DESERET EVENNING NEWS: FRIDAY, DECEMBER 13, 1901.

Trading in Stocks Was Active This Morning And Much Better Figures Maintained All Along the Line.

BEARS SEEK COVER

Trading was very active on the ex-change this morning, in Ajax, Carlsa, May Day, Uncle Sam Con. and Califor-nia. Much better figures maintained

in the stocks dealt in and throughout the list higher bid and asked prices were recorded.

It appears to be the general opinion that the brokers shorting those stocks are worried on account of the good reports that are coming from some of the mines and the public denials made by officers of others, to the bearish stories affoat about them. It is anyway stated that some brokers with heavy accounts on the short side of certain stocks are covering.

Ajax commenced the trading this morning at 55% and with total sales of \$,700 shares closed with 63% bid. Carisa followed with sales amounting to 14,600 shares. The stock was dealt in as low as 59 and the trading closed with a sale of 1,500 shares at 6212. Three hundred Lower Mammoth was handed out at \$1.35 to \$1.39, and May Day began a very active call at 52. After sales of 9,700 shares had been recorded at fig-ures all in excess of that at which the opening sale was made the stock closed with Mas of 544. Uncle Sam Con. was opening sale was made the stock blosed with bids of 54%. Uncle Sam Con., was traded in to the extent of 9,100 chares, opening with a sale at 69 and closing with one at 73%. After being traded in as high as 73%. It is generally the opin-ion that Uncle Sam Con., is much lower than it ought to be, and that the stock has been to the lowest figure it will reach for some time to come.

reach for some time to come. California stock changed hands at figures ranging between 40 and 44, clos-ing with 43½ bid. Sunshine at 13%-14 was dealt in and small sales of Boss Tweed, Joe Bowers, Manhattan and Tetro were recorded. Century to the extent of 1,100 shares was traded in, the stock bringing \$1.00- \$1.03 and clos-ing with \$1.00 bid.

When the morning call closed the fol-lowing were the bid and asked prices recorded.

PECULIAR CASE. Guggenheim Smelting Company Imported Lead Ores Under Bond. New York, Dec, 13-A petition for a

review of the proceedings before the board of general appraisers in the Gug-genheim Smelting company case has been filed in the United States circuit The company imported a quantity of

are yet fifteen companies to hear from, and refining. The collector admitted the consignment under bond free from the assessment of duty as provided un-der the tariff act when the metal recovered from the process of smelting and refining applied to the foreign product is to be re-exported. The collector required that quantities of pure lead and antimony equal to 90 per cent of each metal, respectively, as shown by the analysis to constitute the entry of ere upon importation, must be delivered for re-export to cancel the bond under which the merchandise was admittal, or duty upon such a quantity of metal as represented the discrepancy between such quantity and 90 per cent of the ore imported must be paid. The Guggenheim Smelting company protested, but its contentions were overruled by the general board of approisers. The appeal was taken to the United States circuit court on the grounds that the board erred as to the law in refus-ing to permit the protestant to introduce testimony to show the reasons for the wording by Congress of the tariff law of July 24, 1897, in not holding that in order to cancel the bonds previously given by the company all that was re-

quired was the exportation of 50 per cent of the lead and antimony recoverable after the process of smelling and refining instead of the 90 per cent lead and antimony constituting the importation.

BIG ASSESSMENT PAID.

The Bingham Con. Sends \$46,200 to Tesora Company.

The management of the Bingham Con. Mining company has clearly demonstrated its faith in the future of the Tesora Mining company of Tintic by handing over a check of \$46,200 in response to the recent assessment. The Bingham Con. controls 231,000 shares of the Tesora and as a consequence paid as an assessment nearly one-half the total amount called for. In addition to this the Tesora company bas been accorded its ores a working

Emma S. Group.

[Special to the "News,"] Provo, Dec. 13.-Notice of consolida-tion of the "Emma S." Nos. 1, 2 and 3 mining claims in Eldorado mining dis-trict under the name of the Emma S. the mining claims in Eldorado mining dis-trict under the name of the Einma S. group, has been filed with the county recorder. The following petroleum mining claims have been located in section 27,

charge at the Bingham Con, smelter that can hardly exceed the actual cost of converting them into copper-bearing matte, and for its metals has secured a market through the United Metals Selling company. HELD ANNUAL MEETING. New Young America Directors Were Elected Yesterday.

