

W. M. BRADLEY IS NOW RECEIVER

Judge Marshall Relieves James C. Weaver.

BOND IS FIXED AT \$25,000.

Court in Decision Affirms No Charge Made Affecting Integrity or Ability of Weaver.

Judge Marshall handed down a lengthy opinion in the federal court today in the case of the receivership of James C. Weaver. He also issued an order on that opinion relieving Weaver from the position of receiver and appointing William M. Bradley, Salt Lake attorney, in his stead. Judge Marshall affirms that no charge is made affecting the integrity or the ability of Weaver as receiver, but the change was made for the reason that it appeared to the court that Weaver's relations to the court and his contractual relations with James C. Weaver made his position inconsistent. Mr. Bradley's bond was fixed in the sum of \$25,000.

William E. Williamson et al have filed suit in the federal court against President Boardley. The action is brought by the heirs of the late Jonathan M. Williamson to set aside the sale of certain of the property of the deceased, which the administrators are trying to effect.

A decree has been issued in the case of Fowler vs Weaver in favor of the plaintiff.

In the cases of Bean, Calson, Weber, Coby and Zimmerman against Weaver, as receiver, were all dismissed.

WANTS \$17,500 DAMAGES.

J. P. Mullen Sues Employers for Injuries Received from Derrick.

J. P. Mullen today filed a suit in the district court against Joseph Dederichs and James Burke, doing business as Dederichs and Burke, to collect \$17,500 as damages for personal injuries alleged to have been received by plaintiff while employed by defendants.

The complaint alleges that on February 18, 1902, defendants, being contractors, were engaged in the construction of a certain steel building at West Jordan and were using a hoisting apparatus about 20 feet high for hoisting material for said building. That it was the duty of plaintiff as an employee of defendants to ascend to the top of said apparatus and, on the 18th of February, while employed at the top of the hoist, the cross piece on which he was standing broke and precipitated him to the ground, breaking his leg and injuring him permanently, to plaintiff's damage in the sum of \$17,500.

THE NEW WOMAN.

Made Over by Quitting Coffee.

Coffee probably wrecks a greater percentage of Southerners than Northern people, for Southerners use it more freely.

The work it does is distressing enough in some instances; as an illustration, Miss Sue W. Fuhr, 317 N. 4th St., Richmond, Va., writes: "I was a coffee drinker for years and for about six years my health was completely shattered. I suffered fearfully with headaches and nervousness, also migration of the heart and loss of appetite. My sight gradually began to fail and finally I lost the sight of one eye altogether. The eye was operated upon and the sight partially restored, but I became totally blind in the other eye. My doctor used to urge me to give up coffee but I was wifely and continued to drink it until finally in a last case of severe illness the doctor insisted that I must give up the coffee, so I began using the Postum Food Coffee, and in a month I felt like a new creature. I steadily gained in health and strength. About a month ago I began using Grape-Nuts Breakfast Food and the effect has been wonderful. I really feel like a new woman and have gained about 25 pounds. I am quite an elderly lady and before using Postum and Grape-Nuts I could not walk a square without exceeding fatigue, now I walk ten or twelve without feeling it. Formerly in reading, I could remember but little but now my memory holds fast what I read. Several friends who have seen the remarkable effects of Postum and Grape-Nuts on me have urged that I give the facts in the public for the sake of suffering humanity, so, although I dislike publicity, you can publish this letter and my name if you like."

Back Coming Next Month.

Buck Weaver has been notified by letter that his services are needed here by the 5th of April, and he has been told to hurry. He was also instructed to sign the best players he could corral and bring them along with him. Doubtless Buck will obey instructions, and will be on hand in plenty of time to get the Lagoon club organized and settled down to business in time for the opening of the baseball season.

OUTSIDE EVENTS.

YOUNG HAS THE SCHEDULE.

Opening Games of National League To Be Played April 15th.

New York, March 26.—It is reported that former President Young, of the National Baseball league, is here with the league schedule in his possession. It is understood that the schedule calls for opening games on April 17 at Boston, New York, Cincinnati and St. Louis, the visiting teams being Brooklyn, Philadelphia, Chicago and Pittsburgh respectively.

Young has avoided clashing of dates with the American league teams as much as possible. Nevertheless, the draft is said to show the two Boston clubs clashing on 14 dates, Chicago on 12, Philadelphia 17 and St. Louis 10.

BEAN AGREES TO MEET FLYNN

Will Box Twenty Rounds on the 7th of April.

THE MIDDLEWEIGHT LIMIT.

They Will Weigh in at 153 Pounds on Date of Contest at 158 Pounds.

Willard Bean returned from Springfield yesterday, and last evening was asked by a "News" reporter if he was willing to meet Jim Flynn in a 20-round boxing contest, and what rules he wanted to govern the bout in the event they came together.

"If Mr. Flynn can get down to 153 pounds—that's the middleweight limit you know—I will meet him any time after two weeks, with straight Marquis of Queensbury rules governing. I know what kind of a fighter he is and I am willing to take a chance. I propose to do a little boxing if I can keep my part of it on a high plane, and all I ask for is a square deal."

Bean immediately looked up Manager McNamara of the club, and later, Flynn. The match was soon arranged for. It will be for a side bet and a percentage of the gate receipts. The men will weigh in at 153 pounds at 3 o'clock on the afternoon of April 7, the date selected for the bout.

Both men began training today and as both are in pretty good shape they will not have to do so very much work. Flynn says he will have no trouble in making the required weight, and will be there with the goods when the time arrives.

MEETING THIS AFTERNOON.

Schedule for the Utah League May Be Adopted Today.

