to further the cause of government of Salt Lake by commission. Much interest is being manifested in this movement.

**Deputy Appointed**—Sheriff Emery has appointed Patrick Savage as deputy sheriff at Lake and the county commissioners have confirmed the appointment. The salary fixed by the commissioners for the position is \$37.50 per month.

**Shriners Preparing**—Local Mystic Shriners are already preparing for the hegira to Los Angeles next May, when an elaborate program will be carried out at the convalescence, including parades of all kinds, trips about the country, and feasts to entertain 10,000 visitors.

**Mining Man Robbed**—A mining man named James Walsh reported at police headquarters that he had been held up and robbed of \$45 on Second West street, between First and Second South streets, about 1 o'clock this morning. He said the holdups were in their shirt sleeves. The police took the matter in hand, but were inclined to discredit the story told.

**Demented From Illness**—Partially demented from illness, Miss Jessie Clark, who resides at 603 Third East street, wandered away from home while members of the family were out on the room and could not be found for several hours. Finally the young lady was seen by Officer Johnson, wandering around the streets near the Grand theater and soon she was taken to her family.

**Passed Bogus Checks**—Henry Nelson has been arrested on a charge of having passed bogus checks. It is claimed that one of the papers was given at R. K. Thomas' store, in payment for purchases made, and another was received by the other party like money. He has been identified by employees of both business houses as the party who passed the checks, and he will have to answer for his actions before Judge Dwyer. Nelson is the criminal division of the city court.

**Masons' Reunions**—The Scottish Rite Masons are holding their eighth reunion in the new building, the sessions lasting four days. The secret master degree was conferred upon 40 candidates, the largest class ever thus initiated in this city. The degree of perfect master and other degrees up to and including the fifteenth, were also conferred. Degrees up to the twenty-seventh, are being conferred tomorrow. Large attendance and much interest manifested.

**Suffered Severe Loss**—The B. C. Morris Floral company, of which Councilman Thomas Hobday is manager, suffered a heavy loss in the wind storm of Saturday night. Two of the greenhouses of the company at Tenth East and Fifth South streets were greatly damaged by the wind and the plants in them were totally destroyed. Mr. Hobday estimates that the damage to the house is about \$2,500 and the damage to plants is fully \$3,000. The stock of plants, he says, cannot be replaced in less than a year.

**Little Girl Burned**—While playing around a garbage fire last evening, Dorothy O'Connor, whose parents reside on Tenth East between Fourth and Fifth South streets, was badly burned, and but for timely assistance from passersby her injuries would doubtless have been fatal. Her clothing was in flames when two young men threw a blanket over her, and a Miss Hyde who lives near by turned a hose on the little unfortunate. A physician was immediately called and the burns were dressed. It is not thought that the injuries will prove serious.

**Experience of a Dog**—On Sunday morning pedestrians on State street and Tenth South heard the whining of a dog emanating from a kennel lying in a vacant lot. Investigation showed a white bull dog imprisoned in a kennel. From the appearance of the kennel it was apparent that the canine dwelling had traveled some distance, presumably in the air on the forest of the hurricane. Apparently it had collided with several long poles of telephone wire in transit for it was loosely wrapped around and over with strands which completely imprisoned the dog. The animal was released and when last seen was going north, likely for home.

**Yets Held Smoker**—The Spanish war veterans are holding a social smoker last evening in their Auerbach building rooms, with a recitation by Caleb Bywater, a vocal solo by William Ash, and addresses by R. S. Wright, J. C. McPherson, and C. J. Bordeaux of the First Montana Infantry. Organizations represented included Batteries A, B and C, Utah light artillery, Cuban Rough Riders, Irish volunteers, First Montana Infantry, Thirteenth Minnesota Infantry, First Wyoming volunteer Infantry, Second United States volunteers, and the Fourth cavalry. Fourteenth Infantry, Third Minnesota and other bodies of regulars.

**Janitor Saved Property**—Prompt and thoughtful action by Janitor Deery of the state university, Sunday morning, saved \$1,500 worth of balances from destruction. He found the windows of the apartment next to the chemical laboratory blown in, and the partition adjoining about to collapse. The janitor immediately rescued the balances and put them in a place of safety. He had no sooner done this than the partition blew in, and a large quantity of gas escaped. Seventy-five windows were broken in the university building, part of the roof of the metallurgical building carried off, ventilators being blown down and 1,200 feet of Columbia river ground at the athletic field. The damage done to university property is put at \$400.

