## THE ELECTIONS.

FROM the telegraphic dispatches published in another column information will be gleaned respecting the elections at various points. As a whole they are too meagre to be very satisfactory; partial returns only have been received from many of the Districts, and it will take some days to ascertain correctly the actual results of the election in the various places where they have been held. The chief interest has centered at New York. To that city and State all eyes have been directed. The concentration of Federal troops there has led many to expect that there would be a collision, and probably bloody riots. But the dispatches inform us that the election passed off without any special disorder. The troops did not interfere, or throw themselves particularly in sight. It would seem from the returns, so far as received, that Hoffman was sure of reelection.

It has been stated that the sending of troops to New York was not prompted so much by the patriotic and praiseworthy object of preventing illegal voting as for the purpose of preventing, if possible, the re-election of Hoffman. The latter gentleman is at present very eligible, and one of the most likely men in the Democratic party to be the Presidential candidate of that party at the next election. He is said to be very popular in his own and other Atlantic States, and also in the West, and if he should carry New York this Fall his chances for nomination at the next Democratic National Convention would be excellent. It would be very inconvenient for the Republican candidate to have a popular, successful Democratic candidate in the field, especially one upon whom a large share of the German and other foreign elements would concentrate, and if he could be beaten in his run for Governor, there would be one formidable competitor less in the field; hence, some uncharitable people say, the interest that has been felt of late by certain parties in Washington in this New York election, and the anxiety to move troops to that point. But whatever the motive was in sending them, it seems that Hoffman, whether he ever is elected President or not, is likely to be Governor of New York, for the next two years.

## THE EXPRESS ROBBERS.

A CLUE to four men who stopped the train on the Central Pacific lately has been obtained. The name of one has been ascertained. He is supposed to be the murderer of a woman at Fort Halleck, and who escaped from there. They have been tracked by Indians, and it is probable they will be caught. When last heard from they were traveling south, and may attempt to reach some of the settlements in the Southern part of this Territory. The people should be on the alert, and if suspicious characters appear in or near the settlements they should be watched and arrested. The vigilance of the authorities and people of Utah county is securing the three "road agents" who lately robbed the mail in that county is praiseworthy. Let scoundrels know that in Utah at least, they cannot hope to shelter themselves with impunity. Heavy rewards are offered for the arrest of these robbers.

THE PROPOSED EXCHANGE AND READING ROOMS.—A third meeting of gentlemen interested in organizing an institution of the above character, was held last evening in the hall over Faust's Livery Stable; there were between twenty-five and thirty persons present, representing the best classes of our merchants, bankers, mine owners and professional men.

The Chairman, A. S. Gould, Esq., called the meeting to order, and in a brief but comprehensive address, explained the objects of the meeting, clearly demonstrating the lasting benefit which would accrue to the community at large from such an institution as the one proposed; he cited instances of the eminent success of kindred ones in all the principal cities of the United States and Europe, whether viewed as necessary adjuncts to the moral and intellectual enlightenment thereof, and he had no doubt that under judicious management, the present enterprise would, ere long, rank second to none in any of our larger and more populous cities.

The minutes of last meeting were then read by the Secretary and approved.

Thomas Taylor, Esq., Chairman of the Committee on Signatures to Prospectus, then reported the signatures of ninety-eight persons as cordially acquiescing in the programme laid down.

The Chairman then suggested the propriety of the meeting fixing upon an appropriate name with which to designate the institution; and after considerable discussion it was unanimously decided to call it "THE SALT LAKE EXCHANGE."

The question of electing officers was then proposed and discussed, and after some remarks from the Rev. G. M. Pierce it was resolved to appoint two committees—one on permanent organization and another on constitution and by-laws, and said committees to report progress at a future meeting. The following gentlemen were then elected to act on said committees:

On Permanent Organization: Messrs. Warren Huxsey, Thomas Taylor, C. P. Westcott, Colonel C. L. Stevenson and Mr. W. H. Evans.

On Constitution and By-Laws: Messrs. Benjamin Fabian, A. S. Gould, A. P. Tilden, Colonel Samuel Kahn, Colonel J. W. Howard, Rev. G. M. Pierce and Professor Joseph Parbot.

The meeting then adjourned until Saturday evening next, at eight o'clock.—(Con.)

The election passed off without disturbance. The military was not seen. It seems that there is no doubt that the entire Tammany Co., ticket is elected. In the 3rd Congressional District, Slocum, Democrat, seems to be elected over Webster and Whitney, Republicans. Kinsehl, Democrat, is elected in the 2nd District; Kitcham, Republican, is probably chosen in the 12th District. Eighty-nine Districts from various parts of the State outside of the city, thus far heard from, give a Democratic gain of 20 to 68, as compared with the Presidential work of 1868, when Seymour had ten thousand majority.

Troy, 8.—J. M. Warren, Democrat, is elected to Congress by a very large majority, probably twenty-five hundred.

