New York Democratic Convention.

SYRACUSE, 10.—The temporary secretaries being appointed and the roll of delegates called, the credentials of the contestants were presented, and a delegate moved that the uncontested delegates in each congressional district select one of their number to constitute a committee on credentials, and that all the contested cases be referred to that committee. Lieutenant Governor Dorsheimer opposed the motion, and hoped the appointment of the committees would be left to the temporary chairman, and offered an amendment to that effect. After the discussion in which Congressman Cox, ex-Speaker McGuire, who said he was from the Fourth District, and John Kelly supported Dorsheimer, the latter withdrew his amendment and the word "uncontested" was dropped from the original motion, which then passed. The usual committees were then appointed. Senator Kernan was invited to a seat on the platform and a recess was taken.

The delegates were slow in reassembling, but the galleries were full soon after 4 o'clock, and greeted warmly Senator Kernan, who appeared on the platform in company with Erastus Brooke.

Senator Jacobs, temporary Chairman, called the convention to order at 4.15, and the names of members of committees were announced. Senator Kernan was received with marked applause. He addressed the convention upon the importance of the work committed to its charge, and urged the delegates to unity of council and action, with a view to having control of the State administration, and preventing its return to the corruptions, wrongs and unjust burdens suffered by the people in former years. He discussed the question of military presence at elections in the South, charging the army was used to protect fraud at the polls and to defeat the will of the people and not promote the freedom of elections as was claimed by the other side. There could be no free elections in the presence of an armed force.

The motion to take a recess till 8 p. m., in order that the committee might shorten the work of the convention, was amended to make the hour 9.30 to-morrow, but before its adoption, Cox was called for, and he took the platform and made an address. He counseled harmony with a view to success now and triumph next year, which shall elect to the Presidency a man who will have energy and courage to take and hold the position to which he is thus called [stormy applause, long continued.]

Ex-Governor Walker, of Virginia, was called, and likewise counselled harmony. He referred to the fact that the republican party was united since the Saratoga convention, despite its bickerings in advance of the nomination. A united democratic party means for us a great victory. A disunited party means overwhelming defeat, and if we carry the election this fall, we shall elect our President next year. [Applause].

The convention then adjourned till 9.30 to-morrow morning.

The committee on permanent organization unanimously agreed to continue Senator John C. Jacobs, temporary chairman of the convention, as permanent chairman. The committee on resolutions met this afternoon, and will finish their work in the morning. The committee on credentials spent over two hours on the contest seat from Albany County, and agreed by a vote of 19 to 12, to admit the Robinson delegation. As the question was one of succession or regularity, the vote of the committee indicates what disposition will be made of anti-Tamany contestants. As these were not admitted to previous convention, it is not likely that they will be admitted to the present one. The canvass on candidate for governor continues to-night, and there is a growing disposition in favor of General Slocum. It is even claimed that he has 196 votes without including the votes of the Kings County delegation, who do not as yet announce their preference to address in the convention urging harmony, are well spoken of, and it is believed the convention will do its work and adjourn in that spirit.

It is many years since the democracy held so large or exciting a convention in this State as that now sitting here. What is to be the result of it is still uncertain. That the friends of Governor Robinson have control of the body is unquestionable. Uuntil to-day there has been no doubt that they would assert it for his renomination. At this writing the probabilities still are that he will be named on the first ballot, but those who oppose him as a renegade republican and charge him with unjustly removing good democrats from important offices solely in order to pave the way for Tilden's control of the State in the next national convention, are making considerable impression upon many who care more for democratic than for Robinson's success. It begins to look as if Tammany really intends to bolt if its proteats are disregarded, and to nominate another ticket. That this would greatly imperil success this fall and next year is greatly feared.

The Brooklyn delegates seem to have the balance of power in the convention, and some of them show signs of rebellion against the policy of insisting on Robinson's nomination. It looks a little as if they may break from the State and go for General Slocum, of Brooklyn, for Governor. This would be acceptable to Tammany, although Slocum is not its choice. The danger to the Robinson-Tilden movement lies just here, but it is not very pronounced. The Tammany men are managing with great coolness and shrewdness in this respect, having the advantage of their opponents.

Sunset fired a fearful, though quiet shot at Tilden to-day when he prophesied that the democracy would elect to the Presidency next year a man who would have the courage, pluck and persistency to take the place thus assigned to him, and hold fast to it, insisting that Tilden failed to show these qualities, was instantly recognised by the convention, and the overwhelming laughter and applause which welcomed the sally was a surprising indication of the fact that if Robinson has this convention Tilden has not.

The report to-night is that the candidate for Governor will certainly be either Robinson or Olcott. Another report is that Robinson is to-night stronger than ever.