We pay 4 per cent interest per annum on \$1 to \$5,000. Zion's Savings Bank and Trust Co. Joseph F. Smith, President; O. C. Beebe, Cashier.

# CALL FOR 17TH ANNUAL SESSION

Of Transmississippi Commercial Congress at Kansas City.

## THE NUMBER OF DELEGATES.

Governor May Name Not Over 20.  
Mayor From One to 10—Representative for Each County.

Copies of the official call are being sent out for the seventeenth annual session of the Transmississippi Commercial Congress to be held at Kansas City, Mo., Nov. 20-23, 1906; and the call is addressed to the governors of states and territories, mayors of cities, commercial clubs, chambers of commerce, boards of trade, manufacturing, mercantile, maritime and immigration organizations. According to the call each governor may appoint 10 and not over 20 delegates, mayors can appoint from one to 10 delegates, city council members one delegate each, business organization one delegate and one additional for every 50 members, but not over 10 altogether.

**Much Interest Here.**  
Salt Lake and Utah are deeply interested in the commercial congress which is considered as second only to the national congress. The second annual session of the congress, held at Denver in 1891, was presided over by the late Col. E. P. Perry of Park City. The fifth annual session was held at Ogden, in 1895. The seventh annual session, held at St. Louis in 1894, was presided over by the late Hon. George Q. Cannon of this city. The ninth session was held in Salt Lake City in 1897, and it is possible a Utah man may preside at the coming session of the congress.

**FOR DISCUSSION.**  
The following topics are expected to come up for discussion: "Flood Control," "Harbor Improvement," "Merchant Marine," "Oriental Trade," "Alaska," "Columbia River," "Trigonometry," "San Francisco," "Naval Construction on the Pacific Coast," "Trusts and Their Relation to Business," "Government Ownership of Railroads," "Telegraph Lines and Public Utilities," "Levee Systems in Texas and Louisiana," "Pan-American Commercial Union," "Drainage of Public Lands," "Statehood," "Deep Water from the Lake to the Gulf."

Hon. W. N. Williams of this city is vice president of the Transmississippi Commercial congress, and the members of the executive committee for Utah are Judge L. W. Shurtliff of Ogden, and George Romney of this city. Hon. John Henry Smith is a member of the advisory committee. It is believed that the coming meeting will be the largest and most successful organization of the kind ever held.

**INTERESTING FACTS.**  
A recent issue of the Kansas City Journal has the following interesting article on the coming session of the Congress:  
The meeting of the Transmississippi Commercial Congress, which will hold its seventeenth annual session in Kansas City's great convention hall for the four days beginning Nov. 20, will be the most notable and important gathering of business men in the United States this year. Ex-Gov. David R. Francis of St. Louis, president of the congress, wired Col. Fred W. Fleming, chairman of the executive committee, yesterday, of the announced acceptance of Secy. of State Elihu Root of the invitation that had been extended to him to deliver an address before the Commercial congress. Secy. Root has declined the subject of his address is "The Possibilities of Establishing Direct Trade Relations Between the Mississippi Valley States and South and Central American Countries."

The recent tour of the Southern and Central American republics by the secretary of state has furnished him a mass of up-to-date information concerning the countries which he is to visit. The subject of his address is of great interest not only to the people of the transmississippi region, but also to the country at large. The list of speakers who will deliver formal addresses before the Commercial congress includes a number of men of national prominence as follows:  
"Hon. Elihu Root, secretary of state."  
"Hon. James J. Hill, St. Paul, Minn."  
"Hon. E. H. Harriman, New York City."  
"Hon. C. C. Blanchard, governor of Louisiana."  
"Hon. George C. Pardee, governor of California."  
"Hon. Joseph E. Ransdell, president National R. & Harbor association."  
"Hon. H. D. Loveland, president of the Missouri Manufacturers' association, St. Louis."  
"Hon. John G. Carlisle, New York City."