The elections show a majority of over forty thousand for Hoffman. A hundred and ninety-two districts of the State, outside the city, show a Democratic gain of 4,904. The four wards of this city thus far reported, show a Democratic loss of 2,164. The 15th ward gives Hoffman 2,102 and Woodford 1,334. The Democratic General Committee of Brooklyn reports that King county will give a twelve thousand majority for Hoffman. Beach and General Slocum are elected to Congress in the Third District by 8,000 over Webster.

In the 10th Ward Hoffman was 3,008; Woodford 833; 11th Ward, Hoffman 4,903; Woodford 2,543.

### MASSACHUSETTS.

Elections.

Boston, 8.—Representatives Twichell and Hooper are re-elected to Congress, from the Third and Fourth Districts, comprising Boston, etc.

A very full vote was thrown at the State election, to-day. The result in Boston favors the Governor, Claflin 10,048; Adams 9,730 and Phillips 1,800. Claflin 21,003; Adams 4,383 and Phillips 6,005.

Boston, 8.—Returns from 163 cities and towns give Claflin 41,093; Adams 21,988, and Phillips 11,325. Claflin will have a large majority as last year. There is an increased total vote. His majority last year was 9,800. All the Republican Congressmen are re-elected. Twichell is elected in the Third District by about 300 majority and Hooper in the Fourth by over 2,000. Both branches of the Legislature will be strongly Republican. Wendell Phillips has received less votes than his opponents conceded him. John Quincy Adams is elected to the Legislature.

### MARYLAND.

Elections.

MARYLAND, 8.—Archer and Swann, Democrats, are elected to Congress from the second and third districts of Maryland, respectively, by four thousand and five thousand majority.

### LOUISIANA.

NEW ORLEANS, 8.—The Times special correspondent reports a row at Baton Rouge, last night. Two negroes were killed and several whites and negroes were wounded.

In Richland parish the Democratic majority is five hundred and eighty-eight, and Norfolk eighty-eight. The election passed off very quietly. Three wards give James Platt Jr., Republican, to Congress, colored candidates by one majority. There is one Ward to hear from, in which the negroes have registered a majority of 3,083.

### DELAWARE.

WILMINGTON, 8.—There was more or less rioting in two wards of this city, during the afternoon, between crowds of white and colored men. At 5 o'clock a sharp encounter took place, in which

a large number of shots were fired. It is reported that a number of persons were shot.

Returns from the State show a general Republican gain, over the vote of 1868, but not sufficient to change the result. Porter, Democrat, for Governor, has probably 500 majority, and Biggs, for Congress, nearly the same. The Republicans carry Newcastle county, for Legislature and on the State ticket.

### ALABAMA.

MONTGOMERY.—The election passed off very quietly. No disturbance occurred. The total vote cast in the city was 5,638. The Republican majority is estimated at about 1,000 or 1,300.

### RHODE ISLAND.

Election News.

PROVIDENCE, 8.—The Congressional election in this State took place to-day. In the Western Districts the vote was very light. James M. Pendleton, Republican, has 327 majority, with two towns to hear from in the Eastern District. No regular Republican nomination was made. Republican, 1,977; Davis, Republican, 1,005; Van Slyck, Democrat, 1,402; Benjamin Mumford Temperance, 303; scattering 19. Rames has 196 majority. Several arrests were made for bribery, and it is understood that the election will be contested for that cause.

### ILLINOIS.

Election News.

CHICAGO, 8.—The vote throughout Illinois, Wisconsin and Michigan is light to-day, and resulted in the general success of the Republicans; but by reduced majorities. In this city there is a good deal of excitement over the Congressional contest between Farwell, the regular Republican nominee, and Wentworth, Independent. The former was elected by a small majority. Other districts in this State report, politically, as heretofore, excepting the fifth, which has probably been carried by Robinson, Democrat, the Republican vote being divided between Marriam and Miner.

In Michigan the Republican majority on the State Ticket is as large as usual, but that party lost the 6th district, which is carried by Judge Sutherland, Democrat. The remaining districts give large Republican majorities.

## FOREIGN NEWS.

### WEST INDIES.

Revolutionary.

HAVANA, 7.—Advices, dated Mexico 29th of November, state that a terrible revolution occurred in the States of Yucatan, Guerrero. The government troops were defeated and reinforcements have been hurried forward from the capital. Mail communication in that direction is interrupted. A revolutionary outbreak also occurred in Michoacan.

An attempt was made to form a political party with Negroes as its leader, but the movement excited little enthusiasm. The object was to nominate Orlin Diaz for the presidency. The revolution has broken out in Tehuantepec, against the State government. The revolutionists numbered three or four thousand men. It is feared that the Tehuantepec canal exploring expedition from the United States, have had trouble with the revolutionists and will perhaps be compelled to stop altogether. Advances from Venezuela, of the 25th of October, state that the Guiananians have captured the town of Caro. Maricao is the only town opposed to Guianan. Disturbances are reported in Brazil.

### PRUSSIA.

BERLIN, 5.—The French prisoners are supplied with clothing by the Germans.