Magnates of the Utah baseball league will meet this afternoon at Ogden, and it is expected that a schedule will be submitted and adopted by the four clubs. The schedule has been made out and it is thought there will be little if any alteration. Other matters will come up for discussion, but the meeting will not be prolonged.

TWO PLAYERS SIGNED.

Frank J. McNichols and Jack Huston Secured by Chief Borchers.

The first players to sign with the Salt Lake baseball team for the season of 1902, having their names to contracts last evening. They are Frank J. McNichols, shortstop, and Jack Huston, a first baseman and hard hitter from the southern league. The latter is now on the coast but will report here in a short time and get down to work.

McNichols needs no introduction to Salt Lake fans. His splendid work last summer has made a name for him that will last while many teams come and go.

BASEBALL GAME.

B. Y. A. and Provo Teams Played The First This Season.

The B. Y. A. played Provo a game of baseball on Monday which very much astonished them. This is the first game of the season, and considering that of the best players of the B. Y. A. were absent, reflects great credit on the work done by them.

The Provo team was confident of success and therefore gave the academy a hard game of nine innings. They took their one and only Provo fanned the breeze, not even succeeding in getting a foul on the globe.

The academy boys succeeded in some ways and scored one run in their first inning.

The next four innings saw no change in the score, both sides evidently having holes in their state; but the sixth put Provo's score to five and the academy's to six.

In the seventh Provo again fanned lustily at the breeze, while the B. Y. boys put three safe one-base hits and occupied the three bases when Harper, the subfreshman chap from Mesa, took the bat and landed a safe three bagger, winning three scores, and reaching third himself.

The eighth inning both sides fanned but in the first half of the ninth Provo scored one run, making the score six to nine in favor of the B. Y. A.

Capt. Smith, pitcher of the B. Y. team, did fine work, as did also Colton on first, Beck, shortstop, and Brockbank in left field. The other players did good work except the right fielder, whose poor work let in three runs.

Provo did good work in general, only a few errors were noted, but both teams were woefully deficient in the batting.

Manager Woodward of the B. Y. team is in ecstasies over the victory, as this says he has the best team the academy has ever had in his games with. He says he is now going into systematic training ready for league work.

He also expects to be able to dress his boys in new uniforms by the middle of April if not before.

Those who witnessed the game express great satisfaction in general. And those who missed it are wishing they had been there. The academy was not very loyal in turning out, only two teachers and a very few boys being present.

On Saturday the office of general passenger agent of the Oregon Short Line will be removed from its present location to its new home in the big "News" building and those who may then and thereafter have business to transact with Mr. Spencer or Mr. Hurley will see these gentlemen in the new offices. It is expected that before the end of next week all the departments will have been settled in their domiciles in the big building, so that persons desiring to find their offices must do so in the three upper floors of the structure.

OGDEN EXCURSION.

Choir Will Run One for the Coop Testimonial Concert.

Dan Spencer announced this morning that on Monday evening next the Oregon Short Line will run a special excursion train to Ogden upon the occasion of the testimonial concert to be given to Prof. Squire Coop. The time of leaving Salt Lake will be made known later.

ELKS AT SALT LAKE.

Entertainment of Visitors at the Big Lake Resort.

Local Elks who have in charge the various details of entertainment in preparation for the great national gathering next August are early beginning to arrange for dates with the management of the Salt Lake & Los Angeles railway and Saltair beach. It is now anticipated that a couple of days will be set apart as Elks' day at the resort, but details will be made public later on.

THAT'S THE TICKET.

Exchange Scrip Book to Be Used by Western Railways.

Chicago, March 26.—An entire new form of ticket is soon to be placed on sale by the Chicago roads operating west of the Missouri river. Instead of buying local tickets with coin transportation will be purchased by books. It is called an "Exchange scrip book" and will be the first interchangeable mileage book to be used in the territory west of El Paso and Denver. Later it is expected that it will be adopted by lines from the Missouri river to Denver and El Paso.

The book resembles the usual mileage book, but the figures, instead of representing mileage, represent money, 5 cents for every line. The purchaser pays \$50 and is given a book with lines representing that amount. Upon presentation of the book at any ticket office the price of the ticket is taken from the book and a record of it made in the back of the book. Upon using all the book the purchaser, by presenting the cover, secures a rebate amounting to the difference between the gross and the net rate of the entire mileage traveled.

Officials of the following roads have agreed to use the book:

Santa Fe, Colorado Midland, Colorado & Southern, Denver & Rio Grande, Oregon Railway & Navigation company, Oregon Short Line, Rio Grande Western, Santa Fe Pacific, Santa Fe & Joaquin Valley, Southern California and Southern Pacific.

Rio Grande Official Changes.

Denver, March 26.—Important changes have been announced on the Denver & Rio Grande railroad.

W. R. Martin, general superintendent, has resigned and it is understood that he will be succeeded by F. W. Egan, superintendent of the western division of the Grand Trunk, with headquarters at Detroit, Mich. Mr. Martin, it is said, will go to some eastern road.

M. H. Rogers, chief engineer, has also resigned. His successor has not been named.

SPIKE AND RAIL.

On Sunday next the Eagles will run an excursion to Tintic over the Oregon Short Line. The train leaves at 9 a. m.

A system of pensions for superannuated employees has been inaugurated by the Metropolitan Street railway of New York.

There are building for the Southern Pacific 500 12,000-gallon oil cars, 300 self-cleaning dump cars and 2,500 flat cars.

Passenger traffic on the Rio Grande Western is heavy these days and Col.

L. M. Cargo, western agent of the Western Union, is a guest at the Knutsford from Denver.