## SENATORS TO ATTEND.

"In addition, acceptances have been received from 12 United States senators and 21 representatives in Congress to attend the congress, extended by the Commercial committee inviting them to attend this year's session and participate in its deliberations."

"The Transmississippi Commercial congress is a unique among the commercial organizations of the country in having had a successful experience of 16 years with an increasing interest during that period in its annual meetings. It has been an important factor in developing great projects for the benefit of the western country in general, and among its most notable achievements is the securing of government recognition of the great expositions which have been held in the west, including the Omaha world's fair and the Louisiana Purchase Exposition at St. Louis."

## THE MISSOURI RIVER IMPROVEMENT

association has elected delegates to the

## HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by  
F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligation made by him by

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O.

Hall's Catarrh Pills are taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 50c per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

congress, and the Upper Mississippi valley convention at Minneapolis yesterday elected delegates to represent the Transmississippi Commercial congress. The American Mining congress will be officially represented by an influential delegation, as will also the National Irrigation congress, which recently concluded its session at Boise City, Ida.

## EXPECT TWO THOUSAND.

"Secretary Arthur F. Francis of Colorado, who is giving his personal attention to the details of arranging for the meeting next month, states that a most unusual interest is being manifested in this year's meeting of the congress, and that there will be an attendance of delegates numbering from 1,500 to 2,000 persons. The Puget Sound country will be represented as well as the Valley of the Columbia river by some of the representative strong business men of the far northwest. California and Utah will, as usual, send adequate representation to the congress, as will also Idaho, Wyoming and Montana. The Gulf coast country, including southern Texas and Louisiana, will send an increased number of delegates and a large representation is expected from Arkansas, headed by Senator-elect Jeff Davis and Governor-elect John Little.

## AN IMPORTANT FACTOR.

The various commercial organizations of all these states have selected representatives, but the new state of Oklahoma and Kansas are expected to send not less than 10 delegates each. Mr. H. E. Hutchings, vice president for Minnesota, reports that Minnesota will be adequately represented, and Iowa will have an unusually large representation this year on account of its proximity to Kansas City.

An important factor which will increase the attendance this year is the unusually low railroad rates that have been authorized by the railroads from every point west of the Mississippi river to the Pacific ocean. The officers of the congress are: David R. Francis, St. Louis, president; Col. Fred W. Fleming, this city, chairman executive committee; H. D. Loveland, San Francisco, vice president; L. B. Price, New Mexico, vice president; N. G. Larimore, North Dakota, vice president; H. B. Topping, Kansas City, treasurer; Tom Richardson, Oregon, vice president executive committee; E. R. Moses, Kansas City, chairman of the advisory committee; Thos. E. Wilcox, Portland, chairman congressional committee.

United States Senators Wm. J. Stone and Wm. Warren of Missouri, as well as Governor Joseph W. Folk of Missouri, and Governor Edward W. Hoch of Kansas.

## NOTHING TO FEAR.

The question of the substances in medicine which has been agitating the minds of many people, does not concern those who use Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this remedy is not only safe to give small children, but is a medicine of great worth and merit. It has a long record of cures for all kinds of ailments, colds and croup can always be relied upon. For sale by all druggists.

## Your Best Work

Cannot be done unless you have good health. You cannot have good health without pure blood. You may have it by using Hood's Sarsaparilla now. You cannot realize the good it will do you until you try it. Begin taking it today and see how quickly it will give you an appetite, strengthen your system, cure your rheumatism, catarrh or scrofula. All liver ills are cured by Hood's Pills. 25c.

## WEATHER MAN MAKES EXPLANATION OF STORM.

A scientific explanation of the recent storm is given by the local weather office as follows: There was a high barometric area covering the northwest, with an unusually low barometric area covering the southeast. The center of the low was in New Mexico, with the difference of an inch between the low and the high. At the same time there was a high area stationary over the region of the Wyoming-Montana border. This expanded the areas with their rapidity of motion increasing, and when the two edges came in contact there was immediately something done. Salt Lake and this section of the state was caught thus, as it were between the upper and lower millstones, with a result that might have been expected. The weather bureau said that the greatest mileage storm on the local records.

