On this hint, which was approved by the senators present, De Freycinet declared the government would propose amnesty.

The Republican Deputies of the Left decided by a vote of 48 to 13 to favor amnesty. The senators of the same party have taken similar action.

L'Union, replying to an article in the Figaro, acknowledges that the Royalists are collecting funds, but claims that the collections are only such as every political party requires, and denies the existence of any conspiracy.

The Athens Government is quite alive to the fact that it will have to fight for whatever territory the conference gives it, and is trying hard to get military assistance from France.

The Americans to-day fired the full compliment of shots at each range. The wind was light but variable and somewhat impeded the progress of the marksmen as they had no flags to indicate its direction or force. Their practice, however, on the whole, was fair. The scores at 800 and 900 yards were as follows: Scott, 73, 61; Laird, 70, 63; Fisher, 67, 69; Rockwell, 69, 63; Jackson, 72, 69; Clarke, 65, 63; Brown, 68, 67; Farrow, 73, 68; Rathbone, 66, 67.

The Irishmen did not fire the full compliment at each range. At 800 yards Milner and Coghlan scored 69 and 72 respectively.

Following were the scores at 800 yards: American: Scott 64, Laird 58, Fisher and Rockwell each 61, Jackson 60, Clark 62, Brown 68, Farrow 65, and Rathbone 54.

Irishmen: Milner did not shoot. John Rigby 66, Wm. Rigby 55, Dyas 67, Joynt, Murphy and Coghlan each fired 20 shots and made 84, 92, 90 respectively. Flags will be placed on the range.

Betting is in favor of the American rifle team. The Turkish reply to that part of the identical note relating to the Greek question, says: The Porte has not replied to Lord Salisbury's dispatch in regard to the international commission, because it objected to the principle of such commission. The Porte admitting the impossibility of agreement between Turkey and Greece, desires the mediation of the Powers, as provided by article 25 of the Treaty of Berlin, as the only proper means of solving the question.

In the House of Commons today, Sir Wilfred Lawson's local option resolution, giving to the inhabitants of any district the right of determining whether licenses to public houses shall be renewed or not and which has been rejected in several successive sessions, was adopted by a vote of 229 to 203. Gladstone and Lord Hartington voted against the bill, and Sir W. Harcourt, Forster, Chamberlain and some other members of the government voted for it.

A telegram at Buenos Ayres says hostilities have begun.

OMAHA, Neb., March 23, 1880.

Mr. S. H. Kennedy,

DEAR SIR:—I have made myself acquainted with the specific qualities of the ingredients used in compounding "Kennedy's Special Dip" likewise with the chemical changes and recombinations which occur during the conversion into dip, whereby the active principles of the constituents, which in their natural condition are too energetic to be used without risk, become bland, emollient and detergent when used with ordinary prudence and discretion. The ingredients of the dip when combined in proper chemical proportions become in their energetic qualities regulated, subdued, and mollified without losing their curative qualities. The materials used must be, from the character of the disease, strongly energetic, in order to produce an effect. It appears to me that "Kennedy's Special Sheep Dip," which is evidently the product of long practice, experience, and study, cannot easily be improved upon or imitated.

THE REASON WHY

all manufacturers of threshing machinery are so anxious to make a Separator of the "Vibrator" class, is because it has been proved beyond a question that the principles upon which the "Vibrator" is built are the only correct ones. It may not be generally known, but it is a fact, that the word "Vibrator" is not to be found in the dictionary, but was coined and copyrighted by Nichols, Shepard & Co., of Battle Creek, Mich., for their threshing machinery. The success of this firm is almost phenomenal, and yet it but illustrates the fact that true merit will always succeed. By discovering and applying the true principles of construction, and using only the very best materials in manufacturing, this firm has risen to the first position in their line, and the "Vibrator" Separators and Engines are now used all over the world. Any one intending to buy any threshing machinery does himself great injustice if he does not first obtain full information from them and carefully examine the merits of their goods. w21 lt

The scarcity of Diamonds, Gold and Silver, and the difficulties met with in securing them, is a sure indication of their value.

Thus it is with a valuable medicine: Dr. Aug. Kaiser's Celebrated German Pulmonic Elixir, through the jealousy of rivals, has met with the most bitter opposition, and apparently almost insurmountable obstacles have been thrown in its way; but its opponents might as well try to change the course of the sun, sweep back the ocean with a broom or put out a prairie fire with a tear.

For the cure of Throat and Lung diseases, such as Coughs, Colds, Consumption and Bronchial Affections, it is unequalled. Its cures are truly magical. Ask your Druggist for it. The genuine bears the Prussian Coat of Arms, the facsimile signature of Dr. Aug. Kaiser, and has his name blown on every 75 cent bottle. Trial bottle 25 cents.

Prof. GREEN, a distinguished allopathic physician of the South, wrote to the Medical Journal to the effect that after all other means had failed, he sent for the Kidney Cure (Safe Kidney and Liver Cure), and to his astonishment cured a serious case of Bright's Disease by administering it, and afterwards found it equally beneficial in other cases. He advised his brother physicians to use it, in preference to anything else, "or kidney disorders."

Rev. C. A. HARVEY, D.D., Financier, and Educational Secretary of Howard University, certifies that he has been acquainted with the Safe Kidney and Liver Cure for two years, and "in some cases of Bright's Disease, which seemed to be in the last stages, and which had been given up by practitioners of both schools, the speedy change wrought by this remedy seemed but little less than miraculous."

E. W. NEFF, 102 Baggs Street, Detroit, Mich., certifies that he was completely cured of a chronic liver complaint after numerous other remedies had failed, by taking the Safe Kidney and Liver Cure.

R. CAULKINS, M.D., of Rochester, N.Y., certifies that "with hesitation" he administered the Safe Kidney and Liver Cure to a patient whose kidneys and liver were badly affected, and that "the result was satisfactory in the extreme."