The annual meeting of the stockholders of the Young America company, whose property adjoins the Dexter at Tuscarora, Nevada, was held yester-day afternoon and the following board of directors was elected: Geo. H. Dern, John Heimrich, W. S. Brown, John Dern and W. B. Andrew. It was reported that work is now practically at a standstill on account

of an insufficiency of water to run the new 10-stamp mill. Water to operate the mill had been pumped from the mine but when the Dexter forces got deeper than the Young America they drained the latter. The directors hope to obtain water from another source and it is stated that an assessment may be levied with that purpose in

view DAVID KEITH RETURNS.

Says Action at Lead Conference Not

Discouraging for Utah. Hon. David Keith has returned from

New York where he went to attend the meeting of the big lead producers of the country, and to look into some other business. He is of the opinion that the actions taken at the lead confernce are anything but discouraging to the miners of Utah. Although the brice of lead will be reduced to \$3.50

er hundred from the first of January and will remain at that figure for six months, the settling price will be the same for big and little lend miners and, so far as Utah is concerned, there will in all probability be no curtailing af all of the production in this state.

Pay Day at Dixie.

More than a hundred hearts will be gladdened down in Utah's Dixie land within the next few days for the St. George Mining company, which owns and operates the Divio mine and smelter, has today forwarded the company's payroll, and an amount approximating \$10,000 will soon he in the hands of the employes of the company. Reports from the mines says that work is pro-Reports cressing finely on the development of hent and reports from the district say that there is more life and activity in

all lines of business there in consequence of the activity of the St. George Mining company.

A. B. Lewis in Town.

Manager A. B. Lewis, of the Majestic and Imperial companies in the Beaver district, has returned from an eastern rip to New York, Washington, Boston and other cities. He stated in an intorview that he was most successful in the business upon which he went east and that now the success of the Bea-ver county properties is most positively assured.

MINING NOTES.

The Emerald assessment of 1/2 cent a thare becomes delinquent tomorrow. John J. Daly is expected to return home tonight or tomorrow from an eastern trip.

The settlements for one and buillon ceived yesterday amounted to \$116,-

The Taylor and Brunton sampler is in eccept today of seven carloads of ore and bullion from the Tintic district.

The one-half cent assessment on Litthe Chief will become delinquent Mon-day and that, of the same amount, on Bowers will become definquent

Tuesday.

bonding of the Tiger group of seven claims, for \$10,000, one-tenth paid in Jacob Casett and E. W. Butcher of Lucile were the locators and owners. The claims show fine prospects, and should pay big money. The bond is for capitalists of Pittsburg. The Sun of Yuma, Ariz., reports the arrival at that point of several car-loads of railroad iron for the Picacho & Colorado River road. They will be taken to their destination by boat. Th survey for the road has been completed and construction work will be begun at once. This road will be standard gauge and about five miles in length, extending from the California King gold mines at Picacho to the Colorado river, where the company will operate a big reduction plant. This is the property in San Diego county in which United States Senator John P. Jones of Nevada and ex-United States Senator Dorsey are interested. MARKET STILL UNSETTLED

Supporting Orders Gave Some Stability at

First but Not Long Maintained.

Amalgamated Copper Again Acted Erratically Causing Many Stocks to Fall-Bonds Irregular.

New York, Dec. 13 .- Supporting orders were in the market at the opening which caused some stability of prices in the early dealings. A subsequent break of 2% to 66% in Amalgamated Copper coincident with heavy selling all around, many stocks falling 1 to 2 below last night. St. Paul preferred lost 4. General Electric rose to 214. The market turned abruptly upward when the shorts commenced to cover and

railles of from 1 to 2 points were speedily made. Business grew quieter toward midday, but prices held well at the rally. Bonds were irregular.

In the dullness of the noon hour there were some recessions, but they did not exceed fractions except in Amalga-mated Copper, which dipped below 67 and then hardened again. Prices genraly rose to the best before the end of the hour.

Amalgamated Copper was dealt in after 1 o'clock more heavily than at any timeduring the day and fluctuated vio-The up-turn carried it to 68 1/2, ently. the higest, the immediate reaction to about the lowest, 6634, and it soon went up again to near 68. The vagaries of the stock were followed to a fractional extent by the general market, but there was less doing. Reports of a cut in the price of raw copper here was responsible for the movements in Amal-gamated. The general market rose strongly to the best of the day before

Amaigamated Copper continued erratle, selling down again to about lowest and then rallying. Rubber goods broke 4, the preferred 3¼ and United States Rubber a point, General Electric rose 7 in all. The market was sluggish and irregular below the sest price. The closing was dull and m
