GIRLS HELD FOR LARCENY.

Legislative Committee Visits State School for Deaf and Blind.

Minerva Reeves and Eva Curtis, the two inmates of the state industrial school who have been charged with arson, spent last night in the county jail. After they had committed the crime of setting the beds of the institution on fire, for the purpose of burning down the building, they were taken in custody by the officers of the school and placed in solitary confinement in the cells situated in the basement of the building, until yesterday afternoon, when Sheriff Bailey went out to the school and placed the girls under arrest on the charge of arson, and brought them in to the county jail.

They were arraigned before Judge Howell last evening to answer to the charge. They pleaded not guilty, and the case for the preliminary hearing was set for this afternoon at 2 o'clock.

Their bond was fixed at \$100 each, which they were unable to furnish, and the case was set for the preliminary hearing at 2 o'clock. The third person was Amelia Robinson, the third person who was implicated in the affair, and confessed, Superintendent Allison and wife, Guard Thomas Meyers, and married Miss Alice Bailey.

Williams and Harden Bennett, also Representatives Robert McKinnon, An Hawley, Dr. A. S. Condon, Don B. Cotton and Archibald McFarland. The gentlemen were met at the depot by members of the school board and teachers, and were taken to the school building where they spent the entire day making a thorough investigation of the school and its advantages for the unfortunate. They expressed themselves as much pleased with the excellent work that is being accomplished by the able corps of instructors employed at the institution, but feel that some improvements that have been suggested by the board and faculty should be made and will be of a benefit to the pupils.

"Lydia E. Pinkham's Vegetable Compound cured me after doctors had failed, and I want other girls to know about it. During menstruation I suffered most intense pain low in the abdomen and in my limbs. At other times I had a heavy, depressed feeling which made my work seem twice as hard, and I grew pale and thin. The medicine the doctor gave me did not do me one bit of good, and I was thoroughly discouraged. The doctor wanted me to stop work, but of course, I could not do that. I finally began to take Lydia E. Pinkham's Vegetable Compound and felt better after taking the first bottle, and after taking six bottles I was entirely cured, and am now in perfect health, and I am so grateful for it."—Miss GEORGE MENARD, 537 E. 12nd St., New York City.

HUSBAND REINSTATED.

Decree of Divorce Set Aside in Los-

er Case.

Provo, Utah County, Feb. 5.—Judge Booth has rendered a decision in the case of Mary J. Losser vs. Jacob Losser, in which it will be remembered the defendant asked that a decree of divorce granted plaintiff be set aside, and in which request he was not opposed by plaintiff. The decision is to the effect that the service made on defendant by publication is valid; but he made an order setting aside the decree upon payment of costs. If costs are paid within 10 days then the decree is to stand.

As both seem to be anxious to have the decree set aside there is no doubt about the costs being paid. The patient is suffering from melancholia of a religious type. He is 50 years of age, and has a wife and two children.

FORSYTH-PENROD WEDDING.

C. W. Penrod, 26, and Sarah E. Fors-

yth, 25, both of Provo, have received a marriage license.

GARDEN CITY NOTES.

Elder William Oscar Sperry of the Fourth ward has acted as block teacher continuously for 50 years, and the ward authorities are of the opinion that a case of such long uninterrupted service should be placed in the history of the Church, and is rather proud of Elder Sperry's record. He has just been released from the duties which he has faithfully performed on account of advanced age.

Frank Dusenberry is down from Mont-

peller, Ida, to attend the funeral of his brother, Wilson.

Sunday School—Fine Snow.

Special Correspondence.

Beaver City, Beaver Co., Feb. 3.—The Fifth district court is still in session at present, and at 10 o'clock this morning heard the case of Plaintiff vs. Twitchell, a case wherein plaintiff sues for water alleged to be taken by defendant. Hearing of testimony is in progress, but as it promises to be a long one, the court adjourned to last evening.

A fine snowfall has cheered the hearts of the farmers. Our streets have been dry and dusty nearly all winter, but the ground is now covered with snow, and the mountains have a good supply stored up.

CHANGE IN WARD BISHOPRIC.

At the recent state quarterly conference a change was made in the Bishopric of the Beaver ward. Bishop Geo. Munford, who has served the people for 13 years, in a most faithful manner, was honorably relieved, and ordained to the office of Patriarch, and Elder John M. Murdoch was ordained as Bishop of Beaver ward, with Samuel C. White, Jr., and Louis E. Farnsworth, as his counselors.

Two Sunday schools have been established in this ward, instead of one as formerly. Elders O. A. Whitaker and James Tanner are the respective superintendents.

A marked change is manifest in the Elders quorum in this ward. The presidency have made a special effort to gather in the wayward and neglected, and after a few evenings labor with them in the regular meetings, they are detailed as missionaries to the Thursday night cottage meetings which are held regularly in the four quarters of the ward, and are presided over by the returned missionary society, which is doing a good work in this line. Elder George Pace was appointed as president of that body at the usual monthly meeting held last night.

John J. Murdoch, former president.

A severe epidemic of mumps is in evidence here at present, some few cases of which are also reported, but it is hoped the recent storm will effect a change for the better.

The Easy Pill.

DoWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days will be no return of the trouble.

PRICE.

REDUCE LIQUOR LICENSES.

Nelson - Guyman Wedding—Abun-

dance of Snow—Business Changes.

Special Correspondence.

Price, Carbon Co., Feb. 4.—The mother of young Wallace Naylor, the lad who was struck over the head last Saturday evening with a carpenter's hammer and whom it is believed cannot live, accompanied the young man to St. Mark's hospital at Salt Lake City yesterday evening and was again close by him until there is a change in his condition. In the meantime the boy from Colorado, named William Bondested, is in jail since yesterday evening and has put in the most of his time weeping and lamenting at the seriousness of the trouble he has brought upon himself. He is an orphan, he says, but has two older brothers and a married sister somewhere in Colorado. He knows not where. The injured young man's troubles are directly traceable to whiskey, and if he dies his demise must be charged up to him. Being but 16 years of age, his mother talks of prosecuting the saloon people who sold him the liquor.

LIQUOR LICENSES REDUCED.

At the meeting of the town board last Monday evening the trustees reduced the license of the saloonmen in Price temporarily from \$500 to \$400 a year. The saloonmen complained of hard times and the measure is simply one of temporary relief. Considerable agitation is going on over the charge of stockpiling throughout eastern Utah, and the town board is being urged to reduce the license of saloonmen to \$200 a year, and in some cases it is said they do not comply with the requirements of their license.