### GREAT BRITAIN.

The Prussians driven back.

LONDON, 8.—A dispatch from Tours, dated ten this a.m., says: At day light a Prussian column, with two batteries and fifteen hundred cavalry, attacked the posts of the army of the Loire at Solais and Laurent de Bois. The French drove them beyond Valloise. The Prussians lost their dead and wounded on the field, and were sixty-four prisoners. Our loss was four killed and thirty-one wounded. Verdun has capitulated to the Prussians.

A cable to the World says: A number of letters from the correspondent of the World arrived here to-day, from which the following is extracted: Fearful distrust and discontent prevailed in Germany, growing out of the prolongation of the war; of which journals dare not speak because no mercy would be shown by the military government. The whole country is in a moral and material in the most deplorable condition, and it is doubtful how long the public indignation can be restrained by military discipline. Everywhere, in desolation, tens of thousands are in mourning. Prussia may yet greatly injure France, but she is so exhausted she cannot conquer her. King William must soon be under the same conditions as was the Emperor after the battles of the 14th, 16th and 18th of August; when he dared not return to Paris without allowing success to face previous disaster. William also seeks such success before daring to return to Berlin, otherwise the Prussian power will collapse like the dreams of the Emperor. Another correspondent, writing from Perpignan, on the 4th inst., says: Civil war has commenced here, with frightful scenes. The Col. commanding here was assaulted by bands of red republicans and cut down. The chief of General of Armes underwent the same fate. M. Dordanes, the Mayor, was stoned to death before his own house. A witness witnessed a sight so horrible. Another gentleman was pursued by the mob and killed with butcher's hammers. The national guard are now assembling to quell the mob. All the houses and shops are closed. General Barrai, who commanded the artillery at Strasbourg, was arrested at Grenoble, on a charge of treason against the Republic. The mob assembled before the General's hotel crying out "We are the sovereign people. Down with the servants of the Emperor." It was with great difficulty

that Barrai was rescued from the hands of the mob, and conveyed to the prison of St. Joseph. Hausman, ex-Prefect of Paris, was arrested at his Villa, at Nice. The Journal des Droits de l'Homme, published at Montpellier, sent Hausman, on Bazaine's and Napoleon's heads, and opened a subscription to pay for their assassination.

### FRANCE.

TOURS, Eve.—A general battle was fought to-day, near Orleans. All the ambulances have been sent to the front. No news has yet arrived of the result of the fighting.

## THANKSGIVING PROCLAMATION.

Whereas, It is our duty to acknowledge at all times our absolute dependence upon Almighty God, and to thank and praise Him for His manifold blessings, and

Whereas, We should individually, and as a people, show our gratitude to Him, for His many mercies, and supplicate a continuance of the same, Now, therefore, I, VERNON H. VAUGHAN, Governor of the Territory of Utah, do hereby appoint THURSDAY, the 24th day of this, the month of November, to be observed as a day of Public Thanksgiving, Prayer and Praise. Remember with humble, loving and grateful hearts, that the Great Jehovah saved unto us abundant crops from the pestilence of last summer; that we have been permitted to discover beds of coal and iron ore, deposits of copper and gold, and silver mines of unparalleled richness; that our population has increased; that new churches and seminaries of learning have been built, and that we are blessed with a Government that protects all true and faithful citizens and punishes all disturbers of peace, unity and prosperity.

In testimony whereof, I have hereunto set my hand and caused the Great Seal of said Territory to be affixed. Done at Salt Lake City, this 9th day of November, A. D. 1870, and of the Independence of the United States the ninety-fifth.

VERNON H. VAUGHAN, Governor.  
GEORGE A. BLACK, Secretary of Utah Territory.

FATAL ACCIDENT.—Bro. Phineas W. Cook, of Swan Creek, Rich Co., sends me an account of a fatal accident, which happened at that place on the 27th ult. to his grandson, Wm. Cook, four years and a half old, son of William and Harriett B. Teeples, who with their family, had moved to the place intending to reside there during the winter. Several of the children had been playing around a log house in course of erection by their father. They had been requested to go away so that they might incur no risk in case of the falling of a log, and all had left but the one. The father was engaged in hatching a log, had done one end, and was walking along it to notch the other, when the log rolled and fell on the child, who was so seriously hurt that he lived only a few hours.

CONSEQUENCES.—The obsequies of Captain D. G. Thomas, whose death was noticed in yesterday's News, took place to-day at one o'clock. The body will be sent East for interment, and taken to the depot of the Utah Central, in this city, being escorted thither by the Camp band, a company of U. S. Infantry, and numbers of citizens in carriages.

A PRIVATE CEMETERY.—The Leavenworth (Kansas) Commercial has an account of a desperado named "Jim Curry," who has killed so many persons in "self-defense," that the saying is got abroad that he has started a "private cemetery." The Commercial thinks that some of the deaths caused by his hand ought to become the subject of a judicial investigation. The fellow was formerly an engineer on the Union Pacific Railroad.
