SELBY SMELTER DEAL.

San Francisco Advicos Say it Has Been

Practically Closed. San Francisco, April 6.-A. C. Jopling and Judd Stewart of New York, who have been guests at the St. Francis for some days, are diligently engaged in closing up the big smelter deal where-by the Selby Smelting works, together with the another at Tanorra and Exby the Selby Smelting works, together with the smelters at Tacoma and Ev-ereit, Wash., are to pass into the hands of big eastern operators. A. C. Jop-ling is a prominent lawyer of New York, and is here representing Bernard M. Baruch, who holds the option on the three big smelting plants. Siew-art is a well known New York account-ant and is engaged in going over the ant and is engaged in going over the books and affairs of the Helby company.

"The smelter deal is about closed," suid Atty, Jopling, "and I expect to be able to depurt for home within a few days. There are some matters in con-mection with the deal which I do not feel at liberty to discuss, but it can be said, for a certainty that the deal will be concluded and the properties turned be concluded and the properties turned, over to the new owners very shortly. As to the identity of the new owners, I can oly say that they are Bernard M. Barneh of New York, who is a very prominent and wealthy operator back cost, and several associates. The statement that John Hays Hammond is connected with the trank stor. In any way whatever is not true. Neith-er has the American Smelling & Bedn any way whatever is not true. Neith-or has the American Smelting & Refn. ing company any interest in the deat. I do not say that no one interested in that company will have any interest in the properties, but the American Smelting & Refining company, as a company, is not concerned in this transaction. These properties may even be operated in competition with the properties of the Guggenheims. The plan of organization proposed by the purchasers of the three smelting plants has not been berfected as yet, but the propagation of the three smelling plants has not been berfected as yet, but the properites will probably be controlled by means of a holding company."

TIDAL WAVE STRIKE.

Gold Ore Found in This Property Located Near Provo.

Special Correspondence.

Provo, April 6. James Pierce, one of the owners in the Tidal Wave Mining company, was in Provo on Wednesday, showing some fine specimens of quartz, bearing fine gold, which has just been uncovered in the mine. Mr. Pierce reports that the mine is looking well and incoving means for

Mr. Plerce repairs that the most fa-

and late advices from him convey the information that he has the work well under way and that the results so far obtained are very satisfactory,

MR. BUTLER HOME.

New Manager for Pleneer Sampler Has Not Been Chosen.

S. L. Butler, president of the Pio-5. Ls Buller, president of the Pio-neer Sampling company and also of the Carrizal Gold Mining company, has returned from a trip of several months' duration to the properties of the latter in Mexico. During his ab-sence his father, who resided in New York, was taken seriously ill and died. He was unable, owing to 14 days' hard traveling, to reach his father's bedside. traveling, to reach his father's bedside before the end came. As to the Ploneer sampler, Mr. But-As to the Ploneer sampler, are ached ler stated that he has not as yet reached a decision as to who is to succeed J. B. Jenson as manager. The latter left

Jenson as manager. The latter left the service of the company on the 1st inst.

BUYING OF BINGHAMS.

Boston Filled With Rumors of an Amalgamation af Copper Mines.

Boston has been filled with rumors for Boston has been filled with rumors for several days to the effect that there is a scheme on foot for the amalgama-tion of several of the big Bingham copper properties which includes the Utah Consolidated and United States. There has been some extensive buy-ing of stocks in the above named comand of stocks in the above handed com-panies for sometime by the same inter-ests and that probably accounts for the story eminating from Boston. Local efficials of the companies named do not place much credence in

the probability of an amalgamation. Others express the opinion that the buying has been done of late by men-closely alled to the American Smelt-ing & Refining company, and that eventually the mines will be absorbed by the latter. by the latter,

ige system recently installed in the mine is now in perfect running order, said Mr. Craig, and the mules they for-

merly used have been discarded. Only one motor is used, but this machine is capable of handling 1,500 tons a day or more, whereas, the smelter now calls for only about 700 tons. The new superintendent, William Davey, who is to succeed Mr. Craig,

will arrive from California and will immediately enter upon his new duties. Mr. Craig will give his attention to nining properties of his own in the fuure.

No Change in Tunnel.

No change was reported in conditions at the Ontario tunnel at Park City today, nor is any expected for a week or ten days, when a cross-cut will be started to form a connection with the tunnel. Not until then will it be pos-sible to determine the extent of the cave.

CONCENTRATES.

Lee Hanchett, general manager of the Newhouse mines, is in Denver,

Three more lead blasts are shortly to be aded to the Unit ti States smelter. D. P. Rohlfing, manager of the Frisco Contact mines, pulled out for camp last

night. General Manager D. C. Jackling of the Utah Copper company is in Bingham today.

Chief Engineer Geo. F. Milliken of the Nevada-Utah mines, will leave for the south tonight.

Secy, Shorten of the Mining Ex-change has been given an assistant, which is a very good evidence that business is looking up.

The management of the Horn Silver Mining company has begun the deliv-ery of another 2,000-ton lot of zinc ores to the Iola, Kansas, smelter,

W.A. Scott, traveling representative of the Engineeing & Mining Journal has arrived in the city from Colorado and will make a round-trip of Utah mines.

D. H. Peery has returned from the Bullfrog, Nevada district where he re-cently acquired interests which are to form the basis for the organization of a new company. iew company.

The ore and bullion settlements re-ported late yesterday through McCor-nick & Company, were as follows: Crude ore and concentrates, \$25,700; base bullion, \$31,200.

C. T. Mixer has returned from the cast. While away he became a bene-dict, to the surprise of a host of friends. Mr, and Mrs, Mixer will make their home in this city.

Manager Doolittle of the Bligham New Haven Mining company has been kept at home for several days owing to the lliness of his infant daughter, who is reported greatly improved today. Managing Director Holder of the U. S. Munifug company, is authority for the statement that during March his company's smelter treated 17,500 tons of of ore, which includes 1,700 tons of lead ore from the company's Bingham

Metallurgist W, C. Thomas of the Newhouse mines is up from Beaver county and states that by another week the big mill at Newhouse will be han-dling 500 tons of ore a day by the first of next week. Concentrates are being forwarded to the smelters at the rate of about a car load a day.

Articles of incorporation were filed yesterday in the office of the county clerk by the Massazoit Mining com-pany, the headquarters of which is in Sait Lake, and which is capitalized for \$500,000, with 500,000 shares of the par

tell % under. General Electric and some others lost a point or more, Great North-ern preferred dropped 5. The rise in the call loan rates to above 4 per cent was an influence on the selling. There was a brisk rally from the dip which carried St. Paul, Canadian Pacific, Brooklyn Transit and Amalgamated Copper to the top level again. The closing was irregular. Close: Money on call firm, 34,644 per cent; closing bid 34, offered at 4 per cent. Time loans, steady; sixty and ninety days and six months, 34,634, per cent. Prime mercantile paper, 34,644, per cent.

Laport, Ind., April 7.--Upon application of a trustee for owners of \$30,000 worth of bonds, a receiver was today appointed for the Edwards Rallroad Electric com-pany, manufacturers of electric head-lights for rallway locomotives. The bill of complaint alleges that intigest on the bonds has been defaulted. Outside of the bonds there is but little indebtedness ac-cording to attorneys for the banks.