The outlook for the morning is encouraging, as the high area over the great lakes has moved east, and the barometric area that came over from New Mexico has exhausted itself and disappeared, and the northwest high has moved east, the center of this high being over the Wyoming-Montana border. The prediction is clear weather tomorrow and a rising temperature. The lowest temperature of the storm was 33 degrees, or one degree above freezing point.

## CAUTION!

Persons when traveling should exercise care in the use of drinking water. As a safeguard it is urged that travelers secure a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy before leaving home, to be carried in the hand luggage. This will prevent all distressing sickness and annoying delay. For sale by all druggists.

## L. D. S. HIGH SCHOOL TO REOPEN.

The L. D. S. high school and business college will reopen Wednesday morning at 10 o'clock in the Assembly hall. All classes have been provided for and will continue regular sessions without interference. Students will take notice that regular lessons will be done. Absence will mean serious loss. The opening of the kindergarten department will be deferred two weeks.

## THIS ACTUALLY HAPPENED.

"Let me look at your directory a moment," he said to the drug clerk as he started for the telephone. "The directory is in that corner," said the employee, as the gentleman went in a different direction. The gentleman took the telephone directory the visitor made note and in passing the soda fountain said to the clerk, "The Bell Telephone book is the only directory that is absolutely correct as it is revised and issued every three months. I have been guided by your directory I should have gone to Waterloo, but I knew my friend had a Bell telephone and by looking in the Bell Directory I found he lived in the city. Even the latest city directory would not have had the correct address."

## DAMAGE AT CENTERVILLE.

Fine Dance Hall and New Meeting-house Completely Destroyed.

David county is a terrible sufferer by the great windstorm, the worst in the history of the county. At Centerville many people were driven from their homes, and in addition there was a shortage in coal. The new \$250 dance hall is a ruin, when the wind blew in the east door, the west wall went out, and the whole structure tumbled into a mass of wreckage. Every haystack in the vicinity was scattered over the country and barns right along the road between this city and Centerville.

Locust trees that have heretofore stood all blazed, went down, a train of 20 freight cars was blown off the rails at Centerville, and schoolhouses were left in bad shape. At Bonanza the \$300 meetinghouse with its new pipe organ was destroyed, the Co-op, and other buildings were badly damaged, and the county road is blocked.

Kayville was a heavy sufferer. The roof of the new bank building was blown off, the walls caved in leaving a mass of ruins. A saloon and two stores were razed to the ground, half of the cannery company's roof went off and the north end of the building was blown down. Damage done to buildings and trees throughout the town, and the damage to Lagoon, Ogden and the road between this city and Ogden giant poplars are leveled across the highway, and must be cut away before travel can be resumed. Scores of telephone poles are also scattered along the roads. Both telephone companies have sagged down, to say nothing of the wires and poles, using any make-shift possible. Both telephone and telegraphic communication is being rapidly restored.

Some say that city girls are poor, ignorant things. Some of them can't tell a horse from a cow, but they do know that Hollister's Rocky Mountain Tea is one of the greatest beauties known. Tea or Tablets, 35 cents. Z. C. M. I. Drug Dept., 112-114 Main St.

## MORE JUDGES NAMED.

Announced by County Commissioners—Vacancies to be Filled.

The county commissioners yesterday afternoon announced the following judges to fill vacancies in various districts: Seventeenth District—Walter C. Watson, William N. Anderson. Thirtieth District—C. H. Goodspeed, J. K. Harding. Fifty-ninth District—John G. Labrun, Chris. Thorum. Sixty-fourth District—A. S. White, Chris. Stephens. Sixty-fourth District—William Rosh, E. C. Hart. Seventy-fourth District—John R. Safford. Seventy-fourth District—Thomas Freeman, Valentine Smith. Seventy-ninth District—Henry Barker. Eighty-fourth District—Isaac Coon, A. C. Reid. Eighty-fourth District—F. W. Schornfeld, Ralph Ross. Ninety-fourth District—Frank Hicks, Adolph Jensen. Ninety-fourth District—John Tripp, David Nesbitt. Ninety-fourth District—Charles Ertel, W. B. Morris.

It is really one of the most wonderful topics for developing the figure and soothing the nerves ever offered to the American people. Rocky Mountain Tea or Tablets, 35 cents. Z. C. M. I. Drug Dept., 112-114 Main St.