N. R. Extension.

PUEBLO, Col., 10.—Chief Engineer Robinson, of the Atchison, Topeka and Santa Fe railway, stationed at this point, has received orders to at once commence the location of the line for the extension of that road from this city to Denver. In accordance with the above order, a strong party under command of H. R. Holbrook, will begin the work to-morrow morning. The proposed line will run up the Fontaine Qui Bouille river, nearly parallel with the Denver and Rio Grand railroad, passing through Colorado Springs and other important points. The work is to be done as rapidly as possible, and the line to be ready for the graders at an early day. This looks as though the railroad problem in Southern Colorado is about to be solved.

Yellow Fever.

PHILADELPHIA, 10.—The brig *Kurrachee*, first mate Duncan in command, arrived at quarantine in the Delaware this morning, from Havana. The vessel was detained three months in Havana with nearly all hands down with yellow fever. The captain, steward and two men died from the disease. The brig reached here with barely enough hands to work her, and with sickness on board.

New Orleans, 10.—Vice-President Fenner and Dr. C. B. White, sanitary directors of the Auxiliary Sanitary Association, state that no one has been attacked by the yellow fever since Sept. 1st. Not a single case is known to exist in the city. This Association protests to the National Board of Health against New Orleans being considered an infected city.

Memphis, 10.—Sixteen new cases are reported to-day. There have been three more deaths.

The Underwood-Holbrook Feud.

CINCINNATI, 10.—Accounts have reached this city of a fresh outbreak in Carter County, Kentucky, between the Underwood and Holbrook families. Last Friday Squire Holbrook was shot and killed by a party in ambush, and the Monday following, one of the Underwoods was shot by a member of the Holbrook faction. Both parties are reported arming for future bloodshed.

The Chisholm Murder Trial.

DE KALB, 10.—In the trial of Henry J. Gully for the murder of Cornelia Chisholm, the prosecution, at 4 o'clock yesterday afternoon, rested its case. The object of the prosecution has been to establish a conspiracy on the part of the defendant and others to kill Chisholm, Gilmer and Rosenbaum, and that in carrying it into effect, they killed Cornelia and other persons. An attempt was made to show that on the night after the burial of J. W. Gully, a meeting was held in the gin house of John Gully to mature plans for carrying the conspiracy into effect, but some of the State's witnesses testified the object of that meeting was nothing more than to discuss the impracticability of a body of citizens going to DeKalb the following day to assist in the arrest of Chisholm and others, charged with the murder of John W. Gully, should they resist and assistance be necessary. Among the declarations made after the killing of Chisholm, going to show that conspiracy was the declaration of the defendant, that "we have done what we came to do, and if there is any hanging to be done here is my neck." The testimony of the defense tends to contradict some of the material statements of witnesses for the prosecution as to the firing in the jail; who shot Cornelia and Judge Chisholm, what parties in the crowd had guns; the actions of defandant in jail during the firing, and the relative position of all parties.

C. C. Stewart, juryman, has been ill since the adjournment last night, and on that account it was impossible to proceed with the trial to-day. It was hoped that he would recover sufficiently this afternoon to allow the cause to proceed.

The defense has a number of witnesses to testify on other points brought out by the prosecution.

General News.

PHILADELPHIA, 10.—Wm. H. Williams, manager of the Bullock Printing Press Company, died here this morning. His remains will be taken to Pittsburg.

Cincinnati, 10.—Gen. Sheridan has called a meeting of the Army of the Cumberland, in Washington, November 19th and 20th, to unveil the statue of Gen. Thomas.

Memphis, 10.—Sixteen cases, three more deaths.

Baltimore, 10.—Nine counties were represented to-day at the State Convention of the Greenback Labor Party. The customary resolutions were adopted and Howard Meeks, of Kent County, was nominated for Governor. The executive committee will name the remainder of the ticket.

Rawlins, Wyo., 10.—Manuse, the alleged train robber here on trial for the murder of detectives Widowfield and Vincent was to-day acquitted.

A fire to-day destroyed the Rocky Mountain Company's mill and machinery at this place. Loss, $15,000; no insurance.

New York, 10.—From 300 to 500 colored persons leave here about the 18th inst. in the steamer *Adelaide* for Richmond on an excursion, visiting relatives and former associates of slavery days. The trip was planned by some of the best colored citizens of this city and Newark.

Press Comments.

The *Tribune* says, editorially: The railroad across the Isthmus of Tehuantepec is to be built by a Massachusetts man, who has secured from the Mexican government the right of way and the promise of a subsidy of $12,000 a mile. The line will be an important rival of the Panama Railroad, and will be of immense advantage in assisting the Mexican authorities to enforce order in a large section of this turbulent republic.

The *Herald* thinks, in the face of the Maine election, and with the knowledge that Blaine's plan will be the republican plan in this State this fall, and in every northern State next year, it is not rash to say there will be no democratic President while there is a "solid solid."

The *Tribune* says: Although some over zealous advocates of Grant's nomination in 1880 insist that his decision in the canal matter will not necessarily take him out of the Presidential race, it is evident that he has made up his mind to keep aloof from the whirlpool of party politics. It is not to be supposed that he would entertain the idea of managing so gigantic a commercial and engineering undertaking as a ship canal between the Atlantic and Pacific, if he had any ambition or expectancy of serving another term in the White House. He writes that he has given two days consideration to the matter. He is no doubt well informed as to the drift of the political currents at home, and in these two days of reflection he must have weighed the chances of his nomination and election next year. Probably his conclusion was that a life position as head of the canal company would be more to his taste than four years more of the chief magistracy, even if the latter were fully assured. At all events, he has made up his mind, and he is the last man to waver when he has once made a decision.

Santa Fe, 10—A dispatch received in this city states that on the 4th inst., the herd of about 30 horses and some mules belonging to Captain Hooker's command, stationed at Ojocaliente, in Southern New Mexico, was jumped by Indians. The herd guard, some 7 or 8 soldiers of the Ninth Cavalry, were killed and the animals driven off. The Indians were reported about 140 strong, including the notorious chief Victoria, and others from the Mescalroe Agency. Troops from Bayard are all out after the Indians.

The drouth continues in this Territory, and many cattle and sheep are dying for want of water. Serious apprehensions are felt even for enough water for the people. Many wells are giving out that have never before failed.

FOREIGN.

GREAT BRITAIN.

THE AFGHAN REVOLT.

A Serious Affair.

LONDON, 10.—Major Connally's British political agent telegraphs, officially, from Alikheyl, that intelligence has been received that the Ameer is terribly perplexed at the reproach to his name that he is in privacy with a few faithful followers, and that he is sure to come personally and apologize to the government.

Ghalam Hassain, the native envoy of the India government, was expected to arrive at Cabul on the seventh instant, and the Ameer intended making excuses to him.

There is a rumor that the sepoys with the embassy were taken prisoners, and are still alive.

Lord Carnbrook, secretary of state for India, has issued a statement showing that the telegram to the *Daily News*, concerning the relations between Major Cavagnari and the Ameer, which stated that a coolness had latterly existed between them, was not in accordance with the official reports from the Viceroy.

It is asserted that no doubt exists in the India office that the outbreak has assumed larger proportions than was at first supposed.

A dispatch from Kohat announces that Gen. Roberts has left for the front. He hopes to begin his advance within a fortnight.

A dispatch from Lahore says that Gen. Massey is pushing on for Catui, regardless of the difficulties of procuring transportation.

Gen. Roberts is also believed to be making a dash for Cabul.

European Notes.

A Paris dispatch states that Waddington has been persuaded by President Grevy to retain the premiership, at least till Jules Ferry's Education bill shall have been discussed by the Senate.

The last batch of amnestied Communists are in a fearful condition of destitution. Nearly all are suffering from ophthalmia, and some are too feeble to walk.

The body of the ex-Duke of Brunswick has been removed to the mausoleum erected by Geneva.

The government of Montenegro has made a claim to the towns of Grosinje and Plava, which the Porte declines to yield.

It is asserted in Berlin that Austria, as the price of Turkey's nonresistance to the occupation of Novi Bazar, guarantees the Sultan his European possessions.

A Vienna correspondent positively announces that Persia will co-operate with Russia in the Merr Expedition, and will contribute 1,000 infantry and 300 cavalry.

The firm controlling the mail steamship line from Cadiz and Barcelonia has been advised that transports will be required in autumn to carry 18,000 men to Cuba.

Berlin, 10.—Liebknecht, leader of the Socialists has been elected to Saason Diet from Leipsig.

Geneva, 10.—The foot and mouth disease has broke out among the cattle in Berne and Jura. There is much scarlet fever among swine in the Danton Schaffhausen, and pleuro-pneumonia is increasing in Alsace-Lorraine.

The *North German Gazette* asserts that the recent statements regarding the relations between Monsigner Roncetti and Prince Bismarck are unfounded. No direct communication has been received by the German government indicating that Roncetti is empowered to enter into negotiations with the government.

The Spanish government will apply to the Pope for a dispensation before the King's marriage, on account of the relationship existing between the King and the Arch Duchess.
